Irma Awards To Kim Olson

An afternoon "Awards" program highlighted activities at the Irma School on Friday, October 30th.

Kim Olson, a graduate of the 1980-81 class received awards in six separate categories.

Kim has attained a secure investment in a promising future and we join the school in offering our congratulations to Kim and the other students whose efforts have brought about

outstanding results.

In reviewing the grade twelve subject awards Kim Olson attained the highest standing in French 30, Chemistry 30 and Biology 30. Kim was also selected from among the nominees for the "Highest Achievement" award and the "Greatest Contribution" award. In addition Kim was presented with the "Terri Moore" award which is presented yearly to the young lady who contributes the most towards the continuation of girls' sports in Irma. Kim exhibited enthusiasm, participated, and provided leadership in a number of sports activities during the past year.

Completing the list of grade twelve subject award winners were Joe Holt who received the English 30 and Social 30 awards and Howard Jackson who attained the highest standing in the Mathematics 30 course. The individual award for the grade twelve student displaying the "Greatest Effort" was presented to Susan Ho.

Leigha Glasgow was selected from among the grade eleven students as the student attaining the highest level of achievement.

Karen Newton was acknowledged as the grade eleven student who made the greatest contribution and Maryann Holt was honored as the student who displayed the greatest effort throughout the school year.

The two final complaints handled during the week involved minor damage to an automobile in the parking lot and one of hunting on posted land.

Leigha Glasgow was recognized for outstanding attendance during the past school year.

Sylvia Rasmussen received the Leonard Larson Memorial Award for Highest Academic Achievement in grade nine while Kirby Prior was presented with the award for the greatest contribution and Lyndon Idellings was acknowledged for greatest effort. Stanley Bouchner was commended for his outstanding attendance.

In grade eight we find Shawna Skori, Tammy Ronson, and Robbie Pelton receiving the awards for achievement, contribution, and effort respectively.

Denise Crawford topped the grade seven subject awards and was presented with the greatest achievement award. Norma Mackinnon received the contribution award and Keri Larson was recognized for her outstanding effort.

A number of special awards were also presented during the program. Shawna Skori and Dennis Plaw were presented with the "Gus Prosser Outdoor Education Award".

Athletes were presented to both junior and senior high male and female athletes as the year's outstanding students: Bradley "Bill" Leigha Glasgow, Ronald Bouchner and Rhonda Lovig.

Completing the special presentations was the Citizenship award which was presented to Carolyn Erickson, and the Music Awards which were presented to Leigha Glasgow, Shawna Skori, Dianne Smith and Kim Olson.

Irma School Music Awards were presented on (left to right) Leigha Glasgow, Shawna Skori, Dianne Smith and Kim Olson (seated) during the afternoon Awards Program held last Friday. Staff Photo

Spooks Take Night Off

Except for a few cases of eggs being thrown at various locations, Halloween proved to be very quiet throughout the area.

Constable Al Huff of the Watnright R.C.M.P. detachment reported that all was very quiet within their detachment area, including Irma. He said that the odd incident of egg throwing was reported, but nothing serious occurred.

The Tuleburg R.C.M.P. also report that all was quiet as well in their area. The only damage reported was a broken window in Ryley. Constable Tom Power said that a few eggs were thrown, but it was the quietest Halloween in recent years.

Viking R.C.M.P. were also fortunate in there being no serious accidents to make this Halloween a negative one. Constable Rick Nymmen reported that there were no reported incidents of vandalism or any other malicious acts.

The members of the Viking R.C.M.P. detachment would like to extend their appreciation to the members of the Viking Volunteer Fire Department for their assistance in patrolling the Town and outlying area. They feel that due to their volunteer

time and efforts, Halloween proved to be a very uneventful and quiet time.

The members would also like to extend their appreciation to the various citizens who reported suspicious goings on Saturday night.

The Viking detachment responded to three motor vehicle accidents during the past week. Two of these were non-injury accidents, while one resulted in minor injuries to one person.

Two complaints of theft were also reported this week. One under \$200 (a battery from a business near Viking), and one over \$200. Both are still under investigation.

Four liquor related offences were handled during the past seven days. One driver was charged with driving with a blood alcohol level over .08, one charge of impaired driving and failing to take a breathalyzer were handed out, and one charge under the liquor control act was written up.

The two final complaints handled during the week involved minor damage to an automobile in the parking lot and one of hunting on posted land.

"Mr. Trudeman" and some of his "friends" were out "trick or treating" in Viking on Halloween. Staff Photo

Art Who?

With brushes poised and hopes high, the Viking Art Club approaches a new season with new plans. This year club members are going to begin meeting every Wednesday afternoon from 1 to 4 p.m. beginning November 4 in the old library for point workshops.

New membership is encouraged and all necessary supplies (boards, easels, paint, turpentine, brushes) will be supplied by the club. Senior members will offer help, criticism and encouragement to fellow striving-to-be artists whether they be former members or individuals who are still looking for that "hidden" talent.

The workshops will continue for the months of November and December; then the annual week of January will see Val Bruid returning as instructor to the club.

An outstanding Alberta landscape artist and critic, Mr. Bruid has an exciting impressionistic style that moves brushes on the canvases of even the most doubtful of artists.

The Viking Art Club's efforts have been overwhelming welcomed in the community the last few years, and so the invitation to come join us every Wednesday afternoon, from 1 to 4 p.m. before formal instruction begins. For further information you may call Colette Rasmussen at 306-2188 or Betty Klein at 306-2441, but no registration is necessary and the workshop is open to anyone.

The Art Club is really excited about this new venture, so please come paint with us Wednesday afternoon.

Viv Erickson
Secretary-Treasurer

New Grain Terminal For Prince Rupert

A financing agreement between the Alberta Government and a consortium of grain companies for the construction of the Prince Rupert grain terminal was signed recently.

Alberta and Saskatchewan Wheat Pools, Manitoba Pool Elevators, Carill Grain Company Ltd., Pioneer Grain Company Ltd. and United Grain Growers Ltd. have formed two new companies, Ridley Grain Ltd. and Prince Rupert Grain Ltd. to finance and construct the new terminal.

The most recent estimates put the cost for the terminal at \$200 million. Based on earlier and lower cost estimates, the Province of Alberta had originally offered \$100 million in financing to the consortium to build a grain terminal in Prince Rupert.

The Province has now agreed to the consortium's request for an extended funding package that meets the consortium's needs for project financing.

Alberta government participation in the Prince Rupert grain terminal will be in two parts: The Alberta Heritage Savings Trust Fund will provide about \$108 million for first mortgage bonds with the remainder of Alberta's participation of approximately \$92 million coming from the province's general revenue fund in the form of participating debentures.

The consortium will cover 25 per cent or about \$60 million of the estimated project cost. If the project costs more than \$200 million additional costs of up to \$40 million will be financed on a 40-60 basis between the consortium and the province. Funding requirements beyond this will be financed equally by both parties.

The site grading contract, which must be completed before foundation work can commence for construction of the grain terminal, has recently been let by the national harbours board to northern construction Ltd. and is well underway.

Alberta is also paying 80 per cent of the federal government's share in the grain terminal site preparation work, up to a maximum of \$4.1 million. Access to the site on Ridley Island is expected to be completed about May 1982, when construction of the elevator complex will start.

The Alberta Government and the consortium will make one final review of the project in 1982 at which time final commitments on the project will be established.

At the signing Premier Lougheed stated, "Grain exports from Canada's west coast have a potential of 15 million tonnes by 1982. This modern high-efficiency terminal is an essential link in attaining this objective. In our opinion the early construction of this terminal is vital to western Canada's grain farmers."

Bootlegging At Dances

As mentioned previously in an editorial in this space, the Alberta Alcohol and Drug Abuse Commission (A.A.D.A.C.) is presently undertaking a campaign to encourage both young and old alike to be more responsible in their handling of alcohol and other drugs. This campaign was prompted by the terrible statistics which show that alcohol abuse is becoming more prevalent in our society daily, and that more and more deaths can be directly related to the abuse of alcohol and such other abused drugs. A.A.D.A.C. doesn't attempt to tell people to stop using alcohol, but they do encourage people to be more responsible in their outlook towards this drug and towards other human beings, both their families and their friends.

This campaign brings to mind a situation which occurs regularly in our communities which lends itself to a display of irresponsibility on our part. Just about on a weekly basis we have at least one dance in the area, be it a community social, a wedding dance, or a fund-raising activity. Sometimes, these affairs are limited to invited guests and/or ticket holders only, and all of these are of the legal age to consume alcoholic beverages. The problem situation occurs when we have these dances and numerous young people attend who are not of the legal drinking age. Invariably, one can find a select corner of the hall filled with

young people, some as young as 14 or 15, consuming alcohol. This definitely is a problem, and one which we should endeavour to stop.

Many people in charge of some of these dances try their best to prevent or at least limit these young people's "drinking". But it seems that this has become a nigh impossible task! Some people in attendance who are of the legal drinking age acquire the necessary beverages for these under-age drinkers. And in some cases, it is even the parents of these young people who cater to this crowd. Yet this is wrong. We have laws in this province which prohibit the consumption of alcoholic beverages by anyone under the age of 18 years at any function which requires a liquor license. This law accords the premise that persons under the age of 18 years are not yet mature enough to properly handle alcohol. Sure, many people over 18 years can't either, but as the age increases, so do the chances that maturity has been realized. In essence, we are saying to these young people at our dances that the law doesn't matter, and that because they are in a hall, they can drink illegally.

It's time that we made a concerted effort to adhere to the drinking laws of Alberta at our dances. Let's stop "bootlegging" liquor to these young people by taking away this opportunity.

While in Ottawa, we met and spent some considerable time with Don Maszankowski who has worked diligently on the matter, both in the House as well as chairing the cross Canada Hearing on

We were fortunate in being on the Lobbying committee and spent a portion of Monday and Tuesday at the House of Commons. After the daily question period we lobbied several high ranking Liberal M.P.'s including Gerald Regan, Minister of Finance and Sport, Herb Gray, Minister of Industry, Trade and Commerce; Eugene Whelan, Minister of Agriculture; Gilles Lacombe, Minister of National Defence; and Marc McGuintz, Minister of External Affairs. In addition to the Ministers, we also met with several Executive Assistants to the Ministers who were unavailable.

We were encouraged by the understanding expressed by numerous Liberal M.P.'s who were well aware of our situation. We contacted our lobbying efforts on Liberal M.P.'s as all Opposition Members were solidly on our side.

The following is an original poem by a Grade 4 student at Holden School. Illustrations also by a Grade 4 student.

Eye of Lizard, Wart of Toad.
 Tail of Gopher, who lived on the road.
 Blood of Rat, Hair of Ratter,
 Blood of Spiders, no matter how many eyes.
 Foot of Deer, Ear of Bat,
 Heart of Vampire, Tail of Cat.
 Nose of Bull, Paw of Dog,
 Brain of Anything that was in the fog.
 Blood of Every Human Being
 Blood of Humans that have been seeing.
 Brings to boil for an hour,
 Add a grain of salt of course.
 Taste it - Yuck! Throw it out!
 Next thing you know it becomes a monster!

Pen by Sharon McGrath
 Illustrations by Joy Knapman

Letters ToThe Editor

Dear Sir:
 Last week we had the privilege of being part of the Canada wide delegation to Ottawa protesting the proposed cutbacks of Via Rail service.

All delegates travelled via Super Continental which departed Vancouver October 22nd. We boarded at Viking midnight Friday.

The pace was hectic throughout with three meetings scheduled every day. These were carried out under the capable chairmanship of Mr. George Lambert, who is President of the Alberta Branch of Transport 2000. (Mr. Lambert is Director of Viking Community Choir.) We had the opportunity to meet with many interesting and concerned people while travelling to Ottawa and to appreciate some of the advantages of Rail travel.

These meetings brought out many views and were the basis for arriving at a unified proposal which was presented in person to the Transport Minister Jean Luc-Papin on Monday the 28th of October.

We were fortunate in being on the Lobbying committee and spent a portion of Monday and Tuesday at the House of Commons. After the daily question period we lobbied several high ranking Liberal M.P.'s including Gerald Regan, Minister of Finance and Sport, Herb Gray, Minister of Industry, Trade and Commerce; Eugene Whelan, Minister of Agriculture; Gilles Lacombe, Minister of National Defence; and Marc McGuintz, Minister of External Affairs. In addition to the Ministers, we also met with several Executive Assistants to the Ministers who were unavailable.

We were encouraged by the understanding expressed by numerous Liberal M.P.'s who were well aware of our situation. We contacted our lobbying efforts on Liberal M.P.'s as all Opposition Members were solidly on our side.

the proposed cutbacks. We also had the good fortune of having lunch with the Mayor of Ottawa and received a very warm reception as well as support for our cause.

The most discouraging aspect of the trip was Mr. Papin's reception to our Delegation, as he remained unmoved to his approach and was not interested in facts supporting our arguments.

We are confident that the Court action which has been commenced by some of our Member Communities, will be successful in delaying the implementation of these cutbacks.

To the average citizen it may seem like a lot of fuss about nothing, as many seldom ride the train, however in a great many parts of Canada affected by the cutbacks this is the only method of public transportation. We feel that passenger travel is about nothing, as many seldom ride the train, however in a great many parts of Canada affected by the cutbacks this is the only method of public transportation. Theatre 75 To Perform

"See How They Run" - A force by Philip King
 This delightful three act comedy sparkling with British wit and humor kids of the cultural season as the "Theatre 75" is concerned. This production will take place in Wainwright, at the High School, for two evenings November 13th and 14th, at 7:30 p.m. Tickets will only be on sale for this event, and it would be wise to pick up yours as early as possible. There are several ticket outlets within the town itself, two of which are Cliff Top Gifts and Flower Cart. For those persons out of Wainwright desiring of seeing the production, arrangements for tickets can be made by phoning the Business Manager of Theatre 75, Lorna MacCallum - phone number 642-4008.

The ticket prices are as follows: Adults \$4.00; Seniors and Students \$2.00; Children (12 and under) \$1.00.

At the moment we have reached our half way mark in rehearsal, and the production is coming along very well. If laughter, action and general cast rapport is criteria. Also the army of backstage workers, such as stage hands, costume designers, prop men, all under the capable direction of the stage manager and his assistant are working long hours to make this production an event to be remembered.

Our director, Lorna MacCallum, has brought together a cast of personalities which easily do justice to the various parts that go to make up the play "SEE HOW THEY RUN".

**NOTICE
THE PLANNING ACT
R.S.A. 1977 AS AMENDED**

Take notice that the Council of the Town of Viking proposes to pass an amending zoning by-law pursuant to Section 135 of the Planning Act. The purpose of the proposed by-law No. 362 being the rezoning of Lots 4, 5 and 6 Block 43, Plan 3190 NY from 1 to R4.

A copy of the proposed by-law 362 may be seen at the Viking Town Office and may be inspected by the public at all reasonable hours. At 6:45 p.m. on the 18th day of November, 1981 the Council of the Town of Viking will cause a public hearing to be held in the Town Council Chambers, Viking, Alberta at which time objections to the proposed by-law may be made and discussed.

Dated at the Town of Viking, this 26th day of October, 1981.

A-H cooking club held their reorganization meeting on October 21st at 7:30 p.m. in the Bruce school. We divided into 8 groups depending on how many

years we have been in 4-H: two, three or four. The 4th years will be cooking on Saturday's, but will join the rest of us on our business meetings.

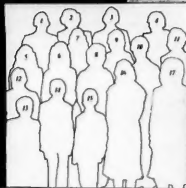

Everyone reported that the peanuts for the Kidney Foundation were sold. We chose the executive which consists of the following: Gloria Sowers - Pres-

dent; Sandra Weber - Vice President; Suzanne Koppel - Secretary; Carol Zemick - Treasurer; Wanda Sowers - Club Reporter. Our next meeting will be held on November 4th at Bruce School at 7:00 p.m.

Meet some of the outstanding young people of this province.

We'd like to introduce the 1981 Alberta Junior Citizens of the Year... and the youthful spirit of young citizenship in Alberta.

It's a pride to be proud of... and one to inspire confidence in a bright future for our country.

Through their unselfish giving of themselves and their time, these young people have made a vital contribution to their families, their fellow students, and to their communities. They are involved—in supportive care of a handicapped classmate, in school and church leadership, in devotion to others—and they enthusiastically accept the responsibilities of their involvement.

The Alberta Junior Citizens of the Year Awards are co-sponsored by TransAlta Utilities. On this 20th anniversary we take pride in saluting the courage and determination of these young Alberta citizens of tomorrow.

Sewing Outdoors

The cooler weather of recent weeks has made us start digging out our winter coats and boots. For some, it may be a matter of getting clothes out of storage. Last winter's coats may have been on its last year. So, it's shopping time again. However there is an alternative if you like to sew. Sewing outdoors has become one of the current trends in home sewing. Whether it is for economy, challenge, love of sewing, or to get a good fit, it is an interesting and rewarding experience.

Sewing for yourself or your family members can be a big budget saver. Outdoors, like all other clothes, has become very expensive. Ski jackets, vests and quilted fabrics of all types are currently very high in fashion. Why not add one of these colorful garments to your wardrobe?

If you are interested in information on sewing outdoors there is an excellent publication available from my office. It contains facts on fabric, notions and patterns. Helpful ideas on sewing and construction techniques and care of your garments once it is completed, are also included.

Pumpkin Cookies

1/2 cup shortening, 1/4 cup brown sugar, 2 eggs; 1 cup cooked OR canned pumpkin; 2 cups sifted all-purpose flour; 2 teaspoons baking powder; 1 teaspoon salt; 1 teaspoon ginger; 1 teaspoon nutmeg; 1 teaspoon cinnamon; 1 cup seedless raisins; 1/2 cup chopped nuts.

Cream shortening and

sugar. Beat in eggs, one at a time; add pumpkin and beat until smooth. Stir dry ingredients, add raisins and nuts, and stir into pumpkin mixture. Drop by teaspoon on greased cookie sheets, and bake 12 to 15 minutes, at 375 degrees Fahrenheit. Makes about 5 dozen.

Call us for a free estimate or come in and see our large selection. Our prices are VERY competitive.

HUSKY OIL OPERATIONS LTD. is a dynamic, fully integrated energy resource company. Increased gas production and expansion of heavy oil activities have created career opportunities within our Lloydminster operation.

Reporting to the Production Foreman, the Battery Operator will be responsible for the efficient and safe operation of all battery facilities including some mechanical maintenance. The preparation of battery reports and related records will also be necessary. The successful candidate(s) should have good mechanical ability. A knowledge of oilfield practice or previous experience would be a definite asset. High school graduation or equivalent is also preferred.

Reporting to the Maintenance Foreman, the Maintenance Operator will be responsible for the service and repair of gas compressors. Depending on your experience, you will also perform or learn maintenance activities related to air compressors and steam generation equipment.

The successful candidate will have extensive oilfield experience in the servicing of gas compressors, preferably with knowledge of air compressors and steam generators.

These positions are located in Lloydminster, Saskatchewan, a vital young city with tremendous potential for professional and personal growth. If you are interested in a career with room for advancement, Husky would like to meet you. Call or forward your resume, in confidence to:

Do You Know The Bible Says

John 15:4, 5, 7. Abide in Me, and I in you. As the branch cannot bear fruit of itself, except it abide in the vine, no more can ye, except ye abide in me. I am the vine, ye are the branches: He that abideth in Me and I in him, the same bringeth forth much fruit: for without Me ye can do nothing. If ye abide in Me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you.

Jesus is the vine, do we abide in Him? Do we as branches rely completely on Him in prayer?

Do we love to spend time with Him? I don't mean to read and pray as we feel our duty is, but to be like Mary, choose fellowship with Him rather than work for Him. Works for Him are very important, and must be done, but unless we feed on the Word and seek Him for guidance and blessing in that work, it will be unwise and void of any spiritual benefit.

Do we get apart from the family, work, and responsibilities each day for a time of private devotion. Remember, we MUST TAKE time to earnestly pray and study the Word. We won't find time with all our duties pressing in upon us, but we must take time. As surely as we attend to our body's welfare so let us more surely attend to our Spiritual welfare.

Do we love to spend time with Him? I don't mean to read and pray as we feel our duty is, but to be like Mary, choose fellowship with Him rather than work for Him. Works for Him are very important, and must be done, but unless we feed on the Word and seek Him for guidance and blessing in that work, it will be unwise and void of any spiritual benefit.

Do we get apart from the family, work, and responsibilities each day for a time of private devotion. Remember, we MUST TAKE time to earnestly pray and study the Word. We won't find time with all our duties pressing in upon us, but we must take time. As surely as we attend to our body's welfare so let us more surely attend to our Spiritual welfare.

FARMLAND FOR LEASE

Tenders are invited to lease the surface only of the following lands:

LAND DESCRIPTION: SEC 13-47-13-W4N

TOTAL ACRES: 161

APPROXIMATE CULTIVATED ACREAGE: 135

APPROXIMATE SUMMER FALLOW ACREAGE: 26

Tenders should be made for each parcel as described on a cash lease basis, payable annually in advance. Highest or any tender not necessarily accepted. In addition to the cash rental the successful bidder will be required to pay the annual municipal tax levies. A two year lease, a copy of which is available for inspection at the office shown below, will be issued to the successful bidder. All terms are subject to the approval of Management and the execution of a formal Lease Agreement between the parties.

The effective date of the lease will be December 1st, 1981.

Upon expiration of the tendered lease, a lease renewal will, at the option of the lessor, be negotiated.

Tenders will close at 12 o'clock noon on Thursday, November 19th, 1981 and will be received by Mr. Roger Lons, Property Representative (Farmland) at the following address: Marathon Realty Company Limited, Suite 800, 10089 Jasper Avenue, Edmonton, Alberta, T5J 1V2. Telephone 426-0640 for any further information.

Bruce News

The Agricultural Society board members would like to say a special thank you to all the volunteer helpers who gave of their time in helping to relocate the skating rink in Bruce.

Wally McMorran and his son James of Edson visited last weekend with Wally's parents, Ben and Robert McMorran.

Winners at the Senior Citizens' card party last

week were Robert McMorran and Ernie Dettie. Congratulations prize went to Sigrid Erickson and Iver Rudman.

Len and Lynn Stambach of Edmonston had a short visit in Bruce a couple of weeks ago.

Don't forget the senior citizens' bingo on November 11 and the Pyrogy supper and dance on the 16th.

Holden News

The Holden Cubs had a "Bring A Friend to Camp Weekends" at Bruce School Oct. 17 and 18. Everyone had great fun by taking part in various activities. Some of the activities were laying out and tracking trails, a trip to Mr. Louis Holden's farm to see llama's, camels and pony rides for anyone who wanted a pony ride. A campfire was held Saturday evening with all the boys taking part in skills and sing songs.

Viking Ambulance was called to take Jennie Corbin to hospital when she became suddenly ill early last week.

Holden Curling Club will hold their annual meeting and Registration Night on Nov. 9, 7:30 p.m. at the Holden complex.

Mr. and Mrs. Joe Chamulka formerly of Holden are residents of Edmonston were honored by friends and relatives by attending their 40th Wedding Anniversary.

Mr. and Mrs. Joe Oprodnick were also honored on their 40th anniversary.

"Fame and tranquility can never be bedfellows." Montaigne

Fit for Life

Keeping your estate in shape is just as important as staying in shape yourself. And in the long run, it can be just about as rewarding.

Let me introduce you to one of our salaried estate planning specialists. We'll show you how to keep the most of what you've made.

Talk to someone close to you

Over the years we've been growing throughout Alberta and we've been growing with Alberta. And that means you'll not only find a Treasury Branch agency close to you, but you'll find the kind of friendly, personal attention and the wide range of financial services that keeps you growing.

And when you think about it, that's a pretty good reason to come in and talk to us. We're Treasury Branches. We're close to you.

Irma News And Views

Scott Crenshaw from Galsbad had a visit with Irma with his old pal Archie Cook and Margaret.
Phyllis and Jimmie Craig are in Edmonton this week end. They will be attending the wedding on Saturday of Phyllis's niece Ellen Pugh.
Mary Russell (nee Thorton) from Marmoungs Ont. visited with her sister Phyllis Craig and Jimmie during the week. She also visited with her sister Olive Pugh and family at Edgerton.
The wild geese are not all gone south as late as Saturday, Oct. 31st. Several large flocks were seen flying over the village. One flock at least heading north west.
The ground is still bare in the Irma area, the sky is blue and clear and the sun shines brightly almost every day. Ideal Indian summer weather. Snow birds are all picked up and much field cultivation has been done.
Many farmers are having hay baled into the Irma area from west and south of Edmonton where good rains resulted in heavy hay crops.
Joyce Bartholomew drove her grand parents Minnie and Jim Jackson to Hardisty on Sunday afternoon, where they spent the afternoon and evening with their long time friend Dolly Hearn.
George Foreman who is now a resident in Villa Lodge in Viking was visited on Monday by his brother Dave of Edmonton, who drove him down to Irma on business.
Marilyn and Terry Russell of Edmonton, Elsie Conlan of Camrose, Mrs. Helen McQuay, Gerald and Nellie Scott of Camrose were in Irma for the week end.
Linda and Kurt Hansen of Sherwood Park were business visitors in Irma at the week end.

We are pleased to see Ellen Lewis home from hospital.
Mudge and George Janver of Sedgewick visited on Monday with Minnie and Jim Jackson.
Congratulations to Marty and Darlene Hinton on the birth of their son in the University Hospital Oct. 31. First grandchild for Mr. and Mrs. Bill Burns.
Mr. and Mrs. Glen Swan and children of Sherwood Park visited the Frank Crabbe home on Sunday.
Mr. Frank Tassman and Mrs. Campbell spent some time in the city.
Archie and Margaret Cook were Lloydminster visitors Monday. Margaret visited grandma Tyler Pavey in hospital.
Mrs. Nanna Nilson spent a few days in Hardisty Hospital.

Mrs. Elsie Sato was a city visitor Thursday.
Five ladies, Edith Cockcroft, Kate McLean, Mame Kellar, Lily Simmerman and Mildred Smith from the senior drove to Tisdale Thursday to visit their friend Elsie McRoberts. Elsie now makes her home with daughter Evelyn and John Moore.
Peter and Don McNeill and boys spent Sunday with parents Bud and Kitty.

Sympathy is extended to Archie Cook on the passing of his Aunt, Mrs. Charlie Warrman of Galsbad. Archie and Scott Crenshaw attended the funeral on Monday.

Irma New Horizons Meet

New tables played whist in the New Horizons Drop In Centre on Friday evening, Oct. 30th with the following results:

Ladies high went to Mildred Bridgman with a score of 181, low went to Adelaide Dosteen with a score of 147.

Freeman Greenwood took men high with a score of 181, low went to Gunner Larson with a score of 147.

The next whist drive will be in the centre on Friday evening Nov. 13th at 7:30 p.m.

There will be a crib tournament in the Drop In Centre on Saturday evening, Nov. 7th commencing at 7:30 p.m.

Garden tools and miscellaneous items that you would find in a complete household sale. The older furniture is in good condition and the kiln will complete any ceramic buff's work shop. Contact Steve Harding at 384-3978 for further information.

Interested In Curling?

The Irma Ladies Curling Club is beginning another fun season of curling. New members are welcomed! The tentative dates set for ladies curling are: Monday afternoons 1:30 - 3:30; Monday evenings 8:30 and Wednesday evenings 7:30. If you are interested in curling once, twice or even three times a week please contact Diane Jones - 754-2141 or Brenda Costal - 754-3786.

The first meeting of the Ladies Curling Club was held in the Irma Curling Rink on October 18th, 1981 at 7:30 p.m. Co-ordinator Jean Smith called the meeting to order opening the floor for nominations for a president. Leona Thurston nominated Diane Jones. Donna Mark moved nominations cease. All were in favor. Diane Jones is the new president of the Irma Ladies Curling Club.

Nominations were then open for secretary. Treasurer, Marion Fletcher nominated Gail Tomlinson. Jean Smith moved nominations cease. All were in favor. Gail Tomlinson is the new secretary-treasurer. We then had two volunteers to be on the book committee. They were Jean Smith and Lynn McKen. Two more from the mixed curling club will participate on this committee. Nominations or volunteers were open for the banquet committee. Leona Thurston nominated Donna Mark and she also volunteered her services to run on the committee. All were in favor and two from the mixed

Too much exposure to the sun over a period of many years may lead to a condition called solar keratosis, which in some cases can become malignant. The symptoms are red, scaly patches, usually on the hands, face, neck and bald heads. Anyone with such symptoms should see a doctor. Although melanoma, solar keratosis may lead to skin cancer, the most common form of cancer in people. Farmers, fishermen and other outdoor workers, particularly those in the sunbelt, get a lot of exposure to the sun.

OFFER FOR SALE

HEISLER GENERAL STORE

The undersigned hereby offers for sale the Heisler General Store plus located at Heisler, Alberta. Consisting of: Lots 4 and 5, and all that portion of Lot 3 which lies south westerly of a line drawn parallel to the south west boundary of the said Lot and twenty feet perpendicularly distant north easterly therefrom, in Block 1, Plan 1810 Q, (SW2-43-16-W4) including thereon all mines and minerals.

An older building currently used as a grocery store and butchery shop is located on the property as is a 1976 Sawley Mobile Home 16-66.

All store and butcher shop fixtures and equipment located on the premises.

Offers may be submitted on the land and buildings only, or the mobile home, or on the equipment and fixtures or any portion thereof.

All offers shall be on the official forms available at Heisler General Store or from the undersigned.

All offers must be accompanied by a certified cheque, bank draft or money order payable to Deloitte Hastings & Sells Limited to 15% of the amount offered.

The highest and only offer will not necessarily be accepted.

All offers accompanied by the above mentioned certified cheque, bank draft or money order must be in a sealed envelope marked "OFFER" be Heisler General Store and delivered to: Deloitte Hastings & Sells Limited, 1701 Toronto Dominion Tower, Edmonton Centre, EDMONTON, Alberta T5J 2Z1 prior to 2:00 p.m. Friday, November 30, 1981.

The successful purchaser shall pay the balance of their offer by certified cheque, bank draft or money order to Deloitte Hastings & Sells Limited at the above address by December 31, 1981 at 12:00 Noon, or at such later date, as the undersigned may allow. A successful offeror who fails to pay the balance by this date shall forfeit his deposit as liquidated damages. Possession of the assets will be given as soon as the purchase price has been paid in full, but not before. Adjustment date for taxes, rent and insurance shall be December 31, 1981.

Financing may be available to qualified purchasers; arrangements may be made through Mr. L. Holstrom at Telephone Number 438-8311. The cheques of unsuccessful parties will be returned promptly.

Offers will be accepted on the basis that the purchaser has inspected the assets and title thereto and no warranty or condition is expressed or can be implied as to description, condition, quantity, quality or in any manner whatsoever. Successful offerors shall make arrangements to take possession of the assets as soon as possible after the offer has been accepted and balance of the purchase price paid. The total purchase must be paid before possession of the assets.

All bids submitted constitute a firm offer and cannot be withdrawn by the offeror.

All offers will be opened and announced at a meeting to be held at 1701 Toronto Dominion Tower, Edmonton Centre, Edmonton, Alberta on November 30, 1981 at 2:00 o'clock in the afternoon. All offers are invited to attend this meeting for the opening and announcements of offers only.

Arrangements for viewing may be made by contacting Mr. Ray Vincent at 889-3795.

The Haunted Bank

One day after the new bank was opened in Transylvania, I was there on a vacation and went in the bank to cash a cheque. Then I heard something. I didn't know what it was so I turned around as quick as I could and what do you think I saw, money going out of the bank.

Finally the teller got done cashing my cheque. As soon as I got out of the bank I saw the money going out the street with a police car after it. It was so surprising to see the police chasing a car with no driver. So I stopped the police and asked them why they were chasing a car with no driver. I said I didn't know anybody driving it. All of a sudden I noticed the policemen were jack-o'-lanterns.

Then I remembered the teller looked like a witch. Here I was thinking I was in Transylvania, when all the time I was in Transylvania. While I was thinking, a cab dropped off some skeletons who grabbed me and put me in the cab and took me to this scary looking castle. And you wouldn't believe

who was at the door! Dracula with Frankenstein and Wolfman beside him. "I see you have company" said Dracula. They took me inside just as I was going to turn and run away the floor gave away and down I fell. When I got up I saw a witch and goblins. Then they said "If we help you get out, you help us kill Dracula."

"Okay" I said so I got some dynamite and lit the fuse. I went speeding down the street in time and never saw Dracula or his friends again. When I got home to Alberta, I told everybody about my adventure at Transylvania and nobody would believe me. Francis Gotsch

County Moves On "Special" Wastes

As a result of a meeting with the Special Waste Implementation Program Director, Frank Belyea, the County of Beaver Council decided on Monday to request that the Alberta Environment Department do further testing on three Torlea Flats locations as possible sites for a "Special" Waste Treatment Plant. (Editor's note: the Alberta Environment Minister has changed the designation of these wastes to "special" from "hazardous".)

A summary of data gathered revealed that all three sites are suitable for a major treatment facility. Water yields are very low (less than 5 gallons per minute) and the additional risk they could possibly face. He noted Mr. Belyea could not force government regulations implemented, making today a prime factor in the November decision. He noted that the County of Beaver Council the next step will be taken.

At the meeting, Mr. Belyea and Dr. Jennifer McQuig presented the results of the test drilling done to date on these three locations (11-46-14, 28-48-18, and 27-47-13) all of which is land owned by the province. Test findings reveal that hydrogeological conditions have proven favourable and there are no reasons why these areas could not go into the exploratory drilling stage.

Testing included rotary drilling to a depth of 300 feet with 2 test holes per 40 acre plot. These tests determined the depth to bedrock and the thickness of the low permeable areas as well as the potential well yields in these sections.

The Program Director said that protection of the people and protection of the

environment, with emphasis on ground water, were the major criteria for establishment of the plant. The proposed plant could employ up to 100 people, most of whom will be highly technically trained individuals.

Councillor Armstrong questioned whether this could blossom into a Canada wide waste disposal or would it remain a provincial project. Mr. Belyea replied that our mandate is "Alberta" only.

Gordon Holmes, Councillor in Division 5, stated that the County of Beaver is very concerned with regard to the transportation of wastes to the area, and the additional risks they could possibly face. He noted Mr. Belyea could not force government regulations implemented, making today a prime factor in the November decision. He noted that the County of Beaver Council the next step will be taken.

Brager Addresses Holden Chamber

The Holden and District Chamber of Commerce held their November dinner meeting on November 3rd with fifteen present. Matt Heflich chaired the meeting and Sharon Gill read the minutes of the last meeting.

Cliff Brager of Commerce who works through the Alberta Chamber of Commerce was the guest speaker for the evening. He was a very interesting speaker as he is on the executive of the Alberta Chamber of Commerce, chairman of the small business committee for the Alberta Chamber of Commerce, member of insurance management committee Canadian Chamber of Commerce for all business and the benefit mainly for small business. He is also past president of the Alberta Chamber.

He talked about the Hospitality Program which Continued on Page 2

Rural Crime Watch Program Continues

Because of the positive response received by the Viking R.C.M.P. Detachment concerning the "Rural Crime Watch" program, Corporal D.W. will advise that they are able to continue with their plans to establish the program in the area.

There will be a general meeting on Wednesday, the 18th of November at 7:30 p.m. in the Viking Community Hall.

A representative from the R.C.M.P. and the Western Stockgrowers Association will be in attendance to explain the benefits of the program and give assistance in setting it up.

The Viking Detachment would like to see as many people as possible from the Irons, Kinless and Viking areas attend this meeting.

The Viking R.C.M.P. have found two bicycles in the Viking area. One is a girl's green one-speeder and the other is a boy's silver one-speeder. If you have had these or know someone who has please call the Viking

Detachment at 888-8434. During the past week the Detachment investigated two motor vehicle accidents. One accident which occurred near the hamlet of Burns resulted in minor injuries. The second accident involved a motorist coming in collision with a deer which was crossing Highway 14 near Kinless. The motorist did not receive any injuries. The Viking Detachment are currently investigating a complaint of Theft and Willful Damage in the Viking area involving a bicycle. Two other incidents are still under investigation, one complaint concerning damage to a vehicle in Viking and the second is a charge of Theft over \$500.

The Detachment received a complaint of theft of a few items from the Viking area. Charges have been laid in connection with this incident over \$500.

Two charges were issued under the Liquor Control Act and 2 drivers have had their licences suspended for a period of 90 hours.

A sixth water well has been drilled in the Villages of Irma to serve the growing needs of the residents. Only three of the original five wells were still usable necessitating drilling the new 7" well which is at a depth of 240 feet.

problems and having looked carefully at the individual situations are prepared to offer assistance in those instances where County pro-

those people whom we "remember" on Remembrance Day sacrificed for.

World War I was seen, upon it's conclusion, as "the war to end all wars". Remembrance Day marks the signing of the armistice which ended this war - November 11, 1918. And yet our nation was involved in two wars after this "war to end all wars". At a time in world history when we witness assassinations, bombings, revolutions, arms races, and the threat of nuclear annihilation, let us hope and pray that we will not see an event again which will create a renewed importance in Remembrance Day. There is enough to remember from the past. Let's hope it stays that way.

someone in the stands always thinks that they can do a better job. This is all part of the game. But the big concern here is with the youngsters and what they may learn from the referees.

Regularly fans dish out criticism and abuse to referees. Some say it is all part of the game. But it is very hard for youngsters to understand and shoulder the type of abuse that is often directed at them. These young people will be trying their best to contribute to the game in the area by refereeing from a more knowledgeable background than others their age. They will be given a lot of criticism and encouragement, for through them, the area may have qualified officials in the future. We have lost good young officials in the past because they didn't want to take the criticism and abuse that was being meted out to discourage anyone from making us lose any more.

her of commerce Christmas supper and Dance will be held on Friday, December 4th, 1981. Supper at 7:00 and Dance at 9:00. Tickets are 10:00 per person and may be obtained from the executive or any chamber member. The charge is 5:00 per person for the dance only.

ity Choir December

than last year. Popular music like "Climb Every Mountain" and "The Christmas Song" are some popular Christmas numbers like "Do Your Ear a Favor" and "The Nutcracker Suite" were sung last year are not being performed and we are adding points to a new list of tunes from the Monsoon.

It has been decided that the Christmas concert will be held in the school gymnasium at 8:00 p.m. on Tuesday December 16th. We hope that we will have your support at this Christmas

Lotteries helped the Recreation, Parks and Wildlife Foundation rebuild the Boysdale Camp.

The Boysdale Camp is a summer recreation camp in the Edmonton area for underprivileged Alberta children. Last spring, the camp was partially destroyed by fire. Thanks to a donation from the Recreation, Parks and Wildlife Foundation, repairs were made in time for the camp to resume full operations this summer.

The Recreation, Parks and Wildlife Foundation is one of the many worthwhile Alberta organizations supported by proceeds from The Provincial, Western Express and Super Lotto ticket sales.

Isn't it good to know that every time you give yourself a chance to win, you're giving others a hand too? Hey, Alberta, it's great to feel like a winner!

Give Yourself a Hand

Super Lotto

St. Paul Presbyterial News

A Fall rally was held in Lloydminster Oct. 2nd, 1981.

Marwayne ladies were in charge of registration. Sing-along led by Mrs. Jodi. President Mrs. Margaret Parkin welcomed the ladies. Shirley Ashton president of Lloydminster U.C.W. brought greetings from her local.

The morning session was an interview with three disabled people led by Shirley Ashton. Also present was a lady from Shinkler workshop in Lloyd. Ken Cooke thanked the panel for their educational interview and presented each with a small gift of appreciation. Marjorie Walton introduced Margaret Shortt from Edmonton Resource Centre who brought an outline on programming and resources.

es. She also gave a list of books and films that can be obtained at resource centre for programming.

The Fall executive meeting was held at Viking on Oct. 19, 1981 the theme being "Living With Faith". Any local having a resolution hand it in before fall executive to Marjorie Walton.

Next year will be the twenty year anniversary of St. Paul Presbyterial U.C.W. Each local is asked to donate \$20.00 to Treasurer. The president will take it to Alberta Conferences in Kirk United Church on April 20 - 22nd, 1982. Marie Towall leadership Development Chairperson made up a list on Nuclear Disarmament and presented to each local for Programming.

Several House in Lloydminster can use clothing for children of all ages.

Lunch was served by Lloydminster ladies. Before afternoon session the Head Bill Ringer gave a short concert.

Our guest speakers for afternoon were two ladies speaking on Nuclear Waste. They were married with 3 children. She showed slides on New Guinea and what the Nuclear wastes are doing to their country. The Pacific Islands are facing a great challenge because the powerful countries are testing the Nuclear weapons in the Pacific Ocean. Aiko Carter from Japan is a school teacher, the wife of Japanese minister of United Church. She spoke on disabled people and how they have over come their disability. She read poems written by these people. Olive Friswell thanked the ladies for their interesting information on Nuclear testing and presented each with a small gift of appreciation. Margaret Parkin closed the meeting in prayer.

At the St. Paul Presbyterial Executive Meeting held in Viking on Oct. 19, 1981 the Theme "Living in Faith" a sing-a-long was read by Rene Martin. President Margaret Parkin opened the meeting with a welcome to all present. Kinsella lodge led in the devotional.

The minutes of the last executive meeting of May 8th were circulated and accepted.

The Rally and Sub Executive minutes were printed and circulated were reviewed for information. Jean Weeks gave financial report. Vera

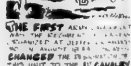

Dyck presented the budget for 1982.

A motion to raise the assessment to \$8.00 from \$3.00 and to have travel expenses at 13 cents per mile. These motions to be taken to the general meeting in February. Secretary Treasurer explained the format that are sent to each local to be filled out before the Annual Meeting.

Lunch was served by Viking ladies. Margaret Parkin's new dates for the Women's conference, Nov. 12 - 17, Banff Springs Hotel, 1982. Nov. 11 - 18, Banff Springs Hotel, 1982.

The guest speaker for afternoon was Rev. Dan Newell of Tofield speaking on "Christian Invitation". Margaret Parkin thanked Mr. Newell for taking time to explain some of the facts of Baptism.

Mrs. Audrey Wutnow from Lloydminster gave a courtesy Report and the meeting was adjourned.

Loone Prouser, daughter of Mr. and Mrs. Gerald Prouser of Turco, B.C., and Alan Parsons, son of Mr. and Mrs. Wesley Parsons of Irma, were married on Saturday, August 22, 1981 in Irma United Church with Rev. Anne Gorman officiating. The newlyweds are residing on a farm north of Irma.

LAND USE PLANNING IN YOUR COMMUNITY
A ONE DAY SEMINAR
Viking November 25
Viking Community Hall
Seminars starts at 9:30 a.m. and will finish at about 5:00 p.m.

Why?
This seminar will inform participants about the planning process in Alberta and how it can work for them. The seminar is presented by the COMMUNITY PLANNING ASSOCIATION OF ALBERTA. The objective of the seminar is to elect Municipal Officials, Planning Professionals and Citizens together to talk about planning.

Alberta Weeklies Have More Reach!

They reach 86% of the 840,000 consumers living in rural and non-metro Alberta. That's 2 1/2 times greater than the reach of all dailies in this lucrative market.

For more information on the advantages of advertising in Alberta weekly newspapers, send us your business card.

Vialta Lodge News

Saturday, November 14th will be our Anniversary Tea. Quilt auction, Bake sale, Fish Pond, Hamper and Sewing sales. All are welcome to come. The time is 3 p.m. - 4 p.m. Place is at the Vialta Lodge.

Our things this month will be held Wednesday, November 18th at 3 p.m. You will be served from 2 p.m. to 3 p.m.

Card Party for November will be Tuesday evening the 16th starting at 8 p.m.

We welcomed to our Lodge last week Mr. Foreman of Irma and Mrs. Quinlan of Kinsella. Greetings to Mr. Carl Woder who is at present in the hospital.

We all enjoyed the Grade One and their teachers coming to sing for us Wednesday. Some one left a navy suit behind - can be picked up at the lodge.

4-H Light Horse Club To Hold Bottle Drive

On Nov. 4, 1981 the Viking 4-H Light Horse Club held a meeting in the club room. This meeting was the membership deadline giving our club 20 members. Committees were decided on and fund raising was discussed.

We will be having a bottle drive on Dec. 5, 1981, starting at 9:30 a.m. We concluded with a quiz on the parts of a horse led by Mrs. Taylor. Club Reporter Sherry McElmiston

Winter Driving Tips

The following "Winter Driving Reminders" are provided by Transportation Safety Board. Use as desired. Tune up and winterize vehicle - breakdowns on streets and highways can be dangerous as well as inconvenient. Install good tires - tires with a good tread are necessary on all vehicle wheels for good traction and maximum vehicle control. Do Not Mix Tires of different construction. Lights - Ensure that all vehicle lights are working and always visible. Check them daily. Brakes - Ensure brakes are in good condition. Visibility - good visibility is essential for safe driving.

(Avoid driving during snow storms, blowing snow, etc.) Remove snow and ice from all vehicle windows and lights. Remove snow from top of vehicle before driving. Driving habits - check road reports for road conditions before starting out on a trip. Be alert for ice and/or packed snow on roadway. REMEMBER: You can't blame the weather for collision or mishap - Drivers cause collisions - Be subject to coming winter conditions.

THE MANAGEMENT OF ENERGY IN CANADA. ONE OF A SERIES.

HERE'S HOW TO SAVE BIG DOLLARS WHEN YOU BUY BIG ELECTRICAL APPLIANCES

LOOK FOR THE ENERGIDE LABEL

When you buy a major electrical appliance, you're picking up two price tags. One is the cost of the appliance. The other is the cost of the electricity to operate it over its lifetime. Until recently the energy price tag was missing. You paid none—but had little idea of what you would go on paying. Now there's a second tag, in the form of an Energide label.

WHAT IS ENERGIDE?

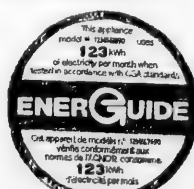

Energide is an appliance labelling program under which energy consumption "stickers" are attached to new refrigerators, freezers, dishwashers, clothes washers, and kitchen ranges offered for sale in Canada. The program was initiated by the Government of Canada and is operated in co-operation with consumer groups, appliance manufacturers and retailers, electrical utilities and provincial governments.

COMPARISON SHOPPING

The whole idea behind Energide is to help you, the consumer, to compare the energy cost tags of appliances and determine which is the best buy. Comparison shopping and wise decisions can save you a great deal of energy and money over the long run.

HOW DOES ENERGIDE WORK?

The label on each new appliance shows the number of kilowatt hours of electricity (kWh) consumed by that appliance in one month of normal operation. This rating is determined by a test developed by the Canadian Standards Association for all appliances labelled. The number is representative of the energy that the appliance will consume under normal operation at home. It's not exact; the test could never duplicate precisely all the conditions in your home. But it is correct as a comparative rating, to indicate the difference between models.

To convert the Energide rating in kWh to dollars, multiply by the cost of a kWh in your area. (The current national average is 4¢ per kWh.) This will give you the operating cost for one month.

kWh per month x cents per kWh = cost per month.

WORK OUT THE LIFETIME COST

To really appreciate the importance of Energide ratings, figure out the lifetime energy cost of the appliance. The average major appliance lasts 15 years, or 180 months.

Multiply the cost per month by 180 and the number you get will be impressive. And it will be an underestimate, because it assumes a constant electricity price over 15 years.

TWO REFRIGERATOR EXAMPLES

Consumer and Corporate Affairs Canada publishes each year the Energide ratings for new appliances. From the 1981 Refrigerator listing come the following examples:

Echo Rodino News

Yvonne Greenwood accompanied Margie Smith of Irma to a knitting seminar in Inawshaw Wednesday.

Mr. and Mrs. Ralf Vester of Carleton Place visited the Robson Hotel home.

Mr. and Mrs. Bob Wil-

lams attended the Municipal supper held in Wainwright Friday evening.

Congratulations to Mike and Esther Mackowiak on their wedding anniversary this week.

Bob and Claudia Williams helped home over the weekend was

the Ray Katz family of Edmonton.

Josephine and Mary Ann Hot attended the open house held in Midway Sunday for Mr. and Mrs. Bob Burns.

Victor Carter traveled to Montreal, Quebec, to attend a Disco and Dance for the racing club there.

Harriet Finkler accompanied Doris (Pauline) Cole of Wexham to the home of Barry, B.C. to visit Effie Paulsen.

WHEN MORE IS LESS

The appliance with the lower Energide ratings may cost a little more to buy—but they usually have more insulation, better motors, more sophisticated controls. But as the above example shows, the value of the energy they save over their life cycle will pay for the extra investment many times over.

So when you're shopping for major appliances look at both tags, do a little figuring and buy the model that will be cheapest over its life cycle—not just the cheapest on its purchase price.

AN ENERGIDE BONUS FOR ALL

Besides providing consumers with information for comparison shopping, the Energide program is having another effect. Appliance manufacturers are improving the energy efficiency of their models. Already there have been some notable improvements and experts predict that within a few years major appliances will be consuming about 50% less electricity—while providing the same services. That's a powerful example of how consumer power and industrial innovation go hand in hand.

TWO DRAWS FOR \$500.00
ELEVEN DRAWS FOR \$100.00

Rec Board To Review Master Plan

A meeting of the Viking Recreation Board was held on Tuesday, October 27th. All of the Board members were in attendance, including Councilor Jennie Bird.

Club representatives expressed concern regarding the condition of their building from a Public Health point of view.

Jennie Bird proposed that each club draw up a plan for themselves and submit it to the Recreation Board.

Following discussion of the plan, the minutes of the previous meeting were adopted as read. The Board was then informed that the survey on the Ball Diamond has been completed, but

construction has been delayed due to a problem in pump water to the Town.

A motion that the Master Plan be amended to provide for retroactive application for M.C.B. funds for facilities such as the library was passed by the Board.

The Board was then informed by the Viking Dance Club that an instructor was not available at this time.

The Board received a letter from the Viking Art Club requesting funds to subsidize an instructor, and the one of the Recreation office. The Board decided to give \$600 to the Art Club and to allow them use of the office.

A letter from Kent Henderson informed the Board that Mr. Henderson will be attending one of the Board's meetings in the near future to review the new Master Plan.

Shady Cove Roll Call Benefits Unitarian Service Committee

Shady Cove Women's Institute met at the home of Mrs. Kay Deward, Oct. 19th, 1981. Nine members were present and three guests. President Lorna Swift opened the meeting.

The Roll Call was a money drive for the World Food organization. The Secretary, Dawn Henshale, read the minutes and the Treasurer's report was also given.

A motion was carried in favor of a bake-house bake sale for November. Each year seems to become shorter and shorter, and the activities don't all get done. This will help.

There was a good deal of correspondence. This is the 58th year of the U.S.C. The very elderly and the handicapped receive priority. Letta Hirschman's book is a regular basis for donations each year. At this point a vote carried, to donate money from the Treasury to U.S.C.

A United Nations paper was given by Mrs. Francis dealing with the excellent progress being made by 8rd World Countries in food production; how they are advancing in technology; are rapidly becoming more self reliant in quantity. In fact, it is in great part to this that the anticipated horror of starvation in the Eighties, has been held at bay. References were taken from the Canadian Wildlife Magazine.

Mrs. Kay Deward gave the motto "Happiness is like a kiss, you have to share it to have it".

Next meeting will be at Mrs. Francis. Bring \$5.00 for the Bake Sale. Also Roll Call of clothing in Unitarian Service Committee Warm Towels, mitts, scarves will do, or warm clothing with lots of warm left in them. Kay and Dawn will be on duty.

Nov. 19th will be the annual meeting. Motion to adjourn by Ruth Ash moved this meeting.

Iris and Myra served lunch while the hostess of the day presided at the coffee pot and everyone went home happy.

Pub. Com. Myra Francis

How Much Fertilizer Should I Apply?

The amount of fertilizer required varies depending on a number of variables such as weather, what kind of crop was grown, condition of land, etc. The best way to know is to soil test consistently over the years. This will also show you a trend (if there is any) with your soil's pH level, organic matter,

What in the world is a diminishing returns chart? This is basically a chart which says that the first portion of fertilizer will give more crop per dollar spent on fertilizer than subsequent units. Therefore after a certain amount of fertilizer it becomes uneconomical to add more fertilizer. Let's look at the following chart for an example:

For example: A = \$1 of fertilizer returns \$6 of crop, B = \$1 of fertilizer returns \$4 of crop, C = \$1 of fertilizer returns \$2 of crop, D = \$1 of fertilizer returns \$1 of crop.

As you can see no one would want to fertilize to D. Most would probably stop at B. Going to C becomes risky if weather is against you.

The provincial lab recommends near B, while Norstar recommends nearer to C. Therefore by fertilizing to B you reduce your risks. Who grows? (Holds?) County of Beaver?

I'm looking for a grower of triticale in the county. We're sponsoring a Special Crop Meeting at Rydal on March 9 all day. The topics will include triticale, buckwheat, oatmeal seed, field peas and lentils. We'd like a triticale producer to talk for about 1-2 minutes on what they've done. If you know of someone, please give Rudy or me a call.

Upcoming Dates To Remember

The successful purchaser shall pay the balance of their offer price by certified cheque, bank draft or money order to Deloisette Haggins & Sons Limited at the above address by December 11, 1981 at 12:00 Noon, or at such later date, as the undersigned may allow. A successful offeror who fails to pay the balance by the date shall forfeit his deposit as liquidated damages. Possession of the assets will be given as soon as the purchase price has been paid in full, but not before. Adjustment date for taxes, rent and insurance shall be December 31, 1981.

6. Financing may be available to qualified purchasers; arrangements may be made through Mr. L. Holstrom at Telephone Number 429-5111. The cheque of unsuccessful parties will be returned promptly.

7. Offers will be accepted on the basis that the purchaser has inspected the assets and the assets and no warranty or condition is expressed or can be implied as to description, condition, quantity, quality or in any manner whatsoever. Successful offerors shall make arrangements to take possession of the assets as soon as possible after the purchase price paid. The total purchase must be paid before possession of the assets.

8. All bids submitted constitute a firm offer and cannot be withdrawn by the offeror.

9. All offers will be opened and announced at a meeting to be held at 1701 Toronto Dominion Tower, Edmonton Centre, 10:00 a.m., Alberta on November 30, 1981 at 2:00 o'clock in the afternoon. All offers are invited to attend this meeting for the opening and announcements of offers only.

Arrangements for viewing may be made by contacting Mr. Ray Vincent at 689-3795.

DATED at Edmonton, Alberta this 22nd day of October, 1981.

Angela Balaban Celebrates 90 Years

On Sunday, November 8, 1981, Angela Balaban of Viking celebrated her 90th birthday with family, friends and relatives at the home of her son, Maurice Balaban.

On Sunday, November 8, 1981 Angela Balaban celebrated her 90th birthday at the farm home of her son and daughter-in-law, Maurice and Mabel Balaban of Viking.

Angela enjoys farm life and is still active about the farm house. She was born in Strawaw, Poland in 1891 and came to Canada in the fall of 1907. Angela and her husband Mike settled on the farm north of Viking in 1908 and raised a family of three children. Angela presently of Viking, Ops of Vegreville and is looking forward to seeing you all again soon.

Angela would like to extend a sincere thank you to everyone who came to visit her during her birthday celebration and is looking forward to seeing you all again soon.

Winterize Vehicles Now

Alberta Transportation Minister Harry Kroeger recently urged motorists to ensure their vehicles are ready for winter driving and that they are prepared to adjust their driving habits to ensure safety.

Mr. Kroeger said that November and December have been high incidence months and that studies by Transportation's safety Branch indicated that drivers don't quickly adjust their driving to winter conditions.

"We want you down under winter conditions," the Minister said, pointing out that especially in urban centres motorists must allow themselves more time to reach a destination.

Statistics compiled by the safety branch show that of the 18,127 traffic collisions in Alberta last year, December recorded the highest with 18,659 collisions and November was second with 9,980.

The minister emphasized that 80 per cent of last year's traffic incidents resulted from improper actions by drivers and pointed out that "We know that winter in Alberta creates hazardous conditions, but we cannot blame the weather for crashes. Every driver must accept responsibility for his or her driving. Only by each of us exercising extra caution can we reduce costly and often tragic traffic collisions."

Mr. Kroeger said the Safety Branch will be conducting a public awareness program during December.

Profile: John Ganie

John Ganie

A man of two seasons - winter and summer. Perhaps a very appropriate description of a man whose involvement in sports covers both major seasons of the year.

John Andrew Ganie was born in Wille, Saskatchewan on March 26, 1920, one

of an even split four child family. At an early age, John moved with his family to Tahn, Saskatchewan where he completed his schooling up to grade eight.

Upon deciding to leave school, John got a job with the C.N.R. in Tahn, Saskatchewan. He worked for the railroad company in place like Yonker, Saskatchewan.

He is involved in football doesn't just include playing. For the past three years John has been coaching the Irma Poo Wase football team. Entered in the C category provincially, the team won the Provincial Championship in 1980. Having selected this success, the team moved into the A category this year and were runners-up in the Provincial Tournament which was held in

Irma this summer.

When the warm weather ends, a short break is all that John takes until hockey season arrives. John has been playing for 15 or so years. John has been involved in coaching hockey up to the minor hockey up to the senior level. This has been no exception as he has taken on coaching the Irma Bulls. Last year, John was the assistant coach of the Irma Wainwright Poo Wase team. John's involvement with hockey has also included a term as 2nd Vice-President of the Irma Hockey Association. Coach of the Irma Aces during the 1980-81 season and manager of the same team from 1981 to 1979. He also enjoys playing hockey with the adults.

John's two main hobbies are golf and numismatics. His coin collection goes back to the year 1880 and includes all but 6 cent ones place since that year.

John's love for sports in general and his leadership role have made him a valuable member of the Irma community.

Do You Know The Bible Says

Rom. 8:16. Fellowship with God. For if we have been planted together in the likeness of His death, we shall be also in the likeness of His resurrection...

We have not only Christ's life in us as a power, and His presence with us as a Person, but we have His likeness to be wrought in us. He is to be formed in us, so that His form or figure, His likeness, can be seen in us.

Now before God until you get some sense of the greatness and blessedness of the work to be carried on by God in you this day.

Say to God, Father, here am I, for Thine to give as much in me of Christ's likeness as I can receive. And while to hear Him say, My child, I give thee as much of Christ as His heart is open to receive.

The God Who revealed Jesus in the flesh and perfect Him, will reveal Him in thee and perfect thee in Him. The Father loves the Son, and delights to show off His image and likeness in thee. Count upon it that His likeness will be done in thee as thou waitest on thy God, and holdest fellowship with Him.

Call Forwarding System Introduced

Dialing a local business number? In the future your call may be answered by any telephone in North America. In Calgary calls to some local numbers are already getting automatically routed out of town. And AGT plans to expand "Remote Call Forwarding" to other major Alberta centres in 1982.

Bryan Locker, AGT President, said that the company has introduced Remote Call Forwarding service. "This service gives businesses the chance to expand into new markets in distant locations without the high cost of opening a branch office. Remote Call Forwarding costs nothing more than a one time installation fee, the normal monthly rental on a business line and the long distance charges on calls between the area where the Remote Call Forward number is, and the business location."

Today, no matter where a business is located, it can now be reached by any call within the area can call the number at no cost. The call is automatically routed to the business at its distant location.

The automatic re-routing of calls, the feature known as Remote Call Forwarding is a spin-off from the newer, but available, long distance phone systems AGT and other Canadian telephone companies are installing.

Now the Calgary service will eventually expand to most Alberta centres giving business the chance to market with products and services elsewhere with little additional cost.

Remote Call Forwarding was introduced in Canada October 6th, and is now available in locations throughout North America.

Irma Council Defeats Motion To Rescind Letter

The Council of the Village of Irma met in regular meeting in the Irma Village Office, Wednesday, November 3, 1981.

The minutes of the previous meeting of October 13th and October 20th were adopted on a motion.

Correspondence from the Department of Extension, University of Alberta setting out a brief synopsis of the proposed changes to the regulations of the Provincial Statutes, was reviewed. It was noted that tentative registrations made for three Council members was carried.

In the foreman's report it was recommended that the Council give consideration to the application of calcium chloride with the sand and salt used for de-icing purposes. This recommendation was accepted and calcium chloride will be incorporated with the wintering.

Correspondence from TransAlta Utilities Corp. setting out construction design and line installation for the site of the proposed new well was reviewed and moved and filed for future reference.

Correspondence was received from Alberta Telephone with attached outline for the location of buried cable to service Lakeland Industrial Inc. on 49th Avenue. As proposed, the cable location will conflict with the proposed location of gas line installations. This matter has been referred to the Western Utilities that the conflict in locations may be rectified. It was moved and carried that this correspondence be filed for future reference.

Correspondence was also received from Recreation and Parks outlining the relocation of the population between the various Divisions within the Municipal District of Wainwright. Under the re-allocation numbers are reduced in Division 8 and 7. After a review of this correspondence it was moved and passed that the

re-allocation as set out be accepted.

Mayor Coffin read the Municipal Inspection Report as submitted by the Municipal Inspector following the Annual Inspection of the Village books and records on September 4, 1981. The report includes a general review of the operations, accounting records and systems with particular emphasis on procedures and adherence to the legal requirements of the Provincial Statutes.

The Inspector reports that the village continues to maintain a sound financial position and that the office procedures appear to be well organized and managed. The records, books and accounts are being maintained in accordance with the Provincial Statutes and Department requirements.

It was moved that this report be filed for future reference and that it be incorporated in the year and financial statements.

A revised draft of the Joint Operational Recreation Agreement between the Village and the Municipal District of Wainwright No. 61 setting out conditions under which the recreation area will operate was presented for consideration. It was moved that Council recreation area board members together with the Administrator review this draft and report to the next regular meeting of council. This was carried unanimously.

Irma New Horizons Plan Minor Repairs

The regular monthly business meeting of the Irma New Horizons members was held in the Drop in Centre on Wed. Nov. 4th. The meeting was called to order at approximately 2 p.m. by president Georgina Enger. She then read a prize winning poem from the council on Aging bulletin after which the minutes of the last business meeting was read, discussed and adopted.

The treasurer then gave his report of receipts, bank balances, etc. This was received. Correspondence was then dealt with. The building committee reported on the condition of the east end of the Drop in Centre and suggested that for several reasons, no major project be undertaken at this time. It

was moved that the Administrator be asked to date the following signed petition forms published in the local newspaper requesting council request for location of the Wainwright Waste Transfer Station in our area as an alternative to the Village rate payers, 18 from outside areas, one letter requesting signed letters from the two letters expressing opposition and concern relative to any decision on location in the area. It was moved that Council request for the location of the Wainwright Waste Transfer Station be dated the following: 1 for, it is moved.

The Administrator presented a draft of a by-law to regulate and control rock concerts and other the functions within the Village. After a brief discussion it was moved that this matter be tabled until the next regular meeting.

Discussion ensued regarding the marking on Highway 41. It was moved that this matter be tabled until the next regular meeting.

Irma United Church To Hold Fall Supper

A reminder to circle Monday, Nov. 23rd on your calendar. Yes it is that time of year once again the Irma United Church will hold their Fall Supper on Mon. Nov. 23rd at 7:30 p.m. This family is most welcome to attend this gastronomic feast to be held in the church basement from 5-7 p.m.

Many ladies of our community will reach into their cupboards, gardens, freezers, and recipe books to produce an infinite variety of food to tickle your taste-buds.

convention is question.

It was moved that the Administrator be asked to date the following signed petition forms published in the local newspaper requesting council request for location of the Wainwright Waste Transfer Station in our area as an alternative to the Village rate payers, 18 from outside areas, one letter requesting signed letters from the two letters expressing opposition and concern relative to any decision on location in the area. It was moved that Council request for the location of the Wainwright Waste Transfer Station be dated the following: 1 for, it is moved.

The Administrator presented a draft of a by-law to regulate and control rock concerts and other the functions within the Village. After a brief discussion it was moved that this matter be tabled until the next regular meeting.

Discussion ensued regarding the marking on Highway 41. It was moved that this matter be tabled until the next regular meeting.

Fentons Celebrate 55 Years

In recognition of Edna and Harold Fenton's accomplishment of 55 years of wedded bliss, a lovely tea was held, Saturday in the basement of the United Church. In honor of their anniversary the U.C.W. provided tea and assistance while many devoted friends and relatives brought cards, gifts and flowers to celebrate this happy occasion.

The family in attendance included Mary and Edward Stephenson and sons Edna and Marshall, Tamara Stephenson and daughter Alina from Ft. McMurray, Jim and Edwina Thibault and

son's Lynda and Sheldon, Shelia Leonard and son Jamie of Sedgewick, Jack and Lorna Leonard and children Sharon, Lynnette and Billy of Kamloops.

Bruce and Sylvia Shaw and son Mark of Sedgewick, Marilyn Mages of Camrose, Mary Barker, Edward Barker and daughter Chloé of Edmonton, Malcolm Kennerley and daughter Laurel of Calgary, Georgia Caper, Judy Fenton with children Joy and Jennifer of Kamloops and Edna and Harold Fenton of Kamloops and districts were also in

attendance to join with the happy couple on the glorious occasion. May God continue to bless them.

Irma 4-H Beef Club Meets

A reorganization meeting of the Irma 4-H Beef Club was held Wednesday, October 28th at the John Newton home. The new leader for 1981-82 is Wayne King.

The following were elected for officer: President - Diane Smith; Secretary -

Mona McKay; Treasurer - Karen Newton; From Reporter - Doug Fischer; Junior Leaders - Len Mark and David Short.

The weight-in date for the calves was November 19 at the John Smith farm.

The next meeting will be held at the home of Mona McKay.

Irma Curling Club To Host "Fun Spiel"

The 1981-82 executive of the Irma Curling Club is pleased to announce that the general meeting held on October 7, consisted of President Bob Beaudry, Vice President Arnold Lian, Secretary - parable McKay; Treasurer - Gary Barker; Drivers - Bob Burton, Leonard Williams, Butch Fischer, Bruce Wilton, Jean Smith.

There has been some controversy over dues this year, but the executive finally agreed on the following: Full Membership - \$65.00; Full Ladies Membership - \$60.00; One Night Curling - \$40.00; Students - Half Price. All membership entitles the holder to curl in both Mens and Ladies on Ladies and Mixed, and to sub as often as desired. A new slight membership entitles the holder to just that, one night of curling per week, whether it be in the ladies or mixed leagues. It was decided to charge \$200.00 a day for rental of the curling rink or \$10.00 a game. Gary Barker is taking rentals for the rink. Bookings have been set for the following dates: Open Curl - Dec. 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14. For the Open Ladies - March 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14. For the Open Cash Spiel, entries can be phoned to: Leonard Jones - 764-3141; Butch Fischer - 764-2289; Bob Burton - 764-3878. Entry fees for this 30 team tournament are \$100.00 per rink.

Official opening of the Irma Curling Rink is to be held on Saturday, December 5, 1981, with a banquet, ribbon cutting ceremony, throwing of the first rock, and a "celebrity" curling

game. Tickets for the Opening will be \$25.00 per couple and are available from Gary Barker at the Wheat Pot, or from any executive members.

A local hospital has been set for Nov. 12, 14 to get everyone into the curling spirit. Entries for this "Fun Spiel" can be phoned to Bob Burton - 764-3878.

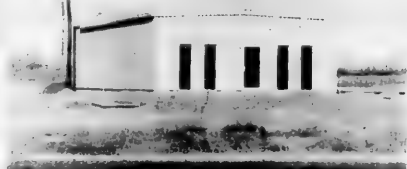

It is very fortunate to see times for league curling well

we will have, so if you are interested in curling, please contact the executive. We have tentatively set Monday and Thursday evenings at 8:30 for mixed curling, hoping to receive some "family" participation. Mondays at 8:30 and Wednesday evenings for ladies, and Tuesday and Thursday at 8:30 for mens leagues. Fridays have been left open for rental and

hospitals. These times can be changed, depending where the most interest lies, and what is best for the curlers. An afternoon draw for Monday is also possible for the ladies if there is sufficient interest shown.

Hope to see you out on the ice!

Respectfully submitted
Furman McKay

Another new building nears completion in Irma, and will be the home of Lakeland Insulations.

Irma News And Views

The Yoga house started Nov. 8 in the Irma Community Centre conducted by Mrs. Mary McElroy from Wainwright. They run from 10:00 to 11:30 a.m. every Monday and Thursday for the next five weeks.

Mr. and Mrs. Gary Smith and daughter of Edna visited with Grandma and Grandpa on Friday this week end.

John and Mary Newton, Anita and Karen attended the Ladies' Ministerial Luncheon at the Irma Community Centre on Thursday, Nov. 11. Red Cell is being an article for our next issue. Get well wishes are extended to Roger Archibald who underwent surgery in the University Hospital surgery in the week.

Get well wishes are also extended to Jack Veen who was taken to the University Hospital on Thursday.

Very McElroy had the pleasure of a visit from her

mother of Wainwright for a few days.

Plans take note that the Irma Fish and Game association has decided to hold its annual Wild Meat dinner on Friday evening, February 5, 1982. Presumably in the school auditorium.

The next meeting of the Irma Fish and Game association will be held at the home of Peter Crow at 2 p.m. on Thursday, Nov. 11. Red Cell is being an article for our next issue.

Nursery Stock from
Boughen Nurseries Ltd.
Nipawin, Sask.

We will be handling - Fruit Trees; Shrubs; Hedging; Roses; Vines; Small Fruits; Perennials and Evergreens. Drop in and pick up an order form. Place your order, and be sure you get the trees you want next spring at very reasonable prices.

College In Bonnyville A Possibility

The Board of Governors of Lakeland College, at its meeting Tuesday, October 27, approved the commissioning of negotiations with school boards in Bonnyville with the purpose of determining the feasibility of a tri-campus facility.

The board's resolution outlined their position as follows: "The Board of Governors of Lakeland College supports the concept of a college facility in Bonnyville with the purpose of determining the feasibility of a tri-campus facility."

The board's resolution outlined their position as follows: "The Board of Governors of Lakeland College supports the concept of a college facility in Bonnyville with the purpose of determining the feasibility of a tri-campus facility."

Ken Stenhouse of the Halden Legion told the Legion vanguard at the memorial service in Halden on Remembrance Day. Staff Photo

Communities Observe Remembrance Day

A number of communities observed Remembrance Day with a variety of ceremonies. In the Wm. H. Allen Legion, a number of members gathered at the Legion Hall for a service. The service was held at 10:30 a.m. and was presided over by Rev. Jim Bennett and Pastor George Macdonald of the Anglican Church.

Dorin Wins Canadian Title

Once again the name of a local rodeo and stunts competitor topped the list in the Wm. H. Allen Legion category at the completion of the 1981 competition.

Small Meetings Held On Special Wastes

The first in a proposed series of small group meetings on the issue of special wastes was held this past Tuesday. The first meeting was held at the home of Gordon Maxwell on Sunday afternoon, while Gordon Maxwell, Director of the implementation program for the County and some who support the idea.

Hospital Receives Legion Cheque

The Viking Canadian Legion Branch No. 81 has officially turned over the proceeds of the "In Line of Christmas Card Fund" to the Viking Hospital Board of Trustees.

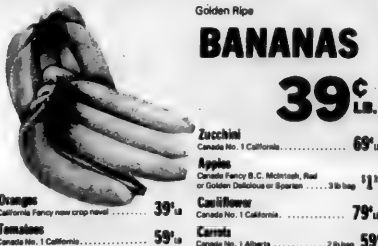

Call Made For County Resignations

Don Renshaw, chairman of the Conservative Citizens Group in the County of Beaver, called upon a position which asked that a special waste treatment plant not be considered in the Bruce-Viking area. Mr. Renshaw said that the position would be presented to Jack Cookson, Environment Minister on Wednesday at 5 p.m. in Edmonton.

Laskosky Wins C.C.A. Calf-Roping

Las Laskosky won the Canadian Cowboy Association's calf-roping championship at the C.C.A. Finals Rodeo in Lloydminster on November 10.

Las Laskosky won the Canadian Cowboy Association's calf-roping championship at the C.C.A. Finals Rodeo in Lloydminster on November 10. He was one of the C.C.A. cowboys who qualified for the championship go-round following this week's Viking Weekly Review.

The new Viking Veterinary Clinic is well underway at the north end of mainstreet. Dr. Glen Nordstrom hopes to be established in his new premises by late January or early February.

Combating The Green Plagues

We have all had the experience of observing the refrigerator to find little green "bums" growing on some of our favorite foods. Until about 30 years ago, molds, as they are more properly called, were considered to be somewhat unpleasant but relatively harmless. In the last 30 years, however, research has shown that some molds may be more harmful than had originally been thought. Catherine Blomett from the Home Economics Lab in Edmonton has been doing the following information about these green "bums".

Molds are fungi which are capable of growing in a wide variety of environments.

When shopping, you can avoid potential mold problems by not purchasing produce that is bruised, cut or showing signs of spoilage. Check to see that packages are intact and that the food has not already been exposed to the air.

In the home follow the storage recommendations for each food item, and avoid cross-contamination of food by discarding wrappings or containers that previously

held moldy food. When working with several food products, wash and dry a towel before going on to the next one. Also avoid storing food to air for a longer period than is necessary. By following these few precautions, you can control waste that results from spoilage caused by mold.

Until more information is available about mycotoxins, it is best to consider any food that display apparent molds as potentially dangerous. If mold appears on a solid food like cheese, cut off the moldy portion to a depth of one inch. If the mold is growing on a liquid or semi-solid food such as jam or syrup, discard the whole thing.

4-H Council Appoints Officers

The Beaver 4-H Council met in Viking on November 16th, 1981. The pledge, minutes and treasurer's report were handled in the usual manner.

Mr. Jack Kerna of Edmonton was announced as the winner of the provincial award. The election of officers followed with the following taking positions on the new executive: President - Bruce Judgement; Vice President - Bonnie Halikson; Secretary - Walter Latta; Treasurer - Les Latta; Club Reporter - Paul Erickson. A Workshop Committee

was also set up with Donna Brooker, Yvonne Brown and Audrey Frost in charge of this section and Walter Latta in charge of the Exchange Trip committee.

A decision was reached that we sent \$200.00 to the Provincial Foundation.

A discussion ensued relating to this year's activities and it was decided that the local club will be active in deciding if council should sponsor reviewing, skating, curling or a talent night. The next meeting of the Council will be held in Tuklust on December 6.

Viking Badminton Club Attends Competitions

The Viking Badminton Club has 11 the tournament trail early this season having already attended two competitions.

On the weekend of November 7th and 8th, Walter and Alana Stefanski, Marianne and Jeannette Thorsen, Sam Pon, Larry Baumgartner and Gary Haiso took part in the Cold Lake tournament held at CFB Weyburn, Alberta.

Walter Stefanski and Sam

Pon finished second in the "B" event, men's doubles while Larry Baumgartner placed second in the "C" event, men's singles and Marianne and Jeannette Thorsen won the "C" event, ladies doubles.

On November 14th and 15th it was off to St. Albert for Walter and Alana Stefanski and Doris Fouts, Dwayne

Erickson and John Marekoul.

Walter Stefanski and Doris Fouts finished second in "B" event, mixed doubles, while Walter Stefanski and Dwayne Erickson reached the semi-final in the "B" event, men's doubles. Alana Stefanski and Doris Fouts reached the semi-final, "A" event, ladies doubles.

Both tournaments had a large number of entries in all events with players from many points in Alberta participating. The local club members are ranked "C" players and as such, should be proud of their showing against "A" and "B" ranked players, a number of which were entered in both tournaments.

Gun Safety Starts At Home

Hunting season is now in full swing in Alberta. The Home Safety Committee of the Alberta Safety Council recommends the following gun safety rules be strictly adhered to.

Never handle or show a gun without first checking to make sure it is not loaded. When handling guns, always keep the muzzle pointed in a safe direction. Make sure all guns are unloaded before taking them into the home.

The Home Safety Committee also suggests that children interested in guns and shooting be given an opportunity to learn proper gun handling and to enjoy target shooting through membership in a supervised

shooting club. According to the Home Safety Committee, 60 per cent of all fatal firearm accidents occur in the home.

Adherence to these basic rules could eliminate this type of tragedy.

Without Advertising, a terrible thing happens...

NOTHING!

The Holden School Junior High boys volleyball team captured the County Championship for 1981-82 on Saturday, November 7. Members of the team are: back row (left to right) Ashley Emerson, Gene Hreboc, Darry McKibbin, Jamie Lemko, James Couch, Vincent Lohmeyer; front row (left to right) John Emerson (Coach), Terry Micklich, Kevin Shearer, Brendan Wang, Wayne Keith (Capt.) and Freddie O'Brien. Missing from the photo are Jamie Nelson and Clifford Gieselschke. Holden School Photos.

20% PRICE ROLLBACK IN NOVEMBER

Plus Waiver
or 13.9% APR
Financing

Forget any reasons you may have for not buying new equipment right now. Massey-Ferguson has rolled back prices to us in November by 20%. And that means some of the biggest savings we've ever been able to offer, on every new Massey on our lot.

Come in and buy now. These savings apply only to equipment purchased in November — just in time for year-end tax credits.

CHOICE OF FINANCING

If you buy now and qualify for financing through Massey-Ferguson, we'll make your deal even sweeter, with a waiver of finance charges 'til season's over, or 13.9 annual percentage rate financing for two years. It's your choice. See us now for all the details.

Waiver dates:
Tractors & Implements March 1, 1982
Hay tools May 1, 1982
Grain combines August 1, 1982
Corn combines September 1, 1982

Hurry! These price rollback savings are good only during November 1981.

Now more than ever, Massey makes sense.

BEAVER MOTORS
688-3809 HOLDEN, ALTA.

Do You Know The Bible Says

Rom. 12:1...Daily fellowship with God...I beseech you therefore brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service... Therefore, every morning, "pre-

sent yourselves unto God as those that are alive from the dead". He will maintain the life grace to live as risen ones. All this can be only in the power of the Holy Spirit who dwells in you. Count upon

Him to glorify Christ in you. Count upon Christ to increase in you the following of His Spirit.

As you wait before God to realize His presence, remember that the Spirit is in you to reveal the things of God. Seek in God's presence to have the anointing of the Spirit of Christ so truly that your whole life may every moment be spiritual.

As you meditate upon this wondrous salvation and seek full fellowship with the great and Holy God, and wait on Him to reveal Christ in you, you will feel how useful the giving up of all is to receive Him. Seek grace to know what it means to live as wholly for God as Christ did. Only the Holy Spirit Himself can teach you what an entire yielding of the whole life to God can mean.

Wait on God to show you in this what you do not know. Let every approach to God, and every request for fellowship with Him, be accompanied by a true, very definite, and entire yielding to Him to work in you.

Echo Rodino News

Get well wishes go to Everett Greenwood who is at present a patient in the Kinsale Hospital.

Bruce Greenwood accompanied the Macdonald's to Edmonton Tuesday.

Bob Williams travelled to Westakwin where he met with Dave and Goldie Macdonald of Calgary. Goldie returned home with Bob for a few days of visiting with the Williams family and her sister Nerine Hunter.

Mr. and Mrs. Norman Hoffer enjoyed the company of their grandchildren for the weekend.

Teresa Greenwood of Carleton spent the week at home on the Bruce Greenwood farm while Bruce and Yvonne travelled to Westakwin to visit Mr. and Mrs. Doug White and Lanes and Justin Welch.

Friday evening seen Rodino Hall come alive as the Annual Harvest Dinner and Dance got underway. A good time was had by all. Many neighbors took in the Lockhart-Kent wedding dance held in Kinsale Saturday evening.

Canola Industry Seeks Spokesman

Canola Council of Canada president, John Bayly, of the Saskatchewan Institute of Agriculture, is recruiting the help of private consultants of agriculture and law to help the Council select a spokesman in writing farmers to grow more canola in 1982.

In a letter written to the private consultants and law firm, Bayly pointed out that the canola industry is needed for next year to meet the demand for seed, oil and meal.

Bayly pointed out that the canola industry is needed for next year to meet the demand for seed, oil and meal.

VIKING
GENERAL
HOSPITAL

THANK YOU!

During the past five years the citizens of Viking and District have given generously to the Legion sponsored "In Lieu of Christmas Card Fund" with the proceeds being turned over to the Viking General Hospital.

Your interest has been a continuous source of support to our staff and those we serve. We are indeed grateful for your kindness and thoughtfulness in remembering us through this Fund.

The Viking Legion now have directed the Fund toward a broader base - that of a "Community Benefit Fund."

It is our hope that you will support this new Legion venture in the same generous way you supported it during the time the funds were given to the Viking General Hospital.

"This will require the planting of 7.9 million acres of canola in 1982", to both meet the market demand and to build up sufficient carry-over, he noted. "Just to meet the demand without any allowance for increasing year-end stocks, we require 6.5 million acres of crop", the Council president wrote.

This past season yields from 1 1/2 million acres from 1980 and less than half the 1979 average.

Bayly emphasized that canola is one of the nation's major trade and process commodities and should not be taken casually. "It has had an important and favorable impact on farm income,

the development of value-added domestic processing, and Canada's livestock feed industry. Canada's reliance on import of vegetable oil and vegetable protein, while at the same time contributing significantly to our country's foreign exchange earnings".

The Canola Council projections of business over the current crop year call for movement of 1 1/2 million tonnes of canola seed to export customers and 1.4 million tonnes to domestic crushing firms. On-farm seed and feed requirements would consume another 300,000 tonnes. A very small carry-over of about 600,000 tonnes is estimated.

Lockhart And Korth Exchange Vows

Leon Korth of Hardisty and Sharon Lockhart exchanged vows at the United Church in Irwin, Nov. 14. Rev. Jackson of Hardisty officiated.

After the ceremony approximately 40 relatives gathered at the home of Mrs. Marie Larson.

For Sunday Brunch they gathered at the new home of Phillip and Evelyn Larson. Later on to Cecil and Marilyn Lockhart. At 8 p.m. to Kinella Hill for gift opening and "cold plate" supper.

Some people used to believe that staring at candles would strengthen the eyes.

It is interesting to note of Mrs. Lockhart's 10 children 8 were able to be present. Those from a distance were Len and Margaret Elliott and daughter Leone. Madeline of Abbotsford; Floyd Lockhart, Vancouver; Hans McLeaves, her family Justin and Doug and Jack Day of Edmonton.

Goldie and Martin Wain of Hinton, Goldie's daughter Betty and Carl Stenhouse of Edson; Daisy Elliott, 4 of her daughters: Sandra and Orville Miller; Brenda and Ray Clark; Marilyn and Claude Kirk; all of Bonaville; Linda and Mel Gruman of Calgary; Mahol, Gordon and Ziggy Patterson of Kamloops; Mr. Ivan Simpson of Vancouver.

Darlene Lockhart and Susan of Surrey, B.C.

APPENDIX "A" **School and School Bus Operations During Storms**

1. Schools in the County of Beaver will operate on all regular school days. Should school buses be cancelled due to hazardous road conditions, all pupils will be dismissed from attendance. Teachers will be expected to attend and will be utilizing this time for preparation purposes.
 2. Should an overnight storm cause blocked roads or the serious danger of blocked roads, school bus routes will be cancelled. Radio station CFOW (Channel 10) will broadcast messages, starting at 6:30 a.m., informing parents of the cancellations.
 3. Should it be necessary to send pupils home by school bus at some time during the school day because of stormy conditions, these procedures will be followed:
 - i) The Principal of the school has authority to send school buses home at any time during the school day.
 - ii) Radio station CFOW will broadcast messages that rural pupils are enroute home.
 - iii) Parents, school bus drivers and others who are informed of road conditions are asked to telephone the Principal, the County Controller or the County Office at Ryley should they suspect that stormy conditions will block roads.
 4. Road and weather conditions vary considerably throughout the County. For this reason, each school will operate independently under this procedure. It is possible that morning runs may be cancelled at some schools and not at others. Similarly, buses may be needed home during the school day at some schools and not at others.
 5. Parents are reminded that it is their right to decide whether or not their children will get on the bus in the morning should conditions be stormy or hazardous.
 6. Please be certain that all pupils are dressed adequately every day. A school bus can become stranded on any given day due to road conditions or mechanical breakdowns.
- Fred W. Rahabek
Superintendent of Schools

Viking Mother Gives Gift Of Life

Christmas is traditionally a time of giving and receiving gifts, gifts of all shapes and sizes. And the greatest gift that any of us could give at any time is the gift of life, or at least as improved life. This is the gift that a Viking mother has given to her son.

Randy Brower was born just over twenty years ago. His first years were relatively uneventful in terms of medical problems, but in 1979 he began to feel the start of a major problem. The medical tests discovered a kidney problem, which, after a biopsy in May of 1979, was diagnosed as chronic glomerulonephritis, the start of a major problem.

The medical tests discovered a kidney problem, which, after a biopsy in May of 1979, was diagnosed as chronic glomerulonephritis, the start of a major problem.

When your kidneys fail, you wouldn't believe what goes wrong with your system, says Randy. The next 10 pills per day were required for such problems as excess calcium build-up in the finger joints, dry skin and excessive itching.

Randy's regimen on the dialysis machine required that he visit the University of Alberta hospital for a six hour period three times a week. His first hour was spent in preparation for dialysis. The next four hours were spent on the dialysis machine.

Following his look-up to the machine, Randy spent about one hour recuperating. The dialysis machine cleans the poisons from the body, a job normally done by the kidneys. The operation

of the machine must be carefully regulated, with various negative side effects resulting from time to time from its use.

Shortly after Randy was born on dialysis, the rest of the Brower family, Rose, Irene, Doug and Janet, all poured into the possibilities of a kidney transplant for Randy. Due to the shortage of kidney donations from deceased persons through the use of organ donor cards, the waiting time for a kidney for Randy would have been a minimum of two years.

Being on the dialysis machine can be dangerous as it weakens the active body. Because of this, and their concern for the health of their son and brother, the Browners decided to work immediately towards providing a kidney for Randy.

Each member of the family underwent blood tests, and following those, Rose was selected as the best donor of the four, although still remained as possibilities.

Just after last Christmas, Rose gave the first of four units of blood, three of which were given to Randy over the following 8 weeks. These transfusions were part of a new technique in transplant operations. The purpose of them was to determine the possibilities of Randy rejecting a kidney from his mother. A further 4 weeks were followed, the transfusions as doctors tested for an antibody rejection, a sign of possible rejection.

At the end of April, the Browners were given the green light for the transplant operation. The operation was scheduled for May 27th, a seemingly long wait for Randy, but a necessary time for thought and reflection on the part of Rose.

"A very life!" That's how Randy described the results of the transplant operation. He spent three weeks in isolation while doctors monitored for rejection of the kidney by Randy's system. After this, Randy spent some time in general recuperation. And today he says,

Randy and Irene Brower

"I never felt so good. It's a miracle!"

The donation of a kidney to her son has had no physical effects on Rose as her other kidney has responded to do the necessary job. She says that it was a difficult time, but that the family found great strength in God, and to him they give a great thanks. In connection with his wife, Rose said that he was so very happy because he "had never seen Randy look so good."

Randy will always face the possibility of his body rejecting the kidney. However, for now, he says he is leading a normal, happy, and free life working for Imperial Oil in Edmonton, the first real job he has ever been able to hold. He presently has no restrictions on his physical activities, reading an excellent medical report from his Company's physician, and related with enthusiasm his ability to run up 10 flights of stairs on his way to work.

The thing that matters most to Randy now is to get people to sign their organ donor cards which are part of their drivers' licenses. There are hundreds of people waiting for kidney transplants, and as Randy says, "The dialysis machine is only existing, but not living."

There are also hundreds of people in need of other organs which can also be transplanted for a renewed life.

Randy returns to the dialysis unit at the U. of A. regularly to visit his friends who still require the dialysis machine. He hopes that they will be as fortunate as he was and for this reason, urge everyone to fill in their organ donor cards, or to contact the Browners who will provide cards and/or information. For as in this case, where a mother gave to her son, others could be giving the gift of life.

Every step of the way

One of the biggest steps your child will ever take is the first one. But others are coming up. College, starting out in business, marriage.

And as a parent, one of the smartest steps you can take is guaranteeing your child money when it's needed, even if you die.

Let me show you how Mutual Life can help you help your child every step of the way.

Bill Gloux
Viking, Alberta

Shady Cove W.I. Plan Christmas Party

November 16th, 1981 found several Viking men making a bee-line to the "country" French habitat.

A little dampness outdoors, made indoors attractive. Very soon, O'Connell and the crowd started Shady Cove ladies off to a busy meeting.

The roll call was answered by sixteen members and one guest. Spontaneous contributions were made with warm wishes for U.S.C.

Kay and Dave Dorrard will again convey this to the city, as they have so many times before for Shady Cove. Members very much appreciate this volunteer participation in distributing the clothing collected.

It was great to see several members back after being away or ill recently. Members and husbands, or a friend, are alerted to the Christmas party to be held on December 13 at 6 p.m. at the Bender Citizens' accommodations. Members are reminded to please keep your names for your food contributions and bring your gift for your Martine Poi, also as item from your children for Blue prizes.

This was Shady Cove's annual meeting. Laura Swift concluded first year of a three year term and remains as President. Vice-President is Kay Dorrard while Selma Wilson continues as Treasurer - a faithful handler of our funds. Dora Haeberle concluded a three year secretary term and wished to retire.

Thank you Dora for your care of the minute book and all that lies therein. Helen Runkles kindly consented to assume this position of the Executive tasks. Correspondence should now be directed to her as "Viking Year". The publicity convenor remains the same.

The next regular meeting of Shady Cove should be January 16th at Jenny Lofgren's with Dora and Martin on hand. The roll call is "How we brought in the New Year".

Mary Francis gave the music. The next regular meeting of Shady Cove should be January 16th at Jenny Lofgren's with Dora and Martin on hand. The roll call is "How we brought in the New Year".

THE COLDER THE WINTER, THE HIGHER YOUR NATURAL GAS BILL

This year it's more important than ever... that you make your home more energy efficient so that you can keep the difference down... the difference between what you paid last year when the weather stayed mild, and what you could pay this year if we get a cold winter.

Even with a moderate winter this year, your natural gas bill could be higher because of rate increases resulting from general inflation, higher interest rates, and more significantly, the federal excise tax and the Canadian ownership tax.

Here's How You Can Save Money Efficiently

Start by saving energy. Various energy conservation practices you can use to help reduce this year's utility bill are shown in NorthWestern Utilities' "Home Guide to Energy Efficiency".

Simply fill out this coupon for your free "Home Guide to Energy Efficiency" to help you locate energy wastes. Mail this coupon today.

Profile: Evelyn (Lyn) Inglee

Evelyn (Lyn) Inglee

Although she has not been involved in newspaper work before, one can justifiably say that being in the newspaper business is part of Evelyn (Lyn) Inglee's family.

Evelyn Rose was born in Westminster, British Columbia on July 7, 1909, the second of two children in the Rose family. She grew up and was educated in Westminster and took her first job there with the Bank of Nova Scotia in 1940.

Lyn worked for the Bank until about 1946 when she decided it was time for a change. She started work with Westminster Telegram, being one of the first women to work on the desks. Her job as dispatcher and bookkeeper affectionately earned her the name "Tugboat Annie".

During the 40's, Lyn visited regularly in the Viking area with her older brother, Kim. Kim became the husband of a Viking area girl, Gladys (Dick) Harris. Their early visits gave her a bit of an attachment to Viking.

In 1960 Lyn married John Inglee. John had served from Moose Jaw after being discharged from the air force in 1945 to help take care of his father who had retired on the Coast. The couple lived in Burnaby until 1969 when John was transferred to Edmonton by the B.A. Oil Company (now Gulf). Lyn also received a transfer with the Bank of Nova Scotia with whom she had returned after a period on the waterfront.

In 1980 the couple were blessed with the addition of William and Lyn "reborn" on the Bank. As a young girl, her one main hobby outside target shooting was to participate with her son in the Viking area. She learned to shoot and

mastered target shooting with a .22 calibre sporting rifle. Her involvement with the sport resulted in her being secretary of the Association for over ten years.

About six years ago, as John was approaching retirement with Gulf, the couple purchased a home in Viking. They commuted to work from Edmonton on weekends to "get away" from the city. In February of 1981, with retirement at hand for John, they moved into a new house and settled in permanently.

Lyn now enjoys her sewing and knitting, pastimes which she developed over the years. And her latest efforts at a new pastime have led her to become the new Viking correspondent for the Weekly Review.

And she's not alone in the family. Son Bill, who graduated from university a few years ago, is presently employed with the Spruce Grove Examiner as a photographer and reporter.

Lyn has revived the Mainstreet Viking column for the paper. She says she hesitates to call her if they have any bits of news which would add to her column.

We welcome Lyn back to the community of Viking and to our circle of correspondents and hope she finds the experience interesting and satisfying.

4-H On The Move

By Ed Masson, Regional 4-H Specialist

Annual Conference - February 1982.

Leaders Forum - February 26 to March 4, 1982, at Colorado Springs, Colorado. This is an opportunity for all three leaders to meet and share ideas with 4-H leaders from the Western United States.

National 4-H Leaders Conference - November 10 to 13, 1982, held in Toronto.

Salute To the forty leaders from the northwest who attended the Leader's Conference. The knowledge gained will be very helpful in running your club and bringing 4-H interest in our region.

I bet some exciting new ideas will be introduced that will really spark 4-H interest in your particular area. How about some opportunities for Edmonton 4-H to improve our skills? The Department of Agriculture, Home Economics and 4-H Division, would like to invite leaders and assistant leaders to apply for Provincial 4-H Leader Training - Recognition program.

These programs have been designed to recognize the volunteer leaders who have contributed time and energy to their local clubs and as a result, to the total 4-H program in Alberta.

Programs offer you the opportunity to enhance your skills by: meeting with other 4-H leaders; sharing and receiving ideas; learning new skills; and having the opportunity to visit interesting places.

All programs are sponsored by various agencies to cover expenses for travel, food, lodging and registration fees. The only expense you will have are your own personal expenditures.

You can choose from the following programs: Montana 4-H Congress, Banquet, Montana July 4 - 11, 1982. Six to ten leaders will attend Montana's big 4-H round-up consisting of their multi 4-H competitions, club work, public speaking, demonstrations, dress reviews and workshops, all rolled into one.

Northwest Territories Exchange - July 1982. A camping bus trip to Canada's hinterland with 15 award winning 4-H members.

Manitoba 4-H Council

Weekly Police Report

The Viking Detachment of the R.C.M.P. report a relatively quiet spell during the past seven days.

A number of minor motor vehicle accidents occurred in the Viking vicinity most of which resulted in property damage only or very slight injuries.

Three persons were charged under the Liquor Control Act and one person was charged under section 304 and 285; impaired and refusing the breathalyzer. One motorist had his license suspended for a period of 30 days.

The Detachment received

a complaint of a fight on main street but upon their arrival the persons involved were no longer on main street and their whereabouts apparently were unknown.

A complaint was received with regard to a motorist passing a school bus in the Kinsella area while the lights were flashing. This complaint is still under investigation.

The Detachment received a complaint of an injured deer but were unable to locate the animal in the area where it was reported seen.

Main Street Viking

A welcome is extended to Brenda and Ed Wrasidlo and family who have recently moved to Viking. They are living in the triplex, and Ed is commuting to his employment in Red Deer. Nice to see George Klum back in town. I am sure his recovery will be much faster now that he is home.

I have a marvelous idea for a Red Deer magazine. I thought a good thing might be "The Devil and Mrs. O'Connell". I have commented on the shortage of news this

Editor's Note: We apologize to both our readers and our correspondent for the mix-up which occurred and for those of you who were unable to sort out the issue: this is a corrected version:

Several weekends ago the residents in the north part of town were startled to observe a flying machine circling around the neighborhood. It landed in Waskana field and taxied over to the hospital road. The machine, which was vaguely reminiscent of the Wright Brothers craft, consisted of a large wing, a small motor and propeller and a tricycle landing gear which supported the pilot. My husband, who was watching proceedings, noted that the person who stepped out looked very much like Bill Place. Upon further investigation it was learned that it was indeed Bill. We would think flying that machine would be quite a challenge to say nothing of being a little cool. We had no way of knowing the meaning of the phrase, "By the seat of his pants". Happy landings, Bill.

The service ramp at the rear of the new Viking Hospital is still under construction and will not be of use for some time yet. Staff Photo

Holden News

The Holden R.C. Youth Group will be holding a bazaar and tea on Saturday.

December 12, from 10 a.m. to 4 p.m. at St. Gregory's Church Parish.

The Holden and District Agricultural Society have decided to hold December 7th as "Donation Day" in Holden. Conveyances will be coming down to door in aid of the installation of artificial ice in the Complex. Members of the Society will be conducting the conveyance and when sufficient funds are obtained artificial ice will be installed. Receipts for income tax purposes will be issued to all donors.

The following Holden School students earned the Award of Excellence in the Canada Fitness Program: Danny Podowski, James Couch, Verlyn Keith, Sharon Kink, Neil MacGregor, Shannon Makowsky, Tracy Dewar, Kelli McKibbin, Kathy Gieselsaus, Ruth Gibson and Karen Lyle.

Several Car accidents occurred in the Holden area and seem to be the result of icy patches on the roads which often result in cars hitting the ditch. One motorist was very lucky when he ran his car through ditch south of Holden, coming up with only minor damages to the car. However, the motorist had to wade through the creek in the ditch to the nearest farmer for assistance.

Hazardous Waste Treatment Plant 100 km Radius Edmonton Area

To All Residents Within The County Of Beaver

As many of you are aware, a Petition has been organized in favor of a Special Wastes Plant to be located in the Bruce-Viking area.

It has come to our attention that many people are undecided due to lack of knowledge on the Project. For this reason an outline has been prepared to brief the public further on the Special Wastes Plant.

Last Tuesday, I met with two members of the Special Waste Team. The plans shown here are the proposed plans for the Special Wastes Plant.

The Plant will be designed to operate on a gas fired incineration (total destruction) principle, with the by-products being ash, carbon dioxide, and water.

The water supply needed to operate the Plant will most likely be piped in from a region west of the plant site. The construction of this major water pipeline would also alleviate the existing water shortage problem in the towns, villages and hamlets along Highway 14. A landfill will be built near

the Plant to accommodate the neutralized ash.

Two alternatives have been outlined with regard to flood water conditions in the Torlee area. Drainage and the regulating of waterflow can be implemented to divert excess water to the Vermilion River. Should any danger of contamination of this flood water become evident, the Special Wastes Treatment Plant is also designed to recycle quantities of water and remove any dangerous pollutants.

Design of the Special Wastes Treatment Plant which appears here was completed under the direction of Dr. Walter Hamel, chief consultant of the Edmonton area project. Dr. Hamel is a world renowned authority on implementing and managing hazardous waste control systems, and is the former executive director of the Bavarian Hazardous Waste Management Co. (G.S.B.) of Munich, West Germany.

From The Ground Up

District Agricultural
Jerome Manchur and Rudy Warwa

1981 BUDGET IMPLICATIONS FOR FARMERS

Many farmers have asked us what the November 12, 1981 Federal budget had in store for farmers. Some may be wary that they have

If you have been paying some income tax in the past, you may find yourself paying a fair bit more in the future.

Byring that piece of new

and machinery may have helped save tax dollars in

the past. It still will save some tax dollars, only fewer in effect.

If you would like to find out more about how the 1981 Budget affects you as a farmer, meet December 10 on your calendar. The District Agriculturalist at Vegreville will be holding a meeting to discuss the Budget implications on farmers on December 10 at 1:30 p.m.

Barry Brown, with Debbie Haskins and Bella will be discussing the subject in depth at the Chateau Dining Hall. The charge for the course is \$10 per person, \$15 per couple, payable at the door. If you are interested, please call us at the office in Ryley to register.

At the November 10, 1981 meeting of the Battle River Tourist Association (BRTA) guests reported that there has been some contact, progress seems imminent by work-

Other change are:
1. Small Business Development Bonds will now be available to unincorporated businesses and partnerships, including farmers. However, financial difficulty must be proven to qualify.
2. General income averaging provisions, done auto-

Here in Alberta we like to think that we enjoy the best supply of meat in the country. When we buy our meat it is in line to know that it is not only the best, it is also clean and disease free.

The Alberta Meat Inspection Act sets and maintains the high standards that ensure a safe and healthy meat supply. This act specifies that only meat and meat products that have been inspected are eligible for sale. It is a criminal offence to break this law. Farmers may still ab-

firm animals on their own farms for their own consumption. However, they must not sell any of the product off the farm.

In 1970 it was made law that all meat packing facilities had to be upgraded to qualify for inspection. This act not only included the large establishments, but also the smaller operations as well.

Local slaughter, even those operating only one day per week would have to pass

inspection. The inspection of meat facilities is carried out by government meat inspectors or veterinarians. An abattoir is the premises where animals are slaughtered. Meat may be cut, wrapped, frozen, stored, canned or sold as steaks, steaks, etc.

It is the most important job to see that the inspection in which these activities are carried out is of acceptable standards. Adequate equipment, including lighting, ventilation, water supply, and cooling facilities must all be in working order. Most important is proper and adequate sanitation practices and equipment before operations are even allowed to begin.

During the time a plant is in operation, the meat inspector examines all animals.

B.R.T.A. Seeks Assistance

In August, 1981 it was brought to the attention of the Battle River Tourist Association that the Battle River is marked simply as an "Unclassified Stream" on the Canoe Alberta Map. Members directed Manager Clemens to contact the appropriate Recreational Department and request that the Battle River be classified in connection with canoeing and that the classification be recorded on the Canoe Alberta Map.

At the November 10, 1981 meeting of the Battle River Tourist Association (BRTA) guests reported that there has been some contact, progress seems imminent by work-

ing in conjunction and cooperation with the Alberta Canoe Association (ACA). The letter has advised BRTA that to make certain that the Battle River is classified in the next edition of Canoe Alberta it will be necessary to have individuals paddling the River write a detailed trip description. Proper "River Report" forms, which should be used, are available at the BRTA office, Box 1915, Carmarvon, T4V 1X4 or phoning 872-8855.

BRTA would certainly appreciate and encourage any individual who has experienced canoeing on the Battle River to get involved in helping to make this project a success.

Once the detailed trip reports are completed, the information will have been used, i. to be used in the next Canoe Alberta Map. The ACA will spread the word about the Battle River through their newsletter which goes to all clubs in the province and their members, which include at least one thousand paddlers. It is a more aggressive marketing campaign to promote the Battle River may be for BRTA to develop a trip map or incorporate the information into the present Battle River Country promotional literature geared to promoting East Central Alberta.

BRTA look forward to hearing from interested paddlers.

project: Health Care ...creating new facilities

The Heritage Fund commitment to health care is providing Albertans with modern treatment facilities.

Applied Cancer and Heart Disease Research. The support for applied cancer and heart disease research continues strongly. Funds provide for the renovation of facilities, purchase of equipment, treatment and rehabilitation.

Alberta Children's Provincial General Hospital. This unique Calgary hospital treats both the physical and emotional needs of children - with care. And it provides schools, for hospitalized children and for those with learning disabilities.

Walter C. MacKenzie Health Sciences Centre. When completed, the Centre will replace the University of Alberta Hospital and combine teaching, patient care and research in one facility.

Southern Alberta Cancer Centre & Specialty Services Facility. A major addition to Calgary's Foothills Hospital, this facility includes a cancer treatment and referral centre where the most current diagnostic and therapeutic resources are available.

The support for health care is only one sign of your Heritage Fund's commitment to improving our quality of life.

The Heritage Fund is investing 30% of the revenue from your oil and gas resources in projects which benefit Albertans today and provide a legacy for the future.

Heritage Fund
A sure sign today...for tomorrow

Farmer To Pay Tax On Money Not Received

Family farms will be hard hit by the elimination of the deferral of capital gains tax says the Certified General Accountants Association of Alberta.

Commenting on the federal budget brought down just recently, Darrell Cook, CGA of Calgary, President of the Association said, "Income averaging annuity contracts are no longer available and the creation of reserves, previously available when the sale of farm assets was financed, also have been restricted."

"This means the farmer will have to pay tax on the capital gains realized at the

time of sale or transfer, rather than spreading this tax over the term of the financing agreement," Cook said.

According to Cook, this will have particular impact on farmers who have developed their lives building a retirement equity in their farm.

"Should they have their farm to sell or sell to an outside party, with the expectation of receiving a retirement income, they will be

faced with the payment of capital gains tax on monies not yet received," Cook explained.

One minor advantage of the budget, said Cook, is the extension of small business development bonds to include farmers. This will have the effect of some easing of reducing interest rates on farm loans.

He added that the injection of \$60 million through the Farm Credit Corporation, for financing nearly bankrupt operations, will have only short term effect and is not a cure for the economic problems facing Canada's farmers.

Irma Cubs Enjoy Investiture Program

The Irma Cub Pack, under the leadership of Mrs. Margaret Archibald joined the Wainwright Legion Cub Pack for an evening campfire and investiture ceremony.

A sing-song, skits and

games were shared by the groups in each cub pack around the campfire.

Thanks to Leslie Copeland, Ernie Jacobson and Bob Jones who supplied the transportation for the young cub members.

"Farmers in 'dire straits' can now get loans at reduced interest rates through the FOC Cook said. "However, the announced rates of 11.75 percent are approximately the same as those in effect before the interest rate was raised in October."

"The average farmer", he concluded, "will not benefit as they are qualified for those reduced rates for a restricted period of time only if they are facing bankruptcy and are prepared to try and finance themselves out of this situation."

Irma News And Views

We have been notified that 1000 cheques have been cashed for the time being. The sprinker from the Mayor would you please return it now that you have no more use for it. Thank You.

Best wishes are extended to Mr. Fred Knudsen who we understand is due to undergo his second operation in the University Hospital.

Sympathy of the community is extended to Bernice Long on the passing of her brother-in-law Dick Payne of Botha. Harry, Bernice and Diane attended the funeral services in Stettin on Monday, November 30th.

Congratulations to Shene Alred on his marriage to Diane MacDonald at Wainwright on November 30th.

Chenier and Isabel Burdick of Sundre spent four days last week visiting with her parents, Jim and Minnie Jackson, also her brothers Eddie and Arthur and their daughter Joyce. Mrs. Jackson was present in the Wainwright Lions Club.

Get well wishes to Jim Jackson who is presently in the Hardisty Hospital.

Mary Newton Uniform Director

Last week Region 7 of Uniform held their Annual Convention in the Agricultural Hall in Edmonton. Mr. Symington, Mayor of Edmonton, welcomed guests.

Mr. Symington introduced the Regional and District Officials. Mr. Symington, Region 7 Director, and Mrs. Myrtle Symington, Women of Uniform Region 7 Director, gave their reports for the past year.

"The three District gave us reports on activities in their areas. The local areas gave revitalization. Please do not wait until agriculture is in real slump before you become involved in the Organization that does have the ear of government."

Mrs. Vera Rude of Central, Vice President of Uniform, spoke on the mounting cost of production while income has been dropping. Also noted some of the suggested changes in the new budget that are definitely to the detriment of Agriculture. He urged members to contact their M.P.'s to get a better break for Agriculture.

"We make our fortunes,
and we call them fate."
Benjamin Disraeli

Exhibition play at the Curran on Sunday found the Viking Bantams tally their second win, defeating Wainwright by a lopsided score. The team will commence league play on Friday night at the Curran against Kamloops.

Viking Midgets Take Two

The Viking Midgets were off to a good start Friday night when they played Killam in Viking.

In the lineup this year for the Midgets are Dean Antos, Danny Archibald, Dean Berreault, Ian Erickson, Lief Erickson, Randy Graham, Bill Hanson, Rocky Hanson, Brad Majek, Grant Maxwell, Geoff Stephenson, Darren Wisnura and goalie - Darren Josephson.

and Gordon Rucka. Gary Wainstake is once again the boy's able coach.

Friday night the scoring started early when Ian Erickson scored at the 48 second mark, assisted by Darren Wisnura. Dean Antos made it 2-0 a few minutes later with assists going to Ian Erickson and Brad Majek. B. Peters scored Killam's only goal of the first period assisted by D. Prichard. Brad Majek scored two goals to close off the first period with assists going to Bill Hanson on the first and Ian Erickson and Dean Antos on the second.

In Ian Erickson scored off the scoring in the second period. Killam's R. Caruth made it 5-2. Rocky Hanson scored his first goal of the game to close off the scoring in the second period with the assist going to Darren Wisnura.

In the third period Viking really turned it on and scored six unanswered goals. Ian Erickson scored first with assists going to Brad Majek and Randy Graham. Rocky Hanson scored his second of the night with assists going to Ian Erickson and Geoff Stephenson. Dean Berreault followed with his goal along with helpers Bill and Rocky Hanson. Dean Antos scored his second goal with assists going to Ian Erickson and Brad Majek. This was followed by Ian Erickson with his fourth goal of the night. Dean Antos then rounded out his hat trick with assists going to Brad Majek and Ian Erickson.

Despite the lopsided 12-2 score the Killam boys never gave up as was evidenced by J. Bopler scoring with only one second left in the game, making the final score 12-3.

Sharing the goal keeping duties for Vikings were Darren Josephson and Gordon Rucka.

Sunday afternoon saw the boys involved in a fast move-

ing, high scoring game against the Hugenudens Flyers. Because they were fewer in numbers the Vikings were really had to work hard to achieve their 8-4 lead at the end of the first period. A summary of the scoring in the first period was Dean Antos assisted by Ian Erickson and Darren Wisnura. Dean Antos again assisted by Ian Erickson. Ian Erickson assisted by Bill Hanson. Rocky Hanson assisted by Dean Antos and Ian Erickson and finally Ian Erickson again assisted by Dean Antos. An incident midway through the first period led to Brad Majek fracturing his leg. An unfortunate loss for the team. We wish Brad a speedy recovery.

Viking was off to a good start once it was back in the net with assists going to Ian Erickson and Geoff Stephenson. Dean Antos finished off his impressive goal game with the assist going to Ian Erickson. Final Score 12-7.

A good solid effort was exhibited by all the boys and both goalies.

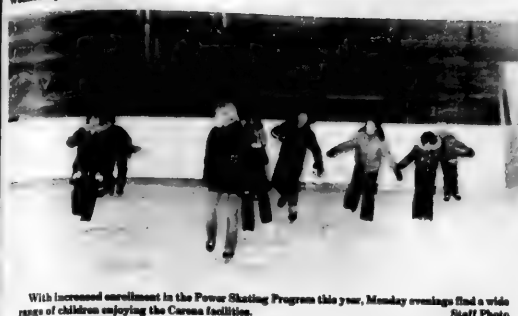

then got his hat trick assisted by Dean Antos. The Viking boys started to tire and played rather disorganized and haphazard for the remainder of the period. Hugenudens scored three unanswered goals to make the score 8-7 at the end of the second period.

Despite being down to only seven players the Viking boys came out strong in the third period and showed hard through four unanswered goals. Ian Erickson scored his third goal assisted by Danny Archibald. Dean Antos scored his fourth goal assisted by Danny Archibald and Darren Wisnura. Lief Erickson then turned out in the net with assists going to Ian Erickson and Geoff Stephenson. Dean Antos finished off his impressive goal game with the assist going to Ian Erickson. Final Score 12-7.

A good solid effort was exhibited by all the boys and both goalies.

5M Midget Hockey Message "Play Clean Or You Won't Be Playing"

The 5M Midget League has recognized for the 1981/82 season with eight teams in the league: Dayland, Forestburg, Killam, Viking, Irma, Hugenudens, Forestburg Flyers, and Provost.

The league will consist of twenty-two games with the last being completed by February 28, 1982. Play-offs will begin the first weekend in March, with the top four teams involved.

The league members instructed the president to be very strict on players and teams who display excessive roughness. Three game suspensions will be handed out to players receiving major penalties for both ending and sparring.

Suspension can also be handed out for persistent fighting, game misconduct, gross misconduct, or match point.

The message to all players is clear: **PLAY CLEAN HOCKEY. YOU WON'T BE REPLAYING.**

The league also asks that any player who has individual trophies presented by the league to return them to their community minor hockey.

key people as soon as possible. These trophies are for Top Scorer, Lady Blat, Most Valuable and Best Defense.

The teams are all looking forward to a good year of exciting hockey. All games are played on the weekend and all teams would like the support of their community. For your convenience in following your Midget team, the league schedule is printed in this week's edition of this newspaper.

NOTE: Hugenudens Flyers have been listed as "A" team and the Hugenudens Flames listed as "B" team in the following game schedule.

Irma Bantams Off To A Good Start

The Irma Bantams had their first game of the season on Saturday, November 28th against Lloydminster. This was the second time the Irma boys were on the ice, as they only had their first practice the previous Thursday.

Irma got off to a slow start as they allowed Lloyd to score twice within the first five minutes. After good skating and hard play by all players, Tim Ford scored the first Irma goal at 18:11 off a quick pass from Randy Gault. The score remained standing at the end of the first period.

The second period saw Davey Lemieux start the scoring, with a pass from Randy Gault. This led the game at 3-2. Lloyd went ahead with another goal at

7:45 and two minutes later Randy Gault found the net single handed for Irma. Before the period was over Lloydminster scored two more goals, leaving the score 5-3.

The third period found the Irma boys skating hard and fast and not allowing Lloyd to score during the entire 20 minutes. However good passing and handling of the puck by Irma never gave five goals...Randy Gault netting two more and singles to John Bloomer, John Gertman and Randy Keller. Randy Gault completed his hat trick for this game.

Keep up the good work boys. The team's next game will be held on December 8 when the Irma team will play host to Wainwright.

County Initiates "Amisk Wutchee"

Due to the controversy over the investigation being done to assess the possibility of locating a hazardous waste plant in the County, the Council of the County of Beaver has decided to initiate a series of newsletters which will be under the title "Amisk Wutchee".

In a letter, Secretary-Treasurer Bob Cross stated that the purpose of the newsletters was "to try to provide as much factual information as is available to them (the Council)". The Council selected the title "Amisk Wutchee" because it is a Cree name which means "beaver look out" or "beaver watch". The first of what is to be a series of newsletters appears on Page 2 of this week's edition of this paper.

In a related matter, Dr. Ukeha Siegfried, assistant to Frank Bayles of the Beaver County Waste Implementation

Program, informed The Weekly Review that the next phase of the testing program has not been initiated yet, nor has any decision to this effect been made. The next phase is to be the detailed drilling program which will involve an area with about a five mile radius around the chosen site.

Dr. Siegfried said that the government wants to meet with the County Council to address some of the concerns expressed by Council before a decision on the "5 mile" program is made. He said that the County is justifiably concerned in some areas and also hopes that these can be cleared up.

Mr. Bayles' assistant also said that the government will want to know which of the three sites is preferred by the County before the detailed drilling program is

The Viking Elm Annual Christmas Tree Sale is now on at Beaverton Lumber. The Viking Elms have sold Christmas trees for the last 40 years, and have donated profits from the sale to worthy projects such as senior hockey and youth. Bert Hill is standing in front of the tree. Staff Photo

Hank Field Re-elected

Hank Field has been re-elected as President of the Beaver Agricultural Society. Mr. Field's re-election came at the annual meeting of the Society which was held on Tuesday, December 1st in the Recreation Centre.

Also re-elected to his position was Don Hansen, secretary who will serve once again as the Society's Vice-President. The position of secretary will be filled for the up-coming year by Hilda

Drouse, while Tyrik Reimann will handle the Treasurer's duties.

Selected to serve on the Board of Directors for a three year term were Bruce Hammerstrom, Dennis Gahr and Paul Chrysope.

Field will be joined by Marlene Thirk, Peter Maltch and Dick Drouse who will all be serving a two year term, and Ray Brichman, John Thompson and Vicky Field who will be serving their last year.

After a brief review of the 1981 Community Profile as prepared by the Alberta Tourism and Small Business Commission, a motion was made and passed that a copy of this information be made available to interested parties.

A bylaw was proposed to regulate and control activities related to large public

implemented. She said that a private firm will be handling this phase of the program and it will be very expensive. This factor was not mentioned in the letter from the County requesting that the next phase of testing be started, was sent to Environment Minister Jack Cookman, and that it takes time for the Minister's office to react to such requests. She said that Bob Cross will be contacted soon about a meeting, and that hopefully the go ahead on detailed drilling would be given soon.

The purpose of the meeting is to provide information on the program, how it works and what the positive effects are. The meeting includes a film presentation and a presentation by the RCMP.

Mr. Crossy also reported to Council that the meeting at the Grader Road has been completed, with the exception of hanging the gates leading into the yard.

New Irma Well Looks Good

At the regular December meeting of the Irma Village Council held on Tuesday the 1st, Village Administrator Don Crossy advised the Council that the new water well for the Village has been completed and that pump tests have been completed.

Mr. Crossy said that detailed results of the tests are not yet available, but that the consultants advised that the well should be able to supply the water required by the Village.

Mr. Crossy also reported to Council that the meeting at the Grader Road has been completed, with the exception of hanging the gates leading into the yard.

After a brief review of the 1981 Community Profile as prepared by the Alberta Tourism and Small Business Commission, a motion was made and passed that a copy of this information be made available to interested parties.

A bylaw was proposed to regulate and control activities related to large public

implemented. She said that a private firm will be handling this phase of the program and it will be very expensive. This factor was not mentioned in the letter from the County requesting that the next phase of testing be started, was sent to Environment Minister Jack Cookman, and that it takes time for the Minister's office to react to such requests. She said that Bob Cross will be contacted soon about a meeting, and that hopefully the go ahead on detailed drilling would be given soon.

The purpose of the meeting is to provide information on the program, how it works and what the positive effects are. The meeting includes a film presentation and a presentation by the RCMP.

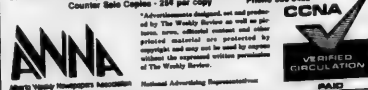

Mr. Crossy also reported to Council that the meeting at the Grader Road has been completed, with the exception of hanging the gates leading into the yard.

Are you willing to open your heart and home to share your time and love with a child who needs you? If so why not contact the Beaver County Foster Parents Association for more details. Alberta Health and Social Development in Vancouver.

Give Them The Answers

A very fascinating event will occur in the Alberta Legislature within the next week or two. The Government of the Province, the Progressive Conservatives led by Peter Lougheed, will invoke "closure" on a debate concerning the Heritage Trust Fund. This closure has been brought on by the tenacity of the 6 member Opposition which has decided to take on the 73 member government on the issue of how the Heritage Savings Trust Fund is managed.

The fascinating thing about the event lies in the very decision by the government to invoke closure, i.e. to limit debate and in essence cut it off at the first possible instance. The Opposition, all six of them, through astute effort and hard work have managed to "dig up" information which suggests that there may have been some "irregularities" in the way that the Trust Fund has been managed. The Auditor General's report was such suggestions. And yet, when the Opposition asked to have the workings brought out into the open so that the people of Alberta could judge for themselves, the government refused. Rather than answer the questions, a truly responsible democratic government would do, they chose to remain silent.

And the initial impetus for desisting

such disclosures on the Trust Fund came from a former member of the Tory caucus, now an independent member of the Opposition, Tom Sindinger. One has to add Peter Lougheed's display of individualism which caused him to stand up for what he believed was the right of all Albertans, and that was to have "all" of the information on the Trust Fund disclosed.

Recently in the Alberta Legislature, the P.C. government seemed to be displaying an arrogance which has no place in a democratic system. If they were true "democrats", they would realize the anti-democratic principles inherent in using "closure" in a debate.

Our hats must go off to the six members of Alberta's Opposition for their efforts on behalf of the people of Alberta. It is Albertans' money that is being "stuffed" into the Trust Fund "turkey", and so it only seems right that all Albertans should be treated with enough respect by the Lougheed government that they provide the answers to the Opposition questions. Perhaps the 73 sitting members of the government side desire more to hang on to their seats than to work for the people of Alberta. Maybe it's time we, the voters, started looking for an alternative in each of our ridings.

Letters To The Editor

Dear Sir:

It seems that it is well past time when a voice of reason must be raised on behalf of the people of the province of Alberta. I believe that the serious and lasting wrong is about to be done to the people of this area in the name of the almighty dollar and it is imperative that some one speak out.

There are those who would have us believe that the Viking area is the ideal spot for the location of a site. And yet, there are those who would have us believe that the Viking area is the ideal spot for the location of a site. partant questions. The list is endless but here are just a few:

1. Exactly what do they wish to dump there?
2. Where exactly will it be dumped?
3. If it is safe to dump in this area, why not dump in other areas?
4. How will it be transported to the site?
5. How do assurances can be given that seepage or spillage won't occur in transit?
6. Are there contingency plans and equipment in place to clean up in case of a spill?
7. How will air, ground and surface water, soil, vegetation, animals and people be monitored to ensure that no contamination is taking place?
8. If it is such a good deal, why are we getting it in the water table, perhaps seeping livestock or farm buildings, or into the next residential area?

Thank You
 Martin Thayer

C.S.A. Warns Of Defective Corn Popper

Owners of "Pop Pop Popcorn" makers should stop using them immediately because of a potential fire hazard, according to the Canadian Standards Association and the manufacturer, Charcraft Corporation of Toronto.

Investigations by CBA and Charcraft reveal a potential fire hazard if the popping chamber becomes jammed. CBA has received four complaints of these

appliances igniting. The hot air corn poppers being recalled will bear the following marking: Model MP-1 "Pop Pop Popcorn Machine" 128 V.P.C. 60155, 100W, CSA LR 46211. The manufacturer is requesting the units to be returned prepaid to the following address for a minor modification. Once modified they will be returned prepaid directly to the customer. Address to return these items is: Charcraft Corporation Ltd., 127 Brockhouse Road, Toronto, Ontario, M9W 2X1.

Holden News

The Holden R.C. Youth Group will be holding a bazaar and tea on Saturday, Dec. 12 from 10 a.m. to 4 p.m. at St. Gregory's Church Parish.

Christmas Chanter will be presented at the Beaver Arts Centre in Holden on Saturday, Dec. 12 at 7:30 p.m. featuring choir, solo, narration, ball orchestra via sound track.

Mrs. Susan Tynchuk and family, Mrs. Anne Komarsky and Mrs. Mini Tynchuk are all spending one week in Disney Land California.

Holden residents were saddened to hear that Mike Chomik collapsed and died on Friday, Dec. 4. Mr. Chomik is survived by his wife, 1 son, 1 daughter, 4 grandchildren, 1 great grandchild, 4 brothers and 2 sisters. He was predeceased by his parents and 2 brothers. Mr. Chomik farmed south east of Holden then retired here. Mr. Chomik was 74 years of age. Funeral Service was held on Dec. 5. The Holden and District Chamber of Commerce held their annual Christmas dinner and dance on Friday, Dec. 4. Music by the "Flying Dutchman" was enjoyed by all. President Matt Halfrich, 1st Vice-president, Howard Bauer, 2nd Vice-president, Ron Mielke and Secretary Sharon GIL.

CRIMEWATCH ASSOCIATION MEETING

Kinsella Seniors Have Busy Fall

The Kinsella Seniors have been very busy this fall.

At the November card party we had eight tables of whist players and two or three playing shuffleboard. Winners of the cards are as follows: Ladies high went to Elsie Garvie with 181 points; Ladies second to Rose Cameron with 147 points. Gent's high went to Charlie Tomsen with 140 points and Gent's second went to Wilma Ravell with a score of 147 points.

There will be no card party in December, instead

the members of the club are having their pot luck supper and gift exchange on December 16.

On Nov. 21 we had a table at the Kinsella Fine Market where we sold several articles made by the members.

We have dinner times on hand at all times at the centre suitable for gifts for showers, weddings or birthdays.

On November 25 we went out for supper to Bill's Cafe in Lethbridge. Altogether 36 seniors went for supper and then to the Lethbridge Senior's Centre where we had a very nice evening. Due to a Lodge meeting, Lethbridge, etc., not many of the Lethbridge Seniors were able to be there but each of members didn't hamper the hospitality. They made us feel very welcome and we enjoyed ourselves thoroughly.

Our members are all busy these days on various projects including making quilts for a quilt and sewing bag machine which will be drawn for at the Community Centre in Kinsella December 18.

Next card party at the centre will be January 20, 1982. See you there.

TOWN OF VIKING NOTICE TO ALL DOG OWNERS

Numerous complaints are being received at the Town Office of dogs running at large and creating a public hazard and nuisance. This is an offence under the Town of Viking By-law No. 332.

The By-law also requires that all dogs within the Town of Viking limits be licensed and this license must be renewed before January 31st of each year. Dog tags for 1982 are now available at the Town Office.

By-Law No. 332 states: "Every person who contravenes any of the provisions of this by-law is guilty of an offence and liable on summary conviction:

- (a) For a first offence to a fine of not more than \$50.00
 - (b) For a second offence to a fine of not more than \$100.00
 - (c) For a third or subsequent offence to a fine of not more than \$300.00
- exclusive of costs and in default of payment of the said fine and costs to imprisonment for a term of not more than sixty (60) days.

Lotteries give the Alberta Games Council a Hand

The Alberta Summer Games are a competition and fun-fest for Albertans of all ages. In August, over 3,500 people from every corner of the province gathered in Lethbridge to participate in events from children's painting to senior citizens fiddling.

The Seniors' Fiddling is sponsored by the Alberta Games Council, one of the many worthwhile Alberta organizations supported by proceeds from The Provincial, Super Loto and the Western Express ticket sales.

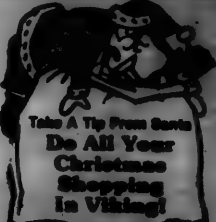

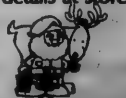

Isn't it good to know that every time you give yourself a chance to win, you're giving others a hand, too?

Hey Alberta, it's great to feel like a winner!

We'll Help You Build It Better

Adult - Not suitable for children

With Christmas just around the corner, the activity some has once again been erected in front of the Catholic Church in Viking.

Staff Photo

For Your Punch Bowl:
To make a variety of
bright garnishes at one time
place a berry, cherry,
grape, wedge of orange,
lemon or lime, or a thin
strip of peel in each com-
partment of an ice tray. Fill
with water and freeze as
usual. Another method: fill
compartment about 2/3 full
of water, let cubes freeze.
Now place any one of the
garnishes on top of each
cube. Then pour just enough
water to cover. Finish freeze-

ing, the use in your punch
bowl.
Pine Cones:
To have a pine smell in
your home Christmas Day,
try placing pine cones on a
plate and putting them in
the oven for a few minutes.
These cones open up and can
be used as decorations.
Small pine cones make an
attractive addition to a gift
wrapped package. Or how
about piling some pine cones
into a wicker basket and
adding a Christmas bowl?
What to Buy:
Is there someone on your
gift list this Christmas that
you really scratch your
head? How about a gift
from your kitchen? Baking
goods, homemade jam or
pickles, the makings of a
special drink or a cheese
tray is sometimes the an-
swer for hard to shop for
people. Be creative and en-
joy Christmas gift making.
Cooking Calendars:
Sometimes it's hard for a
District Home Economist to
help everyone. Someone cal-
led a D.H.E. and asked her

how to get the better out of
a butterball turkey, because
she was on a diet. The
holiday season is for good
times. Take a taste of every-
thing, but consume mod-
erate amounts if you really
have to stick to a diet!

Aces Off To A Good Start

The BRHL season has started once again and the Aces are off to a flying start. So far, the Aces have been treated to some very rough, high-scoring games, which have kept the reds busy, beating a path back and forth to the penalty box.

The first game had Irma at home to Hughenden, with the Aces posting a 9-2 victory. Jim Owen, and Wayne Lawton led the way with 2 goals apiece, while Len Parsons, Gordie Oron, and Ken Gullbra, scored each with one goal.

Playing at home once again, the Aces posted their second victory in as many outings when they defeated the Roundell A's.

Roundell came out strong, but it was not to be, as the Aces got two goals in the first period by Len Parsons, assisted by Gary Phillips, and an unassisted marker by Jay Fenton. Roundell replied with one.

In the second frame, the Aces hit the ice skating and checking, and completely dominated, scoring 5 unanswered goals. Len Parsons picked up his second, and Ken Gullbra, Dale Nilson, and Wayne Lawton, scored each with one goal.

Wayne Lawton added 2 more goals with Gary Mackay, Jim Owen, Len Parsons, and Gary Phillips each adding one goal.

The third period also belonged to Irma, outscoring the A's three to one. Wayne Lawton blasted in two more to complete his hat-trick, and Ken Gullbra scored his first of the season. Parsons rounded out his five point night with two more goals.

Irma Beaton played well in the nets, coming up with some big saves in the period when they were needed the most.

In the Penalty department, the Aces had 14 minors, to Roundell's seven. Irma 8 - Sedgewick 8.

Berry folks, there is no game short available. Probably because it was completely filled up with penalty shots, and the referee's were still writing on it long after the game was over. In what was a very penalty filled match, the Aces were handed out five suspensions of one kind or another.

They will be missing the services of Jay Fenton for four games; Marvin Holt for three games; and Gary Phillips, Len Parsons, and Wayne Lawton for one game each. The Irma fans outscored the Sedgewick fans 21-0 so it must be the building that upsets the guys a much.

From J. Longford 1: Another high-scoring game was the result when the Longford Blackhawks came to town. The Aces only had two full lines, what with all the suspensions, and during the game, two more players had to leave - Dale Tomlinson with a fighting major, and Al Fenton had to go to Wainwright for stitches when he was slashed in the mouth with a stick.

Dale Nilson had a fine night, banging in four goals, with single goals to Dale Tomlinson, Ken Gullbra, and Brian Burr. Also, as old Garret Mackay, Brett Fisher and

Jim Owen each added one helper. Ivan Beaton turned aside 25 Longford shots, while the Aces posted their goaltender 22 times. Irma Dale Tomlinson and Wayne Lawton scored major and game misconduct, while Longford picked up 16 minor and 1 game misconduct.

Irma 6 - Killam 6
Al Beaton 6 to 28, they found it hard to beat goal-keeper 2nd Killam. The lead changed hands 5 or 6 times during the game, and post-ally played a big part, but with a switch, as the Aces scored three short handed goals but nothing on the power play.

Gary Phillips started the scoring with an unassisted effort followed by Len Parsons with his first of two assisted by Wayne Lawton. In the second Brian Burr fired in his first of a hat-trick while Len Parsons scored on a beautiful setup by Burr.

Early in the third frame, Brian Burr scored again, assisted by Len Parsons, and Gary Phillips, but the Aces trailed in the game until, with five minutes left, Burr drove in his third to tie it up. Wayne Lawton and Gary Phillips drew the assists.

The penalty department was relatively calm with the Aces being awarded nine minors, to Killam's thirteen. Once again Ivan Beaton guarded the nets. There were awarded 60 fans in attendance.

This years team executive consists of Head Coach Rick Gullbra; President - Chair Prior; Manager - Eric Nilson; Trainers - Mel Parsons and Mike Parsons.

Everyone involved with the team is looking forward to another good year, and we hope to see you at all the games.

Beef Club To Hold Bingo

On December 18th the Viking 4-H Beef Club will hold a meeting with Heather Nordstrom leading the pledge. Following the roll call, Joanne Klein gave the Food Prices and Carrot Prizes. Then Mr. Roddick explained how to fill out our Record Books. We decided that we would hold our Bingo on January 22nd. Mr. Leford then gave a talk on parliamentary procedure.

On Sunday the 13th we had our Christmas party at the McClements home. There was skating, roller skating and sleigh rides which everyone enjoyed.

Our thanks are extended to Mr. and Mrs. McClements for having the party at their home. The club gave recognition to Mr. Ash in the form of a ball and buckle and a plaque for his years of service to the club.

The next meeting will be held on January 8 at the club room.

Club Reporter

Joanne Klein

The holidays are a rich mixture of sparkling candles, blinking lights, and bright ribbons. The tiny smell of pine and the sweet aroma of baking in the oven. But the real spirit of the season is in its sounds; children singing Christmas carols, convivial toasts around the fireplace, and most of all, good friends and happy families talking over old times. We as Hearing Aid Audiologists are helping people to enjoy the sounds around them.

from 1:30 p.m. to 3:30 p.m.

there will be a demonstration of the new

GJESDAL SEED CLEANER

at the United Grain Growers Elevator

in Viking

Stop in for a coffee
and see this amazing machine at work!

The Gjesdal five-in-one seed cleaner operates at the standard of any commercial seed cleaning plant. It cleans at a rate of 40 to 70 bushels an hour — up to 800 bushels a day, in practice. It is portable, needs little supervision, and puts grain through five cleaning operations in one pass through the machine. The Gjesdal five-in-one cleans out wild oats, green foxtail, other grass weeds, and all broadleaf weeds.

IF YOU
sell it
it has to be good.

Irma News And Views

The first Irma Bantams Pack held a tea on the 28th of Nov. which was very successful. We would like to thank all those who contributed and all the mothers. Lorna and Edith Jackson attended the Christmas party at Villa Lodge, Viking on Monday afternoon on the invitation of their old neighbor George Forrester, who is now a resident in the Lodge. Hand and Harry Forrester of Langford visited with Minnie and Jim Jackson on Sunday.

Sympathy is extended to the Hansen family on the passing of Mr. Ben Hansen in Norway. Ole flew over for his father's funeral.

We are sad to report Jim Jackson is still in Hardisty Hospital. His wife and Ed Dempsey spent some time there.

Mr. and Mrs. Alex Smallwood spent the past week with daughters in Red Deer and Calgary. While in Calgary Alex attended the U.A.I. Convention.

The Anglican Church women met at the home of Mrs. Margaret Cook for their Christmas pot luck dinner and meeting Monday. We were very pleased to have ten visitors with us.

Mr. Alex Smallwood was M.C. for the program which was made up of the following numbers: 1) A sing song directed by Mrs. Simmerman. Both Christmas Carols and old favorites. 2) Sing "Words - Words - Words". 3)

Mrs. Dolly Hearn of Hardisty has been visiting with Minnie Jackson.

Mrs. Kim Olson was home for the week. While here she celebrated her 15th birthday.

Bill Newton and Brian Gubner attended the funeral of a friend in Edmonton on Saturday.

Mary and John Newton went to a cattle show and sale near Calgary.

Mrs. Margaret Cook and helpers filled candy bags on Thursday for Irma Dues.

Thursday brought in mild snow and strong wind. Many places received extreme caution with poor visibility.

The added Christmas lights on town streets add greatly to the Christmas season.

The Alliance Chair girls made their usual visit to the

various homes on Thursday evening. Thanks to the hostess drivers and girls. This is such a delightful treat to many who are unable to get out a great deal.

Friends of Mrs. May Long of Waterville will be sorry to hear she is hospitalized after a fall.

Ken and Corinne Burba, and children David and Shannon of Lloydminster visited Grandma Edith Cook on Sunday.

We are pleased to report that Jim Jackson arrived home from Hospital on Saturday.

The folk of Cheateau Manor had their Christmas banquet on Monday, Dec. 14.

Mr. and Mrs. K. Hansen of Sherwood Park were in Irma on the week end.

The Cornetto entertained friends from Shellbrook, Saskatchewan on the week-end.

Best wishes to Rita Lovig and Eddie Lewis who were married in Irma United Church on Saturday.

New Horizons

The New Horizons club had their Christmas party at the Drop-In Centre Wednesday evening.

Being a pleasant evening, ready-made turkey and a lovely pot luck supper complete with turkey.

After the tables were cleared a short program was well received.

Mr. Alex Smallwood was M.C. for the program which was made up of the following numbers: 1) A sing song directed by Mrs. Simmerman. Both Christmas Carols and old favorites. 2) Sing "Words - Words - Words". 3)

Eight going to Irma and fourteen to Provost. Playing in goal for Irma was "Tank" to Rickie Woloshak.

Irma Bantams

Although the weather was bad, the Provost Bantams still made the long trek to Irma. But, by the 19:02 mark of the 3rd period, I'm sure Irma were wishing they hadn't braved the weather as Provost scored their 6th goal of the evening leaving the score in their favor 6-3.

Irma being short handed, as Joe Glover and Darcy Fendus were home sick, played a good game but found the Provost team hard to keep up to. Irma's three goals were scored by Tim Ford - 2 assisted by Doug Fischer and Lorne Fritus - 1 assisted by Tim Ford.

Penalties for this game amounted to 22 minors.

Centennial Park Rezoning Begins

The Viking Hospital District now has the services of two ambulances at its disposal. The new ambulances, pictured above, arrived in Viking early this week.

At the regular December meeting of the Viking Council, first reading was given to Bylaw 808 which provides for the rezoning of the Centennial Park, portion of the Loughlin Estate land, and a small portion of land south of Centennial Park from Urban Reserve (UR) to Residential land (R1, R2, and R3001). The area is the first part of the proposed residential development for the east side of Viking which is slated to be started sometime in 1982.

In conjunction with the rezoning, Council has set Thursday, January 16th as the day for the Public Hearing on the rezoning. The hearing will be held in the Council Chambers beginning at 7:00 p.m.

In a related matter, a bill for \$6,000 was presented by the Council for the grading of the area which will be used for the new health centre. The bill was submitted by Chas Engineering on behalf of Chas Construction Ltd. The bill was much below the estimated \$12,000 to \$15,000 which has been reported would have been spent with the present state of completion of the project. Some councillors noted that if they

would have known the actual cost, the project would have been completed the fall.

Cost estimates on rezoning the old Town of Viking, B. Angus of Edmonton were considered too high by the Town, so they have decided

to turn the job over to Deeds Greenwood. Until the grade is finished, Russ Hansen has issued a grade to the Town at no cost, other than the oil and fuel used by the machine while it is being used by the Town.

When questioned about what the major issue in the dispute was, Dr. Bennett said that the two sides can't seem to agree as to what the major issue is. He agreed that basically it was the new structure which the A.M.A. was opposing and the offer which the government had made. Dr. Bennett said that meeting with the government was something that was not a success. A proposal is being made to be taken to Cabinet this week.

Dr. Bennett said that no decision has been made by the Viking Clinic with regards to diverting. He also said that no other job action such as the closing of the clinic last week was anticipated at this time.

Both Dr. Cunningham and Dr. Bennett attended the meeting in Edmonton. Dr. Caldwell remained in Viking to attend to any emergencies which might

the hearing are the application of 160 commercial units which have applied for extended television coverage. Underneath, Viking and two other centres were not included on the list of applications being reviewed.

When questioned as to why these three centres (particularly Viking) were not included in the present hearing the OCTV spokesman indicated that the very heavy work load would not allow for any additions.

He also advised that an immediate time period of up to six weeks can be expected before the findings of the hearing are made public.

Next Issue Jan. 6, 1982

In order that the management, staff and correspondents of The Weekly Review can enjoy the Christmas holidays with their families and friends, The Weekly Review will not be published on Wednesday, December 16th.

The next edition of this paper will be published on the first Wednesday of 1982, January 6th. The office of The Weekly Review will be closed from the afternoon of December 16th until the morning of January 6th.

News items over the last few years have been dropped off at the news bureau in your community or left with your respective correspondents. The intention is the January 6th edition of this paper.

Cable Postponed Until Spring

Viking Child Development Society are planned to have an office at the new building on Monday, December 21 and can accommodate up to 26 youngsters per day.

One of the more exciting projects currently being carried out by the residents of the Town of Viking is the construction of the OCTV Cable television project. However, we at The Weekly Review have no alternative but to inform you of just another delay.

The OCTV is presently conducting hearings in Edmonton with regard to the installation of cable in a number of rural centres. Included for consideration is

the hearing are the application of 160 commercial units which have applied for extended television coverage. Underneath, Viking and two other centres were not included on the list of applications being reviewed.

When questioned as to why these three centres (particularly Viking) were not included in the present hearing the OCTV spokesman indicated that the very heavy work load would not allow for any additions.

He also advised that an immediate time period of up to six weeks can be expected before the findings of the hearing are made public.

We Are Fortunate!

How very easy it is for any one of us to find problems with our situation. With very little effort we can find something to complain about, or at least to find some kind of fault with. And yet, at this time of year, during the festivities of December, it is much more appropriate for us to pause for a while and realize just how fortunate the vast, vast majority of us really are.

All one has to do is turn on the television to any major news cast at this time to get a glimpse of a much worse situation. For the past months, and more noticeably during the last couple of weeks, we have been exposed to the goings-on in Poland. There, a large group of people under the direction of the nation's only labor union, Solidarity, have been attempting to gain more rights and freedoms from a government which has reluctantly negotiated some measures over the past months but which has finally said 'enough'. And now those followers of Solidarity have been put in a position of having to fight, and perhaps die as has already happened, for increased freedoms. And most of these freedoms are the basic ones which we in this

country regularly take for granted. In some of the Communist countries, the freedom to even enjoy the significance of Christmas has been strongly discouraged by the government. Yet we accept the celebration of Christmas as an inalienable right.

The end of the month will witness the end of the International Year of the Disabled, a year filled with a greater awareness of the problems faced by handicapped people everywhere. At the same time, the realization is there that the majority of us are not significantly handicapped, and we are usually in fairly good health. And for this we must appreciate our good fortune. All one has to do is realize that some people in this time cannot walk, or talk, or hear, or see, etc. and yet most of us can.

Christmas is truly a family time, a time to enjoy the company of our families and our friends. It is a time to appreciate all of the blessings that we do have - those that come from our families, our communities, our province and our nation. Take time to reflect on the positives this Christmas, and you'll realize just how fortunate you are.

Centennial Park Continued from page 1

The Town has also decided to get bids on the purchase or lease of a new 2½ ton dump truck to replace the one the Town is presently using. The present one is the old newspaper truck and requires substantial repairs. Discussion on the new dump truck indicated that the Council feels that a program of equipment replacement must be established so that long-range budgeting can be done.

The possibility of closing down 81st Street beside the Carvins has caused the Council to acquire late having a traffic study done to determine traffic patterns in and around the area. Council will be moving on this in the new year.

A petition by a number of business people and residents of Viking against Gordon's Auctions holding a pre-Christmas sale in the Town led to a discussion on the Town business licensing bylaw. Council decided that a review of the bylaw was in order, with the possible inclusion of a discretionary clause which would permit a temporary business license for the Town.

The Town was informed by John Hanner, lawyer for the Don Heller estate, that Mr. Heller had included provisions for an ornate gate to be constructed at the Viking Cemetery. The gate will be funding the building and placement of the gate. Council voiced support for the idea, with a design to be determined through discussion with Mrs. Heller.

Santa Visits Bruce

Santa paid his annual visit to Bruce on Friday evening December 18 when the Bruce Women's Institute and the Bruce Agricultural Society sponsored the family Christmas party. The evening began with a potluck supper which was thoroughly enjoyed by approximately 225 people.

Entertainment for the evening included Ukrainian dancing and a skit but the climax of the evening was the arrival of Santa. There were 94 children on hand to give him a royal welcome and accept the candy bags provided by the Ag. Society.

Viking Town Well Shut Down

The Viking Town Well has been temporarily shut down for the present time. At the regular December meeting of the Town Council, a decision was made to close down the well until cost estimates on repairing the well have been obtained by the Council.

At the meeting, Town Foreman Brian Anderson informed the councillors that the well was in a bad state mechanically. He said that the water was good, but that the pump and casing needed some repairs. The water in the well is still good, but a rough guess of the cost of

the expected repairs was given as between \$6,000 and \$8,000.

Council noted that a list of people get their drinking water from the Town Well, but with the new water system nearing completion, consideration must be given as to the necessity of spending money on the old well. Council will make a decision on the old well when cost estimates are received.

Mechanical malfunction and casing repairs at the Viking Town Well have led to a temporary closing of the well. Following Town Council's decision to close the well, a notice to this effect was posted.

The following people are responsible for the correct search bar dates for the week beginning December 28. The "A" family is the Gary Hovey family. Others

are Fountain, G. Battray, R. Battray, Bodnar and Lashko. For the week beginning January 4, 1982, the "A" family is the B. Hansen family. Others are Hansen.

Rod Hjeltner of Ryley is off to Rome. Rod was the lucky winner of the Grand Prize in the Viking and District Chamber of Commerce Christmas Draw. The winning entry was filled out at Fountain Tire Store - Viking.

Hill, Joel, Josephson and W. Cunningham.

Rita Hailo and Margaret Hill recently attended a Christmas brunch at the Women's Canadian Club at the MacDonald Hotel in Edmonton. The guest speaker was the Rev. Dr. McJannet, former moderator of the United Church.

We are pleased to report that Gerda Nordstrom is out of Hospital and is recuperating at home.

Best wishes to Rylee Gray who is out of hospital and is staying with her daughter Larne Miah in St. Albert.

With profuse gratitude to the sponsor, I submit the following:

'Twas the week before Christmas, and all through the hall, The TOPS girls were holding their annual ball. They laid out the gifts with the greatest of care, In hopes that Saint Nicholas

soon might be there. When what to their wondering eyes should appear, But Santa, Mrs. Claus and two elves, rather queer, They danced with such glee, and their act was a merry.

The girls all thought they'd been slipping on sherry. Their mission accomplished, the quietest then vanished. Methinks the next day some husbands were banished.

There promises to be a hotly contested hockey game between the A and B teams of the Viking Mites on January 2, at 12:00 noon.

Martin Hjeltner will spend his 70th Christmas at home, on his father's home stand. Never missed a year. I would like to wish everyone a very merry Christmas and a happy, healthy New Year. Thanks to all who have contributed items to this column. With your help I hope that we can continue in 1982. Lyn Ingles

A complaint of theft was received from a farm near Bruce. The incident is still under investigation. Also still under investigation is a complaint of theft of meat from a deep freeze at a residence in Viking.

An attempted Break and Enter of a business in Viking was reported and investigated, following which two persons were charged. A complaint of Break, Enter and Theft was received from Gladys' Restaurant in Bruce. The subsequent investigation resulted in three persons from out of the area being charged.

A complaint of theft was received from a house fire from the Bruce area.

The detachment are currently investigating a complaint of Willful Damage to a store sign in Viking.

Two complaints of Forgery and Theft were received from Gladys' Restaurant in Bruce. The subsequent investigation resulted in three persons from out of the area being charged.

A complaint of lost luggage on a secondary highway in the Viking area resulted in the item being retrieved and returned to the owner.

Another complaint of erratic driving within the Town of Viking. This complaint concluded with one local male being charged. Also received was a complaint of consuming alcohol while on school property. This incident is currently under police investigation.

Quite a number of minor motor vehicle accidents took place over the past three weeks with two within the Town of Viking; one near Highway 16, one near Bruce and another near Kinella. This particular accident was a result of a motorist hitting a cow which had wandered onto the roadway.

Two minor injury accidents were also reported. One accident occurred in Viking, while the other was reported from the Bruce area.

The local detachment would like to inform the public of two "found" items. The owner may claim these by contacting the local office. One musical drum was found in a ditch on Highway 36 and one 4 ft. yellow nitrogen cylinder was found in the alley behind the Viking I.G.A.

Two minor injury accidents were also reported. One accident occurred in Viking, while the other was reported from the Bruce area.

Weekly Police Report

The following report by the local detachment of the RCMP covers a three week period. During this time a total of five 24 hour license suspensions were issued; three persons were charged under the Liquor Control Act and two persons were charged with impaired driving.

An attempted Break and Enter of a business in Viking was reported and investigated, following which two persons were charged. A complaint of Break, Enter and Theft was received from Gladys' Restaurant in Bruce. The subsequent investigation resulted in three persons from out of the area being charged.

A complaint of theft was received from a house fire from the Bruce area.

The detachment are currently investigating a complaint of Willful Damage to a store sign in Viking.

Two complaints of Forgery and Theft were received from Gladys' Restaurant in Bruce. The subsequent investigation resulted in three persons from out of the area being charged.

A complaint of lost luggage on a secondary highway in the Viking area resulted in the item being retrieved and returned to the owner.

Another complaint of erratic driving within the Town of Viking. This complaint concluded with one local male being charged. Also received was a complaint of consuming alcohol while on school property. This incident is currently under police investigation.

Quite a number of minor motor vehicle accidents took place over the past three weeks with two within the Town of Viking; one near Highway 16, one near Bruce and another near Kinella. This particular accident was a result of a motorist hitting a cow which had wandered onto the roadway.

Two minor injury accidents were also reported. One accident occurred in Viking, while the other was reported from the Bruce area.

The local detachment would like to inform the public of two "found" items. The owner may claim these by contacting the local office. One musical drum was found in a ditch on Highway 36 and one 4 ft. yellow nitrogen cylinder was found in the alley behind the Viking I.G.A.

**You're more than another person.
You're the person someone else wants to be.**

You're being watched. A younger brother or sister, a son or a daughter is using you as a model for what they will become. It's an incredible

responsibility. It's also an incredible opportunity to have a positive effect on those you love. Because you can choose the kind of model you'll be. Smoker

or non-smoker. Careless driver or a considerate driver. An abuser of drugs and alcohol or someone of more moderate habits. You can be your best.

And that will be best for the young people around you.

A Christmas Story
A friend of mine named Paul received a new automobile from his brother as a Christmas present. When Paul came out of his office on Christmas eve, a street urchin was walking around the shiny new car, admiring it. "Is this your car, Mister?" he asked.

Paul nodded. "My brother gave it to me for Christmas." The boy was astounded. "You mean your brother gave it to you and it didn't cost you nothing? Boy I wish I had one like that!"

And Paul knew what he was going to wish. He was going to wish he had a brother like that. But what the lad said jarred Paul all the way down to his heels. "I wish," the boy went on, "that I could be a brother like that!"

Paul looked at the boy in astonishment, then impulsively he added, "Would you like to ride in my new mobile?"

After a short ride, the urchin turned and with his eyes aglow, said "Mister, would you mind driving in front of my house?" Paul smiled a little. He thought he knew what the lad wanted. He wanted to show his neighbors that he could ride home in a big automobile. But Paul was wrong again.

"Will you stop where these two signs are?" the boy asked. He ran up the steps. Then in a little while Paul heard him coming back, but he was coming fast. He was carrying his little polio-stricken brother. He sat him

down on the bottom step, then sort of squirmed up against him and pointed to the car.

There she is, Buddy, just the thing for you. My brother gave it to him for Christmas and it didn't cost him a cent. And some day I'm gonna give you one just like it. . . then you can see for yourself all the pretty things in the Christmas windows that I've been trying to tell you about."

Paul got out and lifted the little lad to the front seat of his car. The shining-eyed older brother climbed in beside him and the three of them began a memorable holiday ride.

That Christmas Eve Paul learned what Jesus meant when he said: "It is more blessed to give. . ."

The above article was taken from the December 21 edition of Agri-News.

The 1961 Chamber of Commerce Christmas Party drew a great crowd, and so shows here gave the youngsters time to work off the pop, popcorn, chocolate milk and hot dogs as they waited for the free draws to begin.

Midgets Play Provost

On Friday, December 16 the Viking Midgets hosted Provost. The first time the two teams have met this year.

Viking came out skating hard in the first period. Ian Erickson scored at the 9 second mark, a hard shot from the blue line. Assists went to Geoff Stephenson and Bill Hansen. Ian scored again later in the period with the assist going to Dean Anton. Eldon Jackson then made it 3-0 for Viking with Bill Hansen drawing the assist again.

Dean Anton opened the scoring in the second period with a quick goal at the 20 second mark. Assists went to Ian Erickson and Bill Hansen. Provost then made it 4-1. Geoff Stephenson realized for Viking. Provost then went to town and scored 3 unanswered goals to make the score 6-4 at the end of the second period.

In the third period Viking came out strong again. Dean Anton scored early with the assist going to Ian Erickson.

Lots Of Winners At Viking X-mas Days

Viking Christmas Days, sponsored by the Chamber of Commerce, came to a close on Saturday, December 19th and included the arrival of Santa and his helpers in a horse drawn cutter.

Through the co-operation of over sixty stores, businesses and professional individuals the 1981 Viking and District Chamber Christmas

Days was quite a success.

Prior to the activities of Saturday, December 19th, the Viking Branch of the Bank of Montreal sponsored a free show for the young folk entitled "Run for your Life Charlie Brown". A great number of children attended the show and a number of parents took advantage of the special offer at the local businesses while the youngsters were occupied.

Santa arrived in Viking by way of a horse drawn cutter courtesy of Wayne Lusk, East Bruce Manufacturing. After spending some time on the streets and visiting with

a number of young folk, Santa paid a visit to the merchants while the children attended the free show sponsored by the Bank of Montreal. At the theatre everyone enjoyed popcorn and pop compliments of the participating merchants.

At the completion of the show Santa was again on hand to accompany the kids to the arena for a family skating party, complete with hot dogs, chocolate milk and a decorated tree. Many of the children also took time to whisper their Christmas wish lists to Santa while they waited for the lucky draws to take place.

Winner of the grand prize draw - a trip to Banff was Rod Hjeltter of Ryley who filled out his lucky ticket at Fountain Tire Stores in Viking. Following is a list of the winners of the merchandise draw:

Schmer Set Leo Kain
Irma Lamp Gordon Foe
Wrench Set B. Lehtonen
Gift Subscription B. Pratt
Ornament T. Erickson
X-mas Hamper Robert Ash
Lamp Sheriia Baeha
Wall Mirror Tina Rusk
Combinator Ellen Lehtonen
Centre Piece Marie Hansen
Tape Case R. Jackson
Radio Sarah Nearing
Electronic Game Kris Olson
Blow Dryer Glenda Kestelak
Game Board Jim Walker
Show Tickets Doug Taylor
Farm Egg Set Tanya Lawes
Pen Set Paula Grundy
Sweat Suit Trudy Fernal
Alligator Game H. Gustafson

Gift Certificate
Globe Jennifer Kampinski
Cinema Karu Heider
Toboggan Lawrence Newby
Gift Certificate
Marvella David Reddick
Sis Dais Revick

The Viking Chamber of Commerce would like to extend thanks to all these businesses who contributed to "Viking Days" and to all those who waited towards making the event a success.

A sincere thank you is extended to N.A.D.F. for donating the chocolate milk for the skating party, the Weekly Review for a three year gift subscription, and the local branch of the Bank of Montreal for sponsoring the free children's show on Saturday, December 5.

Hints for HOMEMAKERS

BRIGHTEN MEALTIME WITH A GREEK DINNER

Bacardi Marinated Shish Kebab won't be Greek to you if you follow this simple recipe. Rum adds a special flavor to the accompanying mini marinade. Parthenon Rum Cake is a family recipe, handed down for generations, tastefully accompanied by a "rum duff" Makono Shakes. Decorate your table with posters of the Parthenon or other points of interest. Then, have the family do some reading about Greece so each person can contribute an interesting fact to one site will be fine.

BACARDI MARINATED SHISH KEBAB

3 pounds of lamb, cut into 1-inch cubes
4 medium onions, halved and partially cooked
1 large green pepper, cut in 15 squares
16 cherry tomatoes (use 10-12 cones) condensed chicken broth
1/2 cup Bacardi dark rum (50 proof)
2 tablespoons olive oil
1 tablespoon dried, crushed mint leaves
1 large clove garlic, minced
Hot cooked rice

In shallow baking dish, arrange meat and vegetables. In saucepan, combine remaining ingredients, except rice. Heat to boiling. Pour over meat and vegetables, turning to coat all. Cover and let marinate at least 1 hour. Marinate may be refrigerated overnight. To cook, arrange meat on 3 skewers and vegetables on 3 other skewers. Broil meat kebabs on broiler rack in pan about 10 minutes. Turn and add vegetable kebabs. Cook 10 minutes longer, turning kebabs occasionally and brushing frequently with marinade. Serve over hot cooked rice. Makes 4 servings.

PARTHENON RUM CAKE

2 cups water
3 cups sugar
1 stick cinnamon
4 slices lemon
1/4 cup Bacardi dark rum (50 proof)
1 cup butter or margarine, melted
6 eggs
1 cup unsifted flour
1 cup fat-free
1 tablespoon baking powder
1 tablespoon ground orange peel
1 teaspoon ground cinnamon
1 cup finely chopped walnuts or pistachios

Make syrup by combining water, sugar, cinnamon sticks, and lemon in saucepan. Bring to boil and boil for 10 minutes. Remove from heat and stir in rum. Set aside to cool. In large mixing bowl, cream butter and sugar until light and fluffy. Add eggs, beating well after each addition. Add flour, fat-free, baking powder, and cinnamon. Beat well. Stir in milk. Spread batter into greased 13x9x2-inch baking pan. Bake at 350° F. for 20 minutes or until cake tests done. Pour cooled syrup over hot cake. Cool and cut into diamond shapes. Makes 4 servings.

Merry Christmas

Every day, in every way, we know your holiday joys and dreams will grow. Thanks, friends.

* INFLATION-FIGHTING FOOD IDEAS *

Kids In The Kitchen

Rice-A-Burger - For mixture can be put together, kids to make and set. spread in the foil "pan" and topped with catsup and onion. Put on a baking sheet, covered and refrigerated. About 20 minutes before serving, remove the cover and put the baking sheet in the preheated oven. The cheese, too, can be eaten, wrapped and chilled for last-minute addition.

RICE-A-BURGERS

1 pound bulk pork sausage
2 eggs, slightly beaten
3 cups cooked rice
2 teaspoons minced onion
3/4 cup catsup
1/2 teaspoon onion leaves
4 slices Cheddar cheese

If your child wants to entertain his friends, why not let him make the party? Put a kid in your kitchen, and you could be pleasantly surprised - if you plan it right.

Gay as a fiesta, delicious, different - and economical - Rice-A-Burgers are made to order for young cooks.

The rice couldn't be easier to cook - simply put 1 cup regular milled white rice, 2 cups water and 1 teaspoon salt into a saucepan. Heat to boiling, stir once or twice, cover, lower the heat and cook 15 minutes or until the liquid is absorbed.

A nice feature of the recipe for Rice-A-Burgers is the guests arrive. (Plenty of time to clean up!) The rice mixture can be put together, spread in the foil "pan" and topped with catsup and onion. Put on a baking sheet, covered and refrigerated. About 20 minutes before serving, remove the cover and put the baking sheet in the preheated oven. The cheese, too, can be eaten, wrapped and chilled for last-minute addition.

First make foil "pans." Tear off six 16-inch pieces (a square) of heavy-duty foil (18 inches wide). Fold each into an 8-inch square and cut along the edges to make a 16-inch square. Fold each into a "pan" or 1 large pizza pan. Spread with catsup and sprinkle with onion. Place on baking sheet. Bake at 425° for 30 minutes. Top with cheese that has been cut in small triangular pieces. Continue baking 15 minutes longer, or until cheese is bubbly. Makes 6 servings.

NEW IDEAS IN ELEVATORS

The construction of mid-rise buildings - six to 15 floors apartment, office and hotel buildings - is going up. And a leader in the manufacture of elevators is rising to the occasion.

Otis Elevator Co., a pioneer in its field, has introduced a new, direct-drive, elevator system designed for just this market.

The new MVV system, the third major product introduction by Otis in recent months, has a direct-drive motion control system that constantly monitors actual elevator performance against "ideal" statistical flight curves and makes instant corrections to match it.

According to Robert L. Cole, president, Otis North American Operations, the new system not only delivers smoother passenger rides but also reduces the trip time.

"Technological advances in equipment design," he added, "have reduced elevator machine room space by about one-quarter, extended hoisting cable life by as much as seven years and, depending on the number of elevator shafts per hour, can reduce energy use up to 25 percent."

Cole said the new system, which even lowers construction costs, "is a good example of how Otis technology 'fine-tunes' a product to meet market needs for top performance, simple equipment at a highly competitive initial and long-term price."

Industry geared elevator sales reached a high of some 4,000 units in 1973, dropped off some 2,000-plus units in 1978 and climbed back to nearly 3,000 in 1980. Cole said they are expected to continue upward as the demand for apartments and urban office buildings increases.

Highlights Of A Trip 'Down Under'

By Doris Laksam
A special five weeks
visiting friends in Papua
New Guinea, Australia and
New Zealand were ex-
perienced recently (October 9-
November 18) by Doris Lak-
sam accompanied by Leah
Petter.

At every airport we were
met by friends and became
guests in their homes. The
ratio of exchange for the
Canadian dollar in Papua
New Guinea rather made us
gasp, as we received just a
bit more than half its value.
It was somewhat better in
Australia, almost three
quarters of our dollar. In
New Zealand we were glad
to discover that our dollars
were pretty well at par.
However, the kind of hospi-
tality of our many friends
made the whole trip a tre-
mendous experience.

In tropical Papua New
Guinea we endured extreme
heat at Port Moresby and
Lae, where as in the high-
lands it was very cool. At
Mt. Hagen it rained every
evening, but it was quite
pleasant during the midday.
Freshly picked bananas,
mangoes, oranges, lemons
and pineapples have a spe-
cial flavor unknown to us at
home. At Port Moresby
Doris met her dear friend,
small daughter of former
students. At Mt. Hagen we
were privileged to witness
the annual spectacle of the
famous Mt. Hagen Show.
Thousands were present in-
cluding visitors from all over
the world. Native people
from all areas of New Guine-
a, arrayed in fantastic cer-
emonial dress, danced and
sang to the beating of drums
and drums. Another interesting
experience was a visit to the
third of Paradise sanctuary.
Here we saw animals native
to this land as well as the
lovely birds of paradise. The
botanical garden was espe-
cially colorful. When the sun
burst through the threaten-
ing clouds, a host of but-
terflies soared aloft. Great
blossoms, bright blue and
green, violet, pink or lav-
ender glowed overhead above
the garden. A delightful
night.

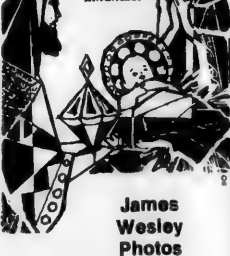

Attending worship one
Sunday with most of the
congregation composed of
natives was a different
experience for Leah. The
active young men from a
nearby secondary gave a fine
message in English. A visit
to the Namaria hospital at
Kugi and a tour of a Nam-
aria college compound were
most interesting. Leah came
across friends in both places.
At Martin Luther Seminary
in Lae, Doris found a former
student who will be ordained
in December. Indeed, Doris
came upon former students
engaged in various occupa-
tions everywhere we went
in Papua New Guinea. A joy
to meet them.

Our stay in Brisbane,
Australia, and neighboring
Tasmania also brought us
much pleasure with hap-
py friends. Probably the
Lone Pine Kiosk Sanctuary
was the special here. Leah
had the unique experience
of being slipped by a Koala
as she was having a picture
taken. The photographer
was amazed, saying he had
never known such a thing to
happen. Malbourn is a
beautiful city. It is spring-
time in Australia, green and
fresh everywhere. The
rhododendron show was
breathtaking with such a
variety of colors and ar-
rangements. At Sydney, the
Opera House, the famous
beaches and the many park
areas will remain vivid
memories.

We found New Zealand a
lovely land, so green with
flowering trees and shrubs
on every next lawn. Herds of
cattle and flocks of sheep
dotted the hillsides. Lamb is
very popular meat. In all
the countries 'down under',
the amazing variety of flow-
ers and trees as well as
exotic fruits were an eye-
opener. Have you tasted
lemon, lime, passion
fruit or kiwi? Have you
ever eaten a delicate dessert
called pavlova? And what
about deep-fried ice-cream?
All these treats await you
when you visit these lands
across the Pacific.

A few hours in downtown
Nassau, Fiji, pretty well com-
pleted our holiday. We spent
the last weekend at the
Pacific coast before flying
home. Our wonderful trip is
now but a delightful mem-
ory.

May His message of
love fill your hearts
this CHRISTMASIDE.
Many thanks
for your
kindness.

We raise our voices in
praise of our fine friends
and patrons and wish
them may blessings

Joyous strains of Christmas carols fill the December air

What could sound sweeter
than a chorus of voices singing
hymns in perfect harmony? The
same chorus of voices singing
Christmas carols from a church
choir or a snow-covered street
corner.

The heavenly strains of carols
awaken ears to the simple
beauty of the Christmas celebra-
tion and, in no time at all, invite
all who listen to join in and
sing.

The word, carol, derives
from the Greek and Latin words
for "chorus." It was used in the
middle ages to describe a rag-
ed or song, which was accom-
panied by a group of per-
sons, either seated or stand-
ing in a circle. At some later
time in history, the word be-
came synonymous with Chris-
mas and songs of wonder.

While many of the present-
day Christmas customs origi-
nated with ancient celebra-
tions of worship, it was not
until the second half of the 19th
century that Christmas carols
met with general acceptance in
both Europe and North Amer-
ica.

When, in 1846, Bishop Philip
Brooks was rector of the
Church of the Holy Trinity in
Philadelphia, he was asked by
his Sunday school pupils to
compose a Christmas hymn. It
has since become the earliest
popular carol composed by an
American.

O little town of Bethlehem,
How still we see thee lie!
Above thy deep and
dreamless sleep
The silent stars go by;
Yet in thy dark sky shineth
The everlasting light;
The hopes and fears of all the
years
Are met in thee tonight.

For Christ is born of Mary;
And gathered all about,
White angels keep
their watch of wondering
love.

O morning stars, together
Praise the holy birth!
And rejoice in God, the
King,
And peace to men on earth.

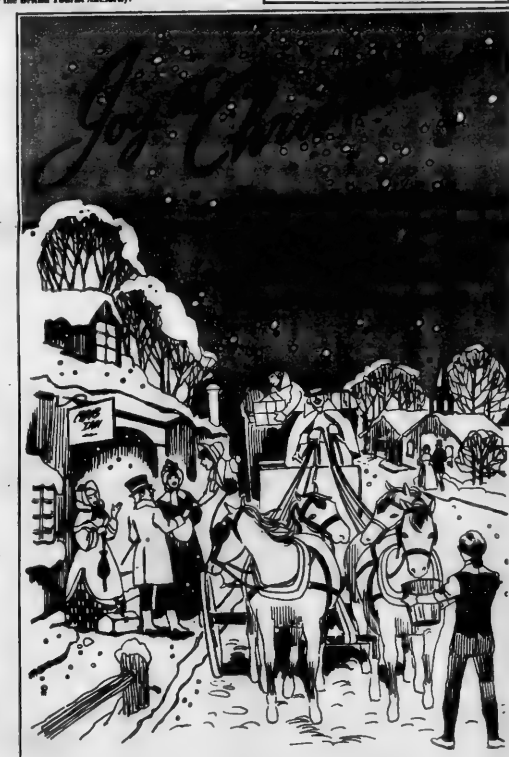

"OH, COME, ALL YE FAITHFUL..." The joyous strains of
Christmas carols can be heard in churches or on street corners
during the holiday season. While it is said that St. Francis of
Assisi was the first to sing Christmas carols in the 13th century,
crediting that became popular until the mid-19th century
in England. Here, choir boys at Winchester Cathedral, Eng-
land, sing the British Tourist Authority.

holiday joy

May you build
good cheer as
you celebrate a
fun-filled
Christmas day!

Christmas gardens bring year-round enjoyment

CHRISTMAS GARDENS SAVE VALUABLE SPACE and bring long-lasting holiday cheer. A popular combination is a small Norfolk Island pine, bright red miniature poinsettia and variegated spider plant, arranged in an attractive container.

Small-scale rooms in today's houses and apartments often rule out those splendid ceiling-high Christmas trees of years gone by. Happily, there is an alternative—tabletop Christmas "gardens" that will continue to bring joy throughout the year.

Seasonal houseplants

Christmas gardens can be fashioned from any number of ornamental houseplants available at florist shops this time of year. One of the most popular combinations is a small Norfolk Island pine tree, bright red miniature poinsettia and variegated spider plant, arranged together in a wicker basket or similar large container.

The symmetrical branches and needle-like leaves of the pine can be dusted with artificial snow. They are also sturdy enough to support small

Christmas ornaments, tinsel, tiny ribbon bows and other festive decorations.

With normal care, the Norfolk Island pine will flourish for many Christmases to come, as will the spider plant.

Foot-holiday care

To keep the poinsettia blooming brightly after the holidays, remove it from the arrangement and place it in a watertight container. Position it where it will get full but indirect sunlight, but away from drafts and excess heat from radiators or ventilation ducts.

Check the soil daily and, when it is dry to the touch, water the plant thoroughly and discard excess water. Feed the plant liquid plant food once a month in the amount indicated in the directions.

Ferns also stock other seasonal plants that work well in a Christmas garden. They include the Christmas cherry, also known as Jerusalem cherry; Christmas kalanchoe; Christmas pepper; and Christmas cactus.

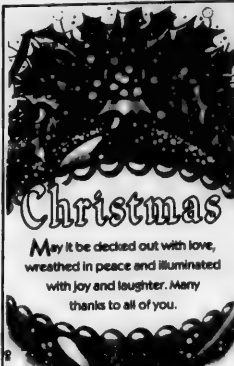

Light the way for a holiday with love and happiness!

Bright and Merry Christmas

Natural Christmas trees may add a special warmth to the holiday season, but in many cases the potential for property damage and safety hazards is not always taken into account.

The Home Safety Committee of the Alberta Safety Council suggests that prior to purchasing a Christmas tree, test twigs and needles to insure that they will bend and not break. Place the tree outdoors until used. When ready to set up the tree, make a fresh diagonal cut at the base; stand the tree in a tub or bucket and keep the base immersed in water while it is inside a building. Check the water level daily.

When setting up your Christmas tree make sure it does not block any path, warns the Home Safety

The historic origins of the modern Christmas card

Christmas cards originated with an English solicitor who yearly wrote Christmas letters to friends and family.

One year—1843—he didn't have the time, and so commissioned an artist to design a card to which he could just add a note. By the 1850's Christmas cards had caught on in England, and shortly afterward crossed the ocean to America.

Today Americans exchange some 3 billion Christmas cards each year. What with the rising price of cards and postage, it's a custom that can be costly. No wonder so many people are now writing their own.

Here are a few ideas, which

are easy and fun to make: First, find envelopes, then cut colored paper or card stock to fit. For a design, cookie cutters are one quick and sure trick, especially for the novice designer.

Trace a single tree or star, or make a pattern of several. Fill in the outline with scraps of fabric, glitter, bits of pretty giftwrap, whatever. You could accent the outline by gluing on contrasting glitter or yarn.

Hint: To keep fabric from ravelling, glue tissue paper to the back and let dry before cutting.

Here is another idea: You can make sherry paints by mixing Elmer's Glue-All and food coloring. Mix in small applicator bottles. Elmer's is not in one color in another, and so on. Then apply direct from the bottle in dots or lines. Or, mix in small paper cups and apply with toothpicks or paint brushes.

Once you've started card-making, you'll find yourself thinking of all sorts of ideas. You don't have to be an artist to make cut-and-glue Christmas cards—all you need is a sense of fun!

on check all wiring, outside and plugs for fraying or cracks before using. If at all in doubt, toss out old sets. Christmas gift-wrapping are potential fire hazards.

Adding a Christmas tree or other decorations to a room often entails changing the furniture around. If there are elderly people in your household make sure they are aware of these changes, warns the Home Safety Committee. Extension cords should be used with care and kept out of traffic areas.

May the holiness of the season bring you faith and understanding...always!

A Gift To Be Remembered

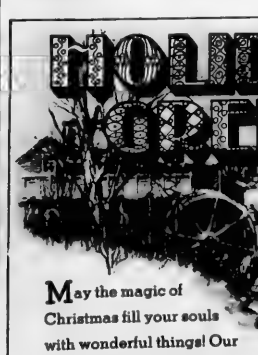

Why not personalize your present this year by giving canisters of holiday goodies to folks on your shopping list? Simple to make, your gifts can be as varied as your friends and relatives.

With an electric foodgun like the Super Shooter from Wear-Rover, you can make dozens of picture perfect holiday snacks as pretty as the containers you give them in. For professional-looking Fudge Bites, all you do is combine four simple ingredients with a packaged fudge frosting mix and place the mixture in the foodgun's barrel. Then use the Decorator Tip to "shoot" enough of these candy treats for everyone on your guest list in no time.

Assemble and fill Super Shooter electric foodgun with chocolate mixture following manufacturer's instructions. Use Decorator Tip. On waxed paper-lined cookie sheets, using Lo Speed, make rounds 1-inch in diameter, and 2/4-inch in height. Top each round with almond slivers. Allow to stand until set. Store in airtight container.

Makes about 48 pieces of candy.

FUDGE SWIRLS
3 tablespoons butter or margarine
2 tablespoons water
1 package (15 1/2 oz.)

May the magic of Christmas fill your souls with wonderful things! Our thanks to one and all!

We give thanks for the splendour of that Holy Night. Let us worship and sing His praises for

Ghosts of Christmases past live forever in gifts of jewelry

Back in the days when teenagers were "bewildering offspring" and Judy Garland and Mickey Rooney were teenagers on the silver screen, one of the most popular Christmas gifts a young fellow could give his girl was a gold heart pendant, says the Jewelry Industry Council.

Today's girls aren't wearing bobby sox and feather flowers in their hair, nor are the fellows sporting bell bottom corduroys and short barcuts, but the heart pendant is still a favorite to give and receive.

Of course, the Council points out, the heart pendant has gone through some subtle changes. For one thing, the heart shape

can be free form, cutout, or simply a heart silhouette. But instead of the classic plain gold, today's pendants are highlighted with small diamonds.

There may be one diamond in the heart center, or diamonds may outline the heart shape, or form a rich pave over the whole pendant. What does remain the same is the sentiment.

Through the years, gift selections from the jewelry store have always been special gifts.

The Valentine season has traditionally been the time of year when young couples announce their engagements, and the bride-to-be has received her

engagement ring. It's also the time of year many husbands choose to add a

diamond to their wives' anniversary rings—it's so much easier to remember Christmas

forget about the calories

The very mention of the word "Christmas" brings to mind my number of images: rotund sidewalk Santas appealing to holiday shoppers; twinkling lights dancing upon the boughs

of an evergreen; pleasant heart-thrills gatherings of family and friends.

Of all the associations that come to mind when thinking of Christmas, one of the most vivid is that of holiday foods. For Christmas, like no other time of the year, seduces even the most disdainful of cooks into the kitchen.

Fruticakes laden with raisins, currants and citron and laced with a good dose of sherry or brandy, are an old holiday tradition.

Buttery cookies, cut in the shape of candy canes, reindeer, stars and Santas are a favorite with children. An adventurous home baker might try his or her hand at a gingerbread house—when decorated with spice drops, icing and sugary confetti, it's a visual treat too good to eat.

Diet next year

Don't be afraid to indulge in the seasonal goodies. After all, those New Year's resolutions to diet are just around the corner!

KICK UP YOUR HEELS...

ENJOY THIS MERRY CHRISTMAS!

Viking Christmas Concert Returns To Old Format

The talents of the grade 5, 6 and special education class were combined in a number of oral and instrumental numbers.

Irma Students Present Christmas Concert

The Xmas Spirit was given a boost on Thursday, December 17, as the Irma High School students displayed their many talents in the Christmas program.

Mrs. McRoberts welcomed the guests and introduced Mr. Dan Nash and his band which led in the singing of the national anthem.

A Christmas sing-a-long was enjoyed by both the band and the audience which was followed by three excellent selections by the senior band.

Besir Guterres, Irma's Mexican exchange student captured the audience with a Mexican dance.

The grade nine boys pre-

sented a pantomime of "The Nutcracker" while the grade eleven girls presented a skit entitled "Dr. Klam's Waiting Room". A "Jingle Bell Parade" on the clarietta was performed by Lorraine Smith, Leslie Glasgow, Diane Smith and Kathy Orzechuk.

The grade ten students

presented "Forget-Me-Not" while the grade eleven girls presented their version of "Hispanics and Klans".

A number of other festive numbers were enjoyed throughout the program as well as the grade nine play entitled "The Cold in the Night".

Mr. Jack McKay secretary of the Irma Local of U.O.G. presented a \$100 cheque to the band aides.

Santa arrived to distribute the gifts and lunch followed to end a fine evening of entertainment.

For 1981, the Viking Elementary School Christmas Concert returned to the format of a few years ago when certain classes were called upon to prepare a concert for the community.

This year, the grade ones, threes, fives, sixes and special education students did the performing.

The concert was lead off by the grade one classes performing a medley of Christmas songs such as "Christmas Tree", "Buddy Snowflake", and "Frosty The Snow Man". The classes were lead by Mrs. Haho while Mrs. Hudson accompanied them on the piano.

Mrs. Willmer's grade 3 class presented two numbers, the first by the boys and the second by the girls. The boys performed an action verse entitled "The Little Action Box", while the girls went through their paces in a drill song entitled "Christmas Broom".

The second grade 3 class of Mrs. Andruschuk performed an acrobatic entitled "Merry Christmas", then followed up with a play called "The Bell That Could Not Ring".

The grade five and six classes of Mrs. Bechman, Mrs. Midho, Mrs. Evans and Miss Erickson combined with Miss Provost's class for the final set of numbers. All members of the classes joined in the singing of carols such as "Silent Night" and "Away In A Manger".

A rendition of "Jolly Old Saint Nicholas" was sung by the grade fives while the grade sixes accompanied them in the band. The band also performed a number of instrumental.

The second last number of

the program featured Pam Orenduk, Louanne Marko and Dee-Ann Sibbald singing "Have Yourself A Merry Little Christmas". The afternoon's entertainment was concluded with the fives and sixes joining in a rousing rendition of "Have A Holly Jolly Christmas".

The December 3rd Concert was attended mainly by parents, as the students had performed for the school students on the previous Tuesday afternoon.

Lite-Up Winners Announced

Following a tradition established a number of years back, the Viking and District Chamber of Commerce once again selected four winners in the Christmas Lite-Up Contest.

Although the judging was difficult, the Harold Place residence was selected for first place honors in the rural area while the Stuart McMillan home was picked as runner up.

Within the Town of Viking, the Christmas light arrangement of Catherine and Elizabeth Horneak was selected as first place winner and Les and Elaine Ottosen were class annuals.

Winners of the 1981 Chamber of Commerce Lite-Up Contest will be presented with plaques in recognition of their effort in decorating their homes for the festive season. These plaques will be presented at the Chamber's annual meeting in the latter part of January.

1982

Caravan Exhibits To Attend County Schools

Students and residents of the Viking area will have an opportunity to view and enjoy the Glenbow Museum Caravan Exhibits.

The Glenbow Museum operates "Caravan Exhibits" on behalf of the Government of Alberta to provide rural residents with an opportunity of seeing educational and cultural displays. The caravan is set up at schools

during the academic year and at fairs, rodeos, exhibitions and parks in the summer.

The "Caravan Exhibits" will be at the Viking School on January 14-15 during school hours and from 6:30 to 8:30 in the evenings.

The schedule for other county schools is as follows: Holden - Jan 17 from 1:00 p.m. to 5:00 p.m. and Jan.

18 during school hours and from 6:30 to 8:30 p.m. Ryley School - Jan. 20 during school hours and from 6:30 p.m. to 8:30 p.m. Tuffield Elementary School - Jan 10 from 1:00 p.m. to 5:00 p.m. and Jan. 11 and 12 during regular school hours and from 6:30 to 8:30 p.m.

The first display, "Our Natural Heritage - In Trust" is sponsored by the Provincial Museum of Alberta. The theme is conservation and throughout the exhibit visitors will see examples of our fragile environment and what is being done to protect it.

The second trailer features a display of the historical relationship between the Plains Indians and the buffalo.

In the next trailer the Glenbow Museum has installed a display based on the activities of the blacksmiths, farmers and wheelwrights in early Alberta.

The fourth display comes from the collections of the Alberta Art Foundation and features the work of selected Alberta artists.

Former Cult Member To Tell Story

On January 13 Treva Stride, a young Alberta woman who was rescued from a cult (Students of Light) by her family and deprogrammed, will be in town to share parts of that story and open our eyes to the ways of cults. She will speak to a class at the school in the afternoon and give a full presentation in the evening in the evening in the evening in the Education Unit of Golden Valley Lutheran

Church beginning at 7:30 p.m.

Since leaving the cult Treva has worked to make others aware of the dangers of cults and she now works for Alberta Cult Education. During the fall of 1981 she spoke to the Women's Uniform convention (written up in *The Western Producer* Nov. 19, 1981) and was given on two radio talk-

Continued on Page 3

Q.C.T.V. Seeks Rate Increase

Q.C.T.V. Ltd. of Edmonton has made application to the Canadian Radio-Television and Telecommunications Commission (CRTC) to have their license amended concerning their supplying of cable television service to Viking.

The application will be heard at a hearing of the CRTC held in Hull, Quebec on February 8th. At that time Q.C.T.V. will ask for a rate increase as well as to have two Canadian channels replaced by two American channels.

The increase requested in the application calls for a \$60 installation fee, up from \$35, to be effective immediately, with a further increase to \$75 effective September of 1982.

An increase in the monthly fee is also being asked for as Q.C.T.V. wants a jump to \$15 per month, up from

\$9.25, effective immediately, with a further increase to \$15 effective September of this year.

The new application asks that Q.C.T.V. be allowed to provide two channels which originate in the U.S.A., namely KREM TV (CBS affiliate) and KRLV TV (an ABC affiliate). It also calls for the deleting of two local originating channels.

Ed Polanski, President of Q.C.T.V., said that the increase in user fees is necessitated by an increase in the cost of providing the service to Viking. He said that the cost of installation fees, up from \$35, to be effective immediately, with a further increase to \$75 effective September of 1982.

An increase in the monthly fee is also being asked for as Q.C.T.V. wants a jump to \$15 per month, up from

Mr. Polanski said that Viking had never been viewed as a viable center for a cable system because of its population and stated that it is at the request of the CRTC that Viking was even included in their projects.

The Q.C.T.V. President said that at the requested rates of \$60 for installation and \$15 per month, his company will stand to lose between \$75,000 to \$80,000 per year for the first three years. This necessitates the subsidizing of Viking's system from other projects.

Mr. Polanski said that he hoped to have the approval decision by the first part of March, and that since the major portion of the investment has been completed, he was anxious to have his people begin hooking the service up to the houses.

Letter To The Editor

Dear Sir:

Are you aware of the possibility of having a Chemical Waste Plant built in the County of Flagstaff or bordering on the County of Beaver? I personally am opposed to a plant of this kind being built in an agriculture farming area, also building on prime agricultural lands; agriculture land is diminishing at a very rapid rate with our cities and towns populations growing.

This chemical waste is the most dangerous by-product from Chemical Plants not only plants here in Alberta but waste will be shipped by rail and trucks from all parts of Canada and a possibility, the United States.

These chemicals are deadly, Chemical fires, and spills do occur and in these only one away the facilities to deal with this is not available, the people who handle these fires have no idea what they would be asked to deal

with.

If your harvest operation had to be disrupted due to a serious spill and you had to be evacuated from your farm for several days when going to pay for crop loss and livestock loss, due to weather or chemical contamination.

And a bigger danger is the contamination of the underground water system in this area if well injection is used, they claim it is made due to the depth of these wells but what assurance does one have, it's too late after it happens.

There are many places in the United States where their underground water is contaminated and no longer fit to drink, think of the problem it would cause here in this area.

I do believe before a plant of this kind is built, the people should be asked for their views on a project of this kind.

Flagstaff/Beaver Valley

Cult Member To Speak

Continued from page 1

shows including Ron Collins' talk-back show on Q107, December 14. To the Women of Uniform she said, "Quite touchless, fear, and rejection of society while embracing peace and love." Many of us have had brushes with a cult or member of their ways. The will be a unique opportunity to hear someone who chooses to drive on the road and, fortunately, who

has returned.

Everyone is welcome to come to this presentation. Coffee will be available afterwards and there will be plenty of time for questions and discussion.

Trevi Steele's visit is sponsored by Golden Valley Lutheran Church, the G.V. L.C. Women, and by Viking Family and Community Support Services.

Vialta Lodge News

Our sympathy is extended to the family of Mrs. E. Johnson who passed away in the Viking Hospital.

Visiting Mr. Wm. Mason this past week were Esther Holman of Edmonton, Ida Burns of Coquitlam, Olga Cumming of Viking, Lee Hain and Jason Lucas of Viking and Sharon Meis of Sutter as well as Bill, Marge and Karen Mason of Calgary.

Bob and Barb Cotter, Adelle Jones, Shirley Cook and Joyce Miller called at the Lodge to visit with Mr. Cotter.

Rita Duff and Art Barber, Doris and Duncan Powell visited with Mr. Wm. Mason.

Mr. Ed McIntosh spent Christmas with his daughter and family in Camrose. Visiting Mr. and Mrs. Mathewson were Tanya Trevi and Kay Nardly, taking them out for the Holiday Season.

Calling on Belle D'Arcy were Greg and Lynn Russell, Mrs. Jackson and Gladys Richardson.

Darrell Helgeland and Kathy Zenzel called on Mrs. Regan.

Visiting Mrs. Eva Henderson were Dave and Betty Culbertson, Ron, Carolyn Kevin and Heidi Ryan and Laura Mathewson.

Blair and Victor Lindquist called on Mrs. Elmore. Many friends came on Christmas Day to help Ducky celebrate his birthday at the

lodge. Everyone enjoyed meals at lunch time and visiting together.

Dead and Dory Hammermaster also called in on Boxing Day.

Several residents visited with family and friends over Christmas. Those already back home report a good time and pleasant trip helped by the nice weather.

Land Agents' Standards Introduced

The Associate Minister of Public Lands and Wildlife, Bud Miller recently filed in the Legislature the Land Agent Advisory Committee's recommendations for qualifications and standards of conduct for Land Agents.

Miller's approval of the recommendations will become the first detailed regulatory measures ever to

be imposed upon land agents in Alberta. "These recommendations are designed to improve relations between land agents and land owners," said Mr. Miller.

The Land Agent Advisory Committee was established in November, 1980, with a mandate to develop levels of qualifications and standards of conduct for

land agents. The results of the committee indicated that there is a lack of training of new land agents and that there are many who are licensed but are not actively engaged in the activities of a land agent.

There are currently 2,812 land agents licensed in the Province of Alberta. The majority of these land agents are employed by oil and gas exploration companies, to carry out negotiations with land owners for

pipeline easements, well sites, etc. Other areas of employment include utility companies acquiring easement and government departments acquiring right of way for highways and corridors.

The recommendations include a division of land agents' licenses into two classes, the first to be called as "interim" land agent's license and the second as "full" license.

All new applicants would be required to pass an examination for their interim license and then undergo a twelve month "probationary" period similar to a journeyman's training program. Current holders of a land agent's license are not

exempt from these recommendations as they would be required to pass an examination before their es-

tating license is renewed.

In response to its mandate, the land agent advisory committee has recommended certain standards of conduct regulating the ethical behavior of land agents as well as outlining procedural guidelines for land agents to follow. It is hoped that these standards of conduct will ensure that fair and equitable land negotiations take place.

ing license is renewed.

Career

The New Year is a time to celebrate. A time to sing and laugh and be happy. A time to remember successes and forget about failures.

A time to hope and a time to wish. This New Year we hope everyone has more to remember and less to forget.

We wish everyone could sing because they're happy and happy because they could hear themselves singing.

Hockey fans and sports enthusiasts in the Viking area have another cheering for their scrappies or another story to tell with the recent appointment of Gary Sutter as head coach of the Calgary Canucks of the Alberta Junior Hockey League.

Gary, the eldest son of Louie and Grace Sutter, although always involved with hockey in one way or another did not choose to become a professional hockey player. Gary played hockey locally and then joined the Junior B ranks in Vegreville.

During the 1979-80 hockey season he joined the Red Deer Raiders as a scout. At the time the head coaching position was offered, Gary was associated with the Lethbridge Broncos acting in the capacity of scout and assistant coach.

Gary's experience both on and off the ice will provide a solid footing for his new career as head coach.

A Friendly Experience

We've Got To Change!

New Year's resolution time has rolled around once again. Many of us will have made resolutions that we hope will see us change in 1982, most often for the better. New Year's resolutions are supposed to be a personal thing, which we hope will result in personal changes. And often, these changes, if they do occur, have positive benefits for our families, our friends, our communities and our nation. And yet, most of these will have little benefit for the greater whole, as they most nearly reflect on the individual.

Perhaps it is time that we attempted to make a resolution as a whole, as a nation of people, as a community of people, as a province of people. And perhaps that resolution, for a starter, should be a collective effort to remove the drunk driver from our roads. Yes, it may seem like a well-worn topic, but if we stop and think carefully about what the impaired driver is costing us, both in terms of human lives and in economic terms, it seems more imperative than ever that we make a concerted effort.

This year in Edmonton, 70 people were killed in traffic accidents, and nearly one-half of these involved an impaired driver. That's nearly 35 people who lost their lives because someone drove while under the influence of an intoxicant. And yet it seems like the tie is being done to deter such deaths from taking place. We have people in our society who feel sorry for those who lose their license because they have been caught while driving while impaired. But how would these people feel if this impaired individual ran their child down or smashed into their car because their reactions were depressed due to an excessive amount of alcohol consumption? And we have judges who literally search for technicalities in the law so that they can let those charged with impaired driving get off, well knowing that the individual was drunk when caught in the care and control of a vehicle. And yet one wonders where it all ends!

In the United States, nearly 26,000 people will lose their lives in accidents in which impaired drivers are involved. And nearly 750,000 will be injured in accidents in which impaired drivers

are involved. Likely the number in Canada is proportional to that in the U.S. And in the United States, as in Canada, the real severity of the "crime" committed by these impaired drivers will never be fully recognized. Most often, impairment is used as a defense to allow for plea bargaining, and thus reduction in the severity of the charge. Or impairment is used as a defense to absolve the individual of the responsibility of having killed someone with their automobile. And this is truly sad.

Yes, many of us have driven while we were over the legal limit as registered on a breathalyzer. But even so, this does not give any of us the right to "over-consume", jump behind the wheel of our cars, and literally threaten ever other member of our society who chooses to drive on the road that evening. It is time that we all woke up to the fact that impaired drivers kill people while seldom killing themselves. It is most often the innocent individual who suffers because of the reckless actions of a drunk.

We see the drunks stumble out of the bars, or out of the dances, and out of their houses, and climb into the driver's seat of their favorite automobile. Some people are even laugh at the antics of a drunk as he/she attempts to negotiate a straight path down the road. At times, people even cover for drunks when they have been involved in an accident, perhaps having run over their fence, into their garage, or over one of their pet dogs. But what if the thing that ran over was a child? Then how would we feel? And who to say that that is what won't happen? If we make a concerted effort to push our politicians to beef up the law, if we encourage our lawyers and judges and police to see that "justice" is done, i.e. that an individual who was knowingly impaired while driving is not let off on a "technicality", if we encourage others to walk or get a ride with others if impaired, and most importantly, if we police ourselves to watch our consumption and driving, then we may all use our roads with a lot more safety. If impaired driving is serious enough to be classified as a criminal offence, then we should start treating it as such!

From The Ground Up

District Agriculturist

Jermine Marchand and Rudy Warawa

Ventilating Livestock Buildings
 Fresh air inlets are extremely important in any livestock ventilating system.

There are a number of ways that you can check to see whether they are working properly. One of the best ways is to note how the animals are acting, especially when they are free to move around in the pen or building. Animals will tend to avoid places that they find uncomfortable and seek out those that are more comfortable.

You can check the air patterns by introducing smoke into the airstream and observing its movement. Smoke generating equipment is generally available from safety supply houses.

Condensation patterns will show you where the air circulation is not adequate. A voltmeter can be used to make sure that the air velocity at the air inlets is within recommended ranges.

Air inlets are usually built with rigid polystyrene foam insulation board. It is not expensive and is ideal for inlet fans because it does not warp or swell from moisture. The extruded, high density type is preferable because it is stiffer than the cheaper board type and more durable. It is also important that the inlet system be rigid enough to maintain a uniform inlet opening along its length.

Detailed information on constructing side air inlets and centre air inlets; sizing air inlets; adjusting air inlets and recommended fan locations are contained in a publication entitled "Fresh Air Inlets and Fan Location for the Ventilation of Livestock Buildings" (Agdex 78714). Copies can be obtained from your district agriculturalist or the Publications Office, Agriculture Building, 9718 - 107 Street, Edmonton, T6S 2C3.

Professional Hoof Trimming Course
 For those of you that are interested in taking a hoof trimming course, Ron Dea, District Agriculturalist at Two Hills has asked us to let everyone know that he will be sponsoring a Professional Hoof Trimming Course at Breunau Hill (near Two Hills) on February 2 - 6.

Brian Mann, professional hoof trimmer and instructor will be teaching the course between the hours of 9:30 a.m. and 8:00 p.m. each day. The charge for the course will be approximately \$100 or less, depending on the number of registrations.

Registrations may be placed in to Ron Bayley at Two Hills 667-3811 or our office in Weyburn 462-3665.

Organizational Meeting for Young Farm People and 4-H Annual

Monday, January 18, 1982

At 8:00 p.m. at Vegreville Provincial Building is an organizational meeting of young farm people between the ages of 18 and 30 years (married or single). The purpose of the meeting is to organize a club or organization of young farm people that are interested in sharing ideas with people of their own age, exploring ways to help their agricultural community and to meet new friends. Activities will be planned by the entire group. If you are interested, please plan to attend.

On behalf of all the staff at the Ryley District Office, we would like to wish everyone a Happy and Prosperous New Year. May health and happiness dominate 1982 for you and may the Christmas spirit prevail throughout the year and not just in December.

Viking Light Horse Club Meets
 After a struggle with the projector, Mr. Will from the Viking R.C.M.P. detachment showed us an extremely interesting film entitled "The Mounties and Their Horses". It showed and explained how the horses were handled and trained from birth to the ride itself. Any more questions were answered and the meeting was closed. We wish you a Merry Christmas and a Happy New Year.

Amisk Wutchee

People are accustomed to these operations, however here to report from would probably be more practical to use up to a section of land so that the new actually in use had a buffer all around.

The plant portion could be bermed and surrounded by a chain link fence to give it further limitation from surrounding areas. The additional land could be used for pasture or recreational area according to public acceptance.

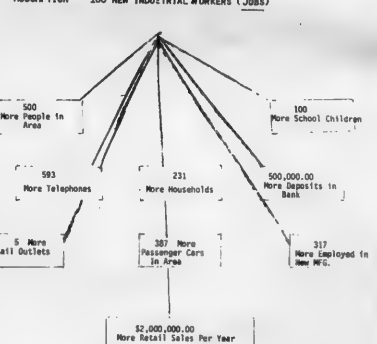

Plants in Europe conduct tours on a regular basis so people can actually observe the procedures carried out.

The type of plant stems used here on the scale shown would employ approximately 100 people. About 90 per cent of this labor force is made up of scientists, chemists and technical engineers. The balance could have many of the workers drawn from young people raised in the area, who did not wish to go and work in the Edmonton and Fort Saskatchewan industrial area. It has also been suggested some farmers with smaller holdings could work on shifts that might make their farming operations more economic. The balance would be people new to the area.

However, as mentioned in a previous newsletter, some materials such as arsenic cannot be burned or chemically changed, so must be encased in concrete and buried in a land fill situation, in an area not to be later disturbed or used. To allow for this land fill situation with a projection of 20 or 40 years use. It would be logical to use a quarter section of land for the plant and land fill site.

In Germany where chemical waste disposal sites are usually situated in the best of all of our interests. It

ASSUMPTION = 100 NEW INDUSTRIAL WORKERS (JOBS)

(THIS IS MERELY AN ECONOMIC IMPLICATIONS PROJECTION DOES NOT SHOW MUNICIPAL IMPLICATIONS)
 (THERE ARE INCREASES IN TOURISM, RECREATION ETC. NOT SHOWN)

As you can readily see these implications cause they do, the work under. On the other premise on the country and surrounding communities, as of course growth always down. We must look at these factors too.

Some of the information we have from European chemical waste plants looks quite reassuring. However we still have to research how they work as well as we are going to look into this side.

In our next news letter we will try to take a look at transportation of materials and the problems this creates.

Again we wish to assure those who are for and those who are against the plant. We are still in the middle looking both ways. Please help us.

Services Held For Engeborg Johnson

Engelborg Regina Lundberg was born in Wilmar, Minnesota on November 10, 1901 to a family that eventually numbered nine sons and daughters. She moved with her family to Canada in 1911 and they settled in New Norway.

In 1929 Engeborg married (Peter) Nordal Haukelid

and the couple lived in New Norway where they had two children, Evelyn and Sidney. Nordal died in February of 1980 but the family remained in New Norway. There Engeborg remarried in 1962, marrying Martin Johnson and they lived in New Norway until 1966 when they retired and

bought a house in Centre. Martin Johnson died in 1963 and Engeborg moved to Viking in 1968 where she lived next door to her daughter Evie. Engeborg lived here in her own home until 1978 when she moved into Villa Lodge. Mrs. Johnson had been in the hospital various times

throughout the fall but with only minor ailments. She died quite suddenly, but quietly, in Viking General Hospital on Sunday, December 20, 1981. She was 80 years of age.

She was predeceased by her father and mother, three sisters and two brothers, and by her daughter Evelyn Haido.

She leaves to mourn her passing three brothers: Oles of Vegreville, Willard of Centre and Bob of Lethbridge; her son Sidney and wife Elizabeth of Calgary, and son-in-law Herman Haido of Viking; three step-sons: Herman, Marvin, and Sandy; and four step-daughters: Selma, Hilda, Lillian and Nina; and nine grandchildren: Peter, Laurie-Ann, Linda and John Haukelid, and Craig, Maureen, Gary, Kent and Leanne Haido.

Rest Eternal Grant Her, O Lord; and let light Perpetual shine upon her.

Danny Leidl Laid To Rest

On December 20th, 1981, Danny Leidl of Viking passed away in the University Hospital in Edmonton at the age of 48 years.

He leaves to mourn his death, his dear wife Mary, and one child, son Bruce. Also four brothers and three sisters, the brothers are Glen from Abbotsford, B.C., Philip at Whitecourt, Alta., and Larry and Wil-

fred of Viking. His sisters are Julie (Mrs. Karl Zestoli) from Unity, Sask., Angie (Mrs. Leo Koback) of Lethbridge, Sask and Ella (Mrs. Bill Joelson) from Stony Plain, Alta. He also leaves to mourn his loss many nieces and nephews and cousins, and his Godparents Uncle Jack and Aunt Mary Fix from Wilkie, Sask.

Danny was predeceased

by an infant brother Conrad in 1981, and by his mother Elizabeth in 1971 and by his father Mathias in 1978. He was born on Dec. 3, 1933 in Lethbridge, Sask. and in April 1949 he moved with his parents and two brothers and sisters to the Viking district where he and brother Wilfred farmed together until his untimely death.

Danny enjoyed the outdoors and in spare moments, he would spend hours hiking, and observing wildlife. He was a member of the Knights of Columbus and a member of the Alta. Wildlife Association.

He was laid to rest Dec. 23, 1981 in the Viking Cemetery. The Pallbearers were his nephews Kevin and Tim Leidl, Edward McLean, Ralph Leidl and Dal and Maynard Kobelsky.

Father Bess officiated at the funeral Mass. Rosengren Funeral Home of Viking was in charge of burial arrangements.

NOTICE

**THE PLANNING ACT
R.S.A. 1977 AS AMENDED**

Take notice that Council of the Town of Viking proposes to pass an amending zoning by-law pursuant to Sections 135 and 136 of the Planning Act, 1977. The purpose of the proposed By-law No. 363 being renumbering of 1) Part of SE 36-47-13-W4 (Centennial Park area) 2) Part of SW 36-47-13-W4 and 3) Part of Block A, Plan 812 0269 from UR to R1, R2 and RMH 1.

A copy of the proposed By-law 363 may be seen at the Viking Town Office and may be inspected by the public at all reasonable hours.

At 7:00 p.m. on the 14th day of January, 1982 the Council of the Town of Viking will cause a public hearing to be held in the Town Council Chambers at which time objections to the proposed by-law may be made and discussed.

Dated at the Town of Viking this 21st day of December, 1981.

Here's a reminder for the carmen snack bar participants for the week of Jan. 11-17. The "A" person is Joyce Lawton, others are Kamphala, Krips, Koch, Klein

and Field families. Dawn Hodgins reports that the new system is working well, and things are running very smoothly. Congratulations to Rita

and Harold London on the arrival of their chosen daughter, Janella. Fred and another Myrtle Ronaghan tell us she is a little doll. Mr. and Mrs. Vera Gilpin spent the holidays with their daughter in Pincher Creek.

Best wishes for a speedy recovery are extended to Beryl Polten who is in hospital in Edmonton.

Mr. Arthur Small of Toronto, a nephew of Ralph Childs, was visiting in Viking recently.

We understand Bill Matison suffered an unfortunate injury over the holidays. We hope he will soon be up and around.

Mr. and Mrs. A.A. Burns have enjoyed Christmas with their family in Edmonton. Margaret Norton had her family visit her in Viking for the festive season.

Get well wishes are also going out to Robin Bittner who was recently in the Viking Hospital. Lyn Inghes

Main Street Viking

Weekly Police Report

The current police report which again covers a two week period and includes the week of Christmas through New Years, found a few motorists facing charges. Five 34 hour licence suspensions were issued and three persons were charged under the Liquor Control Act.

One motorist was charged with driving while impaired as well as driving while under suspension and an additional charge of impairment.

Currently under investigation are two complaints of Wildlife Damage. One complaint was received from a local business within Viking while the second complaint was received from a Viking resident regarding damage to outdoor Christmas lights.

Two additional complaints of Wildlife Damage were reported; one from the Bruce area and the other with regard to the Viking airport where four runway lights were smashed. Estimated damage totalled \$72.00. The local detachment received a complaint of a person causing a disturbance. Subsequent investigation resulted in the person being charged.

A number of minor motor

vehicle accidents were reported and investigated over the past two weeks. A non-injury accident occurred on a county road near Vegreville. Two vehicles were in collision at an intersection on Highway 90 and another two vehicle midway occurred at an intersection in Viking.

Post Canada

New Postal Rates started Jan. 1st. 1982.

Here are some of the new postal rates that have been in effect since January 1st, 1982, for delivery of Canadian and International mail.

Complete details on the new rates, including rates applicable to business mailers, are available at Post Offices.

Mail for delivery within Canada

First Class Letters	0-30 g	.306
	30-50 g	.496
Special Delivery		
Certified Mail	1st Class Postage Plus	\$1.00
	1st, 3rd or 4th Class Postage Plus	\$1.00
Registered Mail	1st Class Postage Plus	\$1.85
Greeting Cards	0-50 g	.306
Third Class Items	0-50 g	.306
Packages:		
e.g. 2 kg (4.4 lbs)	Toronto to Winnipeg	1st Class \$4.00
		4th Class \$1.75
	Montreal to Quebec City	1st Class \$2.45
		4th Class \$1.30
Teletext:	50 words	\$3.45

Mail for delivery to the U.S.A.

Air Mail Letters and Post Cards	0-30 g	.556
	30-50 g	.596
Greeting Cards	0-50 g	.306

Mail for delivery overseas

Air Mail Letters and Post Cards	0-20 g	.806
	20-50 g	.936
Aerogrammes		.806
Greeting Cards	0-20 g	.306

The 'A' Stamp

Until new 30c stamps become available, Canada Post is issuing a special stamp called the "A" stamp.

The "A" stamp shows no denomination, but it has a value of 30c. It must only be used on mail posted and delivered within Canada. It must not be used on mail leaving Canada.

Correct postage can, of course, be made up by using combinations of existing stamps.

Irma News And Views

Was Christmas guests with Mother, Vera McBurney, Mrs. Ella McRoberts of Telford spent Christmas with the Dicks in the home of her sister, Marjorie Fischer.

Mrs. Harry Gardner of Edmonton is visiting at the home of her sister, Marjorie Fischer.

Brent Pierce of Edmonton is spending his holidays at home.

Mrs. Lillian Mikkelson of Arbo, Netherlands Antilles arrived home Monday, Dec. 21 for a visit with relatives and friends.

Mrs. G. Matthews and Miss Mildred Smith spent Christmas with the McDuffs in Victoria.

Mrs. Edith Cochroft spent Christmas at the home of her daughter, Mr. and Mrs. Gene Burke of Spruce Grove.

The Higginses were out to a daughter at Edgerton; Art Larson to Sandra's home at Lloydminster; Mary and John Lambert had Christmas with daughter Carol Backer; Mrs. Lily Sumner was in Edmonton; the Rileys as usual spent Christmas with Ron and Florence Thorsen; Mrs. Bridgetman at the home of her son Bruce; Mrs. McLean to Betty Parsons; Mrs. Maan Kalar went out to Judy and Alva Fleming.

Peggy and Archie Fleming spent Christmas in Calgary with daughter Jean.

Mr. Scott Cromshaw of Gahelad spent Christmas with Archie and Margaret Coak.

Tom, Karen and Theresa Crossen of Spruce Grove

held at the home of Ester Cressy on Thursday Jan. 21, at 3 p.m.

Doreen Hill will be responsible for the raffle. The meeting was adjourned, and then we had fun guessing who our mystery pal was "Miss Night" and repetition of the crowd.

Minutes were read by the secretary Ester Cressy, and were discussed and dealt with.

The Treasurer's report was given by Doreen Hill and was received. A motion was made and carried that some money be transferred to the savings account.

Business arising out of the minutes was dealt with and bills and accounts were taken care of.

Correspondence was read and dealt with. A letter regarding District 2 conference coming up in February was tabled until next meeting. Under new business, plans were finalized for the Christmas party. Our annual Christmas gift arrangements were made and it was decided to have it delivered to our shut in friend David Savage.

Election of officers took place with the following results: President Louisa Jackson, Vice-President, Minnie Jackson, Recording Secretary, Ester Cressy, Treasurer, Doreen Hill, Social Services, Betty Pastor, Regular Free Friendship was pay one penny for each inch in size of your coat. Roll Call was done to be paid.

The next meeting is to be held at the home of Ester Cressy on Thursday Jan. 21, at 3 p.m.

day afternoon and reported that it was (if anything) colder down there than it was around Irma.

Laure Lousin of Chilliwack, B.C. is visiting with her family in the home of her sister, Mary took in England and Ireland, last June and July.

Stanley and Mrs. Beeson and three children from Nipawen Sask. spent the Christmas weekend with Stanley's mother, Mrs. Alva Bacon of Irma.

Arthur, Marilyn, Minnie and Jim Jackson spent Christmas with his wife and Donald Armitage and family on Saturday afternoon, Dec. 26th.

Gladys Taylor (see Larson) passed away at her home in Seattle Washington at the age of 78 years, on Nov. 19th, 1981. Gladys was born at Arlington, South Dakota and moved with her family to the Coal Springs district in the early days of Irma's settlement.

Arthur and Marilyn Jackson and Lorraine left on Monday afternoon and drove to Sundre where they visited with Arthur's sister Isabel Bartholow and family. They also visited with his niece Marlene, Rose, Stan and family at Sundre. They returned home on Wednesday.

Mrs. Alice Bacon spent Christmas day with Irene and Frank Crabb and family.

Big excitement in Irma on Sunday night when the fire siren sounded shortly after 9 p.m. When the volunteer fire fighters arrived at the fire hall, they found that there was no fire, but that they had been called out to search for a woman reported missing at about 5:00 p.m. About an hour later the fire siren sounded again as a sign that the lost had been found. She was brought home by a person with whom she had been visiting.

Chris, Mark and Vern Russell spent New Year's day with daughter Fay and boys at Minburn.

Aces Split Two - Tie Two

The Irma Aces are rolling right along and have now finished the first third of the season. Currently, they are sitting in second spot, behind Hardisty but only by two points. Since the last report, there have been two localized games, two squeakers and a lot of interest.

Hardisty 9 - Aces 3

The Aces' last game was a close one when they lost by a point to the Aces. In the first period, the Aces completely dominated the game, scoring three goals in each period.

In the third period, Irma got on the board with a goal by Len Parsons, assisted by Brian Burr, Wayne Lechoway and Dale Nilsson.

Then in the second, Dale Nilsson scored his second goal with assists going to Len Owens and Dale Nilsson. Then got signals, Anders Olausson turned aside 30 shots. In the penalty department, Irma received 6 minors, 1 major and a game misconduct. Hardisty picked up 8 minors, 1 major and a game misconduct.

For the Irma fans, the only thing they had to cheer about was a fight in the second period between Jim Parsons and Gary Phillips with two and Ray Tomlinson, Jim Owens and Dale Nilsson with one each.

Bruce McChesney put in a fine performance in the net. In the penalty department, Irma had 4 minors, 1 major and 1 game misconduct while the Vikings had 9 minors.

Hardisty 9 - Aces 3

The Aces gathered up 15 minors, 1 major and a game misconduct, with Reinald picking up 11 minors, 1 major and a game misconduct.

Irma had a good night, stopping numerous point-blank shots, but didn't receive too much help on the break away.

Irma's 1 - Lechoway 5

A much improved hockey club is what the Aces have when they journeyed to Lechoway to take on the Road Runners.

I am sorry about the state, but the writing on the game sheet is just too blurry to make anything out.

In what was a fairly rough game, the Aces changed heads several times, with Lechoway finally tying it up half-way through the third period.

Irma picked up 46 minutes in penalties to Lechoway's 36 minutes. Bruce McChesney guarded the net.

Up The Stewie

While playing in Lechoway, Morgan Jones found a new way to take the goal off his feet, but says that it is kind of hard on the same.

Also, the Aces' New Year's Eve dance went over well and a good time was had by all.

Cicon Action Concerns Council

Concern over both the progress of the new waste system and a major expenditure on the project resulted in a special meeting of the Viking Town Council being held on January 4th with Olson Engineering.

Final estimated figure of \$115,000 was given for completion of the pump house.

Mayor Roubion informed Mr. Chrupka that Council was concerned over the amount of money billed by Sontcor. He said that the first time that Council knew of the company was when they were submitted the bill for \$70,000. He stated that in all other cases of work on the water system, there have been competitive bids which Council has looked over. In this case, Clonj just gave the go-ahead to Sontcor on an hourly basis to build the pump house.

The Mayor informed Mr. Chrapko that Council decided to hire another consulting firm to go over the cost sheets submitted by Scooter as competitive bids had not been received. He said that the Council wants satisfaction that the Town's money is being well spent.

The Mayor also said that the \$2.8 million project seemed to be coming together slowly. He said that there seem to be no definite plans for the treatment plant as yet.

Merys Consulting Ltd. has been hired by the Town to look at a number of the projects in the Town. The Mayor said that the Council feels that Ciccon has done a good job up until now, but that there seem to be problems and they must protect the interests of the Town.

He noted that since Council started to raise some concerns in mid-December there seems to have been a lot done on the projects.

Mr. Rushton said that Council wants to work with Mergo Consulting and Cicon Engineering to verify the \$70,000 expenditures by Scotcor, and to see that the final stages of the water treatment plant go well.

Mr. Chapko requested that the Town pay Scoutco as the Company was in need of the money, however the Mayor said that Council must have confirmation of the expenditures by Marge before they will pay Scoutco.

Expected completion date for the water system also came under scrutiny by the Council. Mr. Chrapko said that the new water system should be completed by April 18th at the latest. Most Councilors were of the opinion that this deadline couldn't be met, and Mayor Rushon noted that Mergo indicated that they couldn't see the project being completed by spring.

On Monday, Mayor Rushton and Merges Consulting met with Cison Engineering and Sontow to discuss the bills on the pump house. Mayor Rushton said that it will take a few days of study by Merges before they can make a final recommendation as to the work done by Sontow.

The work undertaken by Scotcor which concerns the Viking Council includes the construction of the wall for the pump house (top of which can be seen at right of picture) and the placement of pipe from each section of the new reservoir and to the outside of the reservoir (excavation dirt can be seen at left) for transfer of the water to Town. Staff Photo

School Support Staff On Strike

School support staff employed by the Wainwright School Division have gone out on strike to support their position in bargaining with the School Board. This includes five members of the Union, C.U.P.E. Local 1000, who are employed at the Truax School.

of the promissory was to "break the union". For this reason, the entire package was rejected because it was late. Mrs. Taylor stated that "If the Union had missed the time limit for promissory, can guarantee that the Board would have said tough luck, live with the old agreement."

Mrs. Taylor said that Ward package included number of items which union could not take. These included removal of union dues check at least of 20 days on grievance procedure, a

stodias, secretaries, library clerks, instructional assistants and teachers' aides from schools in Irma, Winwright, Cheyenne and Edgerton.

When questioned about the Board and Union proposals, Mrs. Middleton said that she wouldn't comment because she didn't wish to negotiate through the media. She said that the Union was invited to negotiate on January 6th and 7th, but that they didn't show up for the meetings. The Board received notice of strike

Mrs. Taylor said that the Board brought reasonable proposals to the Union and they would consider negotiating with the company on any of the establishment of a new work, removal of the retirement bonus plan, removal of part-time employees from the agreement, and a reduction from 80% to 50% of Board share of contributions to the benefits plan.

to their old contract, intent to open negotiations and proposals had to be submitted by each party prior to 30 days before expiry of the old agreement. She made the deadline for proposals for the 1982 contract as December 1st. She says that the Union submitted their proposals prior to the deadline, but did not receive the Board's prom-

Local 1808 President Taylor said that the Board package included 20 proposals while the Union's had only eight. The Union proposals included a leave of absence clause similar to that of the teachers, an upgrading of the holiday structure, a 4 day week for central office staff during the summer, increased con-

The C.U.P.E. Local President said that the UMW members are preparing for a long strike, but that they don't think that the Board can keep the schools open very long. She said that if

Definitely An Asset

On Saturday, a group of dedicated individuals gathered together at the Viking School to undertake a project to which they had been looking forward for some time. The project was the moving of the equipment and furnishings from the old location of the Viking Day Care to its new location in the Alberta Housing portable unit which was placed on the old Viking Cartage lot just prior to Christmas. During the holidays, the unit was serviced and prepared for occupancy, and last Saturday about a dozen people, mothers, employees and helpers, worked to complete the move to the new home of the Day Care.

Some people said that a day care in Viking wouldn't work because there wasn't enough demand for one. And some people said it shouldn't work because children should stay at home with their mothers, and that a mother's place is in the home. Well, times are changing, and in both instances, those who had no faith in the project should re-evaluate their position with regards to the Viking Day Care.

Through a great deal of hard work and dedication on the part of a very small group of people in Viking, the Town has a very well run, very enjoyable place for a child to spend a day away from home, whether it be on an occasional basis or full-time during the week. Our daughter regularly attends the Viking Day Care, and she thoroughly enjoys it, as do the vast majority of children who go there. The two people who work in the facility for the Child Development Society, Kathy Hummel and Marianne Tkaczky, do an excellent job of looking after the children and providing them with a wide variety of learning experiences. Children are constantly bringing some project home from the Day Care which "they" made, and display a great deal of pride in the fact that they were able to "create" such a wonder. We find that from time to time it is very difficult to extricate our daughter from the Day Care, simply because she is having so much fun

that she doesn't want to leave.

The Day Care provides a child with the opportunity to meet other children, and to learn to play with other children. Now days, people are having fewer and fewer children, with the average number of children per family in Canada now below two. With these small families, children are able to get a variety of companionship from facilities such as the Day Care. And these experiences provide for a better-rounded child.

Another point in support of the facility deals with time. It has been said that it is not the amount of time that one spends with their child that is important, but the quality of the time that they spend with their child that is important. We find that our daughter spends a most rewarding day, both inside and outside, while attending the Day Care. And her experiences are varied in many ways, and yet provide her with the security of stable expectations which each of us requires. Most of the credit for her happy times at the facility must go to the staff, for they are the people who care about those children placed in their charge.

But one cannot forget the tremendous work done by the members of the Child Development Society in providing the community with this facility. They wouldn't give up when the odds against them seemed insurmountable. They doggedly fought on to realize their dream of a separate facility for the families of the Viking area. It may not be exactly what they were looking for, but it is a good facility, and one which will provide the necessities of the project.

A project such as this is a benefit to a community. It is just one more service which the community provides to its residents, and is a factor when business or industry are considering locating in the community. The present Day Care is operating without a deficit, and with any community growth at all, should go nowhere but up. Hats off to all of those people who have supplied Viking with this facility, and thus made it a little bit better place in which to live.

Wednesday, January 13, 1982

4-H On The Move

By Ed Macosky, Regional 4-H Specialist

Bird Snow Motion '82. Back by popular demand is a winter camp for under 4-5 members. Thoroughly enjoyed the past two years by 4-Hers, the National Regional Council decided to sponsor the camp again this year.

Last year Winter Camp was held on the Stable Lake Recreation area, the sleeping quarters were Tupperware. This year for safety reasons we are going to have indoor sleeping accommodations. The camp is far from sports but will provide a place to warm up and protection if weather conditions are severe. The sleeping area will not be heated so warm sleeping bags will be needed.

The camp we have chosen is the Credit Union Camp on St. Vincent Lake which is a few miles north of St. Paul. The program for Winter Camp '82 has not been set yet but all activities will be outdoors. Activities will include ice skating, snow shoveling, cross-country skiing, outdoor cooking, and snowshoeing.

"Farm problems relate directly to other sectors of society," stated the National Farmers Union official. "Layoffs have already been announced at farm machinery plants, meat packing plants, and other food processing plants. This increasing unemployment makes the problem worse."

Besides the larger companies that are directly related to the farming industry, there are many service businesses and small businesses in general who are dependent on the agricultural industry.

Ed Macosky, National Farmers Union official, stated that these facts indicate the severity of the current economic recession.

Ed Macosky, Region 7 co-ordinator for the National Farmers Union has expressed concern over the alarming number of farmers who are getting out of the business.

The farm bankruptcy rate has increased by 30 per cent in the past year, but most farmers being forced out of production because their assets before they go bankrupt, so the number of farmers leaving the land is actually much higher than the bankruptcy rate would indicate.

"Farm problems relate directly to other sectors of society," stated the National Farmers Union official. "Layoffs have already been announced at farm machinery plants, meat packing plants, and other food processing plants. This increasing unemployment makes the problem worse."

Day Care Facility At New Location

The Viking Child Development Society have relocated their Day Care program to a portable classroom on the lot next to Place Farm Equipment. The self contained unit can accommodate up to 25 children per day.

The Viking Child Development Society have moved their day care program into a portable classroom next to Place Farm Equipment.

The day care will be open from 8 a.m. to 5:00 p.m. Monday thru Friday, and can now accommodate up to 25 children (between the ages of 15 months - 5 yrs) per day. The program will include full time day care, part time, occasional and after school care for those who require it. The fee schedule is as follows: \$6 per child per day; \$14 per day for 2 children or \$1.50 an hour per child.

In order that the day care run at a break-even basis fees must be paid one month in advance. Occasional child care can be paid the same day. If notice of cancellation is not received at least 48 hours in advance, you will be charged for the spot registered.

Parents must send a lunch for their child. Until then drop in at the centre. There will be a Child Development Meeting Thursday, Jan. 21 at 7:30 p.m. at the day care.

Ratray Shorthorn Well Received

While the shaggy felt the date was too late in the year and the weather did little to co-operate, the 4's Company Production Sale of pedigree Shorthorn drew wide-spread buyer interest. Dennis Thibault, Ratray Shorthorn, Br.

Profile: Nick Shihinski

Nick Shihinski

The union of Nick and Pearl has been blessed with six children, 4 boys and 2 girls. All have left home (i.e. Gerald, Janet, Sonya, Neil and Grant) except for Neil who is in grade 10 at the Holden School.

In 1953 Nick started working for the Holden School Division and was put in charge of maintaining the school. At that time there were about 30 rural schools, plus the town schools, which required maintenance and supervision. Nick was responsible for everything to do with the physical operation of the buildings, including seeing that there was an adequate supply of wood or coal at each building.

Nick relates how it was a lengthy task securing and hauling the wood and coal to each school. He had one helper and a two-ton truck to haul the loads. The wood was purchased from area farmers who would have done some logging, while the coal came from the Black Nugget mine just south of Ryley.

In the mid 1950's, the County of Beaver school system came into being, and Nick was put in charge of the buildings for the County. He presently oversees 5 public schools and 3 Village schools. He has 3 full

time maintenance men working for him, and is in charge of the 20 caretaking staff at the public schools in the County.

Over the years, Nick has been involved in a number of ways in the Holden community. He has been a member of the E.L.A., being a Chair Officer for a number of years. He is presently President of the Holy Ghost Ukrainian Catholic Parish in Holden, and was active as Soviet Master when scouts were operating in Holden.

In 1980, Nick was elected to the Village of Holden Council. He sat as a councillor for a short period, then was elected to the Mayor's position when the former mayor resigned. Nick was re-elected to the Mayor's position for the 1981-82 year at the organizational meeting of the Holden Council in October.

Nick enjoys a number of hobbies and pastimes. These include woodworking and mechanics, as well as bowling and basketball. The pastime he enjoys most of all, however, is being in the outdoors fishing and camping.

Nick Shihinski, a man who has worked to keep our schools running smoothly for years, and is now working to keep the Village of Holden running smoothly.

Father Larre Nite - Wainwright

The Blessed Sacrament Parish, Wainwright, invites you to the Father Larre Nite at the Catholic Church, Wainwright, on Thursday, January 14, 1982 from 7:00-9:30 p.m. Everyone welcome. No charge.

Father Lucien Larre was born in St. Walburg, Saskatchewan, the youngest of 13 children. He had polo at age five, and in spite of being told he would never walk again, he walked in two years!

He has five University Degrees in Philosophy, Theology, Physiology and History. His experiences are: taught music and gregarious cheer at St. Charles Seminary, taught High School in North Battleford, Medicine Hat & Red Deer, established the Guidance Center at Miller Comprehensive High School, Regina, and was Department Head for six years, Air Force Chaplain for two years, took 138 teenagers on a European tour (including 4 days in Ireland), the youngest of 13 children. He has worked in Saskatchewan at the University of Saskatchewan in Education, Psychology for three years, he has worked in family therapy and marriage counselling, he has a vast experience in helping people with serious emotional, drug and delinquency problems. Father Larre has worked with teenagers all his life and specialized in adolescent psychology and family problems. In 1970, Father was one of the founders of Bosco Home in Regina.

Bosco Home is a highly specialized treatment centre for some 80 children and teenagers with serious problems. Some are schizophrenic, mental; others are delinquent or seriously hooked on drugs. Bosco operates seven homes, a treatment centre, a special school and the Lucy

Knocking, and much more.

Please mark your 1982 calendar for Father Larre Nite, Thursday, January 14th 7:30-9:30 p.m., Catholic Church, Wainwright. Everyone Welcome.

Picking Profitable Feeding Programs

Livestock producers can save money by using high-energy feeds when interest rates are high.

Agriculture Canada researchers in the Atlantic Provinces recently compared five different cattle feeding programs to find the most profitable one at interest rates of 20 per cent.

High-energy rations, based on either culled potatoes or silage are the most profitable. Roughage-based feeding programs had the lowest returns because the cattle took longer to reach market weight, adding to the producer's interest charges.

Main Street Viking

Burtan Bensen has arrived home after visiting around Alberta for the past ten days. His friends and neighbors are happy to have him back.

The ladies aerobic exercise classes are again in progress at the school. App-

arently the girls had a few complaining moments after the holiday break.

Gladys Riddick has just returned from a vacation in Hawaii. Word has it that she has a very nice tan. Those of us who are tanning it out in Viking for the winter will

have to wait until next summer for our share of sunshine.

For the week of January 18-24 the Viking Caravan Lunch Bar "A" family is Langa. Others who will be working this week are the Kitch, Keith, Lockhart, E. Lefevre, K. McGinnis and Hyde families or friends.

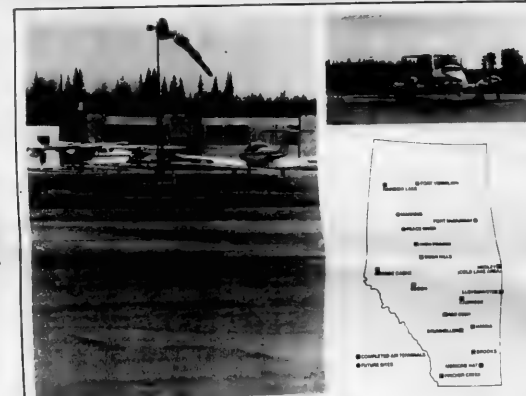

We have been advised that the unidentified person in last week's "Losing Back" classroom photo is Ron Gilbertson. An error in identification also occurred the same Pete Dystchik should have read Eugene Dystchik.

Hockey tournament dates have been set earlier this year than in previous years, starting prior to the end of January. They will not work for the complete day of each tournament, but will also ask parents to watch for busy times in the week and volunteer to help at these times only.

project: Airport Terminals
...building to serve you

The Heritage Fund will commit today to building airport terminals gives travellers the benefits of flying to communities throughout Alberta. These fully-serviced airport terminals are:

- designed to meet the particular needs of each community.
- designed for the safety, comfort and convenience of passengers, crews and ground personnel.
- built in co-operation with federal, provincial and municipal authorities.

Now the communities shown on the map are more accessible for business, pleasure or emergency travel. This support for Alberta's air transportation system is only one sign of your Heritage Fund's commitment to improving our quality of life.

The Heritage Fund is investing 30% of the revenue from your oil and gas resources in projects which benefit Albertans today and provide a legacy for the future.

Heritage Fund
A sure sign today...for tomorrow

Johnson Rink Wins Farmers Spiel

The Viking Curling Rink was a busy place this past weekend with a total of thirty-seven rinks taking part in the 1981 Viking Farmer's Bouspiel. Rinkings from nearly all the surrounding towns were in attendance with the furthest entry being the OH-Henry rink with Don Henry from Vernon and Andy Place from Kelowna, B.C. Participating teams treated on-lookers to good curling and close competition as they played off for prize money in excess of \$2,000.00.

Winners of the first event was the Clayton Johnson rink from Sedgewick who defeated the Peter Mitak rink of Bruce in a close final game.

In spite of their good luck "long" season, the G. Nest rink from Innisfree were forced into second place in the second event played when they were defeated by the Keith Currie rink from Irma.

In the third event a strong battle took place between the B.C. entry of "OH-Henry" and the Vern Halse rink from Viking. In spite of efforts on the part of Don Henry to spark the "OH-Henry" team to life with several cups of strong coffee, the group were unable to rally in time to avoid defeat by the Halse rink of Viking.

Following are the top four rinks in each event:

- First Event
1. Clayton Johnson
2. Peter Mitak
3. Mike Halse
4. Henry Halse

- Second Event
1. Keith Currie
2. G. Kana
3. Jim Thaxby
4. Cam Maxwell

- Third Event
1. Vern Halse
2. OH-Henry
3. Case Power (St. Paul)
4. John Niet

The Viking Curling Club would like to thank everyone who participated in the bouspiel and also extended thanks to the ladies who brought food and donated their time in the snack bar.

A very special thank you to all the businesses in Viking who donated prizes or money towards the operation of thespiel:
J. Hunter, Macdonald, G. Ritchie, B. Mattinson; Willmark Motors; Rustica Trucking; Plaza Farm Equipment; Farmers Meat Mart; Viking Sports Shop; Viking U.O.G.; Carli's Garage; MacVet's; and the Chin's; S. Wear; Crossroads I.G.A.; Sunny Days; Sorey's; V-Line Trucking; Howery's Auto and Farm Supply.

Clayton Johnson's rink from Sedgewick captured first place in the Farmer's Bouspiel sponsored by the Viking Curling Club the weekend of January 8 to 10. Completing the team are Keith Johnson - Third; Loren Sterbakken - Second; Ralph Sterbakken - Lead; Promoting the Max Sterbakken - Second and Ralph Sterbakken - Lead. Promoting the Max Sterbakken - Second and Ralph Sterbakken - Lead. Promoting the Max Sterbakken - Second and Ralph Sterbakken - Lead. Promoting the Max Sterbakken - Second and Ralph Sterbakken - Lead.

The Keith Currie rink of Irma took the second event in Viking's Farmer's Bouspiel. Allen Larson threw third rocks while Mike Orzechski and Lyle Orzechski delivered second and lead shots.

The Viking rink skipped by Vern Halse topped the Third Event of the Farmer's Bouspiel. Team members are (left to right) Vern Halse - Skip; Sanford Hanson - Third; Richard Lavelle - Second and Laurie Brisonier - Lead.

Amisk Wutchee

When something we consider best happens to us, we all say, "why not?" We wonder that not if something good comes our way. So a lot of people have said if a chemical waste plant is needed and generally most people agree, even those to deal with this conspiracy as well as many others.

We previously looked at a D.G.R. is natural gas. It means more road in the future. It means more road in the future. It means more road in the future. It means more road in the future.

When ever a dangerous road is closed, it is a natural gas. It means more road in the future. It means more road in the future. It means more road in the future. It means more road in the future.

When ever a dangerous road is closed, it is a natural gas. It means more road in the future. It means more road in the future. It means more road in the future. It means more road in the future.

To date the Viking Pee Wees have played a total of four exhibition and two league games. This year, Pee Wees are Robert Kamphuis, Robin Nashand, Cory Biermachsky, Doug Taylor, Cory Clouston, Cory Winter, Tammy Maxwell, Trevor Ritchie, Darren Antos, Cory Wierchick, Dean Haeberle, Mark Rushton, Rick Chamney, Darren Wadley, Vernon Erickson and Mark Newby coached by Brian Wierchick with Dick Chamney's assistance.

The team opened their season with an exhibition game on Nov. 27 against Kilian and were solidly beaten 14 - 6. In their next exhibition game against, I-ma on Dec. 10, they made a much better showing defeating I-ma 7 - 6 in a closely played game.

On Dec. 12 Viking hunted hard for their first league game. This was a very exciting game with beautiful rushes by both teams. When the final buzzer sounded, Viking had won their first league game 7 - 5. Our scorers were Doug Taylor, Cory Clouston, Dean Haeberle.

Viking Pee Wee Report

erie, Cory Wierchick, Trevor Ritchie, Cory Biermachsky, and Darren Antos all getting into the game. Assistants went to Vernon Erickson and Darren Antos with two such and thanks to Dean Haeberle and Tammy Maxwell.

On Dec. 17 Viking hosted I-ma in their third exhibition game. I-ma really came out firing and dominated the first period netting three goals with scoring slugging in only one off the stick of Darren Antos assisted by Cory Biermachsky. In the second period the game turned around with Viking in control. Cory Clouston netted two goals with assists from Doug Taylor, Dean Haeberle, and assisted by Dean Haeberle and Cory Winter. Cory Winter popped in one with a speeding slap shot assisted by Dean Haeberle. Darren Antos got his second of the game assisted, I-ma.

netries only found the net once in the second period. In the third period I-ma really ran out of steam, seeing as they only had nine players in all, and Viking netted three more. Two for Cory Clouston from Doug Taylor and one by Cory Biermachsky assisted. I-ma's first goal being one. The final score was 6 - 3 for Viking.

On Dec. 19 Viking traveled to Dayland for their second league game. Viking controlled the game right from the start and Robert Kamphuis received his first shut out of the season. Point getters were Cory Clouston with seven goals, Dean Haeberle with two goals and an assist, Cory Biermachsky with one goal and one assist, Robin Nashand, Darren Antos, and Darren Wadley with singles. Doug Taylor received three assists and singles to Cory Wierchick and Tammy Maxwell. The final score being 13 - 0.

On Dec. 26 Viking traveled to I-ma for a return exhibition game. This game turned out to be really hard fought and pretty tight. This is the scoring for Viking receiving assists were Dean Haeberle with three, and singles to Trevor Ritchie, Cory Biermachsky, Darren Wadley, and Cory Winter. Both Robert Kamphuis and Mark Newby played super between the pipes. When the final buzzer sounded, the score was Viking 8 - I-ma 7.

Thanks to Ernie Taylor for looking after the Timekeepers and Tom Newby for game submissions. Also to the referees and we mustn't forget the fans, bring a friend and come out for some super entertainment.

Midgets Take Two

Friday night the Viking Midgets hosted Forestburg. It was a high scoring game right from the start. The score was tied at 2 all before the first 15 minutes went by. However Forestburg scored only once more in the first period and Viking continued to score throughout the game for a final score of 15 - 8. Credits must be given to both teams who continued to play hard throughout the game despite the top-sided score. Gordon Rushton had a relatively easy night in net for Viking. A summary of scoring is as follows: Dean Antos - 4 goals, 1 assist; Dan Anychik - 1 assist; Ian Erickson - 5 goals, 4 assists; Leif Erickson - 1 goal, 2 assists; Randy Graham - 1 goal, 1 assist; Bill Hansen - 1 goal, 3 assists; Grant Maxwell - 2 goals, 1 assist; Geoff Stephenson - 1 goal, 4 assists; Darren Wierchick - 1 assist.

Thanks to referees Colin McLaren and Murray Josephson, scorekeeper Erik Erickson and timekeeper John Antos.

On Sunday afternoon the Midgets traveled to Kilian where they played probably their best game of the season thus far. Facing a much improved Kilian team and an excellent stand up the boys had to work hard to achieve and maintain a lead in the game. The first period opened up at a fast pace and that pace was maintained throughout the entire game. Kilian

opened the scoring midway through the first period. Seconds later Ian Erickson finally beat the Kilian goalie assisted to tie up the score.

In the second period despite many shots on the Kilian net Viking scored only once to make the score 2 - 1. Ian Erickson scored

assisted by Bill Hansen.

In the third period Viking scored twice more. Geoff Stephenson scored assisted by Dean Antos and Ian Erickson. After some time outrest Bill Hansen scored assisted by Geoff Stephenson.

Doing a good job in net for Viking was Gordon Rushton.

Nutrition At School

This invitation is open to all parents, grandparents and interested people. Please bring a \$10.00 donation and let her know that you are interested - even if it's just for one day.

The main objective of the

program is to teach the children something about good nutrition, favourable attitudes toward a variety of foods and improve their eating habits. If anyone has any questions or concerns about the program please contact

the District Home Economist, Mrs. Joan Giesbrecht, under whose direction and guidance the program is being run. The Home Economist can be contacted at the Alberta Agriculture Office in Wainwright, phone 683-3052.

The recent cold spell, accompanied by winds and a moderate snow fall, brought the snow removal equipment into action clearing Viking's streets and alleys.

Staff Photo

Holden Club Starts New Season

Holden Figure and Power Skating Club started the 1982 season last Saturday, registering 40 youngsters. The Club hired James Winkler as the Club instructor.

At a meeting held January 9th, parents decided to set the fees at \$12.00 for Learn-to-Skate and \$20.00 for all other levels. The Club is aiming for 11 sessions which will be held every Saturday, from January 9 to March 27, except February 20th. Learn-to-Skate is from 12:30 p.m. to 1:40 p.m.

Power Skating - all levels from 1:40 p.m. to 2:50 p.m. Beginners Figure Skating from 2:50 to 3:30 p.m. and Intermediate and Advanced Figure Skating from 3:30 p.m. to 4:50 p.m.

In addition to the club instruction fee, each skater will have to purchase from the Holden Agricultural Society a Skating Pass, which is good for all skating, or pay a fee of \$1.00 per lesson.

In line with a decision to place the emphasis on Skating instruction the parents decided to cancel the Ice Show this year. The club will be running a Club Night and Skates contest with all proceeds going to the club. These proceeds will be used to pay for judges, budge and provide funds which will hopefully keep the Skating fees at the same price next year. Details on the contest will be released at a later date.

Once again the club will be affiliating with the Alberta Recreational Skating Association and teaching their program to the skaters. The club wants to bring in judges to pre-qualify the skaters and then have them come

again at the end of the season to judge the progress of the skaters in the program. Registrations are still being taken. Further information can be obtained by contacting the President, Elaine Grinde at 686-5966, Holden, or Edna Blyk, Secretary-Treasurer at 682-7885.

Marko of Viking has taken on this job for the Viking School program. Her assistant will be Mrs. J. Draper. If anyone in the community is interested in more details of the program, please call my office or the District Co-ordinator in Viking.

Nutrition at School
Starting January 11, Nutrition at School is coming to Viking. This is a program of nutrition education that is sponsored and funded by the Home Economics Branch of Alberta Agriculture. It is implemented in the schools with the support and work of the Principal and teachers. All children in Kindergarten to Grade 8 will be participating in the program.

The program involves the actual serving of small food samples to the children. These food samples will be served in the morning, four days per week, Monday to Thursday until March 16. Along with the food samples the teachers will be involving the children in nutrition learning activities. These activities are designed to help the children learn about good nutrition, create favourable attitudes toward a variety of foods, and hopefully improve eating habits.

The food samples given to the children will be small in size. They are simply a reinforcement to what is being taught in the classroom about good nutrition.

The preparation of food and the food samples is being done by a Food Co-ordinator. This person will be in the school each day food is served. Mrs. Doris

Winter has not dulled the spirits of our Swinging Beavers Square Dance Club as was demonstrated by the enthusiastic crowd that attended our Xmas Turkey Supper and Dance evening held on Dec. 31, 1981 at the Bruce School. We enjoyed approximately 85 guests from Wainwright, Edmonton, Calgary, and other areas.

Early in December some of our brave folk journeyed to Lloydminster to dance. December 16th took others to the Hairy Hill Xmas party, while New Year's was being done in Edmonton at Linwood's Club New Year's Dance. A good time was had by all.

Edgerton will be celebrating their 8th Anniversary Party on January 29, 1982. All square dancers are invited.

We'll be holding a Chili Night on Jan. 18, 1982 and a

Ivor Boraas Laid To Rest

Ivor Boraas of Bruce passed away suddenly at his home on January 4, 1982 at the age of 70 years. Ivor was born on June 6, 1911 at Viking and spent his entire life in the Viking and Bruce area.

Funeral services were held at the Golden Valley Lutheran Church on Friday, January 8 at 2 p.m. Pallbearers were Joe Dues, Bill Heberle, Art Lansing,

Harvey Olson, Gordon Barker and Irven Fredericks. A Legion Honor Guard was also present. Interment was in the Golden Valley Cemetery.

Ivor is survived by his wife Anna of Viking, son Randy of Edmonton, daughter Anita Bruce of Bruce and two grandchildren. He will also be missed by his many friends at Bruce.

Private Ownership For Waste Plant

As part of the Alberta Government's new policy on the management of hazardous waste in Alberta, Environment Minister Jack Coonin announced last Friday that private ownership and operation of waste treatment facilities is preferred. He made the announcement in relation to the Government's "Pavilion Paper on Industrial and Special Waste Management."

The Pavilion Paper is a result of two years of investigation of ways to manage the growing volume of industrial wastes in the province. The Paper deals with four major components: a management system and plant must be in place before the plant is operating. The Government is presently intending to introduce specific legislation this spring.

To provide management of the hazardous waste system, the Government will create a Crown Agency. This Agency is to provide central control of the overall hazardous waste management system.

While overall management will be the responsibility of the Crown Agency, the Government will turn the ownership and operation of the treatment facility over to private industry. The Agency will be responsible for the operation of the facility. There are provisions to be made for independent experts, with final say in the event of a dispute.

The successful private investor will be required to enter into agreements with the Crown Agency. One aspect of these agreements would allow the Crown Agency to take over the plant if the private firm was not able to operate according to the agreements.

The land on which the plant would sit is to be Government-owned. The government regulatory agencies would be responsible for monitoring the operation of the plant in order to protect human health and the environment.

The Paper states that the process of specific site selection will emphasize municipal and local involvement. It gives the responsibility for initial site selection to the municipal council, stating "... local municipal councils will remain the initial decision making bodies when it comes to siting."

However, the Provincial Government will be involved in the final site selection. The Pavilion Paper, Mr. Coonin said, and that the Government will require independent review.

Continued on Page 2

Flagstaff Opposes Waste Plant

The Council of the County of Beaver County, both on a general and specific basis.

In other developments, a meeting of the County of Beaver Agriculture Advisory Board yesterday resulted in a motion in favor of the County's decision to deny the waste plant. The unanimous motion agreed with the County Council's decision to request testing of the site in the County.

Orville Laksas, Secretary-Treasurer of Flagstaff, said that he was not prepared to make any statement on the motion. He said that the motion had not been adopted, and wouldn't be until the next meeting. He said that until then adopted, no minutes are public, therefore he wouldn't comment.

In fact, the County Council at the regular January meeting last Thursday, he said that the only reason for his resignation is that he felt he has accumulated enough time on the job and decided to retire to enjoy a life of leisure.

A. Robert Cross started work for the County of Beaver on August 1, 1980.

If suitable location was ascertained, the County would look closer at all possibilities, according to Mr. Powell. He also said that he is unaware of any strong opposition to the plant being located in the area.

The County of Beaver is continuing to be considered as the possible location of a hazardous waste treatment plant. At the regular January meeting of the Council, discussion was held about starting the series of information meetings on the hazardous waste issue in the County.

Also at last Thursday's meeting, Don Ronaghan presented a number of resolutions prepared by various government agencies or for these agencies. He pointed out evidence in each study which supports the appeal.

Few Attend Hearing

Myra Bunkton requested by giving four main reasons why the Council had proposed, only two people turned up at the Public Hearing on By-law 983 last Thursday evening in the Council Chamber. The By-law will remove Centennial Park, as well as some adjoining land, from its present category in residential land.

Upon the meeting being opened for submissions at 7:00 p.m., no submissions were forthcoming, but Ruth Bunkton questioned Council as to why Centennial Park was not permanent, considering that it was a residential project. She also wondered why the Council would spend the money to relocate the park when it is already there.

Councillor Jenny Bird spoke at the meeting, saying that she thinks it will be a mistake in view of the fact that the Town does not have immediate sale for Centennial Park.

New Business To Open In Holden

Mr. A. G. Sobir Mian has purchased the former hardware store located on the Main Street of Holden and will begin a new business of importing, manufacturing, packing and the marketing of "snack foods".

The building has been renovated and the 6,130 sq. ft. of space has been divided into areas for manufacturing, importing, storage, and office space. Initially a total of six people will be employed in the business, a majority of them local people.

Mr. Sobir Mian was born in Lahore in northern Pakistan and came to Canada with his wife Najma and two children eight years ago. Settling in Calgary, Alberta, he started a business which imported rugs and various other goods and gained experience in marketing food items. His market area for this business included the Maritime, Quebec and Ontario.

After living for five years in Nova Scotia, the family moved to Holden.

Continued on Page 2

Bob Cross Resigns

At that time he held the position of Assistant Secretary-Treasurer.

In early 1980, Mr. Cross left the County to go to work for the Town of Beverly, where he was appointed Secretary-Treasurer. He worked in Beverly for only nine months, returning to his previous position with the County on January 1, 1981.

In October of 1980, Bob Cross took over the job of Secretary-Treasurer for the County. On July 31st, the County Council accepted his resignation. It will be 39 years since he first joined the County. Along with his 4 years of war service, Mr. Cross feels that those 39 years have given him enough time working steadily.

Mr. Cross has recommended to the County that they advertise for his position soon so that a replacement will hopefully be on the job by March. Mr. Cross feels that four or five months are necessary for the new Secretary-Treasurer to become familiar with the position.

Bob Cross, Secretary-Treasurer of the County of Beaver, submitted his resignation to the County on last week's regular meeting. Bob will resign in July after nearly 39 years with the County.

It's Toque Time!!!!

It definitely is that time of year. The time of year to put away all of those warm weather clothes and stick with the woolies. Most of the people in the area have done this, but some still do not. And it seems that the majority of people see woolies around "half dressed" in this frigid cold weather we have been experiencing are young people. And most of these young people are in the age range from 10 years and upwards.

It really isn't our position to tell people how to dress at this time of year. But some people in our communities are given this responsibility, and it is a responsibility that they should take very seriously if they are put in the position of having to decide it. And they shouldn't let Daily we see some youngsters arrive at our schools who aren't adequately dressed for the cold weather. In their jargon, it isn't "cool" to leave home with warm boots, a heavy winter coat, and a warm hat of some type. It is much "cooler" (for sure) to wear a light coat, sneakers, and no hat. And yet, in this type of weather, young people are putting themselves in danger every time they leave home with such skimpy winter attire.

And daily these young people put others in our society in a bad situation. When they get on a school bus, they are forcing the driver to refuse them permission to ride on the bus. These drivers are responsible for those in their charge, and this includes ensuring that these young people are properly attired for the cold weather. This responsibility on the part of the bus drivers ensures that

youngsters will not be the victims of the cold weather if an accident occurs, or if the bus becomes stranded somewhere.

This responsibility may also extend to people who chauffeur young athletes from town to town once a week to play in sporting events. It would be a hard lesson to learn if an adult became stranded in weather such as we have now with some poorly dressed youngsters and some of them suffered frost bite, or even death. It is not responsible to expect that an adult would not carry these youngsters with him, knowing full well that they are in potential danger if anything untoward happens. And yet adults are put in the position of having to make these choices on a regular basis.

The real responsibility for ensuring that our young people are properly clothed for the weather lies with parents. It is imperative at this time of year that parents do not give in to the youthful whims of their children and allow them to go outside without being properly clothed. If they are playing around one's own yard, then fine. But when we turn them out to be put into the care of others, we must make sure that they are properly attired for the conditions at hand.

This is not "bare heads and sneakers" time of year. It is the time of year for "toques and boots". Let's all remember that, and work to ensure that we are not responsible for a tragedy, or contribute to a tragedy. Parents, ensure that your children are properly attired. And drivers, refuse them access into the vehicle. It is necessary when we realize the full scope of the responsibility.

Holden Business

Continued from Page 1

came west. Two more children were born in Canada accompanied them to Alberta. Mr. Mike Warren, Coordinator of Rural Development Project No. 4 in Holden. Together they set up the business. During the Christmas holidays, the entire family moved to Holden and 8 children enrolled in school. Mr. Mike Warren is very grateful for all the help he received from Mr. Warren and the Holden Village Council. At present he is finalizing all plans to open the business in 2 or 4 months time. A. Shevchenko

Choir Disbands

The Viking Community Choir gave their Christmas Concert in the Holden Grange on December 23rd. The choir was made up of about 20 members. Despite a little rain, a large number of the members of the choir enjoyed the various works performed. Some solo work was done by the choir members and some were performed in four parts whereas others were performed in three parts. One piece "Holy is God the Lord" was sung in four parts and a quartet of voices singing yet another four parts.

The silver collection taken at the door was promised to the Northern Alberta Children's Hospital. Funds raised and a cheque for \$140 has been sent to them.

After the performance the choir gathered for coffee. Presentations were made to George Lambert and to Ian Bishop in thanks for the time they had put into the programme. It was then decided that the choir should disband with the possibility that it may reconvene next fall.

RURAL CRIME WATCH MEETING

Thursday, January 21
7:30 p.m.

Viking Community Hall
Memberships will be taken and Gate signs will be handed out.
Representative from Alberta Fish & Wildlife will be in attendance

NOTICE

Vialta Lodge is now taking applications for the positions of full time and part time cooks. For further particulars contact 386-3363 or 386-3466. Please submit written resumes by January 22, 1982 to:

Vialta Lodge
Box 380
Viking, Alberta
T0B 4N0

NOTICE

The office of AIR AGRO SERVICES LTD. will be closed from January 6, 1983 until February 3, 1983, when we will again be open for business.

1. Flight Training
2. Charters
3. Crew Changes
4. Hot Shot Service
5. Pipeline Patrol
6. Maintenance
7. Crop Spraying and Seeding

Air Agro Services Ltd.

Hardisty Wainwright

ATTENTION ALBERTA RESIDENT GRIZZLY BEAR HUNTERS

In addition to the regular grizzly season north of the Bow River, there will be a Spring Grizzly Bear season for Alberta residents, by authorization only, in Wildlife Management Units F300, F302, S400 and S402 from April 1 to June 5, 1982.

This season will be based on the authorization system and all residents hunters in possession of a valid 1981 Wildlife Certificate and who have not shot a Grizzly Bear in 1981, are eligible to apply. Successful applicants will have to purchase a 1981 Grizzly Bear licence for \$20.00. Applications for this authorization may be obtained at District Fish and Wildlife Offices.

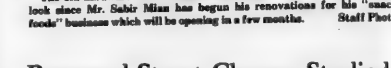

The deadline date for applications to be received at the following address in Edmonton is February 12, 1982:

Alberta Energy & Natural Resources
Fish and Wildlife Division
P.O. Box 2223
Edmonton, Alberta

TAKE HEED

IF YOU VALUE YOUR RURAL LIFESTYLE,
LIVING IN AN UNCONTAMINATED
ENVIRONMENT, DRINKING THE WATER
FROM YOUR WELL OR DUGOUT AND
ENJOYING THE PRODUCE
OF YOUR LAND,
TAKE HEED

The proposed Hazardous Waste incinerator, landfill and deep well injection pose an unacceptable risk to the enjoyment of your way of life.

A report commissioned by the Provincial Government reveals:

"The Hazardous Waste incinerator will release a number of regulated pollutants in substantial quantities during routine operations." (1)

"Experts are concerned with the likelihood that consecutive windless days cause hazardous vapours and pollutants to accumulate at ground level in the adjacent area." (1)

"A Hazardous Waste incinerator in Nyborg, Denmark produces 54,990 pounds per year of smogstack pollutants." (1)

Provincial officials have misled the County of Beaver by saying that only carbon dioxide and water will be emitted. **THIS IS NOT TRUE.** The Town of Viking has recently constructed a water catchment reservoir which would almost certainly become contaminated by the smogstack emissions of a plant in the Bruce-Viking area.

"Landfills should not be located where the underlying groundwater is suitable for human consumption as the leaching of chemicals from this landfill will degrade well water quality." (2)

"The public health concerns of a secure landfill include the potential for fire, explosion, chemical gas emissions and contamination of water supplies." (3)

On January 15, 1982 Jack Cookson, The Provincial Minister of the Environment, revealed that:

1. Alberta **WILL ACCEPT** Hazardous Waste from Saskatchewan, Manitoba, and British Columbia for disposal.

2. The disposal plant will be **PRIVATELY-OWNED** - that is operated to generate a profit - 6 International Corporations have expressed interest.

3. The people in the area of the plant will receive **no** compensation other than the location of the plant in their area.

A study commissioned by the Federal Government in conjunction with the four Western provinces found that no area in the County of Beaver was a preferred site for a Hazardous Waste disposal plant. This report released in March 1981 recognized:

"that environmental and social forces may require that the incinerator complex be located remote from a main population centre."

This report identified South-Eastern Alberta as the preferred site in all of Alberta. (2)

This plant, once situated, will be **FOREVER** as long as industrialized society exists and the people adjacent to such a plant will be continuously subjected to its emissions.

The Minister of the Environment hopes that by March 1982 that the site of this disposal plant will be finalized. (4)

The decision will be a political one (that is based on wherever public resistance is the least) **not one** based entirely on environmental considerations.

The water you drink, the air you breathe and the peace of mind that knowing your environment is still relatively pure are important parts of your quality of life. **NO AMOUNT OF TAX REVENUE** is worth polluting your water, air and soil.

THIS INDUSTRY IS DANGEROUS - GET INVOLVED - Take steps immediately to get your County Council to act before it is too late.

On January 14, 1982 the County of Flagstaff Councillors unanimously rejected any further consideration of that County for the location of a Hazardous Waste disposal plant.

DEMAND that the County of Beaver follow this action to reject the location of such a dangerous facility in a highly productive agricultural area. Your health and peace of mind are at stake! Tell your County Councillor where you stand! **DEMAND** that your health and land value be preserved. Your Councillor can prevent this area from being Western Canada's **DUMPI**

From The Ground Up

District Agriculturists
Jerome Manchur and Rudy Warawa

Here if you are, by now, aware that the Alberta Feed-Back Assistance Program is in effect for the County of Beaver. What you may not know is that the program has been expanded from basic herds to include back-ground cattle. This means that calves that are to be rough fed on forage throughout the winter and sold as feeders or put back on pasture in the spring are considered eligible under the program. This however, is NOT for FINISHING FEEDLOT CATTLE.

If you have any questions, please give us a call at the office.

Just a reminder to everyone that the application forms for Beef and Sheep Support Program will not be in our office until the end of January. Except for the Beef Maintenance portion of the program, a worksheet will accompany applications, in a manner similar to the application for a CWS Permit Book. The worksheet should be filled out at home and when ready, brought into our office.

Just a reminder to everyone that the application forms for Beef and Sheep Support Program will not be in our office until the end of January.

Surface Rights Information Meeting

When: January 26, 1982 at 7:30 p.m.

Where: Holden Community Hall

Topics: Seismic Activity and Your Rights

Surface Leases and Negotiations
Right-of-Way Agreements
Recent Changes in Surface Rights Legislation
Recommendations for Future Changes in Surface Rights Legislation

Speaker: A representative from the Alberta Agriculture Farmers' Advocates Office will be speaking.

Sponsors: The District Agriculturists
-Rivley District Office

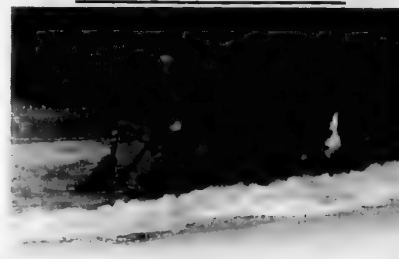

No Pre-registration Necessary: Everyone Welcome
ARE YOU INFORMED OF YOUR RIGHTS?

Biting Back

A computer survey has shown that Canadian livestock producers could get at least 50 per cent more meat and milk from their animals if it weren't for parasites.

But scientists at Agriculture Canada's Lethbridge Research Station and other stations across Canada are fighting back against the lice, ticks, biting flies and cattle grubs that have been affecting livestock for centuries.

New control measures being evaluated today include the use of superior insecticides as well as fungi and viruses that attack these biting pests.

On Tuesday, January 12, this grader was clearing snow from the edge of Camp Lake when it broke through the ice. The grader was clearing snow to make way for trucks which were working to build up the beach.

David P. Smith

With the closing of the Chrysler Dealership in Viking, **WAINALTA MOTORS** is ready to serve Viking area residents

WE HAVE:

Parts Department

The trained staff in our parts department is always willing to help you.

New Vehicles

We have a good selection of the newest vehicles Dodge & Chrysler have to offer.

Used Cars & Trucks

Our used vehicle department offers a wide variety of good used cars & trucks to choose from.

Service Department

The experienced staff in our service department can offer you the most in modern, dependable service.

Recreation Vehicles

We carry a good selection of Recreation Vehicles, including Vanguard Campers, Trailers & Motor Homes

WAINALTA MOTORS LTD.

Giving Skiing

All the winter sales are being underway and the ski shops are no exception. Before you get in line for the bargain, try to do a little research on what's ahead—especially if you are a beginning skier. A foot and a half money are soon parted and that holds true if you don't know what to look for. They say that learning to ski isn't the difficult part. The unlearning part takes place indoors, selecting skiing equipment. Shopping for ski was relatively simple about ten years ago, but today there are dozens of manufacturers, each with many models from which to choose.

Learn about the different terms and ski language that go along with the sport. When you make the investment in equipment, make sure you learn how to care for it also.

Consumer Affairs sends along the following tips on purchasing ski equipment:

1. Read the reports on equipment and manufacturers' advertisements in magazines such as SKI and Skiing. The fall and early winter editions report on most makes of skis, boots and bindings available in the ski shops.

2. Shop in as many ski shops in your area as you can, especially those where the sales people are avid skiers themselves. Tell them about your skiing preferences and abilities. Test their knowledge of what they sell by asking questions.

3. Try out the equipment. Wear the boots around the store and at home. Look for demo runs at ski areas and see what is available. Some rental shops will rent new demo skis and the rental fee usually can be applied to the cost of the skis should you decide to buy them.

4. Find out when and where the ski swaps of used equipment are held in your area, usually in the fall. You may be able to purchase what you want at a much cheaper price than new equipment. Swaps are especially good for buying children's ski equipment.

5. In conclusion, although you can spend a lot on ski, your first priority should be safe bindings, followed by boots which provide comfort, warmth and performance.

As part of the Annual Remembrance Day activities, the Royal Canadian Legion sponsors a Canada wide Literary contest and a poster contest.

These contests were initially sponsored locally by the Irma Branch #112 of the Royal Canadian Legion.

The Irma local winners are in the Senior Essay Category (grades 10, 11, 12):

1. Trent Larson; 2. Lela Glasgow.

In the Intermediate Category (Grades 7, 8, and 9):
1. Denise Crawford
and in the Poon Category:
1. Lorne Firkus and 2. Billie Jo King.

Irma Bantams Report

Irma Bantams although not travelled to Provost on Dec. 28 only to be disappointed as they were dominated by a small 11 lb. G. Gals picked up a hat trick in this game with singles to Fischer and Gert-

son. Dec. 29 Irma travelled to Consort for a tournament. They out scored Consort the first game 6 - 8. Lorne for the game while D. Archibald and L. Mark had two apiece and R. Gals a single.

The final game the boys met Carter and came off the ice smiling as did Coach John Gals after dumping them with a score of 18 - 2. Scoring for Irma this game were L. Mark with four, T. Ford, R. Gals and L. Fischer picked up double and R. Hoth and D. Lomness one each. The boys played good hockey and only had few penalties given to them for both games.

Thurs. Jan. 7, saw action of the Irma rink once again as the Bantams started their play out to Watwright & Co. The boys were only to be offed by 2-1 as they came off the ice defeated by a score of 6 - 2. Goals

scored for Irma were by T. Ford assisted by R. Gals, assisted by Gals & R. Wolcott. Next home game will be Jan. 21st.

Irma travelled to Provost Jan. 9. This second game of the league proved to be more interesting as they

came away with a tie. The score was 3 - 3. Lorne of Provost after the first period of play. After their pep talk between periods, Irma came out scoring. Their second goal was scored at the 18 sec. mark of the second period and they tied the goal at 1:02.

On Sat., Jan. 16th, 6 members, namely Walter Stefank, John Marchewski, Dorothy and Marianne Thach, Ruth Lever, and Doris Forst, of the Viking Badminton Club travelled to St. Paul for that club's 1st annual tournament.

Through the weather was not competition was hot, with the local contingent having a good showing. As each participant could enter only two events, the locals did not have representation in the singles events.

In ladies' doubles, Dorothy and Marianne finished 2nd b-way of finishing 1st on the side, only to lose the final to the "A" side winners from Bonnyville. Ruth and Doris lost out in the final on "A" side.

The local detachment received a complaint of theft of telecommunications material within Viking. The incident is still under investigation. A complaint of theft of Drums was received from near Viking and one from the Bruce area. Both complaints are still under investigation. A complaint of theft of tires was received from Wilmark Motors the incident is currently under investigation.

A Break, Enter and Theft at Macleod and at LeFrere was reported and one male person was charged. Two charges were issued under the Liquor Control Act and five 94 hour license suspensions were issued to drivers.

Five minor motor vehicle accidents, all non-injury were reported and investigated. The local detachment would like to inform the

public of three found items. The owners may claim these items by contacting the local office: 1. medical drum - found in a ditch on Highway 90, 1 four foot yellow nitrogen cylinder found in the slurry behind I.O.A., and one green, grey Haverhill 2 wheel bicycle.

Next tournament action will be held in Leduc, the 1st weekend in Feb. However it should be noted that the teams of John and Walter, and Ruth and George, were eliminated by the eventual 1st and 2nd place finishers respectively.

Next tournament action will be held in Leduc, the 1st weekend in Feb. However it should be noted that the teams of John and Walter, and Ruth and George, were eliminated by the eventual 1st and 2nd place finishers respectively.

Midgets Sweep Two

On Friday night the Viking Midgets hosted Dayland, the first time the teams have met this year. The Viking boys did not play as organized a game as they could have but they still pulled off a 14-1 win.

Dayland's lone goal came midway through the second period, spurring Gordon Bantam's attempt at a shot out in net for Viking. Gordon had a relatively easy night in goal again. Dayland's entire team played hard despite being behind by such a large margin. Dayland's goalie was a good job in net, facing over 70 shots on goal. Bantam's Nick Theysky and Shaun Clouston filled in well for the ailing Dan Artych and Left Erickson. Thanks boys.

A summary of scoring for the night was: Dean Aston, 5 goals, 3 assists; Shaun Clouston, 3 goals, 2 assists; Ian Erickson, 3 goals, 6 assists; Randy Graham, 1 assist; Bill Hansen, 2 assists; Mike Johnson, 2 goals, 1 assist; Grant Maxwell, 1 goal, 2 assists; Greg Supp-ness, 1 goal, 2 assists; Nick Theysky, 1 assist; Darren Winmar, 2 assists.

Consolation final will get

gets again enlisted the help of three Bantams to fill in their numbers. Shaun Clouston, Gary Vith and Dan Lawes did a good job as alternate players. Thanks boys! The boys played a more aggressive game this time than the first. Viking scored 8 goals in the first period, 4 goals in the second and there was in the third period for a final score of 14-1. Goalkeeper Gordon Bantam was not overly busy

in net but did make some key saves when the three Bantams were in the net.

A summary of scores was: Dean Aston, 3 goals, 5 assists; Shaun Clouston, 1 goal, 4 assists; Ian Erickson, 3 goals, 6 assists; Randy Graham, 1 assist; Mike Johnson, 2 goals, 1 assist; Grant Maxwell, 1 goal, 2 assists; Greg Supp-ness, 1 goal, 2 assists; Nick Theysky, 1 assist; Darren Winmar, 2 assists.

Viking Bantams To Host Tournament

underway at 2:30 when the two defeated teams will meet to determine the "B" winners.

At 5:00 p.m. the two undefeated teams will take to the ice for a consolation game which will determine the "A" trophy winners.

Trophies will be awarded to both the "A" and "B" winners. As well, the Viking Minor Hockey Association has arranged for "Most Valuable Player" trophies to be presented to a player of each team after each game.

"The team would like to thank the men who have helped them with this hockey year and those who have helped at the gate and worked in the time keepers box as well as those who have helped the officiating. The team sends a hearty 'go well' to coach Jim Valner in the Viking Union."

Sunday's tournament has all the ingredients for a day of exciting hockey and action. Come out and support your local team.

NOTICE OF SUBDIVISION APPROVAL AS PER SECTION 20 AND 163 OF THE PLANNING ACT, 1977

File: B1 D 920
Municipality: County of Beaver
Legal Description: S.E. 20-46-11-4
Proposal: 1 Country Residential Parcel
Applicant: Gordon Beaton
Box 43
Kinsella, Alberta

If you are an owner of land adjacent to the above, you may appeal the decision of approval or any condition of approval for this property. The appeal cannot deal with the proposed use of land as legally adopted by the municipality in its land use by-law.

For this purpose, adjacent land means land which touches the parcel being subdivided and to which would be in contact with this parcel if it were not separated from it by a public roadway, river or stream.

A proper notice of appeal must be filed with both the Alberta Planning Board and the applicant within fourteen (14) days of the date of this publication. Such notice shall contain:

1. the legal description and municipal location of lands being subdivided,
2. the name and address of the applicant,
3. the name and address of the appellant,
4. the reason for appeal, and
5. the name and date of this publication.

Gas King Hockey Review

The Viking Gas Kings are now well into the 1981-82 hockey season. Although there have been a few disappointments in the early part of the season, the team now seems to be playing better, and hopefully the season progresses they should improve even more. (Game sheets are not available for all the Gas Kings games, but following are reports on a number of games played this far.)

Round 1 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 1. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 2 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 2. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 3 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 3. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 4 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 4. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 5 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 5. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 6 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 6. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 7 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 7. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 8 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 8. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 9 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 9. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 10 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 10. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 11 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 11. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 12 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 12. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 13 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 13. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 14 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 14. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 15 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 15. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Round 16 - Viking 4, Gas King 2
The Viking Gas Kings opened the season by beating Round 16. The Gas Kings lost 4-2 to the Vikings in the first period with no assists.

Mrs. and Mrs. Murre Orzech and family spent the week end in Canmore visiting.

Mrs. and Mrs. Robert Holmar enjoyed Sunday dinner at the Lee Prosser home in Minburn.

Mrs. and Mrs. Gary Wright and family of Vancouver were visitors at the MacKewill farm.

Bruce Greenwood made an overnight trip to Slave Lake to pick up a truck.

Herb Barker of Canmore accompanied him on his way back.

Mrs. and Mrs. Wes Bauer traveled to Edmonton Wednesday on business despite the weather.

Yvonne Greenwood made a rush trip Friday to Edmonton to be with her brother Ray Johnston at the University Hospital where he had a kidney transplant operation.

Mrs. and Mrs. Bob Williams and family traveled to Edmonton on the week end to attend Clarence Hunter and Kathy Hoggie wedding.

Congratulations.

Nerissa Hunter has returned home after spending a few weeks in Calgary

visiting relations.

Sunday evening the neighborhood all got to gather and travelled to our new

neighbors home, Mr. and Mrs. Gordon Hall, for a surprise welcome to the community party.

Final Wheat Payment \$1.15

Producers should receive a final payment of about \$1.15 for Red Spring Wheat and \$1.10 for Durum, says President George Fletcher, of Pullman Wheat Growers Association.

And assuming this estimate is correct, states Fletcher, farmers will be especially pleased, in light of recent price declines, and rapidly increasing production costs.

The Pullman President says these estimates are based on the Canadian Wheat Board's Thursday price quotations for exports for each 32 weeks of the 1980-81 crop year. Quota-

tion on No. 1 Red Spring Wheat 13.5 per cent protein, averaged \$0.69 per bushel (top price was \$0.75 per bushel or \$7.40 per bushel

and the low price was \$0.64, 23 per bushel or \$6.10 per bushel). No. 2 Amber Durum averaged \$0.77 per bushel, ranging from a high of \$0.81 per bushel (\$0.82 per bushel) to a low of \$0.69 (\$0.71 per bushel).

(If one used Vancouver prices of about 30 cents per bushel to this, the total would be higher.)

Farmers have already received \$0.69 per bushel for Durum and \$0.60 for Red Spring Wheat, so there is \$1.21 and \$1.29 difference per bushel between this and what the Wheat Board sold the grain for. Deducting 2 cents per bushel for Wheat Board administration costs, and 10 cents for terminal elevator charges will leave a nice final payment for farmers, says Fletcher.

WHY CONSIDER BEAVER?

On December 8, 1981 the Hazardous Waste Implementation Team recommended to the Honourable Jack Cookson, Minister of the Environment for the Province of Alberta, that the following Counties in order of preference:

1. County of Strathcona
2. County of Sturgeon
3. County of Lacombe
4. County of Leduc

be examined for the location of a Hazardous Waste disposal plant in order to minimize the risk of transporting Hazardous Wastes from the major sources of such chemicals in the Edmonton area. (1)

The Counties of Beaver and Flagstaff were evaluated by this Team and could **NOT** be specifically recommended for the siting of such a disposal plant.

THESE BELIEFS WERE NOT TOTALLY TRUE:

1. There has never been public acceptance of such an industry anywhere in the world. (2)
2. The incinerator will generate sulphur dioxide, hydrochloric acid, carbon monoxide, hydrogen fluoride and dust. (1)
3. The recommended areas of the Province for the location of a disposal plant are either as close as possible to the source of generation of such wastes (1 & 3) or in areas remote from the population and of low agricultural value. (4)
4. The Government of Alberta has decided that this disposal plant should be privately owned and operated, so as to generate a profit. The Hazardous Waste Implementation Team recommended in its December 8, 1981 Report that the land on which a Hazardous Waste disposal plant is located on should be transferred to the private firm so that the Province could **NOT** be legally liable for damages resulting from the disposal of Hazardous Wastes on that land. (1)
5. The Province of Alberta **WILL** accept wastes from outside of the Province. (5)

We would ask the County Councils of the County of Beaver to consider these facts. The County councillors of the County of Flagstaff voted on January 14, 1982 to stop any further consideration of their County for a hazardous Waste disposal plant. We ask that the councillors of the County of Beaver have the same consideration for the safety of their constituents and reject any further consideration of this county.

THE HEALTH AND WELL BEING OF THEIR CONSTITUENTS IS AT STAKE!

Kinsella Seniors Elect Officers

The Kinsella Rose Seniors held their annual meeting on January 13 at 2:30 p.m.

The election of officers resulted as follows: President - Tommy Harray, 1st Vice-President - Harold P. 2nd Vice-President - Evelyn Greenwood, Secretary - Hilma Garvie, Treasurer - Catherine Evans. The directors are: Violet Lancaster, Phyllis McBride, Jack McKie, William Ravel, Mary Armitage and Charlie Toman. Try Miller will remain Historian.

There was some discussion on whether some of us should enter the shuffleboard playoffs at Walworth for the Winter Games. The cold weather sort of put a damper on this and caused the playoffs to be postponed to a later date. If more than four wanted to go to Walworth they would hold an elimination playoff at Kinsella first as only four entrants were allowed from one club.

At this time the seniors would like to thank all those

kind folks who have donated books and other things to our club.

Seventeen people braved the cold weather to attend our card party on January 20. It was an evening of low scores, maybe the cards were cold too... but, the fellowship was as warm as ever.

The winners were as follows: Mary Armitage 149 points, Phyllis McBride 136 points and Fred Johnston 139 points and Bert Armitage close behind with 136 points.

Mary Armitage and Evelyn Greenwood served a deli-

cious lunch. Some of our members are involved in consulting the History book of the Kinsella District.

As always we meet on Wednesdays at 2:30 p.m. The only exceptions are the February and March business meetings which will be held at 2:00 p.m.

Adult visitors are always welcome and if there is anyone 55 years or over who would like to join our club just contact any one of our members or come to the centre any Wednesday. Like everyone else we're hoping for warmer weather soon.

Bruce Busy Bees Meet

Bruce 4-H Busy Bees held their business meeting on January 6th at 7 p.m.

Cooking group 2 made Buttermilk Pancakes, group 3 made a seafood salad, and group 4 made Mexican Taco and crispy corn dogs. The roll call was to sing a line from your favorite song.

We discussed family fun night which will be March 3rd. We also discussed Talent Night on Feb. 12th in Holden. Each club should put on an act for 15 minutes.

There will be a Public Speaking workshop in Holden on February 6th at 9:30 a.m. with the cost of \$8.00 per person. Dates for Public Speaking are February 28th at 7:30 p.m. for club-level speaking, County speaking, and County speaking. County speaking will be in Walworth on March 21st. Our next cooking meeting will be on January 20th.

Joe and Hazel Johnston celebrated their 50th Wedding Anniversary on November 29, 1981 at the home of Fred and Angela. A number of friends and relatives attended the open house in their honor. The anniversary cake was made and decorated by Laura Bridges.

Nursing Home News

Our sincere sympathy is extended to the families of Mr. Ernest Walters who passed away the twenty-fifth of January.

Get well wishes are extended to Elmer Johnson who is a patient in the Viking Hospital.

Karen and Terry Leah visited Lars Rindal. Visiting Mrs. Campbell

was son Lloyd of Heister. Welcome to our home Mrs. Margaret Davidson.

In visiting Mrs. Davidson were Len and Mary Ferguson of Vegreville.

Visiting Mr. Lindquist were Ruby and Stan of Sedgewick.

Sister St. Bride and Sister Leola of Kildan visited Miss Kelly and Mrs. Davidson.

SERIES OF SEMINARS ON WASTE DISPOSAL PLANT

FIRST SEMINARS

RILEY FEBRUARY 2
1:00 p.m. - 4:30 p.m., Riley Legion Hall

VIKING FEBRUARY 5
1:00 p.m. - 4:30 p.m., Viking Community Hall

BRUCE FEBRUARY 10
1:00 p.m. - 4:30 p.m., Bruce School Gym

FOLLOW-UP SEMINAR
HOLDEN FEBRUARY 17 1:00 p.m. - 4:30 p.m.

FORMAT OF FIRST 3 SEMINARS

Dr. S. Weaver, Ph.D. and Dr. M. Wilson, Ph.D. will deal with the technical side of destroying the 12 major pollutants in Alberta (for approx. 2 to 2½ hours) - until coffee time.

Following this break the chairman will have a question period. Questions on any phase of waste disposal can be raised, such as design, operation, legislation, administration, transportation, etc. Of course, at this meeting answers will not be given to all your questions as we at this time may only provide superficial answers. However, capable and qualified people will answer these questions at a follow up seminar slated for Holden on February 17.

The first three seminars (Riley, Viking and Bruce) will cover the same material. You can attend the one most convenient.

The material for future seminars will be determined by the questions raised and experts in these fields will present answers at follow up seminars.

The number and type of seminars held will be determined by interest shown and input from county residents.

If additional seminars are requested from other centres within the county they will be considered.

As has been stated before, these are merely educational seminars.

No decision has been made
nor no agreement entered into to accept or reject such a facility.

Hopefully by March we should be better informed on the subject.

Before you buy an RRSP or make a contribution to one you already own, talk to Mutual life.

At Mutual Life, life insurance is just part of our story. We also have a great RRSP called the Accumulation Annuity. It has everything you need to defer tax while accumulating money at competitive interest rates to provide for your future. And when you do retire you'll find all the income options available, including income for life.

No charges, no fees.

Only at Mutual Life will you find an RRSP like our Accumulation Annuity. There are no expense charges or administration fees, so all your money starts earning interest right away. Not everyone can promise you that.

Competitive interest rates.

With Mutual Life's RRSP, interest is calculated and added daily, and compounded annually. You have the option of a floating interest rate or guaranteed interest rates for

one, three or five years. It's your choice. But one thing you can be sure of—your money will earn a rate of interest that is competitive with current interest rates.

Expert financial advice.

When you buy an RRSP from Mutual Life, you benefit from the counselling of one of our knowledgeable agents. Mutual Life agents are trained to give you all the information and advice you'll need to plan your financial future.

Call Mutual Life.

Our RRSP may have just the features you're looking for. Competitive interest rates. No charges or fees. All the income options. And we deliver. Talk to us soon. Remember, you only have until March 1 to save on your 1981 tax return. Our offices are listed in the white pages.

More ways to protect your future

Mutual Life of Canada

Profile: Lydia Hanson

Lydia Hanson was born at Crowfoot, Alberta, near Calgary, on September 14, 1908. She lived in the Crowfoot area for the first three years of her life, then moved with her family to a farm northwest of Tobique.

Lydia attended school at Leducbrook with her 8 sisters and one brother. Lydia also attended school in Tobique, graduating from high school in 1931.

Following graduation, Lydia attended the University of Alberta where she took one year of training in education. Upon completing her training, Lydia began teaching at Lake Allen school. She taught there for two years, then moved to the Horden School for another two years.

In 1946, Lydia moved to the Viking School. She taught for one year, then married Russ Hanson of Viking. She taught the first year following the marriage, then quit the profession to raise a family.

The Hansons have had three children, Len, Brent and Debbie. Lydia spent until 1976 raising her family on the farm northwest of Viking.

In 1976, Lydia started working for the Town of Viking as its secretary. She held this position until 1979 when the resignation of the Town Administrator, Frank Merewood, caused an opening in the top administrative position. Lydia applied for the job and was moved into the position in October of the same year.

Lydia Hanson is a member of the Royal Purple, and presently sits on the Board of Trustees. While raising her family, Lydia spent several years as the Superintendent of the Viking United Church Sunday School. At the same time, and until 1980 when they moved to Town from the farm, the Hansons were members of the Maple Lodge Community Association.

Lydia's leisure time is

Lydia Hanson

spent mainly reading, although she does enjoy watching sports when she has time to attend. However, since taking on the Administrator's job, she finds many of her evenings taken up with Town business. As well, Lydia is working towards her Local Government Administrator's Certificate from the Extension Program at the University of Alberta. As it is a correspondence course, many evenings are spent working on it.

The job of Town Administrator requires that an individual wears many "hats."

Lydia Hanson's first 34 years in the position show that she is doing a good job of making them all fit.

CANADA

WARNING

CAMP WAINWRIGHT RANGES

Day and night firing will be carried out at the Camp Wainwright Ranges, Province of Alberta until further notice.

The Ranges consist of DND controlled firing areas south of the Town of Wainwright, between primary Highways 13 and 14 and is intersected by Highway 41 in Township 42 to 46, Range 5 to 9, West of the Fourth Meridian in the Province of Alberta. If required a detailed description of the Wainwright property may be obtained from the Construction Engineering Office at Canadian Forces Detachment, Wainwright, Alberta.

STRAY AMMUNITION AND EXPLOSIVE OBJECTS

Rounds, grenades, shells and similar explosive objects are a hazard to life and limb. Do not pick up or retain such objects as souvenirs. If you have found or have in your possession any object which you believe to be an explosive, notify your local police and arrangements will be made to dispose of it.

No unauthorized person may enter this area and trespassing on the area is strictly prohibited.

Services Held For Rachael McDonald

Rachael Jane Elizabeth McDonald of Kinlock passed away in the Viking General Hospital Jan. 6, 1982 at the age of 61 years.

She was born in Portage La Prairie, Manitoba to Mr. and Mrs. Charles Walter McDonald, the oldest of four children.

The family moved to Fawn Lake, Saskatchewan in 1905 where she completed her schooling and assisted in the family operated Post Office.

She met and married Donald McDonald of Elberta, Saskatchewan on March 30, 1930 at Weyward, Saskat-

chevan. To this marriage were born 11 children, 7 girls and 4 boys. She was preceded in death by her father, mother, 2 brothers and 1 granddaughter.

She is survived by 1 sister, Mrs. M. J. McDonald, 10 grandchildren and 11 great-grandchildren plus numerous nieces and nephews.

Her husband predeceased her September 4, 1976. She is preceded in death by her father, mother, 2 brothers and 1 granddaughter.

Funeral services will be held at 2:00 p.m. on Friday, January 29, 1982 at the Viking General Hospital.

The family requests that all contributions be made to the Viking General Hospital.

Interment will be in the Viking General Cemetery.

Funeral services were held from the Kinlock Unit.

Irma News And Views

Do, numerous nudes and nephews and a host of friends.
Mrs. Edith Coudry has been hospitalized in Walworth this week.

Mrs. Lily Simmerman returned last week and after a visit with members of her family.

Mrs. Hal Lindsay (nee Lovett) of Coquitlam, B.C. passed away this week. She was well known at Irma and Walworth having lived in the Roseberry school district. She had no to mourn her passing her husband, her mother Mrs. Alice Savard of Surrey, sister Agnes, brothers Jack and

The weather, that universal source of conversation, has certainly furnished an abundance of material for conversation during the past month, hitting home 40 at times. Fresh rains, and winds from every direction. Some places are already getting roads open. Many

schools were closed last week, and in other instances schools were open but buses did not run. Hopes are high that a spell of milder weather will soon materialize.

Four Irma Seniors braved the extreme cold on Tuesday, Jan. 19th and drove to Kinross to play in the semi-final Cribbage Tournament. While not being lucky enough to come out winners they're bringing back a trouble free round trip and a very enjoyable time. They met many other brave seniors, some from Walworth however.

From The Ground Up

District Agriculturists

Jeanne Manchur and Rudy Warawa

Propose Conversion of Farm Vehicles
In all this cold weather, perhaps one of the things you're thinking about is energy. One way of saving some energy costs may be to convert a farm vehicle to propane. As you all know propane costs quite a bit less

than gas. It costs about \$1.00 - \$1.50 to convert over. The Federal Government will reimburse \$400 of that. The most popular way of conversion is to keep the gas system in tact. That way you can switch to gas for starting or when the propane tank is low. Most people report about a 15-20 per cent reduction in gas mileage when running propane. If you're getting 30 m.p.g. with gas this month you'll be getting about 16 miles per gallon with propane. Some people have also reported poor operating in cold weather. Anyway this is certainly one way to think of saving a few dollars on gas.

"Way Not Bubbly?"
This is the theme of this year's one day rabbit symposium. It will be held on February 27 at the University of Alberta. Topics will include nutrition, equipment, housing, reproduction, disease and abnormality. Raising rabbits - you'll have a good week.

week, we could mention and sympathize with the 2000 service men who are taking part in giant maneuvers in the Walworth military park. We have been told that the personnel taking part are from Alaska, Norway and various C.F. bases in Canada. Since the exercises began the air over Irma has vibrated at all hours of the day and night with the thumping sound of helicopters in flight.

As I heard some one remark, say who can survive on a maneuver like this in this kind of weather will surely be in condition to go on duty any where in the world.

Viking Pee Wees To Host Tournament

The Viking Pee Wees will host the first of a four team tournament this Saturday commencing at 10:00 a.m. Taking teams will be from Kinross, Irma, and Forestburg.

The home team will host the first game for the opening game at 10:00 while lastin and Forestburg will show off at 1:00 noon.

Consolation final will get underway at 3:00 p.m. when the two defeated teams will meet to determine the "B" winners. At 4:00 p.m. the two

undefeated teams will take to the ice for the final game which will determine the "A" trophy winners. Trophies will be awarded to both the "A" and "B" winners. As well, the Viking Minor Hockey Association has arranged for most valuable player trophies to be presented to a player of each team after each game.

The Viking Pee Wees played their third league game on Saturday Jan. 10 - 8, and their fourth league game was with Kinross with the opposition over-

coming on with a 13-1 score. Our peewee players in the league game were: Trevor Ritchie 5 goals, Cory Clouston 2 goals - 1 assist, Taylor, 2 goals, Cory Wichek 1 goal, Cory Stenmark 3 assists, Cory Winter 3 assists, Dean Hober 1 assist, Darren Wadley 1 assist, and Tassny Maxwell 1 assist.

We have played 3 exhibition games so far. Forewagville since last report and went down to defeat in last game.

On Friday night the mid-level hosted Kinross in an exciting, close hockey game. It was a fast paced game in which goals were scored every 40 seconds. Dan Josephson, in net for his

first game since his injury, played an excellent game for the Vikings. The mid-levels were again playing short-handed and outlasted the herd of three Bruins - Shano Clouston, Dan Lawes and

Nick Thamy. Thanks again boys. In the first period both teams had many chances but it wasn't until the 2 minute mark that Kinross scored. Seconds later Shano Clouston made it 1 - 1. Assist went to Eldon Jackson and Rick Thamy.

In the third period, despite showing some signs of tiring, the boys kept working and finally halfway through the period they opened the game up. Ian Erickson scored first assisted by Wiscara. A couple of minutes later, Darren Wiscara unassisted slipped one home from just inside the blue line. Late in the period Shano Clouston deflected one of Darren's shots into the net past the stunned Kinross goalie. Darren Wiscara and Shano Clouston drew the assists.

Final score 8 - 1 for Viking. Thanks to referees Collie McLarn and Murray Josephson, scorekeeper John Anson, timekeeper Jeff Blum, and ticket man Henry Rusicka.

On Friday night the mid-levels hosted Kinross in an exciting, close hockey game. It was a fast paced game in which goals were scored every 40 seconds. Dan Josephson, in net for his

first game since his injury, played an excellent game for the Vikings. The mid-levels were again playing short-handed and outlasted the herd of three Bruins - Shano Clouston, Dan Lawes and

Nick Thamy. Thanks again boys. In the first period both teams had many chances but it wasn't until the 2 minute mark that Kinross scored. Seconds later Shano Clouston made it 1 - 1. Assist went to Eldon Jackson and Rick Thamy.

On Friday night the mid-levels hosted Kinross in an exciting, close hockey game. It was a fast paced game in which goals were scored every 40 seconds. Dan Josephson, in net for his

In the third period, despite showing some signs of tiring, the boys kept working and finally halfway through the period they opened the game up. Ian Erickson scored first assisted by Wiscara. A couple of minutes later, Darren Wiscara unassisted slipped one home from just inside the blue line. Late in the period Shano Clouston deflected one of Darren's shots into the net past the stunned Kinross goalie. Darren Wiscara and Shano Clouston drew the assists.

Final score 8 - 1 for Viking. Thanks to referees Collie McLarn and Murray Josephson, scorekeeper John Anson, timekeeper Jeff Blum, and ticket man Henry Rusicka.

Viking 8 - Hughenden 3
 Viking camp out flying in the first period, scoring three times to take a 3 to 0 lead after the first twenty minutes.

Ray Rattray led Viking in the first period with 2 goals - one unassisted and the other from Kirk McInroy and Kenny Leford. Other goal scorers were Barry Field, Murray Josephson and Curtis Quastak. Anasta went to Allan Evans (H) Joseph Wainwright, Laurie Brisard and Barry Field.

Both teams finished their scoring in the second period, with Viking adding 3 to their total and Hughenden putting 2 in the Viking net. Joseph Wainwright, David Durling and Allan Evans were goal scorers for Viking, while Laurie Brisard, Curtis Quastak and Kenny Leford.

The two teams were relatively even in the penalty department with Hughenden being assessed 11 minutes, and Viking receiving 10 minutes and 1 misconduct.

Viking 2 - Inver 3
 On January 9, the Viking Gas Kings travelled to Inver for the second meeting of the season with the Aces. This game was entirely different from the first encounter, as both teams played well, and entertained the crowd with a good close game.

Viking took a 1 to 0 lead in the first period when Barry Field put the puck behind Inver's net. Curtis Quastak drew an assist on the goal which came at the 11:07 mark.

Inver took the lead in the second period with 2 goals. Wayne Lawton and Len Parsons were the Aces goal scorers.

The Gas Kings started the third period down one goal, but Kirk McInroy and Leo Laskovsky net Allan Evans up for the tying goal at the 12:27 mark.

The game ended in a 2-2 tie, and was a close, hard fought battle throughout the sixty minutes.

Shane Hollar made a number of excellent saves for the Gas Kings to secure the tie. The penalty box was a quiet place all evening, with only 10 minor penalties being assessed. Inver had the edge in penalties as they scored 7 minutes compared to Viking's 3.

Viking 4 - Dayland 3
 On January 10, the Dayland North Stars were in town to play the Gas Kings.

Kenny Leford and Allan Evans were carrying the hot sticks for the Gas Kings as they both scored 2 goals in the game.

Dayland kept Viking off the scoreboard for the first 20 minutes, and managed to get one goal behind Shane Hollar to take a 1 to 0 lead after 1.

Viking came back in the second period, outscoring Dayland by 2 to 1, thereby leaving the game tied. Kenny Leford scored both Viking goals with assists going to Kirk McInroy, Leo Laskovsky and Murray Josephson.

Allan Evans took over the goal scoring in the third period for the Gas Kings. Barry Field assisted on his first goal and Leo Laskovsky drew an assist on the second.

Dayland came on strong in the third period but Viking held them off to salvage the game. The two teams saw Viking receive 9 minutes and Dayland 4.

Viking 10 - Minersville 0
 On Saturday, January 16 the Viking Gas Kings travelled to Minersville in an Exhibition game.

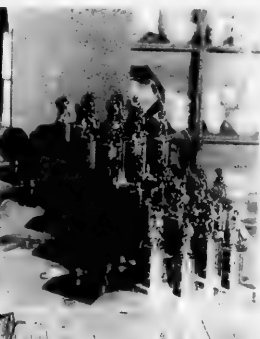

Ray Rattray and Doug Appleton scored for Viking in the first period with assists going to Kirk McInroy, Ray Rattray and Terry Quastak.

David Durling scored his first two goals of a hat trick in the second period. Anasta went to Barry Field and Kenny Leford. Murray Josephson also scored in the second with Darryl Thomas drawing an assist.

Viking added 8 more goals in the third period to bring their total to 10. David Durling finished his hat trick, and Barry Field got a hat trick of his own in the third. Laurie Brisard also had a goal in the third. Anasta went to David Durling (8), Martin Laskovsky (3), Murray Josephson and Kevin Maxwell.

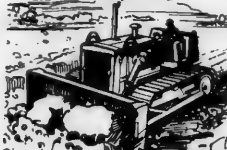

Although the Sedgewick Mines scored on this occasion, the Viking Mines A team went on to defeat their opposition in last Saturday's game.

Lined up and ready to go! With the start of hockey tournament season in Viking, a large number of M.V.P. trophies were ready for presentation early last week. A list of trophy winners appears in the Bantam tournament story.

Viking Bantams Win Tournament

Members of the Viking Bantams who won their tournament on Sunday include (Front row, L. to R.) Dean Antos, Bobby Ash, J. van Pelt, Richard Veltzer, Kenny Josephson, Jason Chumney, Darryl Thomas, Steven Winter, (Back row, L. to R.) Manager Harry Rasmussen, Calvin Bennett, Wayne Keith, Clayton Rasmussen, Gary Vitale, Shane Cleeton, Coach Wayne Cleeton, and Rick Thayer.

The Viking Bantams began their tournament season by playing host to Pulaski, Camrose and Beaumont and by playing good team, determined hockey that resulted in a 4-1 win over Pulaski at the end of the day.

Falkovale and Viking met in the tournament opener. Both teams displayed a positive attitude which resulted in a 4-1 win for Viking during the first five minutes. Three goals were tallied within the first five minutes: two for Viking and one for the visitors, setting the stage for the scoring sweep throughout the game.

Before the period ended, Viking scored twice while Pulaski scored once, and then Viking popped in two more to leave the score at 5-2 as they departed to the dressing rooms.

Viking again took command of the second period setting three and sending the visitors to the slings.

Although having a fair claim, the team were playing exceptionally well and played as if they were on the tail end of the score. This brought about some more goals even though the hard-working Falkovale goals turned away shot after shot. Falkovale scored twice on the Viking team for a final score of 10-5.

Shane Cleeton lead the scoring for the home team and received the M.V.P. Trophy for the opening game.

Game two matched Camrose and Beaumont for an interesting game with Beaumont leading 4-1 at the end of the first and retaining the lead for a 6-5 score at the end of the second. In the third Camrose worked hard and scored 2 while holding Beaumont to 2 for a final score of 8-5 in Beaumont's favor.

The game scoring was kept to a minimum which resulted in a very close game for the first two periods. Camrose scored twice in both the first and second period while holding Falkovale scoreless. In the final period Camrose scored their 3rd goal before Falkovale found the net and they went on to win the game with two additional goals while holding Falkovale to their single.

The "A" final got underway at 5 p.m. and despite the weather quite a number were on hand to enjoy the game.

The home team again came on strong in the opening minutes resulting in a quick 4 goal lead. Beaumont answered with a single with only three minutes left in the period. Although pleased with their performance the team knew from experience that a few mistakes or penalties could change the picture and went back to work. However, Beaumont had the same idea and worked hard enough to net one at the 4 minute mark.

Beaumont had the same idea and worked hard enough to net one at the 4 minute mark. A couple of minutes later Viking scored. Beaumont put on the pressure and landed two successful goals. Viking responded with three, to end the second period 4-4.

Third period action found the home team shooting two past the Beaumont goal before the Beaumont team netted their 6th and final goal. Viking went on to score four more goals to end the game at 10 to 6.

Receiving the M.V.P. Trophy for the Viking team was Dean Antos. Handling the trophy was Harry Rasmussen, the Viking coach.

In the absence of coach Joe Veltzer, Wayne Cleeton assisted by Harry Rasmussen handled the Viking boys and could not have been more pleased with the entire team's effort, conduct and enthusiasm made them a team to be proud of.

Scoring Summary
 Dean Antos 1lg 5a
 Bobby Ash 7g 7a
 Wayne Keith 4g 4a
 Donnie Lawes 4g 4a
 Clayton Rasmussen 2g 2a

 Gary Vitale 1a

As we all know it takes a number of people to run a successful tournament and a hearty thanks to extended to the game officials, the time

keepers, goal judges and everyone who did their part to help Sunday's tournament run smoothly. The visiting teams displayed fine sportsmanship which added much to the success and enjoyment of the day. These teams and their coaches are an asset to the Minor Hockey system.

Following is a list of businesses and individuals who have donated towards the purchase of the Most Valuable Player awards which were purchased for each team. The Viking Minor Hockey Association is most appreciative of your support. PUBLIC MEETING CALLED TO HAVE COUNTY COUNCILLORS STATE THEIR POSITION ON SITING OF PRIVATELY OWNED AND OPERATED HAZARDOUS WASTE DISPOSAL PLANT IN THE COUNTY OF BEAVER

On January 14, 1982 The County of Flagstaff Councillors moved to reject the location of a Hazardous Waste Disposal plant in their County.

The Honourable J.W. Cookson has said that he will make a decision as to the site of a privately owned and operated Hazardous Waste disposal plant on or before March 31, 1982.

The people of the Bruce-Viking area believe that the indecision on the part of their County Council has gone on long enough!

THE BRUCE-VIKING AGRICULTURAL PROTECTION ASSOCIATION FORMALLY INVITES:

GORDON MAXWELL
HJORDIS ARMITAGE
GEORGE KNUDSLIE
GORDON HOINES
EUGENE EWASIUUK
VICTOR ROMANIUK
JOHN WARNER

TO ATTEND AN OPEN PUBLIC MEETING THURSDAY FEBRUARY 18, 1982 AT 7:30 P.M. AT THE BRUCE SCHOOL.

The purpose of this meeting will be to ask each Councillor individually to declare whether he or she is or is not in favour of a privately owned and operated Hazardous Waste facility in the County of Beaver.

LET THIS ANNOUNCEMENT BE ADEQUATE AND FAIR NOTICE TO THESE COUNCILLORS THAT THEIR CONSTITUENTS WISH TO KNOW WITHOUT DOUBT WHERE THEY STAND ON THIS IMPORTANT ISSUE.

THIS IS A NEW AND UNPROVEN INDUSTRY IN WESTERN CANADA AND SHOULD BE APPROACHED WITH CAUTION!

THE COUNTY OF BEAVER IS NOT THE BEST SITE FOR SUCH A FACILITY.

Sponsored by the Bruce-Viking Agricultural Protection Association

Irma U.C.W. News

The regular meeting of the Irma U.C.W. was held in the church parlor on Tues. Jan. 26 at 8:00 p.m. The meeting opened with the president Mrs. G. Eager reading a poem that was a prayer found on the wall of an old Inn in Lanesville, England. This was followed by Our

Prayer Purpose. Mrs. Dorcas Coffin gave the Devotional "Looking in to the New Year" followed by Prayer and singing hymn 571. "Standing at the Portal". The annual U.C.W. Presbyterial meeting will be held in Wainwright on Tues. Feb. 18.

Our Spring "New-to-You" sale will be held on Sat. April 24. Mrs. Margie Fletcher reported that used clothing would be picked up by someone from Saddle Lake if we contact Mrs. Stalheiser. A program was given by Mrs. Peggy Fleming, reading an article by Mrs. Peggy

Holmes; and a poem "Quiet Things". There were eleven members present. The meeting closed with the Theme Prayer and lunch was served by Helen Smallwood. Mrs. Helen Smallwood Press and Publicity Convener

St. Paul Presbyterian Sub Executive

Fifteen ladies attended the sub executive of the St. Paul Presbyterian U.C.W. meeting held in Vermilion United Church on January

13, 1982. President Margaret Parlin opened the meeting with a short devotional. The minutes were moved

to be accepted as printed and circulated. Marjorie Walton reported that she has received 20 reports to date.

Ruth Gray reported on Nominations. After the meeting there was still six positions to be filled. Reports from the chairpersons of the committees present were heard. The Alberta conference U.C.W. will be held in Edmonton April 20 - 22nd. The theme is in Celebration of God's "Gifts and Goals". It was suggested that the chairperson of each division attend the conference.

The annual meeting of the St. Paul Presbyterian U.C.W. will be held in Wainwright Group United Church - 1088 - 4 ave on February 18, 1982 starting at 9 o'clock a.m. The theme is "Let's Celebrate" as this will mark the 80th anniversary of the U.C.W.

Each local of St. Paul Presbyterian has been asked to donate twenty dollars to our Secretary Jean Weeks or to bring it to the annual meeting in Wainwright.

If there is more than one unit in your local, each unit donate \$20.00 if possible. This will be presented to Alberta Conference U.C.W. on April 20 - 22nd by our Presbyterial President.

4-H Riders Workshop

"Be a More Effective Leader" is the theme of this year's workshop for 4-H leaders. The workshop for this 4-H area will be held in the Provincial Building in Vegreville on February 11, 1982. The program will run from 9:30 a.m. to 4:00 p.m. and cover a number of presentation and discussion on developing leadership skills. Some of the topics will cover 4-H structure, activities and leader development. There will be discussions on program ideas for all 4-H area levels and keeping 4-H members in the club. Welcome to attend are all 4-H leaders, Assistant Leaders and Adult Committee Members. The only costs involved will be for lunch, which will be arranged. For further information contact the District Home Economist at 866-5888, Ryder, Regional Farm Management Seminar.

This region of Alberta Agriculture is again sponsoring a Farm Management Seminar. The theme for this

year's program is "Who's Running This Farm?" The sessions will take an in-depth look at the farm and farm family of today and tomorrow, marketing, farm services, food for the future, farm implements and the legal aspects of farm business and estate planning. It will take place in Vegreville from March 30 to 31. The program starts with registration at 8:00 p.m. on March 30, March 31 is a full day of sessions with a banquet and dance in the evening. The program continues through March 28 until 2:30 p.m. It is open to all farm couples or singles and should be a very interesting and worthwhile event. Registration is limited. For complete details, call Alberta Agriculture, 866-5888, Ryder.

Don, Carol, Leslie and Leanne Cressy of Irma visited with Mrs. Congdon, Mr. Mason and Mr. Foreman. Art and Edith Gwin of

Weekly Police Report

The Viking RCMP Detachment report a rather quiet week recently, although a number of minor accident reports have been received or investigated.

Three incidents of rolled vehicles were reported; one Highway 14, one on 36 and one at the junction of Highways 20 and 36. All were single vehicle accidents and no injuries were sustained. A two vehicle non-injury accident was reported and investigated in Viking as well as two minor motor vehicle accidents near Viking. One accident occurred on private property in Viking with no injuries resulting. Also reported was an automobile fire near Viking.

Three charges were laid under the Liquor Control Act and three 24-hour licence suspensions were handed out. One person was charged with impaired driving.

Lauretta Lindsay Laid To Rest

Lauretta Mary Ida was born to her parents, Charles and Ida Svard, on October 19, 1917 at La Broquiere, Manitoba. She was the oldest of four children. At the age of three, she moved with her parents to a farm north-east of Irma, Alberta and grew up there with her two brothers and one sister.

At the age of 21, Lauretta graduated as a school teacher from the Edmonton Normal School and for three years she taught school north of Edmonton.

In 1942, Lauretta married Merrill Selousby of Edmonton, Alberta and lived in that city with him for over 25 years. In the fall of 1969

her husband passed away. Between 1944 and 1969, she was preoccupied by her maternal grandparents, Edna and Lauretta's mother, and her paternal grandparents, Ernest and Mary Selousby, who lived in the United States. She also lost her father, Charles Svard.

In December of 1971, Lauretta married Hal Lindsay, and they lived in La Broquiere, B.C. until her passing on Jan. 16, 1982.

Lauretta was always a busy person; however, she always found the time to visit elderly and disabled relatives and friends as well as many of her younger acquaintances. She will be

missed by all of them. Even though Lauretta had no children, her nephews, nieces, and friends' children were always welcome in her home. Lauretta always loved the time to do all the little important things which made the children love to come to visit with her.

Many family weddings and anniversaries were graced with lovely cakes which were baked and decorated by Lauretta.

Always a friendly and congenial person, Lauretta had a wide circle of friends. She was loved and respected by her many friends and relatives who live in various places as: Irma, Edmonton,

and Calgary, Alberta, Vancouver, Surrey, Coquitlam, Dawson Creek, Salmon Arm, Terrace, and New Westminster, B.C. and various places throughout Canada and the United States.

She leaves to mourn her death her loving mother, Ida Svard, of Surrey, her husband Hal Lindsay, her sister, Agnes Brisenbach and her husband Larry, of Port Alberni, her younger brother Don Svard and his wife Anita of Kamloops, B.C. and her older brother Jack Svard and his wife Marie of Surrey, her Aunt Marion Hudson of Winnipeg, Aunt Alma Sanderson of Thunder Bay, many cousins in all parts of Canada and the United States, and nephews and nieces and their families - many of whom she was personally close to, especially her niece Donna.

Memorial service was at Como Lake United Church in Coquitlam, on Jan. 21, 1982 at 1:00 p.m.

Funeral services at Howland and McBride Funeral Chapel in Edmonton, Alberta on Jan. 25, 1982 at 1:00 p.m.

Vialta Lodge News

Calling on Mrs. Elms was Mrs. Harlan, Jamie and Karl Mackay of Killam.

Visiting Mr. Guter during the week were Russ Cote of Calgary and Mary McIntosh of Ardmore.

Donna Hunkin of Umanic and Victoria Korkut of Edmonton were in to see Mr. M. Tchir.

Don, Carol, Leslie and Leanne Cressy of Irma visited with Mrs. Congdon, Mr. Mason and Mr. Foreman.

Art and Edith Gwin of

Irma called on Mr. Foreman. Calling to see Mr. McIntosh were George and Elmer Hrychuk of Camrose.

Karen, Shelly and Terry Luak called to see Mrs. J. Crove.

Other visitors included Violet Lancaster, Elaine and Tom Harty, John McElroy, Isabel Boreas, Annie Grew, Betty Hugo, and Margaret Ruzick.

Elmer Ladd and Hal Rebill visited Mrs. Belys and Mrs. Plowman.

Our greetings to Mr. T.

Erikson who is in the General Hospital in Edmonton.

Mrs. Elms received the news that her niece-in-law, Mrs. Mable Lindsay passed away at the Wainwright Hospital on January 19th.

Our songs for February will be held Wednesday the 17th and Card Party is Tuesday evening the 22nd. All are welcome.

Holden News

The Surface Rights Information meeting in Holden on Tuesday was very well attended. A large gathering of farmers and other interested people heard Rob Fries, Ag. Executive Assistant to the Farmer's Advocate of Alberta speak on topics of Surface Rights and Your Rights, Surface Leases and negotiations, Right of Way Agreement and recent changes in Surface Rights Legislation.

A question period was also held.

Before introducing the guest speaker, Rudy Warrack, District Agriculturist welcomed all in attendance.

and gave a short announcement of some future meetings and seminars to be held. Nestor Semotich served coffee and doughnuts.

The Surface Rights meeting was sponsored by the District Agriculturist - Rudy Warrack.

Members of the O.O.R.P. celebrated the 90th birthday of their lodge on Tuesday evening at the R.C. Church Parsonage. Members and their husbands and escorts enjoyed a supper and birthday cake.

In hockey on Jan. 28 the Holden Oldtimers defeated Camrose TransAlta by a score of 9 to 7.

Marie Bauer Celebrates 80 Years

The family of Mrs. Marie Bauer gathered together on January 9, 1982 to honor her on her eightieth birthday. Those present for the occasion were Mr. and Mrs. Fred Bauer, Mr. and Mrs. Norbert Bauer and girls all of Viking and Mr. and Mrs. Lawrence Bauer and family of Three Hills. A bountiful supper was prepared and served by the daughters-in-law at the home of Mr. and Mrs. Wes Bauer.

Christina Bauer composed and presented the following poem which was written for the happy occasion in honor of Mrs. Bauer.

Marie Zachariae she used to be,
Born on the farm, the west-
ern coal
Out of Rosetown, Saskatchewan.

The year was 1902,
She was raised at Rosetown
By a family so fine;
She went through school
Right to the end of the line.
A teacher is what she wanted
to be,
Oh, she just couldn't wait,
So on she went, worked real
hard;
Got her certificate in '08.

She started teaching at a
country school;
Over two miles she walked
each day,
Worked real hard, taught
the kids.
At the end of the month, not
much pay.

Then she taught right in
the town,
More kids to educate,
Till one day marriage took
over
In the year of 1908.

She married a fine man
By the name of Fred Bauer,
They moved to Alberta to
farm,
Working together, hour after
hour.

Marie Bauer of Viking celebrated her 80th birthday on January 9, 1982 with family and friends.

They lived several places,
The first being Manville.
Things weren't too great,
on they moved
Arriving next at Vegreville.

The next place they tried
was Tofield,
It wasn't to their liking.
They made one final move
It was down the road to
Viking.

They milked some cows
And fed some chickens.
Without good crops
They'd have had slim
pickings.

Along the line there came
three sons
"No," they said, "a family
She likes to visit, but all
couldn't hurt."
The first to arrive in
harvest time
Was a fine lad they called
Norbert.

The next arrived in the fall
time too,
Lawrence is his name.
Last of the sons is Wesley,
In the winter cold he came.

Their sons are all married
With families of their own.
Seven grandchildren they
given;
Proud of them, Marie has
grown.

Fred and Marie finally re-
tired
In the year of '65.
They moved on into Viking,
Finding it easier to survive.

They've joined the Senior
Citizens,
Going to bingo, card parties
and meetings.
They also have coffee with
their friends
Glad to receive their warm
friendly greetings.

A quiet old lady
So fine and fair,
She hasn't any grey
In her nice brown hair.

We wish her many more
years
Of health and happiness
A very fine lady she has
been
Her future, we will bless.

Before you buy an RRSP or make a contribution to one you already own, talk to Mutual Life.

At Mutual Life, life insurance is just part of our story. We also have a great RRSP called the Accumulation Annuity. It has everything you need to defer tax while accumulating money at competitive interest rates to provide for your future. And when you do retire you'll find all the income options available, including income for life.

No charges, no fees.

Only at Mutual Life will you find an RRSP like our Accumulation Annuity. There are no expense charges or administration fees, so all your money starts earning interest right away. Not everyone can promise you that.

Competitive interest rates.

With Mutual Life's RRSP, interest is calculated and added daily, and compounded annually. You have the option of a floating interest rate or guaranteed interest rates for

one, three or five years. It's your choice. But one thing you can be sure of—your money will earn a rate of interest that is competitive with current interest rates.

Export financial advice.

When you buy an RRSP from Mutual Life, you benefit from the counselling of one of our knowledgeable agents. Mutual Life agents are trained to give you all the information and advice you'll need to plan your financial future.

Call Mutual Life.

Our RRSP may have just the features you're looking for. Competitive interest rates. No charges or fees. All the income options. And we deliver. Talk to us soon. Remember, you only have until March 1 to save on your 1981 tax return. Our offices are listed in the white pages.

SERIES OF SEMINARS ON WASTE DISPOSAL PLANT

FIRST SEMINARS

RYLEY FEBRUARY 2
1:00 p.m. - 4:30 p.m., Ryley Legion Hall

VIKING FEBRUARY 5
1:00 p.m. - 4:30 p.m., Viking Community Hall

BRUCE FEBRUARY 10
1:00 p.m. - 4:30 p.m., Bruce School Gym

FOLLOW-UP SEMINAR
HOLDEN FEBRUARY 17 1:00 p.m. - 4:30 p.m.

FORMAT OF FIRST 3 SEMINARS

Dr. S. Weaver, Ph.D. and Dr. M. Wilson, Ph.D.
will deal with the technical side of destroying the 12 major pollutants in Alberta
(for approx. 2 to 2 1/2 hours) - until coffee time.

Following this break the chairman will have a question period. Questions on any phase of waste disposal can be raised, such as design, operation, legislation, administration, transportation, etc. Of course, at this meeting answers will not be given to all your questions as we at this time may only provide superficial answers. However, capable and qualified people will answer these questions at a follow up seminar slated for Holden on February 17.

The first three seminars (Ryley, Viking and Bruce) will cover the same material.
You can attend the one most convenient.

The material for future seminars will be determined by the questions raised and experts in these fields will present answers at follow up seminars.

The number and type of seminars held will be determined by interest shown and input from county residents.

If additional seminars are requested from other centres within the county they will be considered.

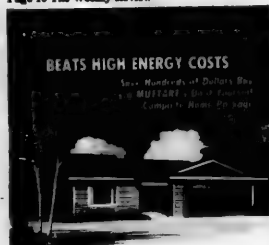

As has been stated before, these are merely educational seminars.

No decision has been made

nor no agreement entered into to accept or reject such a facility.

Hopefully by March we should be better informed on the subject.

From The Ground Up

District Agricultrists
Jerome Manchur and Rudy Warawa

By this time, the only dates that seemed to be available turned out to be during calving season. However, for those that can get away, it should be a chance to take that one last break before the big spring rush. We will be giving preference to those couples that did not attend last year, but if there are spots open, we will encourage registrations from those who did attend last year.

A qualified agronomist and details is available at our office upon request. Registration fees are \$60.00 per couple or \$35.00 for single. These fees cover luncheon, a banquet, wine and cheese social and a dance. Contact our office for more information.

Weed Control 1982

Have you got a few questions on weed control that you would like answered? If you do, you will have four chances to have those questions answered. On February 15, representatives of more than ten chemical companies along with staff of Alberta Agriculture and the local Agricultural Service Board will be holding a weed control update seminar at the Viking Community Hall at 10:00 p.m. to approximately 8:30 p.m. Similar meetings will be held at Vegreville, Two Hills and Lamont on February 16, 17 and 18 respectively. Two brief presentations will be given during the course of the day with the remainder of the day giving farmers a chance to mingle and question the various chemical company representatives. Hope to see you at Viking!

1981 Dairy Herd Improvement Awards

Just as the Edmonton Oilers have four players out of all on the First All Star Team, the County of Beaver has a team out of six record to be proud of. Each year, the Dairy Herd Improvement Branch select the top two dairy producers in each of three categories: The Annual Production competition, the Annual Most Improved competition and the Five Year Aggregate Production Competition.

For 1982, four of the six awards in the Vermilion region came to the County of Beaver.

Congratulations to: Walter and Aron Posticker and families of Tofield, second in the Annual Production Competition.

Walter and Aron Posticker, or families of Tofield, first in the Annual Most Improved category.

Mr. and Mrs. Glen Burkholder of Tofield - second in the Annual Most Improved category.

Mr. and Mrs. Robert Duck of Tofield - first in the Five Year Aggregate Production Competition.

Presentations of trophies and prizes will take place at the Alberta Dairyman's Convention in Edmonton. Beef and Sheep Support Program.

That's right! They're finally here! The application forms for the Beef and Sheep Support Program have arrived and are available at our office in Rydal or at Viking on Wednesday at 11:00 a.m. to 2:00 p.m.

Alberta Wheat Pool Delegates Meet In Irma

An Alberta Wheat Pool delegates meeting was held in Irma Legion Hall on Tuesday evening, Jan. 26th. The meeting was called for 7:30 p.m. but was

a few minutes late in getting started.

At about 7:40, the delegates for Irma sub-division, Stan Chayeneworth from Wheatright called the meeting to order and welcomed the 20 people present. He then went on to explain that meetings such as this were being held in each of the 70 sub-divisions into which the province was divided.

The purpose of the meetings is to give the delegates the opportunity to give to the members a report on the proceedings of the annual meeting held in Calgary at the end of Nov. and beginning of Dec. and other matters relating to the Pool operations and also to answer any questions the members might ask.

Stan then turned the meeting over to Jim Stone, Wheat Pool fieldman who reported off by showing colour slides of Golden Lake camp for young people, which is situated in very picturesque setting west of Nordegg. He gave a history of the camp which was initially started by the Junior U.F.A. and later was supported by farm organizations and major co-ops.

The camp has grown and expanded over the years and many thousands of young people, and others have enjoyed and benefited from it. He went on to explain

that the administration of the camp has been turned over to The Golden Foundation by U.F.A.

A five year plan for major expansion has been drawn up which will cost over ten million dollars to carry through of which a substantial amount is already on hand.

The delegates, at this point took over the rules and gave an outline of proceedings of the annual meetings which was also illustrated by slides.

The Wheat Pool had another good year, and despite increased cost of doing business, ended the year with substantial savings.

Member-savers of Alberta Wheat Pool will have \$22.4 million returned to them from surplus earnings on their organizations 1980-81 operations. The cheques of savings will be divided into two portions, 60 per cent cash and 40 per cent credited to members.

The delegates gave authority for a survey to be undertaken to locate or build a new and much larger head office building in Calgary. Stan touched on many of the problems encountered by the Pool over the years, and said that to date all problems had been faced up to, and solved satisfactorily.

He was sure that in the years ahead this trend would continue.

He then spoke on Fertilizer and the problems facing Western Co-op Fertilizer. He said that W.C.F. was producing most economically when running at capacity, but as the capacity, the Wheat Pool and Federated Co-ops are at times unable to absorb the full production, the Co-op is forced to seek export outlets for part of their production. This results from not having storage space for excess product, but a number of questions were asked regarding supply of phosphate rock, freight rates on the rock from Idaho, etc. These were answered satisfactorily.

Stocks in grain were then discussed at some length. The importance of checking stored grain was emphasized. Many varieties of beans were shown on the slides and some information given on their desiccation and grading.

Some questions were asked and answered. The delegates then thanked those in attendance for coming out, but hoped they enjoyed the meeting and information given.

Coffee and donuts and some neighborly visiting concluded an interesting meeting shortly after 10 p.m.

Staff Photo

Irma Bantams Dumped By Mannville

On Sat. night Irma found Mannville to be tough opposition. Mannville proved to be the better team as they played and out scored Irma 10-2.

Mannville net mender M. Work was not to active this game as was opposite for Irma goalie R. Woloski who had lots of action and stepped a lot of rubber besides the ones he missed, but we should remember that the goalie should only have to stop the first shot. Irma's two lone goals were scored by S. Puder and D. Lemieux with the help of

D. Currie, R. Keller and L. Pitkus. Irma Bantams played host to Wainwright Thursday night. The goal tending

proved a little slow this game as there were 19 goals scored. Irma scored 11 while Wainwright had 6.

In the second period of play Irma stayed in the lead at all times. This period had very few goals scored, six by Irma, and four by Wainwright. Wainwright scored one more goal in the third as this period proved to be the better period of the game.

The top goal getters were D. Fischer, 4, D. Archibald, 4, L. Pitkus, 2, and R. Gable and L. Mark with one apiece.

To date Irma has played four league games and they have two wins, one loss and one tie.

Keep up the good work boys.

Monday, February 1, the Midgets played their second game in the best out of three. Final score was a 5 all tie.

Picking up points for the mothers were Marisa Larson and Corven Larson with two apiece and Diane Prior with a single. A penalty was handed out to Lynne Jones, 1 minute for hooking.

Scoring for the boys were Shawn Jones 4 and Danny Larson 1, assisted by Craig

Uniform President Re-affirms Policy

Uniform President Howard Falkenberg said that his organization will continue to press for implementation of the proper transportation policy, despite the threatened withdrawal of the Alberta Child Commission from the province's "bottle" farm organization.

In a statement to the Western Agriculture Conference (WAC) in Regina, the Uniform president reviewed events which took place at the organization's convention last week.

Mr. Falkenberg said that the WAC's decision to make a decision on voluntary annual membership in Uniform, he said.

Mr. Falkenberg, who has served as WAC chairman for the past two years, said grain transportation, and more specifically the future of present statutory rates, is still foremost among the many important issues facing western agriculture.

He described the decision by ACC delegates to pull out of the Uniform annual meeting and to recommend to the cattle organization's 90 new representatives that it come to be a member of Uniform, as regrettable.

The ACC, following the rules of procedure of the annual meeting of Uniform, had introduced resolutions which would have set aside policy adopted and reaffirmed by earlier uniform conventions. They were defeated by large majority vote.

The Uniform and WAC policies call for payment of the shorted in grain and feed grain revenue directly to the railways by the federal government. The policy provides so that the impact of present statutory rates on feed grain prices in the west be minimized by applying the equivalent of compensatory rates instead of statutory rates to the formula used to influence prices on feed grain consumed in the prairie region.

The ACC's policy, on the other hand, seeks to have the Crown benefit retained for grain producers by having them pay a compensatory rate for the movement of grain and receive the benefit in the form of a acreage payment.

Summing up the situation,

BEEF PRODUCERS Are You Concerned?

The Beef Marketing Issue and the Proposed National Meat Authority will be discussed in the Viking Community Hall on Thursday, February 11, 1982 at 8:00 p.m. with Guest Speaker Ted Strain, Pres. National Farmers Union.

Master Plan and By-law Review

The Viking and District Recreation Board determined that a Master Plan Review Committee was formed to review and update the Five Year Master Plan for Viking Recreational Development. This ad hoc committee is to be comprised of all Recreation Board Members and representatives from the Viking Senior Citizens' Club (Facility Committee), the Viking Agricultural Society and the Viking Curling Club.

The first meeting of this review committee is scheduled for January 16th, 1982 at 7:00 p.m. in the Viking Civic Centre.

The meeting was called to order by Chairman, Bryan Nordstrom at 7:00 p.m. Attending were: Bryan Nordstrom - Chairman - Viking and District Recreation Board; Jennie Bird - Council Appointment - Viking and District Rec. Board; George Riddick - Vice Chairman - Viking and District Rec. Board; Dave Deward - President - Viking Senior Citizens' Club; Norman Maxwell - President - Viking Curling Club; Danny Leisner - President - Viking Agricultural Society; Dick Channery - Family and Community Support Services - Director; Advisor to Viking and District Rec. Board.

The meeting was initiated with the reading of the "Annual Review Procedure" as outlined in the Five Year Master Plan. By-law #848 was read and found to be in order.

The Board determined that an additional effort should be made to record and publish minutes in accordance with the By-law. The Five Year Implementation Schedule was reviewed with the following recommendations emerging:

Recommendations: 1. Item 83 under "Administration" in the 1981 schedule be included in the 1982 schedule in that recommendations have been put forward to council, but have not been resolved to date. 2. Items 2, 4, 6 and 8 under "Facilities" in the 1981 schedule be included in the 1982 schedule in that, degree of development have been initiated on each item in 1981, but completion will not be until 1982 or later. 3. That it be recommended that the remaining items in the 1981 schedule be acknowledged as complete. 4. That the 1982 schedule be revised to include the following new items: (a) Consideration of development of a nursery for parks, playgrounds etc. Supply to be through such avenue as the Provincial Nursery, Brooks Horticultural Station etc. (b) The continued development of Lake Thomas with tree planting, landscaping, etc. (c) The Viking Agricultural Society be encouraged to present proposals regarding the use of the concrete base at the water treatment plant in conjunction with item #4 as listed in the 1982 "Facilities" schedule. 5. That the 1982 schedule remain as is. 6. That the 1984 schedule be revised to include the following item: (a) Consideration for planning and development of public resources in the new subdivision. 7. That the 1984 schedule remain as is. 8. That the 1986 schedule be drafted to include the following: (a) Further study to provide operational assistance with recreation facilities. (b) The replacement of the existing Canova shed (quarant. portion). (c) continued ornamental and functional landscaping to parks, playgrounds, green areas, etc.

This concluded the Implementation Review. The Committee agreed to meet on February 10th, 1982 for the purpose of determining a 1982 recreation budget.

In a close contest the Viking Junior Hockey boys basketball team defeated Torfild in the final game to win the County Trophy. Team members with coach, Claude Smith are (front row, left to right) Richard Veltner, Donnie Larson, Shane Clements and Larry Johnston. Back row, left to right) Jason Channery, Curtis Arnett, Calvin Kripe and Calvin Bennett.

Former Cult Member Presentation Well Attended

An overflow crowd was in attendance at Golden Valley Lutheran Church on January 12 to hear Miss Treva Steele, a former member of the cult "Students of Light". She spoke of her experiences how she became involved and her rescue by her anguished family.

She said there were 3000 cults in North America with a membership of 10,000,000; for every one rescued, six became involved.

The sole purpose of the cult is universal mind control for the purpose of making money. They use devious ways and make training to prey on an un-

hundred dollars each, daily the great protective Father. Millions of tax free dollars fill the coffers of the cult. They have been known to convert under the guise of U.N.I.C.E.F. Many number of legitimate cults. Cults are registered as charitable religious institutions and are therefore legitimate. Our laws of freedom of choice and religion cannot touch them. All cults strongly advised the audience to give donations and to question strangers who come to the door or meet you on the street.

She also mentioned that it cost her family \$18,800 to have her degroomed. This was cheap for her as an example of another family who paid \$45,000 because of kidnapping charges and degrooming in the rescue of their son.

She spoke of newspaper reports which said she had a story and remaining to become members. Even psychiatrists and psychologists in an effort to understand the brain washing techniques visited a cult and came away from the encounter in a state of confusion.

Though young people seem to be most vulnerable, all ages from teens to ninety year olds have been known to succumb. The cults are clever in spotting people who are lonely, are needing friendship and they wait until people who come from counselling offices at colleges and universities for possible recruits.

To the question of "What is degrooming?" Miss Steele explained that it is exactly the opposite of programming. The system also requires isolation with a degroomer who puts the person through a rehabilitation program to restore the mind and emotions; to bring them back to reality, to get the thought processes active again through problem, and to build up a sense of self image and confidence and self sufficiency; to be a normal human being again. She said her mind had blanked out all her college training, that her degree was of no use to her now. She is now back re-taking grade twelve and hopes to regain her former education. At present she has not a goal for herself to educate and warn the public through speaking engagements to make them aware and what to be on guard for.

By law parents can be charged with kidnapping if they rescue a son or daughter from a cult. Miss Steele urges everyone to write letters to the M.L.A. emphasizing that the law be changed. She warned that young people who have loving family relationships are as vulnerable as those who have problems.

A deep concern was shown by the audience in the question period that followed and during the coffee time. Hopefully this will be an awakening and serve as a warning for the far reaching tentacles of the cults are closer to our community than we realize.

AN OPEN INVITATION TO THE PEOPLE OF THE COUNTY OF BEAVER

Between February 1, 1982 and February 3, 1982 personal invitations were delivered to all seven Councillors of the County of Beaver. These Councillors have been invited to an Open Public Meeting on Thursday, February 18 at 7:30 p.m. in the Bruce School, Bruce, Alberta.

The purpose of this meeting will be to ask each Councillor individually to declare whether he or she is or is not in favor of locating a privately owned and operated Hazardous Waste disposal facility in the County of Beaver.

We invite the people of the County of Beaver to attend this meeting so that they may hear their Councillor's position on this important issue.

The County has invited Technical Experts to educate the County Councillors on Hazardous Waste Disposal. We invite the County Councillors to hear the feelings and receive questions from the constituents they represent.

In a democracy, the People have the right of choice. These County Councillors should listen to and represent the feelings of the People who elected them.

Mercury, lead, arsenic and other hazardous waste deposited in a landfill **FOREVER** risk the contamination of underground drinking water. This plant, once situated will be used **FOREVER** as long as Industrialized Society exists and the People adjacent to such a plant will be continuously subjected to its emissions!

Hazardous waste from Saskatchewan, Manitoba, British Columbia, the Yukon and the Northwest Territories will be accepted by this profit-orientated, privately run waste disposal plant. While the risk from the landfill goes on forever, the assessment and thus the **taxes** derived from such a facility will be reduced by 15% per year on a depreciating basis, according to personal conversation with Tom Lyons, M.L.A. for Vermilion-Viking on Feb. 5, 1982. While the risk of contamination continues **FOREVER** the taxes decrease dramatically with each passing year.

The Province of Alberta currently has received only two invitations to have counties assessed for the location of a disposal facility: 1. the County of Strathcona
2. the County of Beaver

Surely if this disposal plant is to be located in the best site in Alberta then the Province should examine all of Alberta to minimize risk to this and further generations.

Expert recommendations to the Department of the Environment have been to locate this controversial project remote from population in the arid regions of the south eastern Alberta, to cause minimal risk to people or agriculture.

The County of Beaver could not be recommended in a final report of the Hazardous Waste Implementation Team. Instead, this team recommended the County of Strathcona, M.D. of Sturgeon, and the Counties of Leduc and Lamont, in order of preference, to minimize the costs of transporting and disposing of this toxic industrial garbage. A site in the County of Beaver would neither minimize risk of exposure to contamination to the smallest population nor would it minimize cost of transportation and disposal.

***WE ASK ALL CONCERNED CITIZENS TO BE PRESENT ON FEB. 18, 1982 AT 7:30 P.M. IN THE BRUCE SCHOOL TO HEAR THEIR ELECTED OFFICIALS DECLARE WHETHER THEY ARE OR ARE NOT IN FAVOUR OF A HAZARDOUS WASTE DISPOSAL PLANT IN OUR COUNTY.**

Sponsored by the Bruce-Viking Agricultural Protection Association

Creative left-overs

With today's shrinking food dollar, left-overs should no longer go to the dogs. Inflation-weary homemakers can use their ingenuity and their freezer to recycle them instead.

Take your cue from Grandma who saved left-over chicken bones for the soup pot. With a freezer you can save those bones for when you have the time to tend the stock.

Try making left-over vegetables and freezing them in a loaf pan or ice-cube tray for use in a soup or as a base for a sauce. It is a versatile cuisine. Just freeze the vegetables in the pan and when solid, remove from pan by running under cold water. Then place the vegetables in a heavy-duty freezer bag each with the Glad variety which comes complete with twist ties, labels and a straw to remove the air.

Left-over meats such as curry, crock, barbecue or tomato sauce can also be frozen this way. Just bring to a vigorous boil first to kill any micro-organisms, chill quickly and freeze. Use with left-over meat from Sunday's roast. Always freeze left-over meat in as large a piece as possible. If it has already been sliced, then serve it with a sauce or gravy when thawed.

Gravy, too, can be frozen. If it separates on thawing, reheat in a double boiler, adding 1/4 cup gelatin to 1 qt. of gravy.

An early (1840) stamp collector advertised in a London paper for stamps. He already had 10,000 but needed more to finish paying her room.

Alberta Weeklies Have More Reach!

They reach 86% of the 840,000 consumers living in rural and non-metro Alberta. That's 2 1/2 times greater than the reach of all dailies in this lucrative market.

For more information on the advantages of advertising in Alberta weekly newspapers, send us your business card.

Freezer Facts

Meats, sauces and gravies keep up to 2 months. Pickled vegetables for 2-4 months and soups for 1-3 months.

Casserole timers

With cooler weather on the way, it's time to dig out your favorite casserole recipes.

Warm, filling and satisfying, casseroles are a busy cook's best friend. They are easily adapted to large-quantity cooking, so you can make enough for several meals and freeze.

If you double or quadruple a recipe, remember to adjust your seasonings, since they don't always increase proportionately. Black pepper, clove, onion and garlic become stronger during frozen storage and salt loses its flavor, so it may be better to add these on reheating.

Undercook casseroles by half to allow for additional cooking when you reheat, particularly casseroles containing macaroni, spaghetti, noodles and rice which become softer during freezing.

Always cool casseroles quickly and freeze immediately to avoid bacteria. You can shape the mixture so it fits the particular dish you want to use or reheat, simply by lining that dish with an open medium-size "Glad" freezer bag made from freezer-thick polyethylene.

Scoop in the mixture until dish is 3/4 full, then press it out until it roughly fits the dish. Remove as

much air as possible and close the top of the bag with the twist-tie provided. Label and freeze right in the dish. When solid, remove from dish and return to freezer.

Storage times vary, depending on the ingredients. Casseroles high in fat or with shell fish have a shorter storage life. Generally, the sooner you use any frozen casserole the better.

A Critical Time For Beef Cows

We have had a rough winter - one that has been hard on cattle. Here is an article written by Russ Gould of Alberta Agriculture.

The last three months before a beef cow calves is one of two critical periods in her reproductive cycle. The other is the 90 days between when she calves and when she should conceive her next calf. The beef producer's management decisions regarding these two critical periods often decide the profit or loss he will sustain in his operation.

Feeding For Two
As a beef cow enters her last three months of pregnancy, her calf is starting to grow rapidly. In fact, 70 per cent of fetal growth occurs during this period, and the calf's weight increases from about 15 pounds to 70, 80 or more pounds by the time it is born. Consequently, we must feed to maintain the cow and to grow a calf at the rate of almost a pound a day. And, because the unborn calf consumes mainly of protein, the need for protein is crucial as calving time approaches.

Disease Resistance
Proper nutrition for a beef cow in late pregnancy is important for more than just the growth of her calf. It has many important implications for the calf from the point of view of diseases at birth and its resistance to stress. A cow which has been properly fed will be in the

best position to supply an ample colostrum and milk to a healthy calf.

The level of energy fed to a cow before she calves will affect her ability to produce milk in the next breeding season. If she is to calve every 365 days, she must have lived within 30 days after she calves. If she consumes less in the breeding season, she will produce a calf that is small at weaning time. And some cows that are underfed before they calve will not conceive before the end of the breeding season, which means they will either have to be culled or carried over as expensive "boarders".

A lack of feed intake or the ingestion of a low quality feed and poor management in late winter and early spring are probably the main causes of poor reproductive performance in beef cattle.

Practical Suggestions
Nutrition
The daily intake of energy and protein should be gradually increased from the beginning of January to the end of March until a beef cow is getting about 30 per cent more feed than she was getting earlier in the winter. A good manager usually keeps his better quality forage for this time of year to ensure that his cows will eat enough to meet their nutritional needs. It is also quite common to provide extra energy and protein during this period by supplementing forage with grain. A feed analysis will ensure a balanced ration that meets the needs of the cow herd and eliminates any waste of supplements or grain.

Water Cold
Nutritionists suggest that beef cows should be fed an extra 20 per cent of feed for every 10 degrees C fall in temperature below about 20 degrees C at mid-day. Divide the herd

A free choice mineral-vitamin mixture will provide the proper amount of phosphorus in a 1:1 or higher phosphorus-to-calcium ratio should be fed, and such trace minerals as selenium and cobalt are essential when required. Magnesium may be needed if late winter tetany has been a problem in the past.

Watch Cows
Cows should be checked in late pregnancy for such things as prolapses, abortions, and unexpectedly early calves. However, they should be handled as little as possible to avoid causing injuries that could bring on these problems.

Parasite Problems
Cows should also be checked and treated if necessary for lice, which often build up in late winter. Dust bags and pour-on treatments are alternatives to spraying that can be used during cold weather.

Any warble grub that

escaped during last fall's treatment can be killed with a systemic insecticide when the grub holes are open along the cattle's backs.

Late Evening Feeding
Cattle and sheep ranchers have found that feeding cows in the late evening results in up to 50 per cent more of the calves being born during daylight hours.

Planning Ahead
Now is the time to plan ahead for your calving season. Collect and repair all calving equipment and prepare an area ("hospital area") for difficult cases. And purchase all necessary calving equipment like obstetrical gloves, soap, lubricants, etc.

Many good beef cow managers will begin now to collect and freeze colostrum from early calving cows or from a neighbor's dairy herd to supplement the colostrum of first-calf heifers when this is necessary. Be sure you have bottles, nipples, probe feeders, electrolyte solutions and medications for cows ready for the calving season.

And remember, a well fed beef cow herd and properly prepared facilities will go a long way towards a vigorous calf crop and a successful subsequent breeding season.

26er's Win Tournament

On Saturday, Feb. 6, the Viking Youngsters travelled to Two Hills to take part in the Two Hills Masters Tournament.

Game 1 saw them defeat the Vegreville Alberta Vets or team by a score of 4 to 3.

The next game went into overtime but again the Youngsters were victorious 5 to 4 over the Andrew Ases, thus advancing them to the final.

Sunday saw the Young-

sters pitted against the Edmonton Riders Hockey Team in the final game.

The boys put off to a slow start being down 5-0 at the end of the first period, but came back fighting in the 2nd and 3rd periods to win 6-5 over the Edmonton team.

The Youngsters would like to thank the fans who travelled to Two Hills to cheer them on and to Russ Hanson for sponsoring them in this tournament.

Wainwright No. 61****Notice To Ratepayers**

In July 1979 The Municipal District of Wainwright No. 61 passed a Land Use Bylaw to regulate and control the use and development of land and buildings within this District.

Before undertaking any development, it is necessary to obtain a Development permit from Mr. E. F. Smith, Development Officer. Mr. Smith is at his office in the Municipal Administration Building 1041-10th Street Monday of each week and may be contacted by phoning 842-4454.

It should be noted that anyone placing any permanent structure within 40 metres of the centre line of any surveyed road without first obtaining a permit, will be held responsible.

Ernest F. Smith
Development Officer

SERIES OF SEMINARS ON WASTE DISPOSAL PLANT

The first three meetings in the series of the public participation program seminars have dealt with the chemistry related to disposal.

Two More Series Have Been Arranged
The first will deal with questions which have been presented at the first three meetings.

February 15

Ryley Community Hall
1:00 p.m. - 4:30 p.m.

February 17

Holden Community Hall
1:00 p.m. - 4:30 p.m.

February 19

Viking Community Hall
1:00 p.m. - 4:30 p.m.

The last series will be forums at which the people who presented information at the first two seminars will form a panel which will deal with any questions or concerns in their respective fields.

February 22

Holden Community Hall
7:00 p.m. - 10:00 p.m.

February 23

Bruce School
7:00 p.m. - 10:00 p.m.

February 24

Tofield Community Hall
7:00 p.m. - 10:00 p.m.

As has been stated before, these are merely educational seminars.

No decision has been made

nor no agreement entered into to accept or reject such a facility.

Hopefully by March we should be better informed on the subject.

Mannville Agriplex

Guest Speakers: Hon. Al Boomer, Adair
Minister of Tourism & Small Business

Authorized by the Progressive Conservative Association

Last fall, when I began writing this column, I thought it might be fun to obtain a weather forecast for the coming season from one of the "Main Streets". So, summoning up my courage, I dropped into the pool hall to see if Cecil Ryznar would help me out. Cecil usually has news and views on various subjects, but this time he didn't; he just laughed and said he gets into enough trouble without trying to predict the weather. Well, Cecil, I owe you a vote of thanks, if we had predicted all the mess that we have seen, we would both have been in deep trouble. Perhaps it's a good thing that we can't see too far into the future.

For the week of February 15-21, the Viking Beach Bar family is vacationing. Others who will be working this week are the Petersons, Platts, G. P. Potatoes and Gile families or friends. Dawn Hodgins reports that 17 games were covered for the month of January alone. She also said that everyone has co-operated to the fullest extent to enable things to run very smoothly.

Main Street Viking

There will be a very interesting program presented by the House Economics Branch, Alberta Agriculture and the Alberta Women's Institute. The program for District 5 will be held at the University of Alberta, Edmonton on February 25, and there will be a district 8 program at the Elks Hall, Camrose, on February 26. A warm invitation is extended

to the general public to attend this information program entitled "Producer to Consumer - Public Opinion". Further details may be obtained by calling Margaret Whitehead in Laval at 985-2804. The Viking Gas Kiosk - Iron Ace game which was to be played on Saturday evening, February 18 will now be played, Sunday afternoon, February 14 at 2 p.m. in the Centre.

Don't forget the Viking Minor Hockey Valentine's Dance and Dance this Saturday. The evening will start off with Cocktails at 6:30 p.m., supper at 7:30 p.m. and a dance at 9:00 p.m. Tickets are available from all minor hockey coaches or from the Weekly Review Office.

Lyn Laghe

Beaverhill Lake Resource Plan

An integrated resource plan for the crown lands surrounding Beaverhill Lake was released recently by J.J. (Bud) Miller, Associate Minister, Public Lands and Wildlife.

In releasing the documents, Mr. Miller said, "The active involvement of local publics in the planning process has created a very positive atmosphere for decision making. The Beaverhill Lake plan is an excellent example of government and the public working together for the greater good of all." The Beaverhill Lake Re-

source Plan was prepared with public input, by the Alberta Energy and Natural Resources and Alberta Agriculture.

Beaverhill Lake is located just north of Tofield. The Lake is virtually surrounded by Crown Land, approximately 6,070 hectares (15,000 acres) in total. Most of this public land is under permit or lease to local

farmers and ranchers through dispositions under the Public Lands Act.

The Beaverhill integrated resource plan defines all the resources and uses included in the entire 15,000 acre area. The next step in the planning process is to prepare a specific development plan for each permit or lease making up the Beaverhill Lake planning area.

At the February 4 meeting of the Viking Lions Club, president Bill Giroux presented a cheque for \$500.00 to Viking Legion President Lerwatt Toward. The money will be used to help complete renovations of the Legion Hall which are currently nearing completion.

Do You Know The Bible Says

And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sun and the moon failing them for fear, and for looking after those things which are coming on the earth; for the powers of heaven shall be shaken. Luke 21:25-28. Read this in your own Bible.

Six years ago Scientists were forecasting events that would happen in 1982. These scientific investigations of astronomers is in no way related to astrology or fortune telling. These predictions are not from a religious

1982 there will be a unique event of the nine planets of the solar system. At this time all nine planets will be on the same side of the sun, and will be in perfect alignment. "Newsworld" referred to this situation as "An Apocalyptic Prediction". In the book these men have co-authored, THE JUPITER EFFECT, they point out that, just as the moon affects earthquakes by its gravitational pull, so do the planets affect each other, and particularly Jupiter, because of its great size. This has been linked to the earthquake frequency on our planet earth.

What then will happen when all the planets come into one line and exert a united gravitational pull on our earth? These Scientists speak of eight things.

A SERIES OF SEMINARS

"Creative Play Options"
Viking, Alberta

These seminars will be looking at the various components of a "child's play world." This will include a discussion on programs, play spaces, equipment and the adult influence on a child's play development.

Monday, February 18, 1982 - 7:00 p.m. Viking Day Care Unit

- The Programs our children are involved with
- Implications of "competition vs participation"
- The cooperative and new games approach to children's sport activities
- What can "we," as adults, do to provide a positive experience for the participants

Tuesday, February 17, 1982

Consultation: Creative Play Spaces - Indoor/Outdoor. All Day F.C.S.S. Resource Room.

- Information will be available on:
 - Outdoor playground equipment
 - Indoor play equipment
 - Creative use of limited space
 - Program ideas

Specific concerns will be discussed in relation to the Viking Child Development Society Requirements.

Resource People: Kent Hendricks - Regional Recreation Consultant
Toby Rabinovitz - Early Childhood Services Consultant

Tuesday, February 17, 1982 - 7:00 p.m. Day Care Unit

Seminar Topic: Creative Play Programming

- The session will deal with:
 - Theory of play
 - Child development
 - Learning through play
 - Appropriate age programming
 - Adult/parents' role with play

All three sessions are open to:

- Parents
- Teachers
- Coaches
- Recreation personnel
- Interested persons/students

A Message From The County Council

The Council of the County of Beaver wishes to acknowledge receipt of an invitation to attend a public meeting in Bruce called by the Bruce-Viking Agricultural Protective Association. The purpose of the meeting appears to be that each Councillor will be required to declare their position on whether or not they are in favor of the request to have a "Hazardous Waste Plant" situated in the County.

The Councillors, individually and collectively, have stated on several occasions that they are not prepared to make this decision until they have as many facts as possible. They have set up a series of meetings which will not conclude until February 24, 1982. They are not prepared to make such a statement until after these meetings have been completed. The Council then will make their decision in the democratic fashion, in a duly called Council meeting.

As the Councillors individually are not prepared to declare their position at the present time, they have decided they will not attend the meeting in Bruce on February 18, 1982 as they would have no contribution to make.

The County Council

Profile-Goldie Larson

Goldie Larson was born at Manville, Alberta in February of 1904. She is the youngest of four daughters born to an English pioneering family.

Goldie's schooling was acquired in the familiar pioneering manner with all grades taught under the roof of a one room school house. She attended Teachers School, located south of Manville until the family moved to the Albert District north of Irma in 1908.

Goldie's hard working and independent nature has served her well over the years and was first put to task quite early in life. At the age when most girls are entering high school, Goldie was earning a living, employed as a domestic helper in the home of a relative.

In 1940, Goldie married Erling Larson, a young farmer from the Vermilion area. Seven children were born to this union; four sons and three daughters. The Larson family moved to Irma in 1966 when Erling and Goldie purchased Central Sales and Service, later changing the name to Madson Automotive Sales and Service.

The garage became a family business with each of them now having turned it as soon as they could pump gas or change a tire.

In 1964 Erling passed away leaving his wife and children to further a business they had helped establish. Today, the business spans twenty-five years with three sons, David, Roger and Doug handling the operation. In 1970 the Larsons built a new garage west of the original shop. Keeping order and providing a strong back-up force is Goldie. When all else fails a hearty "Mother" schela through the building and in short order the "long lost invoice", "excited customer" or "rush order" is retrieved, queried or tracked as the need may be.

Goldie is a very family oriented individual and while her family was growing up became involved in group activities and community events. She became an "encouraging" spectator at most hockey and baseball games. She also still enjoys only now she watches her grandchildren. Madson Automotive Sales and Service.

Goldie Larson

and each one has a special place in her heart.

In leisure she enjoys the challenge of a good natured game of cards or scrabble and has tried her hand at the art of rug hooking.

Although not involved in a number of groups or organiza-

tions, Goldie enjoys the simple pleasures of life and values the day to day living in the Irma community. She holds a great deal of respect and appreciation for the local patronage which has enabled the family to remain in Irma over the years.

Long's Hereford Sale Well Attended

In spite of the cold weather a good crowd gathered at Long's Hereford Ranch on Wednesday, Feb. 3rd for their 65th annual Hereford Sale.

Auctioneer Jack Blacklock led the bidding brisk and

his son Bob, Kurt Gilmore and George Hallan took the bids.

Robert Nelson, Hughson bought the highest priced bull "Brilliant Dermet LHR 08" at \$9975. Martin Ormsby of Irma took three of

the better bulls at an average of \$2000.

Ralph Masil, Metekow, bought three good heifers including the highest priced one, "Standard Maidly LHR 724" at \$1000.

Other repeat buyers were

Klein J.K. Farms, Viking; Pastor Farms, Irma; George Fischer, Irma; Ole Rasmussen, Irma; Lawrence Rasmussen, Viking; Conrad Johnson, Wetaskiwin; John Semanuk, Myraman; and Rasmussen Ranching Chariv.

Volume buyers were Howard Evers for export to Oregon, Pete Farnham, Munster, and Ronald Angeltroff of Provost.

We would like to say a sincere thank you to all those who helped us get ready for the sale and helped on Sale Day; to the Strawberry Plains W.I. who so capably served the dinner and to those who braved the cold to attend. We hope to see you back Nov. 1983.

Irma Hosts District Meeting

Monday, Feb. 8 twenty five group committee members, club and scout leaders from Irma, Wainwright and Brandon gathered at the Irma Club and Scout Hall for their regular meeting.

Jack Ford gave a resume plans and progress on the

for Stampede planned for Feb. 20 in the Skill Area, Wainwright. Scheduled time from 1 to 6 p.m. the charge is \$1.00 per adult.

The Lord Bales-Powell Service will be held Feb. 21 in the United Church, Wainwright at 2:30 p.m. The agenda will include history on cubbing, needle lighting

on cubbing, needle lighting and prayer from the club.

Each participating group committee gave their reports. The Irma Club will be

hosting a pancake supper on Feb. 23 in the Irma United Church basement from 5:30 to 7:30 p.m.

May 23 is St. Patrick's Day and since this year is the 75th Anniversary of counting, a theme with this mind brought the suggestion of Pioneer Days.

The next regular meeting will be held on Monday, March 8th in Hughenden at the school at 7:30 p.m.

The mothers served a delicious lunch.

Crop Insurance

The federal-provincial crop insurance program for 1981-82 set new records according to preliminary figures recently released by Agriculture Canada's crop insurance division.

About 130,000 farmers purchased crop insurance in 1981-82 compared to 118,811 in 1980-81 and 118,811 in 1979-80. Coverage ex-

ceeded \$2.71 billion, up from the \$2.17 billion last year, while premiums totalled more than \$245 million compared to \$196 million last year.

However, because of better growing and harvesting conditions, total payouts dropped from a record \$282 million in 1980-81 to about \$168 million this fiscal year.

"Store-To-Your-Door"

the great new way to purchase carpeting. Now you can experiment, compare and select the perfect carpet for your room, right where it will be laid.

An Interesting Approach

How many times have you heard someone expound their feelings about a welfare recipient who is drawing social assistance and yet appears of sound mind and body, and should be out in the working world?

While it is certainly true that there are many welfare recipients who are deserving of all the assistance they can receive, it also holds true that in some cases the system is being abused by members of society. These individuals are content with the month to month existence of welfare with no intentions of working as long as this money is available.

A county in the United States has implemented a program whereby all capable and able bodied welfare recipients participate in a snow removal program. The county pays these

workers the minimum wage, and in turn all income earned goes toward repaying money the person has received through social assistance in the past. Failure to participate in the program can cause the discontinuance of welfare and the assistance to that person.

To date the county has generated approximately \$79,000.00 back into the social assistance program through the new system and are presently planning a street clean up program for the coming summer.

With the current state of recessed economic times perhaps our government should consider such changes within their welfare department, including an investigative follow-up program of assistance already receiving social assistance.

Lysons Denies Quote

Letter To The Editor

Dear Sir:

In a recent advertisement in your paper, under the name of Bruce-Viking Agricultural Association, I was quoted as saying that "the waste plant would depreciate at 15 per cent per year as a depreciable base. That is NOT what I said. The question was asked if industrial association depreciated and I agreed that it would. No particular figure was quoted as far as I heard."

The question of some material could only be answered by a qualified assessor. At the third series of seminars on Hazardous Waste,

to be held on February 22, 23, and 24, 1982, in Edmonton, I was asked to present to answer questions on assessment. Further, he said that waste would come from all over Western Canada. My answer was that as far as I was concerned the plant at this stage was only for Alberta with plans to expand along some border area and

likely the Peace River Block and 24, 1982, in Edmonton. This would only be under the policy as we would expect questions on assessment. Further, he said that waste would come from all over Western Canada. My answer was that as far as I was concerned the plant at this stage was only for Alberta with plans to expand along some border area and

Public Speaking
 Art or Torture? For over 8000 years man has studied the art of public speaking. The first book that was written on this subject was a book on speech. In ancient Greece and Rome it was the power of the speaker to move the masses that was the greatest writings date from the early history of the

With history like that we know speech education is important to the individual and the growth and individual self-image. Individuals should enjoy learning how to speak for a speech. Perhaps your interests include a special trip you've made or would like to make, or a favorite sport, or a recent event in your community, and enjoy telling that to your audience!

What might interest my audience? Observe what interests people in your area. Ask people about their interests. It also helps to know something about the people you'll be speaking to.

Where will I get my information? It is important to choose a topic which you can find enough information. Use local experts, the library, and news items as sources of information.

How much time do I need to properly prepare? Challenge yourself, but do not demand the impossible. Study in plenty of time and give it your best.

Is this topic a challenge to me? Choose a subject that will help you learn about: digging up information, your own ability to explain, or new area you'd like to explore.

How do other people choose their topics? Sometimes acquaintances can be helpful suggestions. Ask your friends for their ideas.

"Name Our Apartment Contest"
 The open competition for the naming of the 16 suite Senior Citizens apartment block which will be built in Viking will close on February 27. Entries must be postmarked on or before February 27 and should be addressed to: "Name Our Apartment Contest", c/o Box 497, Viking, Alberta T0B 4N0

LAST CALL

Beware Of Vacation Certificates

Bill Stutz, President of the Better Business Bureau of Edmonton and Northern Alberta, recently cautioned all consumers and businessmen

regarding Las Vegas "Vacation Certificates". He says: "This Bureau is receiving an increasing number of inquiries regarding 'Vacation Certificates' being offered for sale on the market."

The Bureau has received information concerning this matter from the manager of the Greater Las Vegas Chamber of Commerce and we quote it below:

The Greater Las Vegas Chamber of Commerce does not recommend so-called "vacation certificates" to anyone. Instead we strongly urge potential Las Vegas visitors to do business with a recognized travel agent in their home town or contact the Las Vegas hotel or motel of their choice directly.

The typical "Vacation Certificate" offer is made by post card or unsolicited phone call. Respondents usually receive a collection of casino package that are available free in Las Vegas, there is no reason for anyone to pay for them. When they contact the issuing company

to arrange their trip, they are asked for a reservation deposit that must be covered the price of their room. Frequently respondents have been booked into a motel far removed from the Strip or Casino Center. In many cases they find that the issuing company is not a business, thus turning their purchase into a total loss.

Las Vegas is an interesting tourist destination, and we are proud of our reputation for giving good value for the tourist's dollar. For that reason, our licensing requirements are so strict that vacation certificate companies no longer do business here. However, they operate from various other points in the United States and Canada to our detriment and to the detriment of thousands of consumers."

Our next card party will be held on the 20th of Feb. (Saturday) at the Youth Centre at 8:00 p.m.

The visiting committee for February are Elton Masson, Howard and Harriet Newby, Lois Crouse gave two papers. One was on Handicraft and one on Agriculture.

July - we had the fall driving contest at the Community Centre on July 1st.

August - we went to the new wildlife park for a family outing.

September - we gave some of our garden produce to the Parkland Nursing Home.

October - went to the World Food Day in Canmore.

November - we gave a large turkey to the Vegreville Hospice Association for their annual luncheon and bazaar.

December - for the year of the Handicapped we gave a Christmas hamper to a family with handicapped children.

Alberta Agriculture

Today & Tomorrow

Alberta's annual Agriculture Week is starting a new look in 1982. Rather than being a rambling series of happenings between February 22nd and 27th, this year's event even that we hope will attract Albertans of all backgrounds.

The focus is bridging the gap between the three days of seminars, lectures, panel discussions and workshops aimed at urban and rural Albertans who are interested in agriculture and related issues.

An important question was just asked: "Who should be interested in agriculture and related issues?"

The answer is everyone, every single Albertan. Agriculture affects us all. Three out of every ten of us are employed in an industry directly related to agriculture.

Just think what would happen if by some terrible calamity, agriculture in Alberta were to fold. You and I both know the incredibly slim possibility of something like that ever happening. But, it is a sobering thought - to immiserate what is a bright effect agriculture has directly on you.

It's also worth considering how critical one issue can be to a single agricultural sector and how its outcome will eventually affect you. One year on another, agriculture supports everyone.

Being Bridging the Gap will help to make that clear. The next Thursday, February 23rd, will be the first three days will be centered around trying Bridging at the University of Alberta in

Radio: the Alberta Women's Institute, United Farmers of Alberta, Alberta Cattle Growers, the Alberta Horticultural Association, and many commercial and financial organizations.

Events are also planned outside of Edmonton. Keeping the Farm in the Family is one that comes to mind.

It is a one-day seminar planned for Wednesday, February 24th. The service is a date book on the family farm, circumstances for changing farm income, and other factors which make break the critical and complex working relationships on which family farms are based.

The seminar runs from 9:30 a.m. to 3:30 p.m. The district agriculturalists at Burnhead can be contacted at 346-4445 for further information.

Another event is the Second Corporate Information Seminar and Trade Exhibition at the Old Calgary Days Inn. Seminars are being held on February 25th and 26th. An evening reception is scheduled for the 25th. Displays are available for afternoon and evening viewing on both days.

According to my information sheet, presentations will be aimed at three groups: those who know nothing about computers and are looking for general information. Those who are looking for a computer system, and those who already own one and are looking for advanced applications. Have

Farmbank

A new computer program called FARMBANK is now providing detailed commodity information.

Developed and maintained by Agriculture Canada, the service is a date book on the family farm, circumstances for changing farm income, and other factors which make break the critical and complex working relationships on which family farms are based.

The seminar runs from 9:30 a.m. to 3:30 p.m. The district agriculturalists at Burnhead can be contacted at 346-4445 for further information.

Another event is the Second Corporate Information Seminar and Trade Exhibition at the Old Calgary Days Inn. Seminars are being held on February 25th and 26th. An evening reception is scheduled for the 25th. Displays are available for afternoon and evening viewing on both days.

Irma News And Views

Get well wishes to Elaine Pond who is in the Viking Hospital.

Lorne and Barb Puder, Carl and Eunice Gubler, have left for a couple of weeks vacation in Hawaii.

Ralph and Lily Erickson are also leaving this week. We wish them all a safe and happy holiday.

Sympathy is extended to Mr. and Mrs. Harold Pasche of Viking on the passing of their son Ray.

Mr. Charles Allen and Clara are to be commended for brightening up the town with gay "Welcome" signs to members of the Wainwright School Division who held their Annual Curling Bonspiel in our new Irma rink.

Mr. and Mrs. Jim Craig returned home Monday after a four week tour in the South Pacific. Their itinerary included a stop in Honolulu, tour of Fiji, New Zealand, Australia and Hawaii.

They look very fit and well tanned after an enjoyable tour. We all look forward to their pictures, etc.

Mr. George Foreman of Alaska Lodge has enjoyed visiting the Sisters, the Charlie Reeds plus taking in the game Irma vs Dayaland Monday.

The Irma craft club will meet in the Cub Hall on Wed. Feb. 24th at 1:00 p.m. The project will be road works.

Mr. Dan Jaegerman of Bellamy houses for children will be showing pictures of the home at Greyson and progress on the history and progress on the house, on Sunday, afternoon, Feb. 22nd at 9 p.m. in the Irma Alliance Church. This should give the many friends of the home a greater insight to the work being done in this Christian home by a group of dedicated people. Lunch will be served following the meeting.

Roger Duncan of R. & S. Heating at Amisk and his brother-in-law Wayne Larson of Hardisty were in Irma on Monday installing a new furnace in the J. Jackson home.

Mrs. Allison Bauman, Adelaide Dueston and Orrill Darling were driven to Viking on Monday afternoon by Mary Newton to attend the funeral of Roy Pasche who is Mrs. Bacon's nephew. He passed away in Viking Hospital on Friday Feb. 15 after a prolonged illness. Sympathy is extended to his parents Mary and Harold Pasche.

A cribbage tournament was held in the Irma Drop In Centre on Friday evening Feb. 12th with four tables taking part. Following are the results. Ladies high scorer was Jean Burton with a score of 692. Ladies low went to Orrill Darling with a score of 515. Mens high scorer was Gusar Larson with a score of 685, while mens low went to John Lamberton with a score of 494. Lunch and socializing was enjoyed. On Friday evening, Feb. 19th there will be a wheel drive in the Drop In Centre commencing at 7:30

handwiches, pies, squares, potato chips and crackers and cheese.

While you sit and enjoy your coffee and snacks, live entertainment will be supplied by Ernie Rafuse and Linda Bell.

All youth are cordially invited to join us. Come and bring a friend. See you there.

Irma United Church Youth Group

Irma Youth Group To Host Coffee House

The Youth Group of Irma United Church is underway starting the year with new and exciting fund raising events. The event to start the new year end in our coffee house to be held in the basement of the United Church on Feb. 20 from 6:00 p.m. to 10:00. We will be serving various kinds of giving (chocolate, mint, etc.) and different teas. We will be serving snacks such as

sandwiches, pies, squares, potato chips and crackers and cheese.

While you sit and enjoy your coffee and snacks, live entertainment will be supplied by Ernie Rafuse and Linda Bell.

All youth are cordially invited to join us. Come and bring a friend. See you there.

Irma United Church Youth Group

A Message From The County Council

The Council of the County of Beaver wishes to acknowledge receipt of an invitation to attend a public meeting in Bruce called by the Bruce-Viking Agricultural Protective Association. The purpose of the meeting appears to be that each Councillor will be required to declare their position on whether or not they are in favor of the request to have a "Hazardous Waste Plant" situated in the County.

The Councillors, individually and collectively, have stated on several occasions that they are not prepared to make this decision until they have as many facts as possible. They have set up a series of meetings which will not conclude until February 24, 1982. They are not prepared to make such a statement until after these meetings have been completed. The Council then will make their decision in the democratic fashion, in a duly called Council meeting.

As the Councillors individually are not prepared to declare their position at the present time, they have decided they will not attend the meeting in Bruce on February 18, 1982 as they would have no contribution to make.

The County Council

SERIES OF SEMINARS ON WASTE DISPOSAL PLANT

The first three meetings in the series of the public participation program seminars have dealt with the chemistry related to disposal.

Two More Series Have Been Arranged
 The first will deal with questions which have been presented at the first three meetings.

February 19
Viking Community Hall
1:00 p.m. - 4:30 p.m.

The schedule for the third series is shown below. This series will consist of a panel of those people who presented information at the first two series of meetings, plus other persons.

They will summarize their previous presentations and answer questions.

Members of the panel will be:
 Dr. Don Ronaghan - Bruce-Viking Protective Association - Concerns
 Dr. Weaver and/or Staff from Vegreville Research Centre - Chemistry
 Mr. Phil Hall - Geology
 Mr. Al Schoening - Plant Safety
 Mr. Jim Wright - Economics Including Tax Revenue
 Mr. Jerry Pyper - Transportation
 Mr. Mike Salib - Disaster Services
 Mr. Bob Cross - Why Beaver
 And Others

February 22
Holden Community Hall
7:00 p.m. - 10:00 p.m.

February 23
Bruce School
7:00 p.m. - 10:00 p.m.

February 24
Tofield Community Hall
7:00 p.m. - 10:00 p.m.

As has been stated before, these are merely educational seminars.

No decision has been made
 nor no agreement entered into to accept or reject such a facility.

Hopefully by March we should be better informed on the subject.
 The County Of Beaver Council

Rosegarland W.I. Report

hale woman is Martin.

Further to her remarks Betty filed us in on the upcoming ACWW convention to be held in Vancouver in 1983 - the second such convention to be hosted by Canada since its inception.

As the Federated Convention is to be in New Brunswick, June 1983, Alberta is twinned with New Brunswick and was members are requested to correspond with those there to learn all we can of our sister province, Canada, including a remedy for hangovers and hiccups.

An education paper "Private Schools - A Challenge or an Alternative" given by Margaret Hill stated that there are ninety certified private schools in Alberta and more than a dozen unauthorized private schools came into being in 1981.

The A.T.A. has some concern over this but there is a suggestion that private schools could perhaps be accepted as a legitimate alternative and be partners in education.

In the correspondence received was information of

to and her talk Betty informed the group that she had transcribed since the last public report in November reads as follows:

A Christmas party for members and husbands and guests was held at the Senior Citizens room in December, complete with live, decorations, ham supper and Polynesian gift exchange.

Donations were made to the A.W.I. Office Fund, Terry Fox Cancer Fund, Telethon and all the dues were paid on time.

Registrations have been sent in for the District 3 Conference to be held at the Grey Nuns Center, Edmonton on Feb. 24, 25, 26. Brian Rudolph, Irene Townsend and possibly Margaret Hill will attend.

The Constituency Conference will be held in Viking this year at Golden Valley Lutheran Church, April 15. Session branches will be Bruce, Shady Cove and Rosegarland.

Business was quickly dispensed with in order to hear our guest, Betty Parsons who gave us much information on the work and future plans of the Women's Institute. She began her talk with a demonstration of a linen towel featuring a map of the world; the countries with Women's Institutes were colored a bright green.

It was truly impressive to see what a large area of the world is part of our family. Betty urged every one to make a study of all those countries to learn of their geography, history, culture and industries as a way of extending boundaries to provide a key of understanding. She gave a brief outline of the Associated Country Women of the world made up of not only W.I.s but Homemakers Clubs, Farm Women's Organizations, a total of 9,000,000 members, the largest rural women organization in the world.

Senator Martha Bellish is an area Vice President and as Betty remarked "I would not be surprised that she will be world president." A remark

T.V. be banned, Procter and Gamble, with their advertising from these shows. "Our incomes are being lost," she said. Thanks Betty and Adelaide enjoyed having you.

A backhanded paper was given by Marie Wader entitled Charcoal the Incredible Healer - good for emergency poisoning as charcoal acts like a sponge in the stomach but get to a doctor immediately of course. She listed many other health uses of charcoal, including a remedy for hangovers and hiccups. An education paper "Private Schools - A Challenge or an Alternative" given by Margaret Hill stated that there are ninety certified private schools in Alberta and more than a dozen unauthorized private schools came into being in 1981.

The A.T.A. has some concern over this but there is a suggestion that private schools could perhaps be accepted as a legitimate alternative and be partners in education.

English Language Program Continued

The Government of Alberta has approved \$600,000 to continue English as a second language training for refugees coming to Alberta.

The additional funds are required to support current programs and to provide English language training for Polish and other refugees. "This program has been an essential part of our assistance to Indo-Chinese refugees since August 1979 and will now play a vital role in aiding Polish refugees from the Soviet Union as they become integrated into their communities," says Jim Herman, Minister

of Alberta advanced Education and Mavor.

The department operates full-time programs for non-English speaking heads of families through the Alberta vocational centres, colleges and Boards of Education, as well as part-time English as a second language program through 80 further educational centres.

The government of Alberta has also made a special contribution of \$600,000 to the Canadian Red Cross to be used for relief and assistance to the people of Poland.

Viking Co-op Hosts Fun Spiel

The annual Viking and District Co-op bazaar for the public was held on Monday, Feb. 15 at the Viking curling rink. Sixteen rinks comprising of pro, semi

pro, amateurs, was held and would like to be entered. Every rink is guaranteed three games, win or lose, and winners are declared on a total point system.

The winners this year are as follows:
1st prize: Louis Giesler, skip; with Pat Erickson, Henry Holm and Ellen Leifson.
2nd prize: Magnus

Torvald, skip; with Marjorie Orschoff, Irvin Currier and Bernice Harnischmacher.
3rd prize: Rusty McLean, skip; with Hattie Gustafson, Bruce Currier and Irma Gustafson.

Booster prize: Jack Carrington, skip; with Harry Hamner and was on the one rink playoff. With Jack were Lars Bergstrom, Irvin Arnold and Leona Arnold.

From The Ground Up

District Agricultural

Jerome Atchuk and Rudy Warawa

By now many of you may have heard some rumors about a change in the Canadian Wheat Board Quota Policies. Well, it's not a rumor, it is a fact. It has been released just recently that prairie producers using more intensive farming practices and following more continuous cropping programs will receive extra quota acres in the 1980-83 crop year.

The change will give more quota acres to each farmer's delivery quota base if commercial/average is reduced and special crops are not a major part of his rotation.

The farmer whose combined commercial/average and special crops is less than 1/3 of the acreage in the six quota grains, will receive, as extra quota, the difference between one-third and the commercial/average crop acreage as he has needed to the six quota grains.

As an example, the Wheat Board took a theoretical farmer with 800 acres in wheat, oats, barley, rye, flax and rapeseed. He also had 200 acres in commercial/average and miscellaneous crops. If that same farmer (has 1100 acres) did not have commercial/average or special crops, he would receive a bonus of one third of the acreage in the six quota grains.

If by the same token, the farmer's quota base would remain unchanged if the land he has in commercial/average and miscellaneous crops is greater than one third of the number or acre he has needed to the six quota grains. He would not be penalized.

As an example, the Wheat

Board took a theoretical farmer with 800 acres in wheat, oats, barley, rye, flax and rapeseed. He also had 200 acres in commercial/average and miscellaneous crops. If that same farmer (has 1100 acres) did not have commercial/average or special crops, he would receive a bonus of one third of the acreage in the six quota grains.

If by the same token, the farmer's quota base would remain unchanged if the land he has in commercial/average and miscellaneous crops is greater than one third of the number or acre he has needed to the six quota grains. He would not be penalized.

As an example, the Wheat

Sixteen rinks were entered in this year Viking and District Co-op bazaar which was held on Monday, February 15. Staff Photo

Holden News

Several friends gathered at Mrs. Chetney's home to celebrate her 87 birthday.

Holden and District Agricultural Society are sponsoring a Skate-A-Iron to be held on February 28th. All interested can pick up skate books at the Holden 16 & 18 acre or from Mrs. Jean Grinde. Following are the events. Youngest skater: 6 to 10 years boys and girls; 11 to 14 boys and girls; 15 to 17 boys and girls; 18 and over men and women, and oldest skater. A trophy is given to the skater with the most money played in each category.

In hockey action in Holden the Holden Beavers were defeated by Ryley on Feb. 9 by a score of 8 to 7.

On Feb. 10 the Holden Odiumers and Daylarks came away with a 10 to 7 win.

Gas King Report

Viking Gas Kings had a
rather disappointing week,
winning only one game out
of three tries.

Kilam's 1st Viking 3
On February 8, the Viking
Gas Kings traveled to Kilam
to take on the Indians.

The first twenty minutes
only one goal scored as
the Indians took a one goal
lead.

Viking came on in the
second period scoring 3
goals to take the lead going
into the third period.

David Darling scored the
first goal at the 39 second
mark. Assisting on the goal
was Kirk McFarley.

The second goal was an
unassisted effort by Blair
Quinton.

The Gas Kings had prob-
lems in the third period as
they were unable to both put
the puck in the net and keep
Kilam off the scoreboard.

Kilam's winning goal
came in the last five minutes
of play.

Viking's 2nd Selkirk 3
On Wednesday, February
10, Viking played host to
Selkirk.

The first period was deli-
cately not for the weak of
heart as Shane Holler, along
with a little help from his
broads made some rather
spectacular saves.

Viking hit the scoreboard
first to take a 1 to 0 lead in
the first period.

Viking's first goal was
scored by Blair Quinton with
assists going to Murray Joseph
and Dave Darling.

Viking's second goal came
off the stick of Leo Laakso-
by, with Blair Quinton being
assisted on the goal.

Viking took a 2 to 0 lead
early in the third period
with a goal by Barry Field.
Assists went to Curtis Qua-
tak and Leo Laakso.

Selkirk's 2nd
Selkirk came with two quick goals of their
own to come within one goal
of Viking.

Barry Field got Viking
back their 2 goal lead before
the end of the second period
and the end of the game.

Viking came on in the
second period scoring 3
goals to take the lead going
into the third period.

David Darling scored the
first goal at the 39 second
mark. Assisting on the goal
was Kirk McFarley.

The second goal was an
unassisted effort by Blair
Quinton.

The Gas Kings had prob-
lems in the third period as
they were unable to both put
the puck in the net and keep
Kilam off the scoreboard.

Kilam's winning goal
came in the last five minutes
of play.

Viking's 3rd Selkirk 3
On Wednesday, February
10, Viking played host to
Selkirk.

The first period was deli-
cately not for the weak of
heart as Shane Holler, along
with a little help from his
broads made some rather
spectacular saves.

Viking hit the scoreboard
first to take a 1 to 0 lead in
the first period.

Viking's first goal was
scored by Blair Quinton with
assists going to Murray Joseph
and Dave Darling.

Viking's second goal came
off the stick of Leo Laakso-
by, with Blair Quinton being
assisted on the goal.

Ski Gallop To Be Held In Camrose

The Camrose Canadian and the Camrose Ski Club will hold their fourth annual Ski Gallop on Sunday, Feb. 21st.

This is a cross country ski meet which is aimed at young and old alike with participation rather than competition being stressed.

A new event this winter will be a 10 kilometer race

Included in the 30 kilometer events are races for competitive (and leisure) men and women along with men's and women's events for any interested.

Other 10 kilometer events will be for master men and women, juvenile boys and girls, male and female novices and children's event.

The winner in each event will receive cross country ski gloves while second and third place finishers will get medals. All participants will be given participant's ribbons.

Finishers in all events will have their names placed in a hat and ten kilometer races along with 20 kilometer competitions will be eligible to win a pair of cross country ski contributed by Coe Co.

Hot and cold drinks will be available to all competitors.

Advance registration may be forwarded to Allen Fiedling, 8801, 5015 - 90 Avenue, Camrose and registrations will also be accepted until noon on the day of the Ski Gallop.

The family entry fee has been set at eight dollars, adults pay four dollars and children's fees are three dollars.

The Ski Gallop will get underway with a mass start at one o'clock on Feb. 21st at the Camrose Ski Club. To get to the club, travel south from the highway on 88 street and follow the directional signs.

Hank Field, president of the Bruce Agricultural Society presents Grand Challenge trophies donated by Carrington's Golf Service in Viking to the Cam Hobbie Club. From left to right: Hank Field, Ken Heber, Skip, Tim Stambaugh - Third, Kelvin Erickson - Second and Ron Heber - Lead.

Heber Wins Bruce Bonspiel

A local risk skipped by Ken Heber won the Grand Challenge at the annual Bruce Bonspiel which concluded Sunday evening, February 14, Heber, with Tim Stambaugh throwing third rocks, Kelvin Erickson curling second, and Ken Heber playing lead, defeated the Ray Dury risk from Sherwood Park. The final risk from Holden was

in third spot while Vern Heber of Viking was fourth.

The second event was also won by a local risk. Bruce Hammamster skipped his risk to victory over the Maltby foursome from Holden. Hammamster scored three in the tenth end to tie the game and went on to win in the extra end. Magnusson of Rydal captured third spot.

A total of 34 risks competed in the bonspiel.

Finishers in all events will have their names placed in a hat and ten kilometer races along with 20 kilometer competitions will be eligible to win a pair of cross country ski contributed by Coe Co.

Hot and cold drinks will be available to all competitors.

Advance registration may be forwarded to Allen Fiedling, 8801, 5015 - 90 Avenue, Camrose and registrations will also be accepted until noon on the day of the Ski Gallop.

Specialists Answer Questions In Viking

Several specialists in various areas related to the handling of a Hazardous Waste Treatment plant provided answers to a number of questions in Viking last Friday. The last of the meetings in Series 2 attracted about 100 people to the Viking Community Hall.

Chairman Ian McArthur of Edmonton introduced the various specialists who gave a brief overview of their expertise in relation to the possible siting of a plant just west of Viking.

Included in the group of specialists was a geologist, a hydrologist, an economic consultant, a transportation engineer, a chemical consultant involved with plant safety, and a representative from Alberta Disaster Services.

A large number of questions was asked of the specialists, with most of the answers providing valuable information for those in attendance.

Besides the question session, a number of handouts were available at the seminar. These included the written answers to a number of questions asked at previous hazardous waste seminars.

The last in the series of seminars concluded this week with meetings in Holden, Bruce and Tofield. A special meeting of the County Council is scheduled for this Thursday to deal with the Hazardous Waste Treatment plant matter.

The panel at the Hazardous Waste seminar held last Friday in Viking included a number of consulting specialists in a variety of fields related to the siting and construction of a plant.

Local Group Urges Use Of Beaver Regional Arts Centre

Contrary to some reports, the Arts Centre has not closed its doors. It is, at present, open for use as a rental facility which can be used for meetings, plays, musical productions, etc. The Arts Centre has a good lighting and sound system as well as a baby grand piano. Bookings and enquiries can be made through the Village of Holden Office at 980-3888. The rental schedule has been revised to make use of the building affordable. Rates are as follows:

Building - no admission charged - \$10.00; stage lights and sound - \$10.00; Building - admission charged - \$100.00; includes stage lights and sound.

Building - public meeting - \$25.00; stage lights and sound - \$10.00.

Kitchen - clean use, per firing - \$10.00; private use, per firing - \$15.00.

Plans - "when requested for a specific booking the cost of piano tuning will be the responsibility of the renter."

Booking and Damage Deposit - \$50.00.

A group of interested people in the area are working very hard to bring programs to the Arts Centre in an attempt to keep the facility operating. If you have a production to bring in or would like to help in any way, please let us know. We need your support! Let's keep the Beaver Regional Arts Centre open.

Rec Board Sets Public Meeting

A regular meeting of the Viking and District Recreation Board was held on the evening of February 10th. In attendance were members of the local rec board as well as Jerry Bird, Dick Chamney, Norman Maxwell and Les Lafram.

The minutes were read by the secretary and declared adopted by the Chairman, Bryan Nordstrom.

Four members will attend Energies/82 on February 24th and 25th.

The Recreation Office is presently being used for a Coaches Clinic.

Some favorable comments concerning the street closure for the construction of a Curling Rink have been received and it was decided that a public meeting would have to be called to establish the community feeling on this.

Master Plan Budget - The balance of the meeting concerned a budget to establish what amount of funds we might need to carry out some of the proposed projects. The two major ones being a Senior's Centre for \$80,000.00 and a curling rink at a cost of approximately \$170,000.00 per sheet, which covers land, building and equipment.

The Caravan also is going to need major repairs within five years.

The secretary was instructed to write a letter to the Wildlife Club concerning the establishment of a tree nursery, with the idea in mind that when Boulevard or Park plantings were required we would then have some good sized trees to move to them.

A public meeting was scheduled for March 8 to inform anyone interested in the Master Plan and receive any input concerning Street

Attention Crimewatch Members

Due to the opening of some grain quotas, farmers are plowing out their bins and beginning to haul grain. Last week, in the Levey area, a farmer plowed out his bins during the day and that same night someone attempted to steal the grain. We would also like to remind the farmer that he has taken the bins would not start and no grain was taken.

In a separate incident, an

usages left at one man's bins was stolen. Neither of these events occurred in the East Beaver Crimewatch area but it is getting close to home.

We are urging every farmer to check your bins for holes and report sightings well ahead of the harvest season. We would also like to remind you to mark grain augers and other pieces of equipment for identification purposes.

During this past week individuals and businesses alike having insurance policies through Thor Agencies Ltd. in Viking received notice that the company will be closing its Viking office. Policies held in the Viking office will be transferred to either Toffield offices unless the policy holder wishes to use another broker.

The two principals of the company, John and Ken Pullen, are both past Viking residents and the decision to close their "home town" office must have been a difficult one to make.

Perhaps if one of the principals of the company had remained here, where Thor Agencies originally started, the final outcome of the Viking office may have been different.

The announcement of the closing of Thor's Viking office and the proposed closing of Fabyan Trading Post are enough to cause

concern about the future of Viking's business core. However, in the face of these unfortunate setbacks we find other businessmen such as Jerry White and Dave Zipnick who feel Viking has a strong economic future.

Mr. White will be reopening the Viking Hotel Dining Room and Lounge this Thursday, February 25, and plans to offer an early morning breakfast service as well as an evening dining menu, with plans in the near future for a noon smorgasbord.

Mr. Zipnick will be managing the newly established Viking office of Vantage Builders commencing March 1, 1982. This will be an expansion of their Vegreville based "Butter" steel building business and will serve Viking and surrounding area.

We would like to take this opportunity to wish them every possible success in their new business ventures.

Letters To The Editor

Dear Sir:
I am writing this letter to express my thoughts regarding the establishment of a hazardous waste facility in our area. As a farmer in the district for several years, in addition to my academic and professional experience, I believe that I am qualified to state my views on this matter and to be neglecting my profession if I did not publicly condemn any intentions of bringing such a facility anywhere near our district.

The Town of Viking is in the process of closing a water gathering system southwest of Viking to accumulate surface water from the Iron Creek. My concern is as a result of my analysis of the local water shed and the regional flow of water in this area.

As the Iron Creek proceeds southward it picks up surface water from several small waterways, two of which originate directly from each of the two sections of crown land suggested as desired sites for the hazardous waste facility. If this water gathering basin has been located properly, it should accumulate a maximum amount of surface runoff; therefore the risk is extremely high with regards to contaminants from the proposed waste facility located at either of these sites, entering the community water supply. Obviously considerable expense and effort has went in to designing and building a water gathering basin and underground pipeline taking the community to this water, and

any contamination whatsoever would completely negate an immediate shut-down, probably lowering, of the project. This water system and a constant and abundant supply of good water is essential to sustain the community in the years to come.

Our local politicians seem only too eager to locate something to our district which will result in short term economic benefits, but presents unknown risks for the future. The next few years will undoubtedly determine the survival of Viking economically, but we as residents must decide whether we want to jeopardize the quality of life that we enjoy today ourselves, and what impact our decisions have on future generations.

Thank You
A.E. (Alan) Wilson, P.Eng.

Dear Sir:
St. Andrew's School has been an important institution in High Prairie, Alberta for the past 25 years. To celebrate these memorable years, the 25th Anniversary Committee has planned a Homecoming Weekend for all past and present Teachers, Principals, Teachers and Students. The Homecoming Weekend is planned for the holiday weekend in May (May 22 - 23). Events planned for the weekend are family-oriented. The fifth Annual High Prairie Indoor Rodeo takes place on the same weekend. Anyone interested in returning for the weekend is asked to contact

Services Held For Joe Voltner

On February 15th, Joe Voltner passed away at the age of 46 years in the University Hospital in Edmonton following a bout with cancer.

Ernest Joseph Voltner was born in the Viking to Francis and Vladimir Voltner. He was the fifth of nine children, having three sisters (Vassany and Mary), one older brother (Frank), three younger brothers (Vernon, Susan and Charles), and two younger sisters (Frances and Midge).

Joe was raised in the Prague area and attended the old Prague school, which presently sits on the Voltner farm southwest of Viking. He graduated from the Viking School and took up farming on a full time basis - a vocation which he thoroughly enjoyed.

In his younger years, Joe played defense for the Viking Gee Kluge. His love of the game continued after his playing days and he began working with the Viking Minor Hockey Association in 1975. Joe was an active participant in the organiza-

tion, and was most involved as a coach. Since 1975, he coached the Teeny Thumbs and the Pee Wees, and was coach of the Bantams at the time of his death.

Joe Voltner's interest in hockey and figure skating made him an instrumental factor in having a paper depot start in Viking. Along with his wife, he initiated the program which provided funds for the figure skaters and minor hockey in its initial years. He personally hosted many of the first annual fundraisers for the funeral home for John Astor, Roger Labrecque, Bob Wesley, Charlie Berch, John Pratt and Norbert Besser. Pallbearers were Stan Zemanek, Henry Buzicka, Wayne Clouston, Joe Berch, Frank Seveik and Greg Klucka.

Joe is survived by his wife Shirley, three sons, two daughters, four nieces and three grandchildren, along with his parents, Francis and Vladimir, and all of his brothers and sisters. And he is remembered by a large number of people in the area. His dry sense of humor, combined with his

base and pitched for the warmth and sincere honesty will long be remembered and cherished by those who knew him.

The funeral for Joe Voltner was held on Tuesday, February 16 at the Prague Catholic Church. Interment followed in the Prague Cemetery. Father Besser officiated and Roman Catholic Funeral Home of Viking were in charge of arrangements.

Honorary pallbearers for the funeral were John Astor, Roger Labrecque, Bob Wesley, Charlie Berch, John Pratt and Norbert Besser. Pallbearers were Stan Zemanek, Henry Buzicka, Wayne Clouston, Joe Berch, Frank Seveik and Greg Klucka.

Joe is survived by his wife Shirley, three sons, two daughters, four nieces and three grandchildren, along with his parents, Francis and Vladimir, and all of his brothers and sisters. And he is remembered by a large number of people in the area. His dry sense of humor, combined with his

Roy Pascha Laid To Rest

On February 11, 1982 Roy Harold Pascha passed away at the Viking General Hospital after a lengthy illness at the age of 60 years.

He leaves to mourn his loss his loving parents, two sisters, Mrs. Ann Vetch of Watnright, and Grace Rose of Edmonton, one brother Donald of Red Deer and several nieces, nephews, aunts, uncles and cousins.

Roy was born on September 20th, 1922 in the Irma District. He was the second oldest of the family of four parents all his life, moving to different points in Alberta but spending 81 years in the town of Viking.

Roy had a very pleasant disposition having a ready smile and friendly greeting for everyone. He gladly gave a helping hand to

everyone, making many friends, who will sincerely miss him.

Roy loved his home and family, enjoying so many happy family gatherings over the years. He worked at jobs around town, always being dependable and trustworthy.

For many years Roy enjoyed playing badminton. He also was a member of the Fire Department, actively fulfilling his duties.

Funeral services were held at the Viking United Church with Rev. J. Bennett officiating. Organist was Mrs. Pauline Watson and soloist Mr. Dennis Watson who sang "How Great Thou Art". Eulogy was given by "Safe In The Arms Of Jesus" and "Nearer My God To Thee".

He was laid to rest Feb-

ruary 15th, 1982 in the Viking Cemetery. The Pallbearers were all members of the fire department, Bill Kamphuis, Brian Anderson, Rod Ripps, George Roddick, Gordon Draper and Maurice Stephenson. Honorary Pallbearers were Bill Young, John Kerychuk, Palmer Nordstrom, Mac McDonald, Tom Bruhn and Boyd Anst. Interment took place in the Viking Cemetery.

Roughan Funeral Services was in charge of all arrangements.

Korth - Lockhart Exchange Vows

On November 14th, 1981, Leon Korth, son of Ken and Marjorie Korth of Hardisty and Sharon Lockhart, daughter of Cecil and Marilyn Lockhart of Irma were united in marriage.

The ceremony officiated by Reverend Jackson was held in Irma United Church. Groomsmen were Bill Broadbent and Ted Korth. Best Man was Bert Short and Maid of Honor was "You Light Up My Life" accompanied by Mrs. Carol Gray.

The bride wore a traditional dress which had a chattering lace collar and bodice. The chiffon skirt extended into a chapel train edged with lace ruffles. She wore a matching veil and carried a bouquet of pink roses.

The groom was dressed in a tuxedo and wore a pink rose boutonniere.

The maid of honor was Darlene Lockhart, sister of the bride, and her bridesmaids were Bonnie Dushar and Sharon Johnson. The groom's maids, Valerie Rued

was the flower girl. There were two girls dressed in long pleated pink dresses and two in blue dresses.

The brides, was ring bearer. The ushers were Leon Korth and Dale Tomlinson.

Following the ceremony was a reception and dance at Kinross Hall. Leon and Sharon honeymooned to B.C. and have made their home in Hardisty.

Sharon Lockhart, daughter of Mr. and Mrs. Cecil Lockhart of Irma, and Leon Korth of Hardisty were united in marriage on November 14, 1981 at the Irma United Church.

Kinsella Seniors Hold Card Party

The Kinsella Rose Seniors held their monthly card party on Feb. 17th. Seven tables played whist and they visited over lunch. Winners were as follows: Ladies, Nellie Tiesman and Jackie Pedersen, Gent's, Peter Moller and Wilfred Pyle.

Since the date of the card party happened to coincide

with the Garvie's wedding anniversary, Cammer supplied ice cream as an extra for lunch.

Wednesday evenings are busy as usual and several of the Seniors are involved in writing and collecting stories, pictures, etc. for the Kinsella History Book.

Kinsella W.I. News

I am sorry for not remembering to put the Kinsella W.I. news in the paper.

Our Christmas party was very successful. We all enjoyed our January meeting even though it was cold. Betty Parsons, our social convener came to speak to us on W.I. We all enjoyed this and learned a lot from her presentation.

There were 18 members and 1 visitor present at the

meeting. The meeting was held at the home of Jean McKie.

In March we will quilt a quilt with Muriel having already picked up the materials.

It was decided that Gwen and Helen go to the Convention to be held at the Grey Nuns Centre.

A few points of interest are that A.C.W.W. has 9 million members in the world and also Alberta is

twinned with New Brunswick.

Our Constituency Conference will be held March 19th in the Lutheran Church in Viking.

We hope to have a Spring Tea and Grocery Hamper and Bake Sale on March 27th.

The meeting was adjourned.

CANADA

WARNING

CAMP WAINWRIGHT RANGES

Day and night firing will be carried out at the Camp Wainwright Ranges, Province of Alberta until further notice.

The Ranges consist of DND controlled property lying south of the Town of Wainwright, between primary Highways 13 and 14 and is intersected by Highway 41 in Township 63 to 45, Ranges 5 to 9. West of the Fourth Meridian in the Province of Alberta. If required a detailed description of the Wainwright property may be obtained from the Construction Engineering Officer at Canadian Forces Detachment, Wainwright, Alberta.

**STRAY AMMUNITION AND
 EXPLOSIVE OBJECTS**

Bombs, grenades, shells and similar explosive objects are a hazard to life and limb. Do not pick up or retain such objects as souvenirs. If you have found one in your possession any object which you believe to be an explosive, notify your local police and arrangements will be made to dispose of it.

No unauthorized persons may enter this area and trespassing on the area is strictly prohibited.

The Viking & District Recreation Board Wishes To Announce A

PUBLIC RECREATION MEETING

Wednesday, March 3rd At 7:00 P.M.
In The
Viking Civic Centre

The Viking & District Recreation Board has recently completed its annual review of the Viking 5 year Recreation Master Plan. Before presenting this review to Town Council for approval, the Board is seeking public input in order that the Master Plan truly reflects the recreational needs of the Viking Community.

THE MASTER PLAN REVIEW DEALS WITH PROJECTS COMPLETED OR INITIATED IN 1981 AND PROPOSALS FOR 1982 THROUGH 1986. SOME AREAS YOU MAY BE CONCERNED WITH ARE:

- GRANT ASSISTANCE TO EXISTING OR NEW PROGRAMS
- DEVELOPMENT OF LAKE THOMAS PARK
- CARENA RENOVATIONS
- BALL DIAMOND & FAIR GROUNDS DEVELOPMENT
- SENIOR CITIZENS CENTRE
- THE LOCATION AND DEVELOPMENT OF A MULTI-PURPOSE RECREATION COMPLEX (CURLING, BOWLING, ETC.) AND THE ALTERNATIVES
- TAX FORMULAS FOR RECREATION
- MAJOR CULTURAL/RECREATION FUNDS AVAILABLE

Proposals you may have read about or that are present in the Master Plan have been a result of Public Surveys and the Board's communication with various interest groups.

The Public Meeting is to allow your questions or comments to be a part of this annual review before a final draft is presented to Town Council.

If you have a concern with
Viking's Recreational Development,
your attendance will be
most welcome.

Strawberry Plains W.I. Notes

The February meeting of Strawberry Plains W.I. was held at the home of Minnie Jackson on Thursday Feb. 18th. The President Lorna Jackson called the meeting to order at 2:15 p.m.

The meeting was opened by singing "O Canada", and repeating the pledge in unison. There were six members and five visitors present.

The President welcomed the visitors and wished them a pleasant afternoon. Minutes were read by Bernice Long. In the absence of our secretary Ester Creary, she also took on the Secretary's duties. Treasurer's report came next and was also given by Bernice in the absence of Doreen Hill. Bernice presented us with a generous cheque for helping out by serving dinner at their Ball Ball.

Correspondence was dealt with. Some was tabled until next meeting. Next meeting was discussed. It was agreed to hold it on Monday evening, March 15th at 8 p.m. at the home of Doreen Hill.

Lorna and Betty volunteered to meet with the committees from Irma and Buffalo Coulee W.I.'s to make arrangements for the Daffodil Canoe Tea to be held in the Irma Legion Hall on April 1st.

Prizes for friendship: Roses are red, violets are blue, only fourteen cents we want from you.

The president then called on the Constitution Committee Betty Parsons to give her report. Betty started her talk by showing us a time travel featuring a map of the world. The countries having Women's Institutes were colored bright green and covered a large area. Betty urged everyone present to make a study of these countries to learn the geography, lifestyles, cultures and industries of them. She gave a brief outline of the Associated Country Women of the world, of which Senator Martha Blais is an area Vice President, and as Betty remarked would most likely move to a higher post in the A.C.W.W. This month marks the 86th year of the founding of W.I. at Stony Creek.

She then went on to tell of the upcoming convention of the A.C.W.W. to be held in Vancouver in 1983. This is the second time that Canada will host such a convention. Alberta is twinned with New Brunswick.

The constitution conference will be held in Viking Hall on April 19th.

A hearty vote of thanks was extended to Betty for a most interesting report. Minnie is responsible for the raffish for March. Betty Parsons won this month's raffle. Roll call for March: Tell us Irish jokes, story, or bring something of Irish origin. Meeting closed. Lorna was auctioneer for our White Elephant sale. Bidding was fast and furious and brought many laughs. Everything was sold and the grand total of \$42.35 was realized for the office fund. Lunch was served and a birthday cake centered the table laid in blue and white and inscribed with "W.I. 1987 - 1982 celebrating 86 years of W.I. Activities."

The Grand Banks of Newfoundland, Canada, average one foggy day out of three.

Valerie Elizabeth, daughter of Mr. and Mrs. Anthony Schaeffer of Killam, and Terence Lee, son of Mr. and Mrs. Gus Quattich of Viking, exchanged marriage vows on October 17, 1981 at St. Joseph's Catholic Church in Killam. They are making their home near Viking.

Almeida And Lockhart Married

On Dec. 19th, 1981 Darlene Lockhart, daughter of Mr. and Mrs. Cecil Lockhart of Irma and Joe Almeida,

son of Mr. and Mrs. Jose Almeida of London, Ontario, exchanged wedding vows. The ceremony took place at

two o'clock in the United Church in Delta, B.C.

Given away by her father, the bride wore a delicately pleated lace dress with a matching hat, trimmed with fur. She carried a beautiful bouquet of burgundy roses, which were made by Mrs. Claude Williams.

The groom was dressed in a grey tuxedo with a burgundy rose boutonniere. Darlene's maid of honor was her sister Sharon Korh and her bridesmaid was

Jeanne King of Irma. The girls were dressed in long burgundy pleated dresses.

Gordon Wall and Allan Atherton, the bestmen were also dressed in grey tuxedos and wore now living in Surrey were the ushers.

After the ceremony everyone enjoyed a buffet meal and dance. The happy couple honeymooned to Ontario during Christmas and are now living in Surrey, B.C.

Darlene Lockhart and Joe Almeida exchanged wedding vows on December 19, 1981. The wedding took place in Delta, B.C.

Irma Ice Show Queen Contestants

One of these lovely young ladies from the Irma Figure Skating Club will be crowned queen for 1982 at Irma's Ice Show on March 20 at 2:00 p.m.

Give them your support by buying a ticket on the contestant of your choice.

Hi! My name is Sylvia Rasmussen. I was 15 years old on January 22, and am attending Grade 10 in Irma School. After I have graduated I'd like to go to university and become either a teacher or a chartered accountant.

My hobbies include skating, snowmobiling, curling, working with my 4-H calves, and skating which I enjoy very much. I started skating before I started school and have only missed one year of lessons. I am now working on my first year figure and my junior bronze dances, after successfully passing my preliminary figure, my Dutch Waltz, Canasta Tango and Swing Dance. I'd like to thank the Ice Show Queen committee for asking me to be a candidate and wish the other two girls the best of luck.

Hi! My name is Diana Servey. I'm 15 years old and in Grade 9. I'm a member of the Irma Figure Skating Club and presently working on my preliminary dance, first figure and freestyle. My other hobbies include playing ringette, playing flute and piano, babysitting and watching hockey games. I would like to say good luck to the other candidates and I

Main Street Viking

For the week of March 1 to 7, the Viking Carousels and the Viking Carousels are in the midst of our recent blizzard. Bernice and Bill Rommel and Bill's mother, Lottie, have returned from a trip to California. They report that the weather was most pleasant there as well.

We have just received a letter from Norman and Signe Ehnst who wish to be remembered to all their friends and acquaintances in this area.

Irma Tom Thumb

The Irma Tom Thumb travelled to Kilam for a 5-8 start on Saturday. The game featured fast skating and good team work but in the end the host Kilam proved to be too powerful for the Irma Squad. The boys then travelled to Longwood to compete in their tournament. They met Badgewick in the first game with Irma gaining a berth in the "A" final beating the 27th.

The County of Beaver Seed Cleaning Co-op - Holden requires a responsible individual to operate and maintain seed cleaning equipment. Interested persons are asked to send a resume to Box 218, Holden, Alberta.

Celebrating Agriculture Week

February 28 - 27 is Agriculture Week, a week in which the agriculture industry is highlighted. Albertans will have an opportunity during the week to learn more about agriculture - its importance, potentials and constraints.

and films. The events will be of interest to farmers and urbanites, producers and consumers.

In total, Bridging the Gap should bring together a large number of people so each can learn from the other.

John Bauman of the educational programs branch of Alberta Agriculture is Agriculture Week co-ordinator.

The theme for the week is Bridging the Gap and will aim at closing the gap of knowledge and understanding of agriculture that exists between Albertans.

range of topics including energy management and conservation, computers in agriculture, and land use issues. Students will have an opportunity to explore career possibilities in agriculture. Numerous producer and agriculture-related groups will be gathering for seminars or annual meetings.

He sees the activities at the University of Alberta this year as only a beginning of expanded educational activities in years to come. Eventually he hopes most urban centres in the province will be holding their own symposiums during Agriculture Week.

The storehouses of the nation's bounty - a familiar sight in all of the rural communities, and an integral part of the food production and distribution system.

Rural jobs support Urban Industry!

Few people realize that every farm job supports at least a dozen people employed in Alberta's processing packaging, distribution and merchandise industries.

We depend on a constant supply of quality raw materials from Alberta farms for our foods and hundreds of other byproducts of agriculture.

Chances are your job is related in some way to farmers who are also heavy consumers of manufactured goods. That's why we set aside Agriculture Week each year to remind ourselves of the food and fibre we require in our daily lives and to recognize and honour those who provide it — our farmers.

Thank You All - We Appreciate Your Patronage!

Irma Student Visits Quebec

Tracy Fischer, a grade 11 student in Irma, left on Sunday, February 7 to begin a 5 1/2 month stay in St. Urbain, Quebec. Her partner in the exchange, Pierre

Toussier, spent 3 months at the Fischer farm from September to November. The purpose of the exchange, sponsored by the Department of Education of Alberta and Quebec, is to improve the language and cultural understanding skills of the students.

The Village of St. Urbain, about 180 km north-west of Quebec City, is about the size of Viking. Tracy and Pierre attend a 1700 student school at Donnacona, 70 km away. Tracy is taking French, English, History of Quebec, Mathematics, Physical Education and Typing. Because St. Urbain is

almost entirely French-speaking, she will have little opportunity to speak English.

Al Jamieson, the home teacher involved in the exchange spent the week of February 7 to 14 in Quebec. His job included visiting the school and family and helping in any way possible with the adjustment to a foreign culture. From Thursday afternoon on, he was free to enjoy Quebec City at carnival time.

Among the highlights were some superb restaurant meals, tours of old Quebec, carnival at Chateau

Frontenac, and shopping in many excellent shops. The experience was capped by the parade on Saturday night, where people were lined four and five deep on either side of the Grand-Allée into old Quebec.

Mr. Jamieson had many opportunities to use his French and says that he is now more fluently bilingual than ever. He also took over 180 slides and is eager to show them to the public at the earliest opportunity. Many thanks to all the Irma people who have helped to make the exchange the success that it is.

Beethoven was told to pour cold water over his head to stimulate his brain.

Keeping The Farm In The Family

One of the many activities planned for Agriculture Week is a one day seminar called "Keeping The Farm in the Family". The seminar will be held from 9:30 a.m. to 5:00 p.m. on February 24, 1982 at the Westlock Inn, Westlock.

The object of this seminar is to provide information on a number of ways that keeping the farm in the family might be accomplished. Topics for discussion will be: 1) alternatives available for involving beginning farmers in the family farm and/or transferring the farm to a family member, 2) in what circumstances should a partnership or corporation be considered as a method of keeping the farm in the family, 3) available financing for beginning farmers, 4) important factors that promote a good working relationship and maintain family cohesiveness.

Aces Gear Up For Playoffs

Over the past week and a half, the Aces were five, and tied one. With only one game left until playoffs, Irma is driving hard to finish

in top spot. The team will have to go into the playoffs without the services of team captain Gary Phillips who suffered a dislocated knee in 47 - 17 in the last six matches.

Game 1 - Hughesdon 5
The Aces came out of Hughesdon with their sixth win of the season. It was a come from behind effort all the way through the game, with Irma scoring first in each period, but the Aces answering with a goal late in each frame.

Dale Nelson got the first goal assisted by Jay Jensen. Jim Owen drove in a hard slap shot, assisted by Len Parsons. Then Morgan Jones tied it up late in the game with a low shot from the point. Wayne Leskow drew the goalie.

Wayne Leskow had a good game in net, as he kept Hughesdon going when he would be in front of the net, or behind it digging for the puck. At one time he carried the puck out to a mob in the corner and got a good pass away.

Irma drew 14 minutes to Hughesdon's 9.

Game 11 - Viking 3
This game was much the same story as the last time the Aces visited Viking. The first period was very close checking, with both teams scoring well. Then Irma gradually pulling ahead in the second, and out scoring Viking 5 - 1 in the third.

Once again, Ray Tomlinson started things off, drilling one in from the point, assisted by Wayne Leskow. Then Len Parsons scored assisted by Gary Phillips and Marvin Holt.

The second period saw Morgan Jones, Ray Tomlinson, Garret Mackay, and Len Parsons blink the lights, with Kent Gullbra, Wayne

Leskow, Gordie Orzechowski, and Jim Owen.

Brant Fischer tallied one to start the third period assisted by Dale Nelson and Ray Tomlinson. Then Len Parsons rounded off his last trick, assisted by Brian Burr and Ray Tomlinson, who picked up his fourth point of the afternoon. Brian Burr, Larry Nelson, and Wayne Leskow had picked up 7 points each while Leskow came away with four. They were really flying.

Other point getters were Dale Nelson with a goal and an assist. Brant Fischer also had a goal, and Kent Gullbra and Jim Owen each had one assist.

Game 12 - Dauphin 3
Irma out shot the Dauphin 28 - 38, and Brian Burr had to make plenty of saves throughout the game. Fourteen minor penalties were assessed to Irma and also minors were assessed to Dauphin.

Game 13 - Longhead 4
A good sized crowd was on hand to watch the Aces defeat the Roadrunners in this top-sided victory.

Brian Burr had his second consecutive hat-trick in as many outings. Len Parsons and Kent Gullbra each scored twice, and Ray Tomlinson and Garret Mackay both tallied one. Wayne Leskow gathered up four assists, Morgan Jones, and Ray Tomlinson added doubles, and singles went to Len Parsons, Brian Burr, and Kent Gullbra.

Bruce McKinstry put a stop to 29 Loughed shots, while the Aces took 41 shots on Loughed's Gary Kahl.

Irma had 9 minor penalties to Loughed's 8.

Game 14 - Dauphin 1
The local fans were treated to a very clean, action filled game when Dauphin journeyed to Irma for their final match-up of the regular season. The outcome of the game was very much in doubt until midway through the third period. One referee even remarked that it was the last game he'd ever officiated.

Garret Mackay was the lone scorer in the first period, when he put one in as he fell to the ice. Ray Tomlinson and Wayne Leskow drew the goalie.

In the third frame, Parsons exploded for three more goals, with Burr assisting on two. Wayne Leskow also assisted on one. Then Leskow scored, assisted by Parsons and Burr. In the last three games that this line has been together, they have tallied 42 points in goals and assists. Not bad at all.

The trade winds that were swirling around Ivan Bacon at the start of the season have now blown away, due to his steady goal tending, and the crusty old veteran figures on sticking around for a few more seasons. Also, Ray Tomlinson's arms have been measured, and we've found that he has a six and a half foot reach. Eat your heart out Berje Salming.

Don't miss the game Wednesday night when Roadrunners comes to town. It is the last game of the season, and there's a good chance that it will be a battle for first place. See you there!

Game 15 - Dauphin 1
The Aces were unlucky enough to arrive on the scene at the time of Leskow, Parsons, and Burr was rewarded. At the end of the game, Burr and Leskow had picked up 7 points each while Leskow came away with four. They were really flying.

Other point getters were Dale Nelson with a goal and an assist. Brant Fischer also had a goal, and Kent Gullbra and Jim Owen each had one assist.

Game 16 - Dauphin 1
Irma out shot the Dauphin 28 - 38, and Brian Burr had to make plenty of saves throughout the game. Fourteen minor penalties were assessed to Irma and also minors were assessed to Dauphin.

Game 17 - Longhead 4
A good sized crowd was on hand to watch the Aces defeat the Roadrunners in this top-sided victory.

Brian Burr had his second consecutive hat-trick in as many outings. Len Parsons and Kent Gullbra each scored twice, and Ray Tomlinson and Garret Mackay both tallied one. Wayne Leskow gathered up four assists, Morgan Jones, and Ray Tomlinson added doubles, and singles went to Len Parsons, Brian Burr, and Kent Gullbra.

Bruce McKinstry put a stop to 29 Loughed shots, while the Aces took 41 shots on Loughed's Gary Kahl.

Irma had 9 minor penalties to Loughed's 8.

Game 18 - Dauphin 1
The local fans were treated to a very clean, action filled game when Dauphin journeyed to Irma for their final match-up of the regular season. The outcome of the game was very much in doubt until midway through the third period. One referee even remarked that it was the last game he'd ever officiated.

Garret Mackay was the lone scorer in the first period, when he put one in as he fell to the ice. Ray Tomlinson and Wayne Leskow drew the goalie.

In the third frame, Parsons exploded for three more goals, with Burr assisting on two. Wayne Leskow also assisted on one. Then Leskow scored, assisted by Parsons and Burr. In the last three games that this line has been together, they have tallied 42 points in goals and assists. Not bad at all.

The trade winds that were swirling around Ivan Bacon at the start of the season have now blown away, due to his steady goal tending, and the crusty old veteran figures on sticking around for a few more seasons. Also, Ray Tomlinson's arms have been measured, and we've found that he has a six and a half foot reach. Eat your heart out Berje Salming.

Don't miss the game Wednesday night when Roadrunners comes to town. It is the last game of the season, and there's a good chance that it will be a battle for first place. See you there!

Game 19 - Dauphin 1
The Aces were unlucky enough to arrive on the scene at the time of Leskow, Parsons, and Burr was rewarded. At the end of the game, Burr and Leskow had picked up 7 points each while Leskow came away with four. They were really flying.

Other point getters were Dale Nelson with a goal and an assist. Brant Fischer also had a goal, and Kent Gullbra and Jim Owen each had one assist.

Game 20 - Dauphin 1
Irma out shot the Dauphin 28 - 38, and Brian Burr had to make plenty of saves throughout the game. Fourteen minor penalties were assessed to Irma and also minors were assessed to Dauphin.

Game 21 - Longhead 4
A good sized crowd was on hand to watch the Aces defeat the Roadrunners in this top-sided victory.

Brian Burr had his second consecutive hat-trick in as many outings. Len Parsons and Kent Gullbra each scored twice, and Ray Tomlinson and Garret Mackay both tallied one. Wayne Leskow gathered up four assists, Morgan Jones, and Ray Tomlinson added doubles, and singles went to Len Parsons, Brian Burr, and Kent Gullbra.

Bruce McKinstry put a stop to 29 Loughed shots, while the Aces took 41 shots on Loughed's Gary Kahl.

Irma had 9 minor penalties to Loughed's 8.

Holden Village Council Meets

Minutes of the Regular meeting of the Council of the Village of Holden held on January 27 with people interested in keeping the Arts Centre operational.

It was moved and passed that the rates for the Arts Centre rental be advertised in the Tolofad Mercury, Weekly Review and Vegreville News Advertiser.

It was moved and carried that the minutes of the January 13 meeting of the

management board of Northview Manor be reviewed and filed.

It was also moved and carried that correspondence from the Bank of Montreal in Villing requesting a letter of comfort for the Beaver Ambulance Society be reviewed and filed because the 1982 ambulance requisition has been paid.

A motion was made and carried that the auditors be

requested to prepare a financial statement for destruction to taxpayers as in past years, with copies being made at the Village

A motion was made and passed that a 1987 Ford Fire truck be purchased from Superior Emergency Equipment Ltd. in Red Deer at a cost of \$15,000.00 to be included in the 1982 budget.

A letter from Earl Hardy was reviewed. Councillor Daniluk moved that Mr. Hardy be notified that his letter was received and discussed in Council that his resignation as a public information officer in event of a disaster be acknowledged.

A motion was made with one opposed that the Council Chambers can be used as a meeting room provided the Administrators Office could be located.

In follow up to this it was moved and passed that the Administrator make arrangements to have a door installed and the existing door locked.

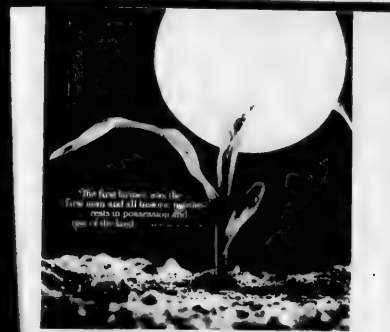

It was also moved and carried that the Administrator be authorized to provide Alberta Municipal Planning Corporation with an estimate of capital borrowing requirements in the next three years.

Information was reviewed on programs and courses offered through the Alberta Fire Training School. It was moved and carried that Councillor Daniluk look after this to see if anyone could attend a course.

It was moved and carried that the Village pay the \$10.00 membership to Outdoors Unlimited and that Holden School be asked to once again participate in the Arts Campaign in May.

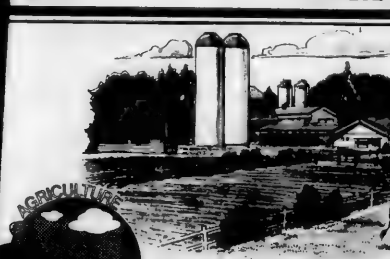

The Councillors reported on their departments and committee and board meetings they had attended. It was moved and carried that these verbal reports be accepted as given.

On a motion that was carried, it was decided that the old fire truck be stripped by the Village employees and that purchase of a gravel bin and hoist be investigated.

Each year, as every farmer knows, there is a rebirth on the farm. The first furrows plowed, the first pigs farrowed, the first wheat sprung. In this renewal lies a rich replenishment of the spirit. It is known only to men and women who have dedicated themselves to the land. To them we pay our compliments - and trust that the years ahead will enlarge and enhance their sense of fulfillment.

A Scientific Approach

Has made the Alberta agriculture industry one of the most productive in the world.

Right now Alberta farmers are planning for bigger and better production in 1982. May they enjoy continued success and prosperity.

Agriculture Week is a well-deserved salute to their progress.

Container Gardening

Winter needn't frustrate the avid gardener. Though the garden lay frozen solid under feet of snow, picking your own fresh salad ingredients is still possible. The answer is container gardening.

Winter or summer, growing things in containers has advantages. Apartment or condominium dwellers may be familiar with the benefits as they are the only option to gardens. All gardeners can adapt the method for use indoors or out.

Any number of containers can be pressed into service for growing things. They must meet three criteria: be right enough to support the growing mix, water and roots; be large enough for the development of the root system; and have provision for drainage of excess moisture. Thus pots, boxes, baskets, saucers, troughs, dishes and countless other containers can be used.

for a job well done

We're Proud To Do Business With You

It is our privilege to work with and for the farmers of this area. We meet them during Agriculture Week.

Agriculture Week
February 22 to 26 is Agriculture Week in Alberta - the province's annual salute to the industry of Agriculture. It is one of the most important industries this province has and directly and indirectly provides employment for many Albertans. Here is the County of Beaver, we see more of the primary or first level of agribusiness than anywhere else - the producers - the most demanding and challenging part of Agriculture. As the old saying goes, it's not just a job but a way of life! Farmers and ranchers throughout the province should not be afraid to give themselves a pat on the back this week. The progress made over the years is attributed to the strength, intelligence and hardwork of the farm family. They should be proud of their many accomplishments. Alberta farmers are modern, progressive and up to date. The quality of their products is ranked among the best in the world.

As we salute Agriculture

let us salute in particular those people who spend long hours planting and harvesting crops; tending over every new born calf; taking extra care to plant flowers and trees; striving always to improve themselves and their operation by study and learning; are always willing to participate in their community; support their young people through such groups as 4-H; and never less believe in what they are doing because there is always next year.

Take time this week to remember the man on the land and Agriculture - Our Renewable Resource. Time's Up

Time has passed so quickly, it's hard to believe that six months have come and gone since I started work as the Home Economist. It has been a challenge, interesting and very enjoyable experience. I have made many new friends and hope that I will continue to see many of you in the future. On March 1, Maureen Beauman will be returning from her maternity leave and I

I would like to salute the Farmers of this area, whether they be big or small, for making agriculture something to be proud of.

County Council Decides For Plant

On Thursday, February 25th, the Council of the County of Beaver met in Ryley for a special meeting to make a decision on the siting of a hazardous waste treatment plant within the County.

The meeting was held on the day following the culmination of a number of educational seminars which were held to inform the public about the siting of hazardous waste and the process of siting such a plant. These meetings featured a number of experts on various aspects of hazardous waste, with the final series including a presentation by County Secretary-Treasurer Bob

Cross and Don Roungan of the Bruce-Viking Agricultural Protective Association.

At last Thursday's meeting, Council decided to proceed with further testing, and decided that they were willing to provide a development permit for such a facility. Following in the text of the press release submitted by the County Council, "Over the last four weeks the Council of the County of Beaver has sponsored educational programs on the chemical and technical components relating to the disposal of hazardous and special waste. We have had probably the best expertise

available on the subject dealing with chemistry, geology, hydrology, transportation, the role of Disaster Services and the economic benefits.

At the conclusion of these meetings the County Council, at a special meeting held on Thursday, February 25th, has unanimously agreed to request the Minister of Environment, the Honorable Jack Cookson to proceed with further detailed study on the three sites that have already been studied in some detail, with the provision of the Council being Section 11-46-14-W4. The Council is prepared to issue a development permit on

any of the sites which meet the technical review requirements. At that time the Council is prepared to accept a high technological special waste disposal facility in our County provided a satisfactory development and operational agreement can be negotiated with the host prior to construction.

This agreement must ensure that the legitimate concerns expressed by the County Council and by the public at our educational seminars will be addressed. To this end we have received a commitment from the Minister of Environment that the County Council will be represented on the Selection Committee to select the

During the last series of seminars, Don Roungan delivered the key address which raised a number of questions as to whether or not the County of Beaver was the best location for a Hazardous Waste Plant. Staff Photo

Protection Association Holds Meeting

On Friday, February 26, approximately 130 people were in attendance at the Bruce Recreational Centre for a meeting of the Bruce-Viking Agricultural Association.

Included in the audience were members of the CFERN Channel 8 news staff who have been invited to give TV coverage to the meeting. The Association had called the meeting to plan its strategy after the Thursday, February 25th announcement by the County of Beaver Council to have the Minister of Environment proceed with further detailed studies of the three sites with preference being section 11-46-14-W4.

During the meeting Don

Roungan said that the new petition requesting the County to take the Hazardous Waste Plant issue to a plebiscite vote would be delivered to Mr. Cross and that a letter to the editor of the Edmonton Journal would be sent, protesting the location of the plant in Beaver County.

Mr. Roungan urged that if the Association is to continue its work more money will be needed. Plans are to possibly bring in experts from Washington and Virginia to speak to the County residents about Hazardous Waste. As well the Association plans to hire a lawyer to handle legal matters pertaining to the problem at hand.

Viking Team Wins Bronze Medal

Pandemonium, the team representing Viking in the state open at the Alberta Winter Games, Feb. 25-27, captured the bronze medal with a 97-15 win over the team from Grand Prairie.

Team members Victor Stehoda, Bill Sevel, Mike Potts, Barbara Brandt, and player-coach Doug Lauderbach. The team of new challenges to the Grande Prairie underdogs and in return gave a number of improved performance to take the game and the medal.

Pandemonium came into the game after a very close defeat to the team from Calgary, Dr. Gomez's Lost Cough Band. The more experienced Games occupied with a 62-51 win when the 25 minute time limit had been reached. Pandemonium had the Gomez on the run throughout the match and for most of the

game were winning. The Gomez however managed to win a few late challenges and take the game. They went on to win the gold medal.

Theodore Stehoda is the captain of Keith Johnson from the Lone Moose Team in Calgary. The game involves two teams which have their own improvisation and who try to match the other person's bid.

The Viking team made it to the Winter Games after defeating Manville in the Zone 7 playoffs on February 15 at Irma. At the Games seven teams participated in a round robin tournament, each team playing three games. Calgary and the Red Deer's Moving Zee, the silver medal winners, finished with a 3 and 0 record while Viking finished with a 2 and 1 record. Grande Prairie ended with a record of 1 and 2. Viking had wins over New Sprague and Grande Prairie while losing to Calgary.

The County Council have, in addition, asked that legislation be advanced dealing with the transportation of dangerous goods along with accompanying legislation.

With these commitments from the Minister the Council is confident a development and operational agreement can be negotiated that will benefit both the County of Beaver and Alberta Environment, and will fully protect the citizens of the County.

A. Robert Cross
Secretary-Treasurer

Viking Tops County Science Fair

The annual County of Beaver Science Fair was hosted by the Tudor School on Monday night, March 1, with students from Viking School achieving outstanding success in most categories.

Northwesters - Utilities again sponsored a \$50 cash award for the best exhibit in the energy conservation category with Lawrence Starnick being the recipient for his project on Solar Heating.

The Wildlife and Ecology award, donated by a former Viking Student, Barry McCann, went to Gary Car-

mack and Kevin Armstrong for their project on Plant Behavior. This project also won the pair a first place in the Junior High "B" category.

Second and third place in this category also went to Viking students. Larry Jakubec and Patrick Sevel placed second while Lauren Gurey and Emma Cottrell placed third. Sheryl McCann and Carrie Rudolph received an honorable mention for their exhibit.

Lawrence Starnick's project on Solar Heating placed first in the "energy" category, while Calvin Bue-

nett and Lori Finowar were awarded second and third place respectively.

Paula Grady and Sharon Bauer took first place in the Elementary section. Theresa Giebelhaus of Hudson received third place and a student from Tudor was awarded second in this category.

In the individual project section a Ryley student placed first while a student from Tudor placed second and third. Sandi Reddick and Laura Wesley each received honorable mention for their projects.

Little remains of what was once a mobile home located 2 miles south east of Viking. The Viking fire department responded to the call at 11:55 a.m. Saturday morning. Cause of the blaze has not been definitely determined but an electrical short is presumed as being the cause. Staff Photo

Youth Club Hold Coffee House

On Sat. Feb. 20th, a typical Sunday School room swarmed into a 1980's Coffee House. The atmosphere glowed with candle light, and the aroma of brewed coffee.

The patrons enjoyed the music of Ernie Rahn and Linda Bell who sang everything from heart felt ballads to toe tapping polkas, from Gordon Lightfoot to the Beatles. The professional

lighting by Dwight Larson, and Elaine MacMillan provided the musicians with a colorful stage.

We, the Youth Group of Irma United Church would like to thank Ernie and Linda for the excellent entertainment. To everyone who donated the great pie, squares and sandwiches. To everyone who served, and worked in the kitchen. To Michel and Anne.

We look forward to having another Coffee House in the near future.

The Irma United Church Youth Group

Holden History Book

The Holden Senior Center was busy with activity last week as preparation for distribution of the history book brochures took place. Over the past several months, the History Book Committee has endeavored to get as many names and addresses as possible of people who have lived or presently live in this community.

This week the bright orange brochures were sent to people on this list. If you have been inadvertently missed or know of someone who has, please phone 688-2437 or 688-3778.

Bruce News

There will be Aerobic Dancing offered at Bruce from March 8 - April 18. It will be held on Monday and Thursday between 1 and 2:30 p.m. at the Bruce Community Center. Also coming on March 18 is a short course entitled "Assertiveness Training" which will be held at 9 a.m. and end at 4 p.m. Mrs. Beckman from Lakeland College will be the instructor. If you are interested in either of these, please call Evelyn Corliss at 688-2312.

Gladys and Roy Tanka and daughters Kerry and Susan of Sherwood Park visited at the Bruce Community Center on Sunday. Shannon McMorris of Edmonton spent a few days with her grandmother and grandfather Bob and Robert McMorris.

Gail and Gordon Channell and Jean and Robin of Sherwood Park visited with Gail's parents Sandy and Irene Fredericks and helped them celebrate their 35th wedding anniversary.

Holden News

The Holden and District History Book Committee is in the process of gathering the stories and histories of the people of this district. The area will include the districts of Adams, Long, Ladriere, Marcel, Senne, West Bruce, Palmer, Talbot, Vermilion Valley, Holden, Neward, Myroslaw, Tyn, Polaka, Fairview, Sandstrom, Unity, Paw, Haight and Holden. It is urgent that material be gathered as early as possible. Submit your story and photos by April 30, 1982 to Holden Historical Society Box 119, Holden, Alberta, T0S 2K6.

The seminar on Hazardous Waste Disposal at Holden on February 22 was well attended. The interested public asked many questions of members of the panel that the meeting ended later than the schedule time 7 to 10 p.m.

The Holden 4-H Pancake Supper on Tuesday drew a record crowd. The supper hour from 6 to 7 p.m. was the busiest time. There was a long line to have everyone enjoyed the excellent supper.

Shady Cove W.I. Starts New Year

Feb. 18th, 1982 ushered in Shady Cove W.I.'s first meeting this year. Eleven members and five guests

attended the welcome meeting at Jennie Leiford's. The roll call revealed how members brought in the New Year. The minutes reminded everyone of the July Christmas party and the excellent slide presentation given at that time by Kay and David Darward. All these things now ancient history.

Berna Williams gave the Treasurer's report and the results of the many years' end, expenses, the Branch seems comfortably solvent. Correspondence had collected for some time. A letter from the A.W.I. President was read: Human rights, K. Habbertson says "The way of the interpretation of these in the chart of rights regarding the new Constitution," was in the word; but is there any opportunity to make various amendments? Another matter that should be brought to a halt is the disappearance of letters for various awards. The Western Livestock and Agricultural News, Oct. 11 points out that only three Provinces have passed legislation protecting valuable farm land. They are, B.C., Quebec and Newfoundland. U. of A. President, Fred Habbertson says the greatest offenders of using good farm land for other purposes in Ontario and Alberta trace a close second. For two decades families have been leaving for the city and the U.S. Yet obviously Alberta

today, has agricultural land to destroy ranches.

Dora Hasbrie gave an excellent paper on Agriculture. Her topic of alternative energy was very interesting. She discussed the use of Southwestern and Falmouth Shale have been cherted and make "wetter". Potatoes, where grown in the past, would have a good market, as fifty million dollars worth are used by Canadian per year.

Mrs. Betty Parsons in her capacity as Constitutionary Convener, added minutes and cheer to this meeting. Not the least of this was the presence of her marvelous

mother, Mrs. McChesna, plus a visit from a member Mrs. Ed Briddeman.

Mrs. Parsons had a worthwhile message to bring to Shady Cove. She reminded our Branch, that the Organized Country Women of the World was organized in 1880, and is the largest organization in the world with over nine million members in seventy countries. She was available for answering questions and instigating enthusiasm.

President Laura Swift thanked the speakers and expressed pleasure at the number of guests.

Motto by Jennie Leiford: "One catches more flies with

a spoonful of honey than with twenty cakes of vinegar."

The next meeting is at the home of Laura Swift on Monday, March 18th. Roll call will be 10:00 a.m. for 10:15 p.m. for 10:30 p.m. for 10:45 p.m. for 11:00 p.m. for 11:15 p.m. for 11:30 p.m. for 11:45 p.m. for 12:00 p.m. for 12:15 p.m. for 12:30 p.m. for 12:45 p.m. for "Grab A Bite That's Right!"
In today's busy life style we seem to be preoccupied for time in everything we do, including eating. That's why for many families snacking has become a way of life. With this in mind, Alberta's fourth annual NUTRITION WEEK, MARCH 1 - 6, 1982 will focus on the importance of making wise snack choices.

There's an abundance of

snack foods today and the choice of which food to choose can be difficult. With a little information we can choose the snacks that are nutritious, easy to prepare and are not harmful to the health. Snacks can be a special benefit to young children and teenagers.

Small children are just able to handle large meals and even busy parents frequently turn to adults. When snacks are well planned and used frequently they will not be spoiled and children may find them less irritable at meal time. Teaching children to choose snacks wisely will be valuable and a long lasting experience.

Snacks can provide extra energy and additional nutrients needed to fulfill their nutritional requirements. Dentally acceptable snacks for children and teenagers should not contain large amounts of carbohydrates or sugar. Tooth decay is prevented if these foods are rich to the teeth. Ice cream, chocolate drink, dried fruits and cereals are examples of foods that will promote tooth decay.

Snacks should be nutritious, easy prepared, and be easily acceptable and fun to eat. Choose from the four food groups in Canada's Food Guide.

Adult and Adult Products

Foods from this group are

important sources of calcium which is needed for strong teeth. This provides protection for such functions in building and repairing body tissue. Dairy products are the most important in normal growth and development.

Some good snacks produced in Alberta are yogurt, milk and cheese. Yogurt comes in many varieties. Fruit juice makes a nutritious beverage.

Foods from the meat group supply protein, iron, zinc and thiamine. This group includes meat, fish and shellfish, poultry, eggs, dry beans, lentils and soy products.

All meat and meat products are dentally acceptable. You can find a wide variety of meat products from the meat group supply protein, iron, zinc and thiamine. This group includes meat, fish and shellfish, poultry, eggs, dry beans, lentils and soy products.

Snacks should be nutritious, easy prepared, and be easily acceptable and fun to eat. Choose from the four food groups in Canada's Food Guide.

Adult and Adult Products

Foods from this group are

content making them high in calories. Foods with a high sugar content are easily unacceptable snacks.

The most commonly used snack is the potato. Potatoes are rich in carbohydrates and are a good source of energy. They are also better choices in terms of their nutritive value.

Foods in this group supply vitamins A, D and E. This group includes all fruits, canned, frozen and dried fruits and vegetables. It is important to remember that fruit drinks contain sugar which makes them poor snack choices and should not be confused with unwetted fruit juices which are made from pure juice.

Fresh fruits and vegetables help to remove other food particles from the teeth. Dentists refer to such foods as detergent foods.

Delightful foods include apples, cauliflower, celery and carrots. Good Alberta grown produce includes apples, cauliflower, celery and carrots. Good Alberta grown produce includes apples, cauliflower, celery and carrots.

Alberta Nutrition Week reminds us to consider the nutritional value of snack choices for our family. Also remember there are many Alberta grown products that are good for you. Buy nutritious food for your family. During Nutrition Week, and all year long, Grab A Bite That's Right!

"Public Opinion Versus Facts"

A seminar "Public Opinion Versus Facts" sponsored by the Home Economics Branch of the Dept. of Agriculture and the Alberta Women's Institute in conjunction with Agriculture Week, was held at the University of Alberta on Thursday, Feb. 25.

"Bridging The Gap" was the theme for the week, the purpose of which was to bring rural and urban people together in a common understanding of the problems and achievements of agriculture to provide the cheapest food in the world.

Eighty eight per cent of Canada's land area has no agricultural value. Land use has become a major concern as much of Canada's prime agricultural land is being annexed for urban sprawl, industries, airports, oil and gas projects etc. and the price of land far beyond the rate of return on agricultural use. It literally makes sense for young starting farmers to get into farming which means that there will be even fewer farmers in the future while the population increases.

Because the farm population has already dwindled to a minority group whose voting power has become weak, there is the feeling that one can never really reach the man on the street to make him aware of the problems of the farming community.

How many urban dwellers really know that they have the cheapest food in the world. In Canada 18 per cent of the average wage goes for food, while in India it is 50 per cent and the rest of the world somewhere in between or higher.

On one acre, an Alberta farmer can raise enough potatoes for a family to live on. In France, five, one meal every day for 27 years.

Do one acre of land, an Alberta farmer can supply the average family with food for nearly 10 years. With the level of technological and farming techniques, the farmer is capable of producing food for 10 million people at the present high level of eating habits.

Alberta supplies beef and veal for over 10 million people. Alberta produces 40 per cent of Canada's hogs. The crunch comes in the return the farmer receives when he invests in the production with other industries. I take the average Alberta eight million herd to earn one down egg in the Soviet Union it takes 71 minutes, the highest in the developed countries.

If a Canadian farmer donated his wheat straight across the border to the United States, a loaf of bread would only drop eight cents. A loaf of bread costs 16 cents. The farmers profit is growing the peas.

Sixty per cent of the products in food stores do not exist fifteen years ago. Most of them are corn, once foods, much more costly than the raw product would be.

Twenty five per cent of the "Food dollar" is actually spent on non food items because all food stores now carry many department store items. Think about it. Next time you pay your food bill. How much are you REALLY paying for food?

These are the facts that came out of the seminar and that farmers have to put across in the buying public, especially in the cities. Farmers are consumers too and are entitled to the amenities of life that we all enjoy.

From The Ground Up

Elaine Manchur and Rudy Wesson

Understanding Herbicides
Herbicides are materials that slow or stop the growth of certain plants. In short, herbicides are weed killers. They kill unwanted plants in at least six different ways.

The most commonly used herbicides like 2,4-D and related chemicals (dicamba) are selective. They kill weeds but not crops.

Some spot cut division and elongation. Equisetum (dicamba) kills it, to kill wild oats, green foxtail and perilla, it is an example of this action.

Others interfere with cell division at the germination stage. An example is Atrazine (dicamba) for wild oat control in the soil.

Supposedly the growth of certain plants is destructive action. Trifluralin (trifluralin) kills many weeds and some broadleaved weeds in this way. Cloas like rapeseed, mustard, flax and many of the legumes are resistant. Some cereals can escape injury only if they root deep enough to avoid the soil layer.

Some herbicides stop the photosynthesis, or use of

sunlight, by the plant. Examples are Urease such as Lactone. Urease has interfered with photosynthesis as well as Trifluralin such as alachlor and atrazine. They kill a common herbicide called 2,4-D. (Dicamba) produces do not allow the plant to move newly formed energy to where new growth is taking place. For example, leaf burn may occur and the growth of new leaves may be delayed.

Irma News And Views

houseness was filled to capacity for at least two hours. The supper was put on by the Cubs and Scouts. The men cooked in the kitchen doing an excellent job of cooking with the ladies. The Cubs and Scouts who looked so neat in their uniforms carried on manfully, clearing and setting tables. The meal of potatoes and meat was very good. It is unnecessary to say that no one went away hungry.

It has been noted that some people dispose of their papers (newspapers) in the women's ground. Please bring your news print to Jackson's garage. There is plenty of room there. Every ton of newspaper saved, saves the destruction of 17 trees.

Lorna and Eddie Jackson had a beautiful Sunday to celebrate the Christmas of their newest granddaughter, Brandy Carol who was Baptized in the United Church on Sunday forenoon by the Rev. Anne L. Gowan. Brandy is the daughter of Constable Charlie and Carol Jackson of Langenburg, Sask. She was born on New Year's eve. On Sunday afternoon she was surrounded by her maternal and paternal grandparents, her

great grandmother Cora and great grand parents Mabel and Jim Jackson, also her Aunts and cousins. Mr. and Mrs. Don Car of Warwick are Brandy's maternal grandparents, her paternal grandparents, Messrs. Gustav and Ulfred Don, Denise Car also Doreen who were present. Neil Jackson and Linda Car of Edmonton were also at the baptism. About 20 people were present. Brandy was baptized by Lorna. The baptism and evening was most pleasing, opening the presents and taking pictures and many other guests arrived during the evening. Several combinations of four generations were captured on film.

Congratulations to Marjorie and Al Crawford on the arrival of their baby boy in Walworth Hospital on Friday Feb. 26.

Congratulations also to Lorna and Gordon Holt on the arrival of their baby girl, Elsie, in Walworth Hospital. We are sorry to report that Elsie had a back in Walworth hospital again. Get well wishes are extended for a quick recovery.

Irma Cubs Host Supper

On Tuesday, Feb. 23 the Irma Cubs with the assistance of the group committee and their sponsors the Irma Kinnison served a potluck supper to approx. 150 people.

The group committee would like to thank the Irma Kinnison for their fine job of cooking. We do hope everyone enjoyed their supper and thank each one for coming out and giving us your support.

Who provides the food? In Alberta our agricultural skills are of a high order. With only eight per cent of the population we produce 30 per cent of Canada's agricultural products.

The weather is again being talked about. More snow and more snow keeps coming. The fall trip is nearly covered for a change. Saturday evening Feb. 27 there was a bad table played between the Drop-In Centre. The next cribbage game will be in the Irma Drop-In Centre on March 13th Friday. The next bridge will be held on Friday evening March 18th at 7:30 p.m.

The Viking & District Recreation Board Wishes To Announce A

PUBLIC RECREATION MEETING

Wednesday, March 3rd At 7:00 P.M.

In The
Viking Civic Centre

The Viking & District Recreation Board has recently completed its annual review of the Viking 5 year Recreation Master Plan. Before presenting this review to Town Council for approval, the Board is seeking public input in order that the Master Plan truly reflects the recreational needs of the Viking Community.

THE MASTER PLAN REVIEW DEALS WITH PROJECTS COMPLETED OR INITIATED IN 1981 AND PROPOSALS FOR 1982 THROUGH 1986. SOME AREAS YOU MAY BE CONCERNED WITH ARE:

- GRANT ASSISTANCE TO EXISTING OR NEW PROGRAMS
- DEVELOPMENT OF LAKE THOMAS PARK
- CARENA RENOVATIONS
- BALL DIAMOND & FAIR GROUNDS DEVELOPMENT
- SENIOR CITIZENS CENTRE
- THE LOCATION AND DEVELOPMENT OF A MULTI-PURPOSE RECREATION COMPLEX (CURLING, BOWLING, ETC.) AND THE ALTERNATIVES
- TAX FORMULAS FOR RECREATION
- MAJOR CULTURAL/RECREATION FUNDS AVAILABLE

Proposals you may have read about or that are present in the Master Plan have been a result of Public Surveys and the Board's communication with various interest groups.

The Public Meeting is to allow your questions or comments to be a part of this annual review before a final draft is presented to Town Council.

If you have a concern with Viking's Recreational Development, your attendance will be most welcome.

Gas Kings Advance To Play-offs

Regular season play was over in the Battle River Hockey League and playoffs will get underway tonight (Wednesday).

Viking 7, Rosedale 2.

De Wednesday Forestry 1, Viking travelled to Rosedale and came home with a 3 victory.

The first 20 minutes saw both teams score 3 goals each.

Viking goal scorers were Kenny Laford and David Darling.

Blair Quinlan, Murray Joseph, Ray Ratnay, and Kirk McInroy.

Viking pulled ahead in the second period outscoring Rosedale 3 to 1.

Rosedale hit the second period, but Kirk McInroy hit the net a couple of minutes later to tie the game at 3.

Joseph Wincura assisted on the goal.

Viking's other two goals in the second game in the last four minutes of the period and both came off the stick of Ray Ratnay.

Assisting Ray Ratnay were Doug Appleby, David Darling and Kenny Laford.

The third period saw Viking add 2 goals to their total while holding Rosedale off the scoreboard.

Blair Quinlan scored Viking's sixth goal at the 4:47 mark of the third period, with assists going to Barry Field and Kenny Laford.

Ray Ratnay scored Viking's seventh goal, and his third of the game at the midway mark of the third. Assists went to Barry Field and Lee Leasky.

Darren Josephson tended net for the Gas Kings.

Viking served 10 minor penalties and Rosedale sat out 11 minutes in the game.

Viking 10, Forestry 2.

On February 22 the Gas Kings travelled to Hughesdale to take on the Jets.

Viking came out in the first period and took a 3 to 1 lead after 20 minutes.

Doug Appleby hit the scoreboard first with Allen Evans getting the assist.

Low Leasky gave the Gas Kings a 2 to 0 lead on a goal from Ray Ratnay.

Scoring Viking's third goal was Danny Thomas. The assist went to Lee Leasky.

Viking put the game out of reach in the second period scoring 4 unanswered goals.

Scoring goals for the Gas Kings were Barry Field, Joseph Wincura, Doug Appleby and Ray Ratnay.

Assists went to Blair Quinlan, Barry Field, Allen Evans, Curtis Quatke, Kevin Maxwell and David Darling.

last three goals were David Darling, Kevin Maxwell and Ray Ratnay.

Shirley Houlder tended the net for Viking.

Forestry 2, Viking 4.

Viking's second last game of the season was against the Hardy's Stars.

Nether team could put the puck in the net in the first period, but both made scoring goals each.

Bevering for the Gas Kings were Kenny Laford, David Darling, Kirk McInroy, and Curtis Quatke.

Assists went to Blair Quinlan, Ray Ratnay and Doug Appleby.

Things fell to pieces for Viking in the third, as they allowed Hardy to score 5 times to tie the game 5 to 4.

A total of 11 penalties were assessed throughout the game.

Day 10 - Viking 5, Forestry 2.

On February 26, Viking played their last regular season game against Dayland.

The first saw only 1 goal scored as Dayland took a 1 to 0 lead.

Viking tied the game at the 5:00 mark of the second on a goal by Kevin Maxwell.

Terry Quatke and Allen Evans assisted on the goal.

Dayland got two more by Shane Hollar to take a 3 to 1 lead at the end of the second.

Viking couldn't quite catch up to the third, as they were outscored 2 to 1.

Scoring for Viking was Kenny Laford with the assist going to Blair Quinlan.

Playoffs

Playoffs will start tonight (Wednesday).

Viking will go up against Killam in the first best of five series. Tonight's game will be played in Killam, but the two teams will play the second game in Viking on Friday evening at 8:30 p.m.

On Saturday 26, Viking played their last regular season game against Dayland.

The first saw only 1 goal scored as Dayland took a 1 to 0 lead.

Viking tied the game at the 5:00 mark of the second on a goal by Kevin Maxwell.

Terry Quatke and Allen Evans assisted on the goal.

Dayland got two more by Shane Hollar to take a 3 to 1 lead at the end of the second.

Viking couldn't quite catch up to the third, as they were outscored 2 to 1.

Scoring for Viking was Kenny Laford with the assist going to Blair Quinlan.

Viking Pee Wees Finish Second In League Play

Since last report Viking Pee Wees have played six exhibition games with Rosedale winning handsily by a 12 - 3 score.

In Provincial Forestry, Viking was bested in the first round by Sherwood Park.

Viking travelled to Sherwood Park for the first game of a two game total point series.

Our boys were outplayed throughout the whole game when the final buzzer sounded it was 13 - 8 for Sherwood Park.

Our point getters were: Cory Clouston 2 goals, Dean Haeberle 1 goal, 1 assist, Cory Welch 1 goal, 1 assist, and Darren Anson 1 goal.

The return game played on Feb. 12 was the same type of game with Sherwood Park winning by a score of 10 - 5.

Our point getters were: Cory Clouston 2 goals, Darren Anson 2 goals, Dean Haeberle 1 goal, 1 assist, and Cory Welch 1 goal, 1 assist, and Darren Anson 1 goal.

On Sunday at 1:00 p.m. March 7 at the Killam Agriplex, a happy, exciting and fun filled event will take place. It's the annual Flagstaff District Ice Stampede.

The afternoon will start off with a color parade, introductions and opening ceremonies, followed by chuckwagon races for Beavers, and Cubes, Chariot races for Scouts. Also an interesting event of snail races will take place for adults.

The afternoon will end with the final race, presentation of trophies and prizes. What is it? Well it's a miniature rodeo on ice with the boys and their leaders of the Scout movement of Viking.

goal, Dean Haeberle 2 assists, Trevor Ritchie 2 assists and singles to Cory Welch and Cory Welch.

In league play, Viking travelled to Forestry on Feb. 13 defeating Forestry by a 11 - 3 score.

For Viking Wees: Cory Clouston 3 goals, 2 assists, Cory Clouston 3 goals, 2 assists, Doug Taylor 3 goals, 2 assists, and single assist to Darren Walsh.

On Feb. 27 Viking travelled to Irma for a very entertaining tournament with four teams.

Missing from the photo are Shirley Evans, Jimmy Davis and Ricky Cummings.

Food: The Crisis Of The 80's

For most North Americans it is like to go to the store and find that it is not the case for hundreds of millions of people elsewhere in the world. Because hunger is a danger to most of us on

this continent, the notion of a food crisis doesn't strike very close to home. The first World Food Day was held October 16, 1981. It was a day set aside to draw attention to the world

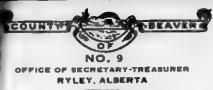

food problem. While the world's population is increasing at the rate of 80 million a year, the global food supply appears to be growing smaller.

Information that was assembled and distributed prior to World Food Day pointed out some grim facts. Almost 800 million people in developing countries suffer from serious malnutrition. In poor countries, one child in four does not reach the age of five. Nor is the situation improving. The per capita food production in Africa has diminished continuously over the last 10 years. The average African had 10 per cent less to eat in 1980 than in 1970.

All this seems remote to Canadians who are among the most fortunate people in the world when it comes to food. Not only do we have an almost endless supply, but our food is varied, nutritious and wholesome. The average Canadian spends less than 20 per cent of his or her disposable income on food.

Canada has the natural resources to grow a wide variety of crops in great abundance. But food is becoming the most critical resource in the world. And what are we doing about it?

In a column written for "the Today" magazine, Walter Stewart answered that question. He wrote "paying our farmers, bankrupting our cattlemen, shoving our wheat producers to the wall, importing fruit and produce to undercut our own growers' market." He goes on to comment "Canada is in the process of downgrading its agricultural system as we head into a decade in which the key issue will be food, not energy."

NOTICE

Planning Act R.S.A. 1980

Take notice that the Council of the County of Beaver No. 9 proposes to pass:

Firstly a Land Use By-Law and Secondly a By-Law Adopting A General Municipal Plan pursuant to Sections 139 and 140 of the Act.

The purposes of the proposed Land Use By-Law are:

To prohibit or regulate and control the use and development of land and buildings within the municipality to achieve the orderly and economic development of land.

The purposes of the proposed General Municipal Plan are:

To guide future land use and development within the County.

Copies of the two proposed by-laws may be seen at the County of Beaver No. 9 office and may be inspected by the public at all reasonable hours.

At 7:30 p.m. on Monday the 22nd Day of March, 1982 the Council will cause a public hearing to be held at the Legion Hall, Ryley, Alberta at which time objections to the proposed by-laws may be made and discussed.

Dated at Ryley, Alberta this 23rd Day of February, 1982.

Viking Doctors Oppose Plant

The medical doctors working out of the Viking Medical Clinic have collectively expressed their opposition to the siting of a hazardous waste treatment plant in the Viking-Sroos area. In a letter to each of the councillors on the County of Beaver Council (a copy of which appears on page 8 of today's Weekly Review), Drs. Bennett, Caldwell and Cunningham state their position.

In an interview, Dr. A.E. Caldwell said that chemical poisoning could result if the wastes were to enter the drinking water in the area. He said that this could result in liver or kidney damage.

The large number of "ifs" associated with the plant also concerned Dr. Caldwell. He felt that the Council had not looked into it enough before accepting a location in Beaver County.

He also expressed concern over the lack of policy on issues such as reputation if someone were injured because of the plant, proper monitoring of the facility, and demands that the plant be upgraded on a continuous basis as new technology became available.

Dr. Caldwell feels that the County is inviting the Alberta

government to "helter skelter", with not enough known and not having made the necessary effort to find the information. He said that the County seems to be inviting the plant in with tax dollars and population in mind, with little consideration of the possible long term effects of the plant.

The long time Viking practitioners noted that the doctors expressed their concern to some of the County councillors at a joint meeting of the Hospital Board in January. He said that the feeling of the doctors at that time was that they were not in favor of the plant unless lengthy guarantees were forthcoming. This week's letter was prompted by the doctors' feeling that the

necessary guarantee would not be implemented, and they were unhappy with the route taken by the County.

Dr. Brian Bennett concurred with the ideas expressed by Dr. Caldwell, and emphasized that their major concern was that one can't be told accurately about the long-term effects of a hazardous waste treatment plant. He said that the onus of proof as to the safety of the plant should be on the people who want to own or build the plant, and that it shouldn't be up to the average person to prove the plant is safe.

Dr. E.E. Cunningham, who signed the letter along with his two colleagues, was not available for comment as he is away on holidays.

Irma To Host Western Canada Championships

Word was received recently that the Alberta Amateur Softball Association has scheduled this year's Western Canadian Boys' Western Championship tournament to be held in Irma. The decision was reached at the initial 1982 AAAA executive meeting held in Red Deer.

Competing in the three day tournament which is set to run from July 21 to August 2, will be the provincial championship teams from Manitoba, Saskatchewan, Alberta and British Columbia.

The "Western Canadian" supremacy tournament will be held in conjunction with "Irma Draw" and in view of this there will be lots for spectators to enjoy.

Aside from the tournament there will be a 34 team overnight tournament commencing on Friday, July 21 and running through to Sunday the 24th of August. An 8 team ladies ball tournament will be held on Saturday and Monday and a 16 team men's tournament will begin on Sunday and conclude on Monday.

Other events and attractions being planned include a parade, livestock show, agricultural show, and a 14 team men's tournament followed by a pot-luck brunch.

The Irma and District Chamber of Commerce and the Irma Agricultural Society invite you to take part in this year's Irma Sports Draw and suggest you mark the dates on your calendar now for a fun filled weekend.

Holden School Observes Education Week

On Monday evening, February 15, Holden School hosted a combined Science Fair and Open House commencing Education Week.

Classrooms were open to the public throughout the week. Students were encouraged to accompany their parents and show their science projects. Science displays were held in the gymnasium. Exhibits included: "All you can see with a telescope", "A cassette radio with the tickets for the major prize draw of a trip for 2 to Hawaii being held during the A.C.T. finale in April.

"Search For Talent" This Saturday

Following a successful show in 1980, the Viking Lions will again host the Associated Canadian Travelers "Search For Talent" show in support of the Northern Alberta Crippled Children's Fund.

This year's "Search For Talent" show will be held on Saturday, March 18 at the

Viking Community Hall commencing at 7:30 p.m. sharp.

There are still five remaining shows in the 1981-82 season, with the last one before the semi-finals. The semi-finals will be held on March 20, 27, and April 3.

The history of the "Search For Talent" campaign dates back many years as do the shows. The winners and losers of the contest and the audience participants and the audience winners will be held for a major prize draw.

The Viking Lions Club are supporting a good variety of local talent again this year and resident contestants that entry forms may be picked up at the Viking Branch of the A.C.T. finale in April.

Despite the adverse winter conditions which have prevailed the past eight weeks, neither the wind, snow or cold can delay the start of spring opening operations. Above: Farmers hoping that the recent break in weather heralds a new season. The past cold weather has not hampered the arrival of the first two calves on the Robert's Ark farm near Viking.

Are You Considering Buying An Air Seeder

With the approaching spring seeding season, farmers considering investment in new seeding equipment are wondering if they should make the switch to air seeders. Air seeders have advantages and disadvantages compared to conventional seeding methods. Some of the advantages are a wide machine which is easily transported, reduced

seedling preparation and seedling emergence, large capacity, large tanks, high work rate, multiple uses for tillage and fertilizer banding, weed kill while seeding and good rock and trash clearance. Disadvantages include high initial cost, poor cultivation visibility, slightly reduced seed placement ac-

curacy, somewhat reduced distribution uniformity and a cluttered arrangement of hoses on the cultivator. As recently as two years ago, virtually no air seeder performance information was available. The Agricultural Machinery Institute in 1980 undertook to rectify this problem by initiating a vigorous air seeder testing program at

its Lethbridge, Alberta location. The 1980 Machinery Institute tested three air seeders: the Praeco, Frygtstad and Willbros. In 1981, three more air seeders were tested: the Fast-Coli, Merriam and John Deere. Test reports on these last three air seeders have just been released and sent to Machinery Institute subscribers. The reports contain much useful information on air seeder performance, including seeding accuracy, distribution uniformity, seed placement accuracy, fertilizer banding capability, ease of operation, ease of adjustment, work rates, power requirements and much more.

The Machinery Institute test program includes plans for evaluating three more seeders in 1982.

If you are in the process of making an investment in new seeding equipment and air seeders are one of your options, contact the Prairie Institute for more information at one of the following three locations:

c/o LCC Campus, Lethbridge, Alberta T1K 0L6. Telephone 488-3813; P.O. Box 1900, Hemo, Baskatchewan, S8K 2A0. Telephone 366-286; 3665, P.O. Box 1000, Pottsville, Manitoba, R1N 8G3. Telephone 266-8770.

tonholes from fraying, use a fabric glue called Fryt Check. As soon as buttons, hoses are sewn and cut, fold buttonhole in half lengthwise, cut edge face you. Run the nose of the Fryt Check bottle along the cut edge and there will be no need to trim threads. Often when sewing a thick piece of fabric to a thinner material, it is difficult to get the machine going and to keep

stitches straight. Next time you are sewing a patch pocket in place try this trick. Place a piece of folded fabric under the back of the pocket lined up with the needle instead of forcing it to climb up onto the pocket. This prevents the foot from skidding to a stop level, as when one bulky seam intersects another.

Public Meeting

The W.C.C. (Western Canada Concept Party) will be holding a public meeting in the Viking Community Hall

Tuesday, March 23, 1982
at 7:00 p.m.
Everyone is welcome to attend.

Why are these people on Canada's most wanted list?

There are jobs in Canada that cannot be filled because of a shortage of skilled people. Technology is moving faster than some industries. And if Canada is to remain competitive in international markets we must meet the employment challenges we face now. Our hope is in informing young Canadians about the opportunities in the fields of skilled trades and the new

technologies. At Employment and Immigration we have helped hundreds of thousands of young people discover options they never knew they had. Federal government programs help train them so they can take advantage of those options. By special funding to institutions and colleges, Canadians get classroom education in priority subjects. And virtually all of the

apprentices training in regulated programs are supported by some form of federal government assistance. That helps people find the right job, and industry find the right people. And that helps Canada work. For a copy of the booklet "Are we ready to change?" write "CHANGE", Ottawa, Ontario K1A 0S9.

Helping Canada Work.

Do You Know The Bible Says

LOOK, God is all powerful. Who can say that what He does is absurd or evil? He indeed, glorify Him for His mighty works for which He is so famous. God is so good that we cannot begin to know Him. My heart trembles at this. Listen, listen to the thunder of His voice. It

rolls across the heavens, and His lightning flashes out in every direction. Afterwards comes the roaring of the thunder, the tremendous voice of His majesty. Job 36:37.

These chapters compare weather patterns with God's mighty power, and many of them.

Water Aid Up \$1.3 Million

Federal Government grants for on-dam water projects through the Prairie Farm Rehabilitation Administration (PFRA), totalled \$4,198,245 last year, an increase of \$1,834,671 over 1980.

The number of dugouts constructed under the program increased by 369 to 1,606 and the number of wells was up 245 to 6,860.

PFRA Director General, Dr. Harry Hill, attributes the increase to larger grants to farmers, which became effective April 1, last year, and to the dry spring on the prairies in 1981.

Technical and financial assistance to prairie farmers is

available for dugouts, wells and stockwatering dams to a maximum of \$1,500 each, and for irrigation projects to a maximum of \$2,000.

Farmers considering on-farm water projects during the coming year should contact their nearest PFRA district office or PFRA headquarters in Regina. PFRA is an agency of the federal Department of Regional Economic Expansion.

times to scripture when God especially spoke it sounded like thunder to most except those whom God was directing His message. In these verses in these chapters God explicitly says what and when and how the rain and snow and ice are formed, and come down on the earth, and man receives the benefit of them.

The weatherman tries to understand the God who has control of the weather. I refer back to my last 2 articles I put in the paper about the lining up of the planets this year, and the effects of this on our weather patterns are still in the control of God. He has a reason and purpose for all these things. It behooves His creatures to recognize this and to drop on their knees as the sinner in the temple, and say, *Lord be merciful to me a sinner, and right now accept you Jesus as my Savior. Take complete control of my life. Then thank Him because he always hears such a prayer.*

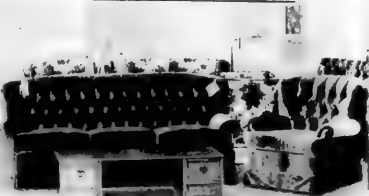

Jesus came to be our mediator and we have His Word, our Bible to read and learn more about God. In all our anxieties and problems we can find help, satisfaction, peace and contentment because it has many instructions, and it tells us of the very One, the Lord Jesus who is ready to hear our prayers and take control of the situation.

Speaking of God who has control of the weather, I refer back to my last 2 articles I put in the paper about the lining up of the planets this year, and the effects of this on our weather patterns are still in the control of God. He has a reason and purpose for all these things. It behooves His creatures to recognize this and to drop on their knees as the sinner in the temple, and say, *Lord be merciful to me a sinner, and right now accept you Jesus as my Savior. Take complete control of my life. Then thank Him because he always hears such a prayer.*

Irma Bantams Doing Well

Proven Bantams headed a tournament on March 4th, which consisted of four teams. Consort's Wendy Wright, Irma and the host team Proven.

First game saw Proven and Irma fighting out the battle. After the first twenty minutes of play Irma was behind 4-1. The boys went to the dressing room with heads hung low. The fans

thought it was all over for Irma. After a ten minute rest the boys were back on and as the whistle blew and the puck was dropped, Irma came to life. They started scoring goals and never looked back or gave up as the final score ended in their favor 9-7. Berry so statistics for this game.

In the next game Consort won 5-1. Wendy Wright and the third game saw Wendy Wright score more goals than the day before. Proven's winning the "B" event.

The final game in the "A" event was played by Consort and Irma. The Irma boys surprised everyone as they came out still backed up on the first period of play. They started the final game with a five to one lead at the end of the first period of play.

The last start seemed to upset Consort as they allowed Irma to score five more goals in the second period and some for themselves.

In the third period Irma slacked off for a few minutes and Consort quickly picked up on this opportunity to rebound with four goals. Irma scored two more which left the final score at 12-8.

Good Showing

By Irma

Figure Skaters

Irma Figure Skating Club held a very successful test day on Thursday, March 4. The following Irma students received their badges: Junior Bronze Dances - Ten Fox - Sylvia Rasack; Fiesta Tango - Rhonda Lovig; Willow - Rhonda Lovig; Preliminary Figures - Donna Pierce, Kerri Ayers, Jackie Prior and Tanny Smithson. Third Figures - Carrie Lilien. Preliminary Dances - Dutch Walls - Patricia Le-mieux; Tanny Smithson; Canasta - Teresa Mark, Donna Pierce, Kerri Lovig, Kerri Ayers, and Jackie Prior.

Irma News And Views

Drop-in Centre, starting at 7:30 p.m. Alex Smallwood was in Edmonton on Feb. 2nd, 4th and 5th attending the annual hospital workshop seminar at the Edmonton Inn, and while there he chaired one session.

Heavy Congratulations are extended to Mrs. Margaret (Mag) Dunbar who celebrated her 82nd birthday on Friday March 5. She also had a full house for most of the day surrounded by family, neighbors and friends in what could be classed as an open house. She was presented with four beautifully decorated birthday cakes, all of which were cut and sampled.

Curling has been the order of the day during the first week I understand that forty teams took part in the ladies bonspiel at Irma and several Irma teams curl at Wainwright. No doubt more detailed account or accounts and perhaps some pictures will come later.

Amongst those visiting with Mag Dunbar over the weekend were Joyce Delaune (nee Dunbar) from Forestburg, (granddaughter) and great granddaughter Wanda, Blacy and Jody, and granddaughter Tracy. They returned home on Sunday afternoon. Kay and Mitt Palmer joined a tour group of approx-

imately 90 people who flew from Edmonton to Prosser, Bahamas on Feb. 15th. They were enthusiastic about the 70 degree weather they enjoyed while there. They arrived home on Wednesday March 5, tired but happy.

One of Irma's oldest and most highly respected citizens, in the person of Oscar Stephenson passed away peacefully at Wainwright Auxiliary Hospital on Friday evening, March 5 at the age of 90 years. The funeral service will take place in Sharon Lutheran Church at 2:00 p.m. on Thursday, March 11.

Weather is gradually improving. The snow banks along many of our roads are piled very high in places and there should be enough moisture in them to put a

fair amount of water in the sloughs when the sloughs melt. Most of the sloughs in the Irma area were completely dry last fall, even some that had never been dry before.

Pesticides In Apple Orchards

Apple pests have traditionally been controlled with pesticides in Canada. Now researchers are looking at alternative methods that will give the same control with less environmental damage. Scientists are studying natural predators such as the ladybird beetle and ladybug that feed on apple-damaging pests.

Viking Midgets To Host Tournament

The Viking Midgets will host an eight team, 5 day international tournament this Saturday, and Sunday, March 13 and 14 with the opening game at 10:00 a.m.

Subsequent game times for both days have been scheduled at 10:00, 13:00, 16:00 and 19:00.

Sunday morning the teams are invited to take in the pancake breakfast which includes players, coaches, and spectators.

Officials and immediate families sponsored jointly by the Viking Chamber of Commerce.

Visiting teams will include Wainwright, Vermilion, Vegreville, Weyburn, Camrose Flyers, Two Hives, and possibly Sherwood Park or St. Albert.

Viking Midgets will meet the Two Hives team in the tournament opener.

Trophies are at stake for

both the "A" and "B" side. In addition each player on these two winning teams will receive medals and an "M.V.P." will be selected from each team for each game with the recipient receiving a trophy sponsored by local businessmen and individuals.

Viking's team has a rather impressive record this season despite the player shortage which plagued them throughout.

They ended up in first place in league standings and went undefeated in the Camrose tournament this past week end.

Come on down to the Carvies this Saturday and Sunday to see some exciting hockey. Your support "does wonders" for the team.

Midgets Win 7 In 7 Days

On Monday night the Viking Midgets took on the Daylarks in the final game of the season. The boys played with only 8 players again due to sickness and injury. It was a rough one for the boys.

Gordon Ruzicka played in net for Viking and scored a shut out. The Viking boys kept the Daylarks goals really busy and managed to get 14 goals by him. A summary of goals is as follows: Dean Anton, 2 goals, 4 assists, Ian Erickson - 5 goals, 4 assists, Randy Graham - 1 goal, 2 assists, Bill Hanson - 2 assists, Rocky Hanson - 1 goal, 1 assist, Elton Jackson - 1 goal, 1 assist, Grant Maxwell - 1 goal, 1 assist.

The midgets finished off the season in first place in regular league play. They will take part in 2 rounds of playoffs. In the second game the boys will play the Herghenden Flyers in a best of 3 series. Meanwhile Kildonan and the Herghenden Flyers are in the other semi-finals.

Viking vs Herghenden
On Thursday night the Midgets hosted the Herghenden Flyers in the first game of the semi-finals. The Flyers had finished the season in third place in regular league play.

The first period started out with both teams playing a scrummy type of hockey.

Grasshopper Threat Greater In 1982

Grasshoppers are expected to be greater problem in the three Prairie Provinces this year than in 1981.

The warm weather on the prairie last August was favorable to egg-laying.

Nearly 100,000 square kilometers could be moderately or seriously infested compared to 100,000 kilometers in 1981. Saskatchewan will again have the greatest infestation, with 124,000 square kilometers affected. In Alberta, grasshopper populations are also expected to be higher with the total area infested reaching 14,600 square kilometers. The number of grasshoppers in Manitoba will increase slightly also.

2 penalties in the entire game. Having a good steady game in net was Darren Josephson.

Thanks to Rick Thayer's for filling in on defense. We hope you have a speedy recovery Rick. Thanks to Graham, Wilkie, Murray Josephson and Colin McLaren.

The Midgets would like to thank all the fans who turned out to support them in this first playoff game. Viking is Camrose's journey. The midgets participated in a 5 team round robin tournament in Camrose on the weekend. The boys were back to full strength except for Bradley. They welcomed Danny Artychuk back from a long layoff and left Erickson from a shorter one. The boys found out what good results team work and all out effort can bring.

Viking won all four of their round robin games and went on to win the 2000 series. Sunday night, Friday the boys beat Andromeda 5 to 2. On Saturday afternoon they took out West Sturgis 10-3. Saturday night they played Killam 14-4. Sunday afternoon they came against the hometown Camrose team and beat

them 5-2. Sunday night Viking once again beat West Sturgis, this time by a close 8-0.

Gordon Ruzicka and Darren Josephson shared the goal tending duties each winning two games in the round robin play. Gordon went on to score a shut out in the final match to Hastings Hawks.

Plant Plebiscite April 14th

April 14th has been set as the date for a plebiscite on the By-law 541 which would prohibit the use of any land within the County of Beaver for a hazardous waste treatment plant.

First reading on the By-law 541 was given at the regular March meeting of the County Council in Ryley on March 11th which was attended by about 400 of the residents of the County supporting the call for a plebiscite on the issue.

On Wednesday, March 8, a petition calling for the enactment of a By-law prohibiting the use of land within the County for a hazardous waste plant was delivered to the County office. In order for a petition to be valid, it must contain the names of at least 400 of the residents of the County. The petition carried nearly 1700 names of persons identified on the County's voter list. The petition was presented to the County Council on the March 11th meeting which resulted in them being given a noon time slot.

While in a closed committee session dealing with grader tenders, the Council session was interrupted by people banging on the Council doors at about 11:48. Council terminated the committee session and opened the doors of the chamber, resulting in a large group of people streaming into the Council Chambers.

Once the public was in the Chambers, Don Roushauer requested that the County not be considered for a hazardous waste plant. He stated that a petition had been presented to Council and asked that Council vote on the petition at that time.

Reeve George Koudas informed the crowd that the petition had not been fully scrutinized at that time and that the Council was not

prepared to act on the petition immediately. Not satisfied with that answer, Mr. Roushauer said that he felt that Mr. Crows had ample time to study the petition or that Council was being evasive. Cries of "give a date" came from the crowd.

A lengthy debate ensued on whether or not Council should deal with the matter. After several requests that the attendees address the Chair so that order could be maintained, Reeve Koudas asked the Chambers until a decision had been made on a date for a plebiscite, and they were told that they also would not be allowed to leave until that had been accomplished.

On numerous occasions the crowd was heard to be shouting and shouting on the Councils for not acting on the petition as it was requested that they be placed on the March 11th meeting which resulted in them being given a noon time slot.

An angry group of county residents disrupted the regular county meeting last Thursday demanding a plebiscite be held with regard to the hazardous waste plant. At this point demonstrators have taken over the entire council chamber and a garbage can right of picture containing the Council's. Reeve's and County Secretary-Treasurer's names appears in being passed out the door.

Rec Master Plan Reviewed

The Viking and District Recreation Board held a public meeting on Wednesday, March 8 at which time the annual master plan was reviewed. The meeting opened with a review of the 1981 objectives as outlined in the five year Recreation Master Plan, a brief presentation on the purpose of the Master

Dinner Theatre In Holden

County of Beaver residents are in for a treat, both gourmet and dramatic, as dinner theatre is being presented by the Holden Dinner Theatre. For \$10.00 per ticket, patrons will be treated to a complete dinner and a top notch musical production. The dinner banquet, followed by a lively family comedy at the Holden Dinner Theatre. The title of the play to be presented by the Holden Dinner Theatre is "The Viking 4-H Lighthouse Club".

The Annual County of Beaver 4-H Public Opening, March 14 at the Golden Valley Lutheran Church in Viking. A good crowd of parents and friends were on hand to hear 8 senior and 7 junior 4-H members from the eight clubs in the County demonstrate their public speaking skills on a wide variety of interesting subjects.

Placing first in the Senior Division was Diane Hanson of the Holden 4-H Club. Placing second was Joanne Kline of the Viking 4-H Club. Placing third was a group of four from the Viking 4-H Club. All of the speakers were

presented with excellent ribbons for their achievement.

Judges for the event were Mrs. Vivian Andrusky of Holden, Mrs. Ann Taylor of Ryley, Mrs. Ruth Macdonald of Holden, Mrs. Elsie Holstad of Holden, and Mrs. Louise Lawkowski of Holden. Louise Lawkowski of Holden, who was presented with a certificate of appreciation as chairman.

The Top Speaker and Junior speaker presented to the Regional 4-H Public Opening, to be held in Watrous on Sunday, March 21.

PLEBISCITE TO BE HELD

On March 11, 1982 County of Beaver Council moved to stop test drilling in our County for the location of a Hazardous Waste Disposal Plant. They also moved to have a plebiscite or vote held on April 14, 1982 on a By-Law which would prohibit the construction of a disposal plant for waste chemicals. The petition which forced this vote reads as follows.

We, the undersigned hereby petition the Municipal Council of the County of Beaver No. 9 in accordance with and pursuant to Section 126.2 of the Municipal Government Act to adopt a By-Law prohibiting the use of any land within the County of Beaver for the construction, erection or installation of any building, erection or facility for the storage, treatment or disposal of any waste materials requiring Special Precaution in its storage, collection, transportation, treatment or disposal to prevent damage to persons or property and includes Explosive, Flammable, Volatile, Radioactive, Toxic and Pathological waste or any other wastes which, by their nature or Quantity, may be detrimental to Human Health or the Environment.

The By-Law would not prohibit farmers from using crop sprays on their fields, would not prohibit businessmen from their normal activities such as the sale of gasoline or fertilizers, since of course these materials are not waste or garbage but are useful materials.

The By-Law would prohibit the use of land in the County for large scale disposal of chemical garbage such as a 100,000 tonne per year plant.

Over 80 people signed this petition so that the electors of the County can have the opportunity to accept or reject this hazardous facility.

When the time comes to vote decide whether the risk of transporting these chemical wastes and the risks of contamination of our air and drinking water would be worth the small amount per person (\$100 - \$200 per year) that seems to be the only benefit put forward by the proponents of this proposal.

Bruce-Viking Agricultural Protective Association

Echo Rodino News

Mr. and Mrs. Phil Holt accompanied by Mr. and Mrs. Bruce Greenwood attended a hockey game held in Vermilion between the Vermilion Tigers and the Wainwright Bisons. Congratulations go to Sharon Bauer and her partner on winning first prize on their entry in the County Science Fair Playoffs held in Holden. Their entry now goes to Edmonton to compete against all entries from Alberta. Good luck!

Terence Greenwood of Coonroe was a week and guest at her parents home, Mr. and Mrs. Bruce Greenwood.

Congratulations go to Mr. and Mrs. Gordon Holt on the birth of their daughter Tasha Joelle, Saturday, February 27.

Work is still going on in the Rodino Hall this week as the members install a new furnace.

Mr. and Mrs. Bruce Greenwood accompanied Mr. and Mrs. Mike Rodino overall to Edmonton for supplies.

Hila Hahn of Viking spent an afternoon visiting her parents, Mr. and Mrs. Bruce Greenwood, bringing with her baby Jeffrey Eli whom

was spending the day with her while his mother was visiting.

Mr. and Mrs. Phil Holt travelled to Eckville to visit Mr. and Mrs. Frank Seville and family. They also called in at Mr. and Mrs. Ed Parvly of Red Deer and stayed in for a while at Aunt Lil Seville's at Ponoka.

Mr. and Mrs. Doug Faulkner of Wetaskinaw called at

the home of Harriet Faulkner.

What is a hearing aid?
Webster says it's "an event or effect in the physical world beyond all of the ordinary."
For many impaired individuals, the effect created by a hearing aid is, indeed, a miracle.
A clearer perspective on everyday life and a brighter outlook for the future are just part of that miracle.

FINAL NOTICE

1981 Alberta Beef Cattle and Sheep Support Program

This program has been set up to assist the Alberta cattle and sheep industry during a time of depressed livestock prices and escalating costs.

The program offers a one-time-only payment in four categories:

1. Herd Maintenance
2. Backgrounder Cattle
3. Slaughter Cattle
4. Sheep

The cut-off date for applications is March 31, 1982. If you intend to apply, be sure to contact your district agriculturalist and complete your application by this date.

Alberta
AGRICULTURE

Main Street Viking

Margaret and Eugene Rudek have just returned from a two week visit to Israel.

The Viking Minor Hockey Association will be holding their "Wild-Up Banquet" on Sunday, March 28, at which time the draw for \$600 will be made. Anyone who has completed their ticket sales is asked to drop in at the office of The Weekly Review or to leave their ticket stubs with Diann Clouston, ticket chairman.

For the week of March 28-30 the Viking Caravan Snack Bar "A" family in Westhill. Others who will be working this week are Ziminski, Wilkie, Wadley, Lohr and Hordina families or friends.

Mr. and Mrs. Hilson Hobbie had Marilyn Hobbie from Ontario visiting with them recently. This is the last week for organized workers at the Caravan Snack Bar. The system seems to have been very successful, most people co-operated to the fullest. Dawn Hobbie says "Thank you to all". There will be one more week of games (March 29 to

April 4) so volunteers will be needed to work then. Please call Dave if you are able to work at any time during this

week. All volunteers will be welcomed, not necessarily call Dave if you are able to work at any time during this

NOTICE
Planning Act R.S.A. 1980
Take notice that the Council of the County of Beaver No. 9 proposes to pass:
Firstly a Land Use By-Law and
Secondly a By-Law Adopting A General Municipal Plan pursuant to Sections 139 and 140 of the Act.

The purposes of the proposed Land Use By-Law are:
To prohibit or regulate and control the use and development of land and buildings within the municipality to achieve the orderly and economic development of land.

The purposes of the proposed General Municipal Plan are:
To guide future land use and development within the County.

Copies of the two proposed by-laws may be seen at the County of Beaver No. 9 office and may be inspected by the public at all reasonable hours.
At 7:30 p.m. on Monday the 22nd day of March, 1982 the Council will cause a public hearing to be held at the Legion Hall, Ryley, Alberta at which time objections to the proposed by-laws may be made and discussed.

Dated at Ryley, Alberta this 3rd day of February, 1982.

A. Robert Cross
Municipal Secretary

Irma Chamber Meets

The Irma and District Chamber of Commerce held their regular meeting on March 9, 1982 with 15 members and 1 guest present. The meeting was called to order at 7 p.m. by President Don Dempsey who introduced Mr. Ron Hancock from the department of Small Business and Tourism.

Mr. Hancock proceeded to describe the Management Assistance Program offered by his department. Don Dempsey has the application forms and any owner-operated small business is welcome to participate in the program with a registration fee of \$10.00. A check of supper will be held at the Elks Hall in Edmonton March 29, 1982. There will be 9 communities participating, namely Irma, Charley, and Edmonton.

Mr. Hancock fielded questions from members and then was thanked by Don Dempsey for the presentation. The meeting then resumed its normal schedule. Minutes from the previous meeting were read and accepted as read.

Under old business, Bill Fakher advised he is awaiting the traveller in regards to establishing what size P/A system would best suit our needs for the ball diamond area, and he hopes to have something for our next meeting.

Various discussion was held on the topic of the Sports Day with some good ideas being aired. No motion was entertained on any specific point. In keeping with sports day, July 31, Aug. 1, 2, 1982, Don Dempsey advised we were successful in obtaining the Western Canadian Softball Championships. In this regard the Chamber felt that purchasing hats advertising the

event was a great form of advertising and so Gary Archibald made a motion and it was seconded that we purchase 100 men's hats and 80 ladies hats advertising name.

In new business, the Alberta Government advised the Chamber that grant money was available for heritage day celebrations. It was felt the New Horizons Club could best address this subject and so moved we pass the letter on to them.

NOTICE OF SUBDIVISION APPROVAL AS PER SECTION 83 AND 106 OF THE PLANNING ACT

File: B2 - D - 25
Municipality: County of Beaver
Legal Description: NE - 1 - 47 - 12 - 4
Proposal: 1 (County) Residential Parcel
Applicant: James W. Brown
Kinsella, Alberta

If you are an owner of land adjacent to the above, you may appeal the decision of approval or any condition of approval for this property. The appeal cannot defeat the proposed use of land as legally adopted by the municipality in its land use by-law.

For this purpose, adjacent lands means land which touches the parcel being subdivided, or which would be in contact with this parcel if it were not separated from it by a public roadway, river or stream.

A proper notice of appeal must be filed with both the Alberta Planning Board and the applicant within fourteen (14) days of the date of this publication.

Such notice shall contain:

1. the legal description and municipal location of lands being subdivided,
2. the name and address of applicant,
3. the name and address of the appellant,
4. the reasons for appeal, and
5. the name and date of this publication.

FOR FURTHER INFORMATION ON APPROVAL CONTACT THE CURRENT PLANNING SECTION, ALBERTA MUNICIPAL AFFAIRS AT PHONE NO. 427-2190

FOR FURTHER INFORMATION ON APPEAL CONTACT THE ALBERTA PLANNING BOARD AT PHONE NO. 427-4864

"Plowdown"

Have you heard of plowdown? Do you know what it is?

"Plowdown", which has been referred to as the Strategy for the Eighties, involves allowing a legume crop, such as clover, to grow until it reaches the blossom stage and then incorporating the entire crop into the soil to increase its nitrogen content and organic matter.

Where should this cultural practice be used? It will be beneficial in all areas where the annual rainfall is usually high enough to provide for normal crop growth and where summerfallowing will not significantly contribute to a moisture reserve build-up.

According to an article published by the Alberta Forage Seed Council, entitled "Plowdown", the entire cultivated area outside the Prairie Triangle in Western Canada would benefit considerably if a large percentage of its summerfallowed land was plowed down. This area includes all the parkland, the black and grey wooded soil zones of Alberta, Saskatchewan and Manitoba, some of the brown soils in those regions, the Peace River

From The Ground Up

District Agriculturists
Jerome Manchur and Rudy Warawa

block and the interior of British Columbia. More than 10 million acres are summerfallowing in this area every year, but summerfallowing can be justified on only a small portion of this acreage.

There are, undoubtedly, valid reasons for summerfallowing such as special following such as special soil, weed or pest problems. But, in most cases, summerfallowing is done as a matter of habit with little thought given to the economic breakdown of the soil's organic matter, accelerated erosion and leaching of valuable plant nutrients.

The Alberta Forage Seed Council says that legume plowdown is most beneficial and results in increased productivity in areas that are low lying, areas that are subject to flooding and erosion and areas that end towards salinity. Apparently the greatest flooding improvement from plowdown will be noted on heavy textured or clay soils which require a large quantity of organic matter to maintain their proper tilth. However, almost all soils will improve or at least fulfil the fertility maintenance criteria.

"Plowdown" also contains information on legume nitrogen fixation; research that supports the plowdown concept; the reasons to use a plowdown program; and how to make plowdown a reality. A copy of "Plowdown" and information on the plowdown concept can be obtained from the Alberta Forage Seed Council, Agriculture Building, 2715 - 147 Street, Edmonton, Alberta, T6K 3C8 (Telephone 427-3589).

Warawa mentions that although the number of warble infested slaughter cattle has declined from 46 per cent in 1966 to only 14 per cent in 1980, warbles are still rubbing Alberta farmers of \$4 million a year. And they are costing the packing industry another \$2 million in lost time and devalued carcasses.

It is for this reason that warble inspections are being continued again this spring in all cattle markets and terminal stockyards as part of the province's total warble infestation monitoring system.

Alberta Agriculture's livestock pest specialist, Dr.

Ali Khan, reminds cattlemen that the Agricultural Pest Act requires every cattle producer in Alberta to take the necessary measures to destroy all warble grubs in their cattle every year to prevent reinfestation of their herds. He says that all counties, municipal districts and improvement districts and special areas in the province are officially warble control areas. And agricultural service board fieldmen and their appointed inspectors will be visiting farms that have a history of warble infestation during March and April to advise and help their owners to organize a better warble control program.

The monitoring of warble infested carcasses will also continue at packing plants so that sources of infested cattle can be identified. The made ready it began its journey across Alberta's good fields and ended west onto the Hanley road.

As the elevator went by crews from TransAlta Utilities got busy raising and connecting the power lines again. Quite a number of people turned out to witness the unusual sight. The elevator was delivered, and power was promptly reestablished.

Irma News And Views

The funeral for George Thorsen will be held at the United Church on Wednesday, Mar. 17th at 2 p.m.

Edna Mink is in Viking Hospital since Saturday last week being treated for a heavy cold. We are glad to know that she is improving. Get well wishes are extended to Edna.

The weather here in Irma today (Monday) is delightful, to say the least. It was a relief for a while this forenoon, but the sun came out strong. At the moment it is 12 to 14 degrees above Fahrenheit, and snow is sinking down noticeably.

Jim Jackson had a visit on Monday forenoon from his nephew Jim and wife April Jackson of Kilkenny.

George Spring of Mariel Lake passed away in an Edmonton Hospital after a long illness. He was buried in Bonnyville on Friday, March 12th at the age of 78. Sympathy is extended to his widow and son.

Young Aaron Insko has been in the Viking Hospital this past week. We wish you a speedy recovery and hope you are feeling much better soon.

Mr. and Mrs. Sue McLean of Leitchfield visited with Mr. and Mrs. L. L. Gulliver over the weekend.

Congratulations to Archie Cook who celebrated his birthday Sunday. Randy and Arnold Fletcher, Lisa, Holly and Kandis, Priska, Olsen, Trevor, David and Quinn and Kim Olsen enjoyed the birthday supper with him.

Archie Cook accompanied Kim back to Edmonton.

Presenting the first event trophies on behalf of the Bank of Montreal to Viking Branch manager Bill Kamstra. Accepting for the risk in (left to right) Skip - Ron Grunow, Third - Bob Dalton, Second - Claude Weatherill, and Lead - Jim Gomer. The Grunow risk of Wainwright defeated the Cam Maxwell risk of Viking to win the Viking Men's Spil for the second consecutive year.

The J. Chervan risk of Sodgewick took home the Treasury Branch trophies for first in the second event after defeating the L. Carrington risk of Viking. Presenting the trophies on behalf of the Treasury Branch is Richard Lavigne. Members of the risk are (left to right) Skip - Dale Johnson, Third - John Chervan, Second - Ian Eckstrand and Lead - Doug McClements.

Innisfree 4-H Activities
Feb. 28 at Mrs. Ory's place. Everyone had a feeding of franks and beans and then headed out to the slopes with their sleds for a fun filled day.
We then discussed our local public speak off which was held on Sunday.

Third event winners of the 1982 Viking Men's Spil was the Turbidity risk who defeated the Greg Anderson risk by a two point margin. Members of the team are (left to right) Lead - Pat Sinclair, Second - Fred Reinhold, Third - Gordon Maxwell and Skip - Gord Holman.

Holden News
In Holden a game between Viking and Roundhill, Viking defeated Roundhill by a score of 6-1.
The youth group of Holden and district held their meeting this week and the following plans were made. The Youth will go curling, tobogganing, visit a senior citizens lodge and make a cake at Lucky Dollar Grocery Store of each next five weeks. Proceeds of this raffle will go to World Development of Peace. The next meeting will be held on April 2 at R.C. Paviors according to Shawn McKibbin all youth of the district are welcome to join this youth group. Shows also says this is not only a church group but it wishes other youth will consider joining them.
In a hockey game between the Holden Peewees and Bawil, Holden outscored them by a score of 17-1. The Holden midsize also defeated the Bawil midsize by a score of 7-2.

Bruce News
Bruce Women's Institute ladies had a most enjoyable and educational meeting at the home of Katie Brack on March 10. Final plans were made for the Shamrock Tea to be held on March 17. District Director, Mrs. Parsons, brought members up to date on workshops, etc. Three ladies plan to attend the handicrafts workshop at Irma. Mrs. Parsons gave notice against end of information about handicrafts in New Brunswick which proved interesting to those present.
Jack, Gladys and Debbie Laing of Camrose were dinner guests of Jack's mother Grace Gornik. It was Debbie's 11th birthday on the brought her cake along. On their way home they stopped for a visit with Genies and Dave Laing.
Winners at the senior citizens' cash bingo held on March 10 were as follows: Donna and Ed McKinney split, Agnes Erickson, Lilian Siegel, Albert Whitford, Mrs. Benson, Albert Whitford, Annie Stefanski, Mary Pirie, Annie Ozonko, Doris Hammermaster, Vicki Field, Todd Babille, Jean Tkaczky and Donna McKinney.
Don't forget the Ham Binge on April 2 at 8 p.m. Tickets are now available. Get your ticket early and you will have a chance to win the door prize.

for propane
& heating
oil users!**
**You may be eligible for a cash
rebate of up to 35 percent on
your heating bill this winter**
If you live in a location where natural gas is not available to you, you are eligible for a cash rebate on propane and heating oil purchased since October 1, 1980. After July 1, 1982 applications for rebates must be received within one year of the date of fuel purchases.
Up to 35% of your eligible purchases will be paid directly to you.
This price protection also applies if you live in a natural gas franchise area, but for some reason cannot be supplied with natural gas at the present time. However, you will be eligible for the rebate only until such time as natural gas becomes available to you.
Residents, operators of small businesses and some agricultural users, and community halls may claim under the Remote Area Heating Allowance. Apply for your rebate now and save up to 35% on your heating bill.
Application forms are available through propane and heating oil dealers, or you may write or phone the

Aces Beat Out Sedgewick - Take On Killam

The Aces have now completed the quarter final, defeating the Sedgewick Sabres three games to one. This earned them the right to meet Killam in the semi final and in their first outing lost 8-4 to the hard skating Indians.

Game 8 - Sedgewick 3
The first game of the series featured lots of tight checking and a close game for the first two periods, then the Aces scoring 4 unanswered goals in the third.

Dale Nilsson got the first goal, assisted by Morgan Jones. Then Len Parsons fired in the first one of his hat trick assisted by Garret Mackay and Brian Burr.

The second period saw Jim Owen score assisted by Len Parsons, and Brian Burr. Ray Tomlinson also put one in, helped by Kent Gulbrae and Brian Burr.

The Ray Tomlinson started things off in the third tallying an unassisted marker. Dale Tomlinson scored game winning goal assisted by Darryl Nilsson. Len Parsons rounded out the scoring with two more goals. Morgan Jones drew assists on both.

While Brian Burr picked up his fourth assist of the night. Ivan Bacon turned aside 19 Sedgewick shots, and the Aces shut 34 times at the Sabres' Lys Jacobson.

The team each had 8 minor penalties, and the Aces lost 15 Sedgewick 3.

The Aces really went to

town, when they paid Sedgewick a return visit. At the end of the first, Irma had exploded for 6 goals. 5 more found their way past Sabres' goalie. The Aces scored 11 goals in the first two periods, and 2 more were scored in the third. Sedgewick managed one goal each period.

Game 9 - Sedgewick 3
The first game of the series featured lots of tight checking and a close game for the first two periods, then the Aces scoring 4 unanswered goals in the third.

Dale Nilsson got the first goal, assisted by Morgan Jones. Then Len Parsons fired in the first one of his hat trick assisted by Garret Mackay and Brian Burr.

The second period saw Jim Owen score assisted by Len Parsons, and Brian Burr. Ray Tomlinson also put one in, helped by Kent Gulbrae and Brian Burr.

Irma Figure Skating

Students of the Irma Figure Skating Club have been busy practicing for their last days as well as preparing for their ice show scheduled for Sunday March 28 at 2:00 p.m. in the Irma arena. The theme for this years program is entitled "Music and A Tribute to Music". Guest skaters appearing in the ice show will be Charlene Himmelfarb from Lloydminster. Skating club and Leslie Bouchard from the Provost club.

The girls from our local club running for this years ice show queen namely Diana Soury, Sylvia Rasmak and Deana Prior have been busy selling tickets and we do hope you will give them your support by buying a ticket. The candidate selling the most tickets will be crowned queen on the afternoon of Mar. 28.

On March 31 a number of girls from the Irma club will be taking tests in Provost. Best of luck to all these budding stars.

In men's singles, Walker continued in competition. Stefanik finished 4th, as did Walter Stefanik, and Sam Pon in men's doubles. Sam Pon and Alana Stefanik are planning on competing in the later stages of the tournament.

Some of the local club members are planning on attending a 3 day tournament in Lloydminster March 28th and 29th, but the big up-coming event for the club will be March 28th when it will be hosting its 4th annual of the ladies doubles event.

An injury to Marianne Thaxby in the earlier stages of the tournament.

project: Environment ... reinvesting in nature

The Heritage Fund helps to ensure the preservation, protection and enhancement of our renewable land, water, air and forest resources. Through forward-looking management our land and water resources will continue to serve Albertans in recreation, agriculture and industry. Forestry is a growing sector of our economy. The "Maintaining Our Forests" project will aid in renewing and improving the productivity of our forests. The Alberta Reforestation Nursery is producing seedlings to ensure our forests are continually replenished. Former industrial land is being returned to its initial productivity through the Land Reclamation project.

Both the Slave Lake Outlet project and the Paddle River Basin Development will provide protection from flooding, reliable water supplies for communities and recreation and development. The concept of enhancing our renewable resources reflects the fundamental aim of the Heritage Fund. Since 1976, 30% of the revenue from our oil and natural gas - non-renewable resources - has been placed in the Fund. The Heritage Fund is committed, over the long term, to help secure our future. This active commitment to improved renewable resource management is just one visible way that the Heritage Fund is working today... for tomorrow.

Heritage Fund

A sure sign today...for tomorrow

Americans Warn Of Possible Dangers

Two American visitors, both of whom have had direct involvement with hazardous wastes in the United States, warned an overflow crowd at the Bruce Community Centre about the dangers associated with these wastes.

William Sanjour, president of the Hazardous Waste Implementation Branch of the Environmental Protection Agency (E.P.A.), and Lois Gibbs, of the Citizens Clearing House For Hazardous Wastes, and a former resident of the Love Canal area in Buffalo, New York, were brought in to speak on the subject by the Bruce-Viking Agricultural Protection Association.

Mr. Sanjour was the first to speak and dealt at length with landfill sites as part of a hazardous waste treatment program. In reference to the American experience, which allowed for the uncontrolled dumping of a wide variety of untreated chemicals into landfill sites, Mr. Sanjour

noted that the E.P.A. have had a number of disasters due to this practice.

The American scientist said that a landfill site cannot be built that doesn't leak. He said that all proposals for designs of so-called "secure" landfill sites should be thoroughly tested before they are used, as are airplanes or bridge designs.

According to Mr. Sanjour, no one should accept a landfill site in an area unless they are prepared to accept that it will eventually leak.

Mr. Sanjour did say that there were alternatives to landfills. These include modifying the product, changing the production process, exchanging of wastes with other companies, incineration, deep well injection, chemical fixation and chemical treatment. He said that all toxic chemicals can be made non-toxic, with processes available but at a high expense. He said that the safe treatment of hazardous wastes is not a technological problem, but a political and institutional problem.

The E.P.A. department chief supported this by saying that in the U.S.A. laws for the treatment of hazardous wastes have been on the books for six years, but they have not been implemented.

He also said that when the Love Canal incident occurred, the U.S. government shifted its view on the regulations rather than deal with the problem.

Mr. Sanjour noted that governments always seem to initiate programs to convince people that they should accept landfill sites.

when it is really the responsibility of the generator of the waste to get rid of it.

He said that producers of the waste don't even show up to meetings on the treatment of hazardous waste, and the government negotiates for them with the people.

Most of the techniques for the treatment of hazardous waste can be designed to work according to Mr. Sanjour, but it takes a lot of money and effort to make them work right. He said that due to the profit motive, a company could find it easier to dump untreated waste into a landfill site rather than treat them.

The scientist noted that since all wastes can be rendered non-toxic, the best thing to do is treat them, then place the treated waste in an "unsecured" landfill. In this way, if the treatment hasn't been effective, the problem will be evident early and not with the operator of the plant is no longer responsible.

Separating the operation of the treatment facility and the operation of the landfill was a strong suggestion by the U.S. scientist. He said that profit incentives were needed for industry to properly deal with their waste, and these incentives must be with the producer.

Following Mr. Sanjour, Lois Gibbs gave an account of her experience while living near the Love Canal in Buffalo, New York. In the late 1970's, Mrs. Gibbs, her husband and two children lived about three blocks from the Love Canal, a former chemical waste dump.

Continued on Page 7

Airport Commission Report

A meeting of the Viking Airport Commission was held in Council Chambers, Viking, Alberta on February 24, 1982 with the following members in attendance: Chairman M. Stephenson, Ray Olmsh, Bill Matheson, Ron Christensen and Lydia Hanson.

The meeting was called to order by the Chairman at 7:35 p.m.

The minutes of the meeting of January 19, 1982 were adopted on a motion and carried.

A motion was made and carried that the rental rate for unserved lots at the airport be set at forty cents (\$40) per square meter per year.

The secretary reported obtaining a quote for liability insurance coverage in the amount of \$6,000,000.00 for a premium of \$1,000.00 from Reed Stenhouse Ltd., the Town insurers. A motion was made and carried that the matter of insurance be tabled until further information was obtained from their insurance companies.

B. Matheson reported that he had contacted B. F. Hill regarding arrangements for farming of the land. Mr. Hill advised that a verbal agreement only had been made with Alberta Transportation for him to drop the land. He requested a lease agreement by drawn up. The Commission members favored a lease agreement with Mr. Hill.

R. Christensen reported that he was still pursuing the matter of power installation to his property. To date he had not received a waiver from Alberta Transportation of the installation costs.

Today's High Costs

Last Sunday, approximately 270 adults and students, as well as many pre-school children, attended the Viking Figure Skating Club's annual Figure Skating Carnival entitled "Salute To Country". Those in attendance were treated to excellent entertainment from a professional skater, as well as humorous antics from first year beginners. It is especially gratifying and heart warming to watch the young skaters as they make their way through hurriedly rehearsed performances in front of their first live audience. With the enthusiasm shown by the participants and the enjoyment and pride of parents in watching their children perform, it would be a shame if organized figure skating were not to be a reality in Viking next year. This may be a possibility due to the inability of the Viking Figure Skating Club to meet the financial demands placed upon them for ice rental and professional instructor's fees.

It costs \$65 to figure skate in figure skating which should be enough to cover the cost of ice time for 12 half hour lessons and the wind-up carnival plus the instructor's fee, especially considering only the senior instructor is a paid teacher, while junior instructor

ers, as well as other helpers and executive, donate their time. Also included in donations are the costumes, the props, all music and the commentator's time for the carnival. In spite of the volunteerism, the Club is still in financial difficulty due to high costs. Forty-five dollars out of the original \$65 registration fee goes to Carena Management, leaving the Club with \$20 per child to operate on and pay the instructor. At the end of the season, the Figure Skating Club is asked by Carena Management for an additional \$1100. At this rate, the cost to operate the figure skating program is approximately \$90 per child. The \$25 difference between the registration fee and the final cost must be made up by the Figure Skating Club.

There were 44 children participating in figure skating this year which indicates a definite need for the program. Understandably Carena Management must generate the necessary funds to meet the costs of operating the program, but hopefully an arrangement between all parties involved can be arrived at so that young beginners as well as experienced skaters can still participate in figure skating next year.

Palliser Requests Price Information

Palliser Wheat Growers Association President George Fletcher has asked CWB Chief Commissioner Ramond Jarvis to provide producers with more price information.

Referring to the final payment on durum of 11¢, Mr. Fletcher said, "When growers have a crop of durum, they have expected a payment in the dollar range," he said in a wire...the Board, as the selling agency for producers, has a responsibility to provide farmers on an ongoing basis, with price information to serve as market signals. Without these signals, wheat producers are in a position to plan our operations in a business-like way."

"Some farmers had

been told that the price

was 11¢, but they found

it was 10¢, and they were

in a bind."

He said, "Palliser has

been asked to provide

information to serve as

market signals. Without

these signals, wheat pro-

ducers are in a position

to plan our operations in

a business-like way."

Letters To The Editor

The Editor:

With regard to the Waste Transfer Facility, the County of Beaver Council and Ottawa County Board of Health have been in the face of childish hoodlums. Keep up the good work. The select committee, under the leadership of your democratic methods, informed stand, and common sense approach approach to the matter.

To those eligible to vote on a plebiscite you'll have a secret ballot and can cast your vote as you please without being coerced or coerced. That's Democracy in action...some would say you lose that vote.

Yours very truly
 Jack McCreesh
 Mayor of Ryley

Dear Sir:

I don't think the Medical Doctors or the tax payers in the County of Beaver really care which came first "the chicken or the egg". We are dealing with a more serious matter that concerns the health of all the people in the County and surrounding areas. I am sure that after years of university, the doctors are doing to learn and give their opinion on the Hazardous Waste Plant or Chemicals.

As for cigarette smoking, alcohol and drug abuse, I really feel that it's up to each individual whether they want to harm their own bodies. No one is forcing them to do this themselves as the County and Government are doing to learn and give their opinion on the Hazardous Waste Plant or Chemicals. I feel that "these things make me feel better" and I am sure many others in the County feel the same way.

Yours sincerely
 Jack McCreesh

Dear Sir:

I am not much of a potting my thoughts down on paper, but after reading "Crows' Tale" I'd like to try.

Crows' Tale is being in uniform - what for I'd like to know. I thought it was freedom we were fighting for not DICTATORSHIP!

He talks about Christianity. I don't attend church often but try to live according to the golden rule "Do unto others as you would have others do unto you."

At present time, the durum pool was empty. In a very real sense, we producers had been misled. In effect, the Board has expected farmers to plant their crops and then to be in a bind.

In this competitive world, producers can no longer live with the lack of relevant and current price information. I suggest that this multi-billion dollar grain industry is much too important and valuable an industry to accept such unbusiness-like methods.

RY-COURT SERVICES
 334-3558 334-3570
 We look forward to serving your agricultural needs

ing across. At least now we know how to get our message across.

I want to think I'd like to have a million dollars, but then I found out I couldn't take it with me so I'd just like the opportunity to make a living for my family and in my own I can help them to live. God gave us this earth, we look after it as our forefathers had been as though they wouldn't have much more. They left behind pretty good for us, let us see if we can't do as much for our kids.

Cross says Love Canal was a safe school built on a site which should have been man enough to go to the meeting in Bruce to hear how safe it was - and still is for that matter. Also it should have been of interest to win to hear Mr. Bagley who knows from the practical angle rather than theory and supposition that there is no such thing as a "secure landfill".

He may have heard some of the things that we are our own position. But maybe not. If he hasn't heard "his letter" it's not likely he's heard Mr. Bagley either. Actually, his letter is the first indication of our message finally getting to the door.

NOTICE

The Annual Meeting
 of ratepayers of the
 Municipal District of
 Wainwright No. 61
 for discussion of affairs of the
 Municipal District will be held
 in the
 Old Timers Hall
 on
 Thursday, March 25, 1982
 commencing at 1:30 p.m.

On Tuesday, March 16th at the Bruce School over 700 interested citizens heard Lois Gibbs, a noted speaker on the topic of hazardous waste told the audience that the responsibility for disposing of toxic chemical waste lies at the source - industry.

This problem will only be solved when industry reuses, recycles or stops making chemical wastes. Why should an agricultural area be asked to locate a disposal plant in our backyard? If industry were to honestly approach the problem they would minimize the production of toxic garbage and dispose of the remainder at its source instead of sluffing the problem onto others.

Lois Gibbs chronicled a story of industry irresponsibility coupled with government inaction and incompetence that led to health problems, birth defects, abortions and permanent genetic damage in addition to exposure over long periods to cancer causing chemicals. All this from a legally operated landfill thought to be an adequate method of disposal at the time of construction!

William Sanjour of the United States Environmental Protection Agency, Hazardous Waste Division addressed the audience as a private citizen and revealed that

"No one has ever built a landfill that does not leak ground water pollution is inevitable from a landfill." Indeed Mr. Sanjour has stated that if the materials placed in a landfill were truly non toxic, then there would be no need for special precautions. Putting partially treated hazardous wastes in a so called "secure" landfill is an admission of failure. These materials are not rendered non toxic, merely less toxic.

Mr. Sanjour stated that landfills are unsuitable because rain water will carry down through landfill material through cracks in the plastic membranes caused by: earth settling, freezing and thawing, vehicle traffic, burrowing rodents and roots of vegetation.

There is not now a plastic or impervious material that is known to remain intact under all conditions for long periods of time (perpetually).

This proposal is not acceptable in an agricultural community where the local people must use the underground water for drinking. Put the problem back in industries front yard! Keep the County of Beaver suitable for your children and future generations.

On April 14, 1982 vote to keep a hazardous waste disposal plant out.

Stop the plant - your children will thank you.

Bruce-Viking Agricultural
 Protection Association

Strawberry Plains Notes

The Strawberry Plains meeting was called to order on March 18th at the home of Doreen Bell at 7:40 p.m. by president Lorna Jackson. The meeting opened with "O Canada" and responses of the crowd. "Was Irish Eyes Are Smiling" was sung, being that St. Patrick's Day was near.

Minutes of the last meeting were read by the Secretary Ester Cressy, and were adopted as read. Business arising from the minutes, included making arrangements for the Daffodil Tea on April 2nd. The Treasurer's report was given by Doreen Bell, and was received as read. Ball Call was read an Irish Joke or read a poem. Ester Cressy had a contest, making Irish words out of the word "Shamrock".

Correspondence was then dealt with, following which Ester read a number of interesting letters from "Out Doors Unlimited". It was moved and carried that a donation be sent to the Red Cross.

An invitation was then

read, inviting the members and their husbands to attend the Buffalo Cowles W.I. 13th-15th anniversary celebration on Friday evening, March 19th at Albert Cowles' home.

The money raised for the White Elephant Sale was being sent to the Alberta V.I. office fund.

We were reminded of our Constitution. Colleagues coming up on April 18th at Viking.

Social Service report was given by Betty Pastor. Pensions for friendship was given to the month we're Irish, we'll say, so 17 cents for St. Patrick's Day.

The raffle was won by Doreen Bell. Ethel King will be in charge of the next raffle.

The next meeting will be on April 18th at the home of Betty Pastor. Ball Call will be bring a new line from New Brunswick.

At this point Minnie Jackson was called upon to give her report from Minutes II Conference (which she had attended as a delegate). She reported that the theme of the Conference was "Caring and Sharing". Also that it was "Agriculture Week" and the delegates were taken to

the University of Alberta, where they attended a lecture, the theme of which was "From Producer to Consumer", which was both interesting and informative. Katherine Haberfeld gave a very informative talk on "Widow's and many things we should all be aware of. Minnie was thanked for her report.

Later Doreen Bell served a delicious lunch and an enjoyable hour was spent around the table socializing and thus a very pleasant evening came to a close.

A-RICH SOLUBLE FERTILIZER

In the past few weeks, we have had a number of inquiries regarding a new product called A-Rich Soluble Fertilizer. The product, when mixed with water, can be banded in the soil and applied to the growing crop as a foliar application. A number of questions are being asked about the fertilizer and its suitability for this area. The following are some of the important features and implications of the fertilizer.

One recommendation which has been made is "use pound of 28-14-14 per gallon of water diluted at a rate of 10 gallons per acre. This is to be followed by a foliar application of the same material at 4 gallons per acre." Once you go through the mathematics, these two applications combined give a total nutrient application of 2.9 lb./acre of Nitrogen, 1.5 lb./acre of Phosphate

From The Ground Up

District Agriculturists
 Jerome Manchur and Rudy Warawa

and 2.1 lb./acre of potassium-sulfate. At present fertilizer prices, these amounts of nutrient applications can

be obtained through conventional means for about \$8 - 9 per acre. Now, apparently, the A-Rich product is \$12-14

Container Gardening

Plants growing in containers are the same as those growing in the soil, where light, moisture and nutrients must be supplied.

During the short days of Alberta's winter, artificial light can be used to supplement natural daylight. A bright, unobstructed south window might supply enough light, but plants like tomatoes and peppers will develop more slowly and their fruits will be smaller.

Proper watering is essential for healthy plants. Plants should never be over-watered because most plants have perpetually wet soil. Nor should they be allowed to dry out so that they begin to wilt. Betty Vidicka, extension horticulturist with Alberta Agriculture, recommends checking the pots every second or third day. If the surface is

Sedgewick Rink Wins Viking Ladies Bonspiel

The annual Viking Ladies Bonspiel, held March 17th-21st, was again a successful event. Thirty-three rink participated in the activities of which 11 were local rinks and 22 were visiting rinks.

A banquet, hosted by the curling club, was held on Saturday evening in the Community Hall providing good food and lots of laughs for all.

The bonspiel results were as follows:

Winners of the first event were the Ardith Gould rink of Sedgewick while the Doreen Daily rink of Sherwood Park captured second. Christine Mackay and her rink from Holden came in third and the Jean Smith rink from Irma was fourth.

In the second event, the Holden rink under the direction of skip Marie Malick captured first place while second place also went to a Holden rink, that of skip Bobby Schweitzer. Third place went to the Thora Johnson rink of Sedgewick and the Pat Erickson rink of Viking had to settle for fourth.

The third event winners were the Carol Maxwell rink of Viking and the second rink was that of Neoma Tolent of Sherwood Park. Third place went to the Pauline Watson rink of Viking and the Isabelle Lund rink of Bruce was fourth.

The Viking Curling Club extends its thanks to the following businesses and individuals who made donations:

Carrington's Golf Service, Treasury Branch, Sunny Days, Viking Sports Shop, Country Way Hair Styling Ltd., Ritchie Appliance, Kelly's Hardware, Home Appliance, Revere's, Co-op Store, Archie V. Hardy,

Scott and Cargill Grain, United Grain Growers, Rita Devitt, Pioneer Grocers, Burger Queen, Fountain Tire, I.D.A. Dragsters, Co-op Pool Hall, Farmer's Meat Market, Mattinson's Farm Supply, Olga Cunningham, Don Jay Plumbing, Bud Hansen, Joe Brenda and Mel Amundson.

Trophies were from Viking Jewellery Store, Maxwell's Men's and Children's Wear, and Viking Insurance and Travel.

The Club would also like to thank all the participating rinks, the ladies who helped in the kitchen for the banquet; all those who worked on committees to organize the bonspiel and banquet, brought food, helped with clean-up and worked at the curling rink.

First event winners in the 1982 Women's Bonspiel hosted by the Viking Curling Club were the members of the Gould rink from Sedgewick. Left to right they are: Skip - Ardith Gould; Third - Linda Dye; Second - Corrie Hogg and Lead - Judy Muirhead. Staff Photo

Second event in the Viking Women's Spiel was won by the Malick rink from Holden. Members of the team are from left to right: Skip - Marie Malick; Third - Sylvia Burden; Second - Tina Zowatsk and Lead - Carol Klontz. Staff Photo

Third event honors went to the Carol Maxwell rink of Viking who defeated their powerful Sherwood Park opposition in the final end of play. Team members are (left to right) Skip - Carol Maxwell; Third - Doreen Haffo; Second - Pat Andrukow and Lead - Theresa Picot. Staff Photo

Vialta Lodge News

Welcome to our Lodge
Mike A. Hanson, Mr. G.
Borras and Mrs. R. Bruce,
may you enjoy your new home.

All were pleased to have
Mrs. Charter of Milsona,
Sask. drop in to see us.

Visiting Mrs. Cross during
the week were Jason and
Terry Louk of Holden, Jim
and Nellie Louk of Irma.

Calling on Mr. Cotter last
week were Mary McIntosh,
Androsen, Leila Cook and
S.E. Cook of Edmonton.

Dave, Marg, Gibson and
girls of Holden called to see
us last Sunday.

Mrs. Cindell and Jack of
Irma were visiting Mrs.
Coughlin and Mr. Foreman.

In visiting Mrs. Babin
during the week were Nick
and Mary Lashonik of Hal-
dane, Ethel and Lorna Leidl,
Colleen Stabliker, Jolene and
Azy.

Myrna and Shari Anton
called to see Mrs. Quilton.
Bob and Sophie Thumail.

TIPS TO HELP YOU

Proper application and
maintenance of floor polish
can keep your floors look-
ing beautiful and prolong
their life. Before you apply
polish, your floors must be
clean and dry. Loose dirt,
detergent residue or damp-
ness will keep polish from
adhering. Wood or cork
flooring should be swept or
dry-mopped. Other types of
flooring should be swept
and then wet-mopped.

Ryan and Denise Brook of
Camrose called to see Mr.
and Mrs. Lorynshaw. Marvin
and Natalie Massey of Sher-
wood Park. Visiting Mrs.
Pineau were Mr. and Mrs.
Tony Pineau and Nick of
Vegreville.

Dr. Robert Gilpin Laid To Rest

On February 25, 1982 Dr. Robert Gilpin of Edmonton passed away at Lake Placid.

He was born in Viking November 6, 1942. He spent his early years on the family farm north of Viking. He attended the Loretteville District School and Viking High School for his early education.

Dr. Gilpin was a 1964 graduate of the University of Alberta in Mechanical Engineering where he was first in his class and won the APPEGA Gold Medal of Mechanical Engineering and the Henry Robt Gold Medal in the Faculty of Engineering. He obtained an M.Sc. and a Ph.D. in 1968 from the California Institute of Technology on a Guggenheim Scholarship.

After marrying in 1968, he and his wife, Annette (nee Burton) spent two years in Toronto where Dr. Gilpin worked on post doctoral research at the University of Toronto.

Dr. Gilpin was first appointed to the Faculty in Mechanical Engineering in 1970 as an Assistant Professor. He was promoted to an Associate Professor in 1975 and to Full Professor in 1979. Dr. Gilpin was a very active researcher with over 40 publications in the area of heat transfer. The goals he set for himself and his leadership in research provided a stimulus for all his colleagues.

He received the R. Angus Medal for Mechanical Engineering in Canada in 1975. He was a member of the Association of Professional Engineers, Geologists and Geophysicists of Alberta as well as the Canadian Society for Mechanical Engineering.

A year-long sabbatical leave was granted to Dr. Gilpin, August 1981 which

he chose to spend in the Chemical Engineering Department at Glendon College in London, N.Y. Here he pursued his research interests.

Dr. Gilpin was involved in city sporting organizations notably canoeing and skiing.

He was also an active jogger and in general had a tremendous love of the outdoors.

He has left to mourn his loss his wife Annette, child Christopher and Jennifer, parents Angus and Mildred.

He is survived by his brother Kenneth in 1973.

She leaves to mourn her loss her loving husband John, 3 sons, 2 daughters, 4 sisters, 5 grandchildren and many nieces and nephews.

Funeral services were held in the Viking United Church on March 6, 1982.

Rev. Dennis officiating. Rosalban Funeral Home was in charge of all arrangements. The organist was Mrs. Watson. Pallbearers were John Zaski, Henry Waboy, Danny Misk, Peter Misk, Ben Jacobson, and Jack Carrington.

Dr. Gilpin was laid to rest in the Viking Cemetery.

Floral tributes were from the family, Robt. Violet and family, Harry Doris and family, Ron Betty and family, Earl, Eva and family, Ron, Sue and family, Nick, Pauline and family.

Lyllia Cwhihula Passes

Lyllia Harriet Cwhihula passed away at home on March 2, 1982 at the age of 80. She was born August 8, 1902 at Biddonia, Alberta.

At the age of five she moved with her family to Loretteville. On moving she was preceded by her father Earl Cook and an older sister Doris.

She completed her school in the Roseglad Loretteville district. In 1928 she married Albert Walker. She had two sons from this marriage.

Ralph Walker of Edmonton and Jim Walker of Valleyview.

Lyllia lived all her life in and around Viking district and in 1960 she was married to John Cwhihula, and moved to the farm by Brown. Two daughters were born of this marriage. Penny Makin of Vegreville and Sharon Cwhihula of Vegreville.

She was predeceased by her mother in 1965, her

stepfather in 1970 and oldest brother Kenneth in 1973.

She leaves to mourn her loss her loving husband John, 3 sons, 2 daughters, 4 sisters, 5 grandchildren and many nieces and nephews.

Funeral services were held in the Viking United Church on March 6, 1982.

Rev. Dennis officiating. Rosalban Funeral Home was in charge of all arrangements. The organist was Mrs. Watson. Pallbearers were John Zaski, Henry Waboy, Danny Misk, Peter Misk, Ben Jacobson, and Jack Carrington.

Irma Bantams Host Tournament

Two games were played Friday night. The first game Sedgewick and Provost met to battle it out to a score of 1-1 in Sedgewick's favor.

The second game at 8:00 p.m. saw our host team meet Viking. Everyone wondering why we had to draw them for the first game, as Irma had not yet beaten them this year. Only this time the boys were out to prove to their fans that they could do it.

At 16:00 Irma like the score board as R. Gault found the top corner of the net with a quick pass from G. Mark at the face off. Thirty one seconds later S. Clouston replied for Viking and once again before the end of the first period.

Clouston still going strong started off the second period the same as he finished the first by scoring twice more putting them ahead 4-1 by two. With three minutes left, L. Peltus scored for Irma thus ending the second period still in Viking's favor 4-2.

In the 3rd period Fischer came out hot for Irma as he scored with Irma's third goal of the game at the six second mark. Clouston scored once again for Viking as did D. Lawes. Irma scored four more times before the end of the game. L. Peltus and D. Fischer were again and L. Mark with 5. Final score Viking 7 - 6 for Irma.

Each team picked up five minors as well as a 10 minute misconduct to S. Clouston of Viking at the 20:00 mark of the third period for unsportsmanlike conduct.

Third game of the tournament was played Sunday morning between Wainwright and Consort. Wainwright coming out on top

with 6 goals over Consort's 4. This tournament was played as usual with A and B events. After the first three games were played Sedgewick, Wainwright and Irma were left in the A side and Provost, Viking and Consort in the B side. Being three teams in each event there were byes into the finals, these went to Wainwright and Consort.

In the fourth game Provost tied with Viking after regular play and had to go into overtime. J. Place for Viking put them in the lead at 6:15 of a minute overtime period and this left the score at 6-5.

Next game Irma took on

Sedgewick and once again came out on top with a score of 9-4. L. Peltus picked up four of those goals while L. Mark had two and R. Gault, J. Glover and D. Archibald with one each. Assisting on these goals also were L. Mark, J. Glover, L. Peltus, R. Gault, D. Fischer, and T. Ford.

Twenty one minors were handed out during this game; fourteen to Irma and seven to Sedgewick.

Semi-finals over Consort and Viking hit the ice to decide the winner of the B trophy. This was a high scoring game as each team kept putting it past the goal tenders. Consort let up half way into the third period

and Viking went ahead in scoring with a final score of 18-9.

Final game of the day was between Irma and Wainwright for the A event trophy.

Wainwright went ahead in the scoring and the first period ended in their favor 3-1. Irma came out skating hard and just into the second period showed Wainwright what they were made of and that they never say die. They scored three goals in this period and held Wainwright to nil. In the third period they were still going strong as they scored three more goals and allowed Wainwright only one more. Final score being 7-4. Gault and Mark picked up two goals apiece while Fischer, Glover, and Hink had one apiece.

Credit must also go to Irma's net minder R. Woloshak for his excellent playing of this game. He is one goal tender who never gets excited but he keeps the fans excited with his cool manner.

Two trophies for the tournament were given to D. Lawes of Viking for best offensive player and the best defensive player trophy was awarded to R. Woloshak of Irma.

News for propane & heating oil users!

You may be eligible for a cash rebate of up to 35 percent on your heating bill this winter

If you live in a location where natural gas is not available to you, you are eligible for a cash rebate on propane and heating oil purchased since October 1, 1980. After July 1, 1982 applications for rebates must be received within one year of the date of fuel purchases.

Up to 35% of your eligible purchases will be paid directly to you.

This price protection also applies if you live in a natural gas franchise area, but for some reason, cannot be supplied with natural gas at the present time. However, you will be eligible for the rebate only until such time as natural gas becomes available to you.

Residents, operators of small businesses and some agricultural users, and community halls may claim under the Rebate Area Heating Allowance. Apply for your rebate now and save up to 35% on your heating bill.

Application forms are available through propane and heating oil dealers.

Holden News

District residents are looking forward to the "Tensite-90" planned for April 1st in Holden. A banquet followed by a play at the Arts Centre should prove to be a very enjoyable evening for everyone who would like to see a live comedy, and enjoy a good meal.

A large group of people attended the hockey tournament in Holden held this last

week end. There were two days of hockey for the Pee Wees and Mites. The Dayland Pee Wees outscored the Bawls by a score of 7-3. The Vegreville Mites managed a 1-0 win over Viking and Holden Mites were down in defeat against Dayland by a score of 8-2. The Holden Pee Wees also went down at the hands of Dayland by a score of 4-3. Dayland managed this win by scoring

with only 12 seconds left in the third period.

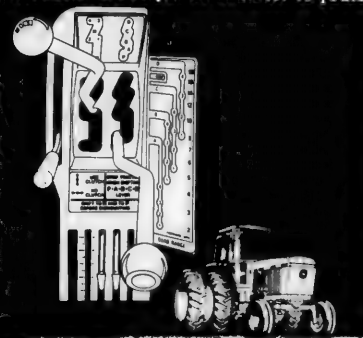

Mrs. Clara Starr spent last week in Edmonton with family and friends.

Mrs. Annie Laube spent Sunday in Edmonton with relatives.

Holden Youth group enjoyed an outing of Curling on Saturday. They raffled a cake at Lucky Dollar Food Store which was won by Emma Nordstrom.

Holden Youth group will raffish a cake this coming Saturday again.

**John Deere
Quad Range transmission —
The most productive blend of
synchronized and power shifts for 10 years**

About 10 years ago a lot of you came into our store to see a new John Deere transmission called Quad Range.

It was terrific. It had 16 speeds with four speeds in four ranges. The ranges and speeds overlapped to provide a great choice of working speeds. And it had a built-in Hi-Low so you could shift on the go between speeds 1 and 2 and between speeds 3 and 4 in all four ranges. You could make a synchronized shift between speeds 2 and 3.

It was a two-level transmission. You selected the working range with one and did all your speed changes with the other. A simple

"Z" pattern clattered everything into place. What a success! Immediately it became John Deere's largest-selling transmission. So much so that it soon became standard equipment. The only real was another John Deere transmission called Power Shift. Now 10 years later, nothing's changed. They're still the most modern, productive transmissions available. Stop in again.

Yes after year, a John Deere means new!

Move out in minutes...this 9000 Drill Transport System cuts press drill transport time

BENNING-PORTER EQUIPMENT

WAINWRIGHT PHONE 842-2131

Keep on speed! This compact press drill transport system eliminates tandem-hitching drills or loading them onto an implement carrier. It's just even easier to hook up the rig.

Changing from transport to field position takes just moments, and requires little more effort than pulling pins, turning valves, moving a remote hydraulic out-control lever and changing mechanical transport-wheel locking devices. Reverse the procedure to swing your three or four 5- or 10-foot drills into transport position at the end of the field.

On Monday night the Viking Midgets hosted Hagedorn's Flames in the first game of the finals for the 1981 Midget League.

The Viking boys came out looking a little flat and had a difficult time containing the Hagedorn offense at times. Deane Aston opened up the scoring in the first period. Ian Erickson assisted. Ian Erickson added one more for Viking with Darren Wincosa assisting. Hagedorn then took over and tied it up. Ian Erickson, assisted by Deane Aston made it 3-2 for Viking at the end of the first period.

Hagedorn scored two quick goals in the second period to go ahead 4-3. Geoff Stephenson then put one in for Viking assisted by Ian Erickson and Randy Graham. Hagedorn made it 5-4 then Deane Aston tied it up for Viking again with Ian Erickson and Bill Hanson assisting.

Midway through the third period, Deane Aston got the go ahead goal for Viking. Rocky Hanson and Ian Erickson drew the assists. Deane Hagedorn kept right

on pushing. They tied up the score again with less than 2 minutes left they went ahead 7-6. A fourth goal came in the third period.

Gordon Ruschka and Darren Josephson shared the goal keeping chores. Thanks to referee Colin McLaren and Doug Brower, the scorers, line judges, goal judges and all the fans who turned out to cheer.

On Friday night the Midgets played their second game of the finals in Hagedorn.

In contrast to Monday's game, the boys came out right high and managed to maintain a good pace despite facing some tough Hagedorn defense.

Deane Aston opened the scoring in the first period with Ian Erickson getting the assist. Ian then made it 2-0 for Viking with Dan Arystank and Geoff Stephenson drawing the assists. Bill Hanson assisted then the line rushed the puck up the ice and made it 3-0 for Viking at the end of the first period.

Hagedorn scored their first goal early in the second

period. Ian Erickson then added 3 more goals for Viking to make it 6-1 at the end of the second period.

The first goal was assisted on the second and Geoff Erickson and Danny Arystank assisted on the third.

In the third period Hagedorn narrowed the gap with 3 more goals. Then Randy Graham slammed one home from the blue line for Viking. Ian Erickson assisted.

Hagedorn made their final goal late in the third period. Final score was 7-4 for Viking.

Gordon Ruschka had a good night in net for Viking. This game was a real live

example of what good hard work and co-operation will do. Good game boys.

The final game in the series will be Tuesday night and it promises to be a good one.

Good Entertainment At Variety Night

A small but appreciative crowd attended the "Variety Night Program" sponsored by the Viking Agricultural Society in the Community Hall on Saturday evening, March 27th.

In spite of several late cancellations and last minute additions, M.C. Bill Mattinson who may have gained a few extra grey hairs in the process, very capably came up with an evening of enjoyable entertainment.

The program opened with "O Canada" with Ruth Mahar at the piano. Leah Mattinson then broke the ice with two vocal selections "Sound of Silence" and "If You Loved Me" to start off an evening of informality and relaxation.

The program continued in the following manner: Jennifer Kamphuis gave a piano solo entitled "The Old Folks at Home" following which Leah Marks and Stacy Place performed a vocal duet with guitar accompaniment to the song of "Look Up To The Sky". Robert Kamphuis then gave an acrobatic solo "O Dem Golden Dimples".

Christina Nordstrom gave a piano solo "My Dog Bertha" and Leah Redick then sang "My Tin Soldier" and was accompanied by Elizabeth Redick. Natalie Burks sang "Come Right Back" and was accompanied by Ruth Mahar.

Fernna Bennett then gave a piano solo "Rainbow Rag" which was followed by Leah Mattinson and a vocal solo entitled "The Eyes Crying in the Rain" accompanied by Cindy with guitar and her mother on the piano. Leah Mattinson then sang two songs called "Your Cheatin' Heart" and "Leaving On A Jet Plane".

Margaret Burks, who after every talent show suffers a sore arm from all the twisting, added a note of comedy with her off the cuff thoughts, jokes and pot-shots at the M.C. ending on a serious note of her concern for the children growing up in our modern day world.

Heather Nordstrom then gave a piano solo "Longing for Spring" and Angela Mattinson followed with a vocal solo and guitar "Until I See You Again".

Following a short coffee break, the program resumed with a different twist when Tara Bennett and Stacie Mattinson entertained with a dramatic routine to music. Nice going girls.

Dobbie Burks followed with two vocal solos "Shall I Have You Go" and "Rocky Top". Elizabeth Redick then gave a piano solo entitled "Misty Fox" which was followed by Pauline Mattinson's solo "Whispering Pines".

Loanne Labord then performed a piano solo "Joy" by Bach and Eric Davis then told a humorous tale.

The final number brought back fond memories of talent nights years ago when brothers Bill and Tom Mattinson sang "Barney" and "Cool Waters". How about more for next years presentation by Bill Mattinson in a number entitled "One Day At A Time".

Wind Up Banquet Held In Viking

The Viking Minor Hockey Association held their annual wind-up banquet at the Community Hall on Sunday evening, March 28th.

With the exception of a challenge game between the "no show" Midgets and the "old pros" being held on Tuesday night the 31st, the banquet signified the end of minor hockey activities for 1981-82.

John Antas, President of Minor Hockey, welcomed everyone and called on Ken Leung to say grace. Following the meal, Mayor Nathan spoke of the value of the association both to the boys as individuals and to the community.

A vote of thanks was tendered to the hockey mothers for an excellent meal. Beginning with the senior team and working their way to the beginners, each team and their coaches were called to the stage. All players received their team and individual photos along with a few personal words from their respective coaches.

In turn, plaques of appreciation were presented to the men who volunteer their time in the coaching department. Clayton Rasmussen, on behalf of the Viking Business presented a plaque to the boys' hockey association, with a request that it be hung at

the Carvins in memory of Joe Volter. Cpl. Duncan Will of the Viking R.C.M.P. addressed the gathering and announced the winners of the individual sportsmanship awards sponsored by the detachment. One member from each team was selected and the recipients were: Jason Vogel, Mike Patterson, Colin Hobbins, Dean Hobbins, Calvin Bennett, and Ian Erickson.

On behalf of the association, John Antas presented Duncan Will with a gift of appreciation for his time and contributions during the time in Viking. Presenting Dawn Hodgson with a gift of appreciation

for her many hours of work in managing and organizing the running of the snack bar. Was Alf Wincosa - Carvins Management Committee.

Colin McLaren who took on the difficult task of "leading and assigning" referees for the season was given a hearty round of applause and a token of appreciation for a many hours on and off the ice.

The annual 8000 raffle draw brought the evening to a close. Diane Coombes presented one of the youngest members in minor hockey, Donna Berdahlsson, as draw the lucky ticket. James Knudsen of Irwin was announced the 1981-82 raffle winner.

Rural Residential Taxes

Rural residents within the County of Beaver will soon be receiving their 1982 tax notices which have been calculated under the new general assessment plan. As is being done in other counties and M.D.'s, the value of your residence is being closely watched along with land assessment to arrive at the actual amount of taxes payable. In this area, that is done by taking 65% of the appraised value on your home and then deducting the basic exemption of \$37,040.00 (1980 value) to get the taxable value. In the case of any given rural home, the property assessor comes to the home armed with an assessment manual (the same manual as is used to value a home in Red Deer, Edmonton, Hinton, Leduc, etc.). Contrary to what many rural residents believe, square footage is not as much a factor as they may think in determining appraised value, although assessors will usually not dwell on homes under 1100 sq. ft. Attached garages do not add to the total footage of the home but do definitely add to the total assessment value. The appraiser is more interested in the quality of materials used, the quality of workmanship which has gone into the home, and the degree to which all areas of the home have been finished. The assessor does not consider the savings in the original construction cost by building the house yourself but definitely does notice the sidewalks, sodded lawn and finished rumpus room complete with a home-made bar.

In other words, for the farmer who lives in an average, older farm home and spends part of the winter months in Phoenix and makes frequent trips to the lake in his motor home, there is no need to worry about increased taxes through residential assessment. As for the poor sole who decides to build a nice, new, well-finished farm home with his after income tax dollars, rather than holidaying and recreating, the black cloud of luxury tax will hang over him for as long as he lives in the home.

Granted, land and industrial taxes are essential to operate municipal government and maintain all the necessary services we have come to expect, but regardless of whether a farmer lives in a \$30,000 home or a \$130,000 house, his County road only requires the necessary grading, plowing and graveling and the cost for a school bus to come to his gate is the same. Both the \$30,000 and the \$130,000 home owner have to provide their own water and sewer systems as well as garbage disposal. And as for fire protection, the new home should meet fire regulations and standards far above the older home, and therefore, for this and other reasons, should not be additionally taxed because of its value.

Also to be considered is the fact that a farm home is part of the farming operation and is used as an office, the basement or garage used for a workshop, and occasionally the back porch for a new-born spring calf.

It seems a little unfair that the farm homes should be assessed using the same manual used for city assessments and secondly, that those who choose to improve their homes should be penalized in the form of increased taxes.

Letters To The Editor

Dear Mr. Editor:
Your correction last week's issue has resulted in our discussing a couple of times the matter of the Figure Skating Club's problems in paying their 1981-82 fees. As your editorial was for public reading, I feel it is necessary that I, as a Carina Management Committee Secretary/Treasurer, must reply to it.

The basic financing structure of the Carina was established about five years ago, and has resulted in the Carina being able to operate fairly well during this time. The Carina does require significant financial help from the Agriculture Society; as they pay for the building insurance and supply a number of grants to maintain the facility.

Since 1979 the Figure Skating Club has been charging the same amount as the other clubs. The fee for the Club being \$11,000.00. That means that for four years the fees have not changed, yet the cost of most of the things necessary to operate the Carina has increased considerably. It is estimated that the Carina's 1981-82 fee is \$11,714.00.

Minor Hockey, The Gas Kings, the Old Young Timers, also pay skating fees of \$45.00 a fee to the Figure Skaters. Each organization has then charged their members any additional fee that they wish. For example, Minor Hockey has an additional \$10.00 as well as Minor Hockey pays \$2,500.00 as an operating expense. The Old Young Timers pay \$1,000 extra, the Gas Kings pay \$1,000 extra.

All of these fees have been firm for the past four years and few, if any problems have been incurred in having them paid during this time. The Carina Management Committee consists of a representative from each of these organizations, including the Figure Skating Club, and no opposition to the fee structure has been put on the records in the past four years.

At the beginning of every Carina year, a schedule of fee time is drawn up at a committee meeting at which all representatives should be present. For the 1981-82 year the Figure Skating Club requested only one half hour extra on Saturday morning, which was not on the schedule. Since then no presentation has been made to alter this time for the Figure Skaters.

As the financial and time arrangements with the various organizations have worked in the past, and these arrangements have been basically the same for four years, I sincerely question the validity of your implied criticism of the manner in which the Carina is operated. The Carina is operated by volunteers, as is the Figure Skating, Minor Hockey, and you can be assured that many parents of young hockey players have spent considerable amount of money over and above their \$55.00 registration fee. It has always been the philosophy of the Carina Management Committee that the user pay and I am sure you will agree with us that those of us who use the facility should be responsible for the operation also.

However, it is the conclusion of each and every individual, children and parents alike, to make the sports operate. It is support like this that bears fruit.

Yours truly,
Bill Kamphuis

Mr. Bill:
In response to your recent editorial concerning the Viking Figure Skating Club, it is indeed true that today's high costs affect even the recreation of our young people.

We are aware of the high cost of the Carina and are also aware that the costs will surely increase as time goes on.

As we as the executive are at a loss as to what to do, in order to maintain our club we have only two alternatives.

We need either a decrease in ice fees which we know is impossible if the Carina is to survive or more ice time for the fees paid. More fund raising is another possibility but in the 4 months that our club operates we feel that we can only force as much on the Viking Community. Already, several members of the community have donated time and materials for the two years we have been involved in the running of the club.

Our professional instructor has then charged their members any additional fee that they wish. For example, Minor Hockey has an additional \$10.00 as well as Minor Hockey pays \$2,500.00 as an operating expense. The Old Young Timers pay \$1,000 extra, the Gas Kings pay \$1,000 extra.

All of these fees have been firm for the past four years and few, if any problems have been incurred in having them paid during this time. NOTICE OF SUBMISSION APPROVAL
AS PER SECTION 93 AND 106 OF THE PLANNING ACT
File: 82 D 57
Municipality: County of Beaver
Legal Description: N.E. 4-7-12-4
Proposal: 1 Country Residential Parcel
Applicant: Jan Wosiek
Box 468
Viking, Alberta.

If you are an owner of land adjacent to the above, you may appeal the decision of approval or any condition of approval for this property. The appeal cannot deal with the proposed use of land as legally adopted by the municipality in its land use by-law.

For this purpose, adjacent land means land which touches the parcel being subdivided, or which would be in contact with this parcel if it were not separated from it by a public roadway, river or stream.

A proper notice of appeal must be filed with both the Alberta Planning Board and the applicant within fourteen (14) days of the date of this publication. Such notice shall contain:

1. the legal description; and municipal location of lands being subdivided;
2. the name and address of applicant,
3. the name and address of the appellant,
4. the reasons for appeal, and
5. the name and date of this publication.

FOR FURTHER INFORMATION ON APPEAL CONTACT THE CURRENT PLANNING SECTION, ALBERTA MUNICIPAL AFFAIRS AT PHONE NO. 427-2190

Variety Night

Continued from Page 1

man born. You've been! Though the items on the program are too numerous for individual comment it bears saying how truly amazing the talent was. The latter people too, are to be commended for taking part with their noise and musical selections. It is from small beginnings in small centres that many of our professional entertainers have received their start. In addition to encouraging participation in a talent program, Variety Night is a family night which we need more of, and it is to be hoped that Bill will continue his efforts to spur (and I literally mean spur) people to take part.

The M.C. and Agri-Extension Society requested that we publish a special thanks to all the participants and everyone who helped to put on this enjoyable program, including the audience for their enthusiastic support. Special thanks to Theresa Lanning (ticket taker), Tom Mathison for the use of his sound equipment and for helping on stage and to Jack Mathison and Jim Wesley for their offstage assistance.

Irma U.C. W. News
The annual U.C.W. friendship meeting was held Tuesday evening, March 31st with approximately 60 ladies attending.

Our president Mrs. George Egger presided over the meeting with words of welcome after which we repeated our Prayer Purpose in Union.

A short business meeting was conducted. One item of business was brought to our attention being that our annual Spring New-to-You sale was changed from Saturday, April 24 to May 1st. The meeting adjourned. It was then turned over to Mrs. Louise Prosser who had a very good program laid out. It was enjoyed by all present. The program being over we moved to the basement where we enjoyed a beautiful lunch served by Mrs. Jennie Barber, Mrs. Jean Burton and Mrs. Lorne Jackson. There was much visiting done over the coffee cup. Mrs. McGee on behalf of the visiting ladies extended their thanks for a very

entertaining and friendly evening.

ANGLERS

1982 ANGLING LICENCES ARE REQUIRED NOW

Please note changes in the 1982 Angling Regulations:

- A new idea in sport fishing called "catch and release" will be in effect on the North River this year. The angler will be allowed to fish but must release all fish back to the river. The angler will be required to use barbless hooks and will not be allowed to use any natural baits; only artificial lures. The season will be from June 16 to October 31, 1982.
- The use of any natural baits on Trophy Lakes has been disallowed and only artificial lures may be used.
- A duration angling license for those that have lost will have to be purchased for \$2.00.

Special Note on Closed Areas:
New angling closures from April 1 to May 15 will be in effect on Beaver Lake, Blackfoot Lake, Kinnaird Lake, Jackson Lake, Wolf Lake, McMurtry Lake, the Owl River (La Ciche) and Goose Creek (Sturgeon Lake) for the protection of spawning walleye.

The Bow River between Beaman Dam and Beaman Dam is closed to angling from April 1 to May 31, 1982.

For complete information and angling licenses please visit your nearest Fish and Wildlife office.

AND REMEMBER
Licenses must be produced upon request by a Fish and Wildlife Officer. Regulations controlling the use of boats are in effect on a number of lakes and can be obtained from any Fish and Wildlife or Forestry office, RCMP, municipal or county office.

Two dollars from the sale of each angling license will go towards the Buck for Wildlife Fund.

LET'S NOT BE CONFUSED

On April 14, 1982 voters of the County of Beaver will be asked to decide whether their County should be the final resting grounds for Alberta's Industrial chemical garbage.

Citizens of the area opposed to siting a Hazardous Waste plant in an agricultural area have forced a plebiscite or vote on this issue. Over 680 signatures on a petition forced a VOTE ON A BYLAW which would prohibit use of land in the County for disposal of toxic industrial chemicals.

This Bylaw is legally worded to prohibit the use of land for a Hazardous Waste disposal plant.

IT DOES NOT PROHIBIT NORMAL ACTIVITIES IN A RURAL AREA!

1. Use of septic systems or sewage lagoons is not prohibited.
2. Use of weed sprays on our fields or storage of empty herbicide cans at sites previously designated by the County is not prohibited.
3. Use of or sale of anhydrous ammonia or other fertilizers is not prohibited.
4. Normal Municipal garbage disposal of Household waste is not prohibited.

Let's not be confused - the issue in Question is large scale (100,000 tonnes per year) disposal of toxic industrial garbage originating in Edmonton, Calgary and Fort McMurray!

The County of Beaver is a rural agricultural community. The incinerator associated with this proposal will pollute our air. The landfill associated with a chemical disposal plant is a virtual guarantee that our well water will be contaminated for generations to come. The deep well injection of liquids underground is a deadly legacy to our children - we can only hope that these Hazardous materials remain underground forever.

The RESPONSIBILITY for disposing of toxic chemical waste lies at the source - INDUSTRY. This problem will only be solved when Industry reuses, recycles or stops making chemical garbage. Laws should be passed which make recycling or reuse mandatory for industry and make it financially attractive for these companies to dispose of their own waste at the point of generation. Such small quantities of waste which cannot be handled adequately at the source should be disposed of at a site located distant from risk to human health in an area of minimal agricultural value where the least possible damage would be done to human health or the Environment.

As a citizen of the County of Beaver you have every right to say NO! - There are no benefits to me! Industry benefits by getting cheap and convenient garbage disposal while continuing to make Toxic waste without control - more profit!

A growing number of Alberta residents are joining the people in the County of Beaver in opposing location of a Hazardous Waste disposal plant at any location other than at its source.

A Hazardous Waste disposal plant is a TOXIC INDUSTRIAL GARBAGE DUMP. The only logical place to dispose of the waste is Right Where They Are Generated.

On April 14, 1982 **SUPPORT THE BYLAW** which will keep a Hazardous Waste plant OUT! Put the problem back in industry's front yard where it comes from. Say YES, I am in favour of a bylaw which prohibits the use of land for construction of a disposal plant for Toxic industrial garbage. *Keep this area suitable for your children and future generations!

Bruce-Viking Agricultural Protection Association

Weekly Police Report

The following police report issued by the Viking Detachment covers a two week period commencing with March 18th.

Four individuals were charged under the Liquor Control Act and two charges were issued under the latter Act. A total of three 24 hour license suspensions were issued. One person was charged with refusing to leave a licensed premises when requested to do so.

Four charges were issued under section 234, driving while impaired. Three charges were laid under section 235, driving while blood alcohol content exceeded .08 and two charges were issued under section 235.2, refusing a breath sample.

A minor motor vehicle accident involving an automobile and a standing truck was reported and investigated. A minor motor vehicle accident occurred on the correction line near Viking which resulted in very minor injuries. A two vehicle accident which occurred on the Kinross overpass also resulted in very slight injuries. Also reported and investigated was a vehicle fire which took place on Highway 58. No injuries were sustained in the incident.

The local detachment also received a complaint of the theft of gas from the Bruce area. Three persons have been charged in connection with the complaint.

Still under investigation is a recent complaint of damage to a cattle house near Kinross.

One person has been charged with Breach of Probation. The Viking Detachment was also instrumental in apprehending and returning a two-year-old juvenile to their parents.

A twenty-five foot length of chain has been found and turned over to the R.C.M.P. The owner may contact the Detachment and claim the item upon identification of same.

On Saturday, March 27, David Crabb and Bertha Krochmal of St. Paul exchanged marriage vows.

The wedding took place in the St. Paul United Church with the bride's uncle, Bert, Joe Akaschuk of Edmonton officiating.

Many of the Crabb's friends including Mrs. Allison Hume of Irma attended. Relatives of David attended.

Get Well wishes are extended to Jimmie Beer who is quite ill in the Viking Hospital.

Dennis Ford brought his mother Ethel home to Irma from Viking hospital, where he came from the city on Saturday, and is taking her to hospital in Edmonton when he returns there.

We are glad to report that Mrs. Kate McLean is home from hospital in Viking, where she was treated for a heavy cold.

According to the glowing accounts we hear on all sides of the 1st Carnival, which was held in the Irma Arena on Sunday afternoon, everyone who was there reported it was the best ever in Irma. Great credit is due those public spirited people responsible for such a great event. And also to the young people who took part.

Snow is thawing gradually and crops and gardens are being seen, and some have to have even seen some wild ducks. So spring may be just around the corner.

Sympathy is extended to the family of Nathan L. Fisher who passed away Monday of last week.

Why are these women such a valuable Canadian resource?

Canada is rich in resources. But our most precious resource is our skilled workers.

Right now, there are jobs in Canada which can't be filled because we're short of people with the right skills in the trades and new technologies. More and more, finding the right person for a job means finding the man or woman with the right training.

At Employment and Immigration we're creating a new National Training Program to assist in on-the-job and

classroom training in the skills Canadian industry needs now, and in the future.

Part of our program provides training for women in non-traditional jobs. The rewards are great because training in priority skills is a key to job security in the 1980's. And more women are entering the trades each year. Last year over 22,000 women took part in on-the-job training. Thousands more benefited from training in the technologies and other career areas.

That's an investment in Canada's skilled work force. It's an investment in Canadian industry. And it's an investment that helps Canada work.

Holden News

Last weekend at the Holden Beaver's Hockey Tournament, Holden defeated Willingham by a score of 7 to 6. In an overtime game between Stettler and Wasbasau, Stettler came out victorious by a score of 10 to 6. Also in an overtime game, Viking defeated Dayland by a score of 4 to 3. This game also had two power shots. All games were good games and were enjoyed by recent crowds. Andrew defeated Willingham by a score of 11 to 4 in another game and Viking outplayed Holden to win by a score of 8 to 2.

Holden Bruins and Guides will have a Strawberry Tea and Bazaar on Saturday, April 3 from 1:00 to 4 p.m. at the Community Hall.

In the past week curling has been very active in Holden. Over 20 rinks entered in the Mixed Bantam.

A class reunion to remember is planned for former students attending Holden High during the years 1964 to 1970 in Grades 11 and 12, also if you were born in years 1966 to 1962 and attended school here but did not graduate you are most welcome and certainly included in this reunion. Joyce Wilkenson, a former student is very busy at present with all planning stages and wishes anyone who plans to attend contact her immediately. At present, Joyce states that May 6 is the date set for the reunion at Holden Community Hall. Other plans are that the R.C. ladies will cater to a supper banquet. One of the evening highlights will be that a former student Myron Scott will supply the music for a

Gas Kings Tournament Cancelled

The Viking Gas King two-day tournament which was scheduled for this weekend, April 3 and 4, has been cancelled.

The Gas Kings were forced to call off the tournament

because they were unable to get enough teams to compete throughout the 2 days as most of the teams have disbanded for the season.

Aleks, Brian Anderson welcomes Bruce Laid back to the scouting movement after a 2 year break. Bruce is being invested into the Viking Cub Pack in the above photo. Looking on is Cub Regar Brooks. Staff Photo

**Chamber Elects New Executive**

The annual meeting of the Viking and District Chamber of Commerce was held in the Council Chamber at the Town Office on Thursday, March 25th and called to order by president, Lane Carrington.

In conjunction with the election of officers for 1982, the Chamber conducted their regular March meeting. Prior to the adoption of the minutes from the previous meeting, it was pointed out that an error had been made in the minutes.

The minutes stated that "Charges" had been refused at the motel which resulted in a crew of Novembers leaving Viking and finding accommodations in Vegreville. Mr. Hank Barich of the motel was in attendance and clarified the situation by stating that the problem had not been at his motel, as he has always used this method for taking payment from his customers but that the restaurant in Viking had not previously been in a position to do so.

Other correspondence dealt with included material from the Battle River Tourist Association with a request for our membership dues. The President also informed the meeting that the Chamber of Commerce is the only member from the Viking Community.

From The Ground Up

Timothy Agriculturists

Jerome Marchur and Rudy Warawa

**What Are You Planning This Spring?**

With all the poor economic conditions, one really wonders what to seed this spring. Some are sowing specialty crops as one way to get around low prices and get some cash flow in the fall. Crops which can be grown successfully in the county include lentils, field peas, triticale and canary seed.

Other farmers are considering trying new varieties of cereal crops. One of the most exciting I've seen is JOINTON BARLEY. This seed barley is 6-row with maturity 3-4 days later than Klondike. It has yielded higher than Klondike in trials from ten to twenty per cent. Looks like one to at least try. A few acres would be a good test on your farm. Local seed is available.

Many varieties of other crops are just around the corner. Next year be on the lookout for OROLOGUS WHEAT, ANDOR CANOLA and TORON CANOLA. All of these varieties look very promising for our area. Prunus Cerasus

If interested in what to call and attend one of the following courses. We'll fight the

now but will show a little of the program methods.

 The team only managed two goals in the third period, both scored by Brian Burr. Wayne Lehoucq drove one.

Aces Bow Out In Semi's

In the second, all the stick swinging and wheeling began, and the Aces only scored one goal to Kilian's two. Ray Tomlinson drove one in unassisted, then Gary Phillips back from a knee injury scored, assisted by Darrell Nilson, and Brian Burr.

In the third, Darrell Nilson was the lone Aces scorer, as he rounded off his last trick shot. Next Groulx, and that was it all over.

Irma scored two goals in the third period, both scored by Brian Burr. Wayne Lehoucq drove one.

St. Paul U.C.W. Meets

Over 100 ladies gathered at Grace United Church in Wainwright on Feb. 18, 1982 for the annual meeting of St. Paul U.C.W.

The theme was "Let's Celebrate." This was the 50th anniversary of U.C.W.

Irma U.C.W. was in charge of registration for the meeting. A special luncheon was served by Wainwright Ladies.

Seated at the head table were guest speakers Len and Mary Ferguson, Vic and Mary Ferguson, and Marie Johnson from Peace River, Florence Butler from Peace River, and first president of local both in 1982. Three members of the first Local formed in 1932.

President Mattie McLean, Mrs. Everett, and Florence Gordon were present. A big birthday cake was cut and passed around by past presidents.

Sub-Executive meeting was held following lunch. A few items from executive were brought back to the meeting. Sub-Executive will meet on March 30 at Vernon at 10:30. Bag lunch.

Spring executive will meet in Kitchissippi on May 4th. Further information after the Sub-Executive meeting.

Seven delegates were elected for conference at Kirk United Church in Edmonton on April 30 - 22nd. Offering for the day to Mission service.

Following the noon recess, Layminister ladies had a special workshop and social service. Offering was taken by Edgerton.

Guest speakers were introduced by Ken Cockin. Ken and Mary Ferguson showed slides and commentary of their trip to Grenada. May Peden thanked the guests.

Roll Call was answered with \$20.00 cheques from each Local, a birthday present for mission and service. Courtesy report by Vernon Ladies.

The meeting closed in prayer.

Do You Know The Bible Says

In Psa. 14, The fool said in his heart, "There is no God". They are corrupt, they have committed abominable deeds; there is no one that does good. The Lord has looked down from heaven upon the sons of men, to see if there are any who understand, who seek after God. They have all turned aside; together they have become corrupt; there is no one that does good, not even one. Psa. 14: 1-2,3. Also read Rom. 1:9-20.

Now contrast this picture of sinful man with Luke

Vialta Lodge News

Stea Lindquist and Val Doyle were in to visit Mrs. Elson and Mrs. D'Arcy.

Shirley Leuk visited Grandma Crowe.

Visiting Mr. and Mrs. Mainland were Art and Julia Anderson of Ryley.

Darren and Diane Prior of Irma called on Mrs. Cornish.

Visiting Mr. Cotter was Shirley Cook of Edmonton.

Mary and Bob Richardson of Saskatoon visited Mrs. Cornish.

Anna Gronau was in to visit Mrs. Bayne.

David and Joan visited with Dad Gomerdingers.

Get well greetings go to Mrs. Hunt, Mrs. Crows and Thelma Erickson, patients in the Vialta Hospital.

We will be quilling on Thursday, April 1st, 8th, and 15th, and 22nd. Ringo Wednesday, April 21st. Card Party Tuesday, April 27 at 8 p.m. See you all at Vialta.

18th. Now, the publican standing afar off, would not lift up so much as his eyes unto heaven, but made up on his breast, saying, God be merciful to me a sinner... God heard him, Va-14.

Therefore Psa. 146:1-21 says, "The Lord is righteous in all His ways, and kind in all His deeds. The Lord is near to all who call upon Him in truth (sincerely). He will fulfill the desire of those who fear Him: He will also hear their cry and will save them. The Lord keeps all who love Him; but all the wicked He will destroy. My mouth will speak the praise of the Lord; and my flesh will bless His Holy Name forever and ever."

Psa. 34 says, I will bless the Lord at all times; He praise shall continually be in my mouth. My soul shall make its boast in the Lord: the humble shall hear it and rejoice. O magnify the Lord with me, and let us exalt His name together... Friends... do you wonder why Christians

are happy? Answer... Christ lives in their hearts 24 hours each day; every day. He surrounds them with wisdom, joy, satisfaction in all their trials and problems. Instant help at all times. He liberates His children from the grasp and bondage of Satan, and sets them free. He says in John 14:1-6. Let not your heart be troubled, you believe in God, believe also in Me (Jesus). In My Father's house are many dwelling places. If it were not so, I would have told you; for I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you to Myself; that where I am, there you may be also... He said, I AM THE WAY. THE TRUTH AND THE LIFE. NO ONE COMES TO THE FATHER BUT THROUGH ME.

Friend, if you want this wonderful joy, call out to Him now, and He will fill you to overflowing and will live in your heart from now on.

Services Held For Nathan Fuder

Rev. George Quail and Mr. Anne Gowat's officiated at the funeral service in the Irma United Church on Thursday, March 25th. Nathan Lawrence Fuder, who passed away on Monday, March 22nd in Wainwright Auxiliary Hospital, Wainwright, Alberta at the age of 97 years.

Organist was Mrs. Marjorie Fisher, soloist was Gordon Hollinger who sang "A Reading Grace".

Honorary pallbearers were Ludwig Gaur, Jim

Pond, Toriel Larson, Norman Fierberg, Ralph Erickson and Charlie Miles. Pallbearers were Colin Fuder, Glen Fuder, Nathan Fuder, Lorne Fuder, Gordon Lovig, and Clair Lovig. Interment was at the Irma Cemetery.

After the funeral an interment was held with the family and friends in the Legion Hall where lunch was served by the U.C.W. and the Irma Community.

Another of our highly respected pioneers had passed after a long and useful life.

Flagstaff District Ice Stamped

Pictured are the winners of the Flagstaff District Ice Stamped - 1st Viking Colony Beavers. Participants were (front row, left to right) Sherry Hays, Elaine Hollar, Derek Anderson, Lynn Knech, Todd Haffen, middle row, left to right) Jeff Stinson, Chris Hoffman, Stuart Marko, Steven Rasmussen, Brent Wadley, Billy Nymczyk, back row, left to right) Randy Hoffman, Jason Fisher, Wayne Holland and Dennis Leford.

Staff Plants

Flagstaff District Ice Stamped, which Viking belongs to, was held on March 7, 1982. The Viking boys had a good day. In the costume section for the Beavers, Kilian won first and Viking won second. For the Wolf Cub, Viking won first and Kilian won second.

In the Chuckwagon Race for the Beavers, Viking was

team came in for first place winning the trophy and Kilian placed second. For the Wolf Cub, Viking Super Cub easily took 1st winning the trophy for another year while Kilian took second.

Members of the Viking Colony were: David Wild, Randy Petrucci, Darren Wadley, Allen Anderson, Marrie Hansen, David Anderson, Ralph Tammen and Bruce Lofel.

The day was filled with fun and excitement for all.

Flagstaff District Kub Kar Rally

On March 17, members of the 1st Viking Cub Pack travelled to Killam to take part in the Kub Kar Rally. Top winners were (left to right) Murray Gannay, Killam; Randy Petrucci, Viking; Doug Damman, Vegreville; Keith Kalerwsky, Killam; Derek Hansen, Vegreville; and Brent Sherman, Killam.

On March 17, members of the 1st Viking Cub Pack journeyed to Killam to take part in the first District Kub Kar Rally. The cars were modelled out of wood, and wheels are added. Entries are weighed in and numbered, then sent down an elevated race track. The winners were: 1st - Dave Hansen, Vegreville; 2nd - Keith Kalerwsky, Killam; 3rd - Randy Petrucci, Viking; 4th - Doug Damman, Vegreville; 5th - Murray Gannay, Killam; 6th - Doug Damman, Vegreville; 7th - Randy Petrucci, Viking; 8th - Doug Damman, Vegreville; 9th - Murray Gannay, Killam; 10th - Doug Damman, Vegreville; 11th - Randy Petrucci, Viking; 12th - Doug Damman, Vegreville; 13th - Murray Gannay, Killam; 14th - Doug Damman, Vegreville; 15th - Randy Petrucci, Viking; 16th - Doug Damman, Vegreville; 17th - Murray Gannay, Killam; 18th - Doug Damman, Vegreville; 19th - Randy Petrucci, Viking; 20th - Doug Damman, Vegreville; 21st - Murray Gannay, Killam; 22nd - Doug Damman, Vegreville; 23rd - Randy Petrucci, Viking; 24th - Doug Damman, Vegreville; 25th - Murray Gannay, Killam; 26th - Doug Damman, Vegreville; 27th - Randy Petrucci, Viking; 28th - Doug Damman, Vegreville; 29th - Murray Gannay, Killam; 30th - Doug Damman, Vegreville; 31st - Randy Petrucci, Viking; 32nd - Doug Damman, Vegreville; 33rd - Murray Gannay, Killam; 34th - Doug Damman, Vegreville; 35th - Randy Petrucci, Viking; 36th - Doug Damman, Vegreville; 37th - Murray Gannay, Killam; 38th - Doug Damman, Vegreville; 39th - Randy Petrucci, Viking; 40th - Doug Damman, Vegreville; 41st - Murray Gannay, Killam; 42nd - Doug Damman, Vegreville; 43rd - Randy Petrucci, Viking; 44th - Doug Damman, Vegreville; 45th - Murray Gannay, Killam; 46th - Doug Damman, Vegreville; 47th - Randy Petrucci, Viking; 48th - Doug Damman, Vegreville; 49th - Murray Gannay, Killam; 50th - Doug Damman, Vegreville; 51st - Randy Petrucci, Viking; 52nd - Doug Damman, Vegreville; 53rd - Murray Gannay, Killam; 54th - Doug Damman, Vegreville; 55th - Randy Petrucci, Viking; 56th - Doug Damman, Vegreville; 57th - Murray Gannay, Killam; 58th - Doug Damman, Vegreville; 59th - Randy Petrucci, Viking; 60th - Doug Damman, Vegreville; 61st - Murray Gannay, Killam; 62nd - Doug Damman, Vegreville; 63rd - Randy Petrucci, Viking; 64th - Doug Damman, Vegreville; 65th - Murray Gannay, Killam; 66th - Doug Damman, Vegreville; 67th - Randy Petrucci, Viking; 68th - Doug Damman, Vegreville; 69th - Murray Gannay, Killam; 70th - Doug Damman, Vegreville; 71st - Randy Petrucci, Viking; 72nd - Doug Damman, Vegreville; 73rd - Murray Gannay, Killam; 74th - Doug Damman, Vegreville; 75th - Randy Petrucci, Viking; 76th - Doug Damman, Vegreville; 77th - Murray Gannay, Killam; 78th - Doug Damman, Vegreville; 79th - Randy Petrucci, Viking; 80th - Doug Damman, Vegreville; 81st - Murray Gannay, Killam; 82nd - Doug Damman, Vegreville; 83rd - Randy Petrucci, Viking; 84th - Doug Damman, Vegreville; 85th - Murray Gannay, Killam; 86th - Doug Damman, Vegreville; 87th - Randy Petrucci, Viking; 88th - Doug Damman, Vegreville; 89th - Murray Gannay, Killam; 90th - Doug Damman, Vegreville; 91st - Randy Petrucci, Viking; 92nd - Doug Damman, Vegreville; 93rd - Murray Gannay, Killam; 94th - Doug Damman, Vegreville; 95th - Randy Petrucci, Viking; 96th - Doug Damman, Vegreville; 97th - Murray Gannay, Killam; 98th - Doug Damman, Vegreville; 99th - Randy Petrucci, Viking; 100th - Doug Damman, Vegreville.

Village Of Irma Council Meets

The Council of the Village of Irma met in Special Meeting in Irma Village Office on Wednesday, March 17, 1982. There were five councillors and the Municipal Administrator, D.D. Creasey present with Mayor Coffin in the Chair.

The Mayor advised that the meeting was called to meet with a committee from the M.D. of Wainwright Council and discuss alternative proposals for garbage disposal, and other matters as set out on the agenda.

A motion was made and passed that the agenda setting out of business to be dealt with be approved. It was moved and carried that an alternative site be chosen on the west end of town and that a test hole be undertaken upon completion of the necessary arrangements.

F.C.S.S. Cr. Littlewood outlined a proposal which is being considered under the F.C.S.S. youth group, for roller skating in the arena during the summer months. He advised that some other funding is required in order to get the project underway. After some discussion the proposal was referred to the Council; however it was agreed that the program falls under the jurisdiction of the Recreation Board. It was moved and passed that a letter be referred to the Recreation Board for consideration, also to service clubs.

Re: Western Canada Junior Soft Ball, Cr. Desnoy submitted a report on the Minor Ball Committee's activities to date. He suggested that a letter of support be drafted supporting the committee in his bid for funds from the Provincial Council.

Waste Management Program was reviewed and it was moved that we meet with the County for additional information with the intention of joining the county Waste Management Program for garbage disposal from the Village.

Midgets Finish In Fine Style

The Viking Midgets defeated the Hughenden Flames in the final game of the SM play offs last Tuesday night. Team members are (front row, left to right) Alvin Schauman - stick boy; Geoff Stephenson, Luf Erickson, Darren Josephson, Ian Erickson, Gord Ruska, Dan Artychuk, (back row, left to right) Coach Gary Wolosinski, Randy Graham, Grant Maxwell, Dean Anjos, Darren Wisniewski, Rocky Hanson, Eldon Jackson, Brad Majeski and Team Manager Morris Erickson.

On Tuesday night the Viking Midgets bested the Hughenden Flames in the final game of the SM play-offs. A large crowd was in attendance in anticipation of a good game and they weren't disappointed. Both teams were viciously nervous and played rather scrumbly hockey throughout the first period. Rocky Hanson, unassisted, lifted one over the down Hughenden goalie to open the scoring for Viking midway through the first period. Dean Anjos made it 2-0 for Viking late in the first period. Ian Erickson and Bill Hanson assisted.

In the second period the boys settled down a little and the fans were treated to some fine hockey. Ian Erickson backhanded one into the net early in the period. Dean Anjos and Bill Hanson assisted. Ian Erickson scored.

Viking's fourth goal with Danny Artychuk drawing the assist. Hughenden then got on the scoreboard with their first goal late in the second period. In the third period the Viking boys began to show the effects of the hard hitting with only 2 lines and the commotion. Hughenden began chipping away at Viking's lead, scoring their second and third goals. Ian Erickson then slipped in Viking's final goal. Danny Artychuk and Bill Hanson assisted. The last couple of minutes were really nerve wracking as Hughenden put on the pressure and finally scored with less than a minute to play. But Viking held on and won by a narrow 5-4 lead. An excellent game boys.

Darren Josephson made some key saves in net for Viking. Thanks to referees Colin McLaren, Kenny Lefered and Murray Josephson for doing a good job on a tough game. Thanks to scorers: Bill Kampinski, Unassisted John Anjos, gatekeeper Henry Ruska, and goal judges Harry Dinsley and Norman Greenwood.

The boys would like to thank the many enthusiastic fans who turned up to encourage the home team. They were just the inspiration the boys needed to keep on going.

The Midgets would like to thank the following fans who so willingly helped out whenever they were needed throughout the year: Shaun Clouston, Donnie Lawson, Rick Thyrsky, Wayne Keith and Gary Vlek.

On Tuesday night Mr. T. Tiffen president of the SM league was on hand to present the trophies to the boys. The team received the league trophy for finishing in first place in regular play and also the trophy for finishing first in the play-offs.

In the second period the boys settled down a little and the fans were treated to some fine hockey. Ian Erickson backhanded one into the net early in the period. Dean Anjos and Bill Hanson assisted. Ian Erickson scored.

Viking Badminton Club Hosts Tournament

On Sunday, March 28, 1982 the Viking Badminton Club hosted its 24th annual invitational tournament. Play commenced at 9:00 a.m. sharp with a record number of entries from the centres of Cold Lake, Bonnyville, Grande Centre, Lloydminster, Vermilion, Wainwright, Camrose, Gustav, Dryden, Tofield and Ryley as well as a good representation from the local club.

Although the Viking club had no 1st place players, it did have trophy winners in all three events, with the strongest showing in ladies doubles which saw Dora Forte and Alana Stelmach finish 2nd while Dorothy and Jeannette Thyrsky were 3rd. Jennifer and Sarah Barnes of Grande Centre, who recently won the ladies junior championship at the Alberta Winter Games, finished 1st.

In men's doubles, Walter Stelmach and Dean Van Stelmach 3rd behind Derrick Eager and George Hillyard of Lloydminster, Ted and Dwayne and Gary Gilgore of Camrose who captured the 1st place trophy.

It both picked up their second trophy of the day when they teamed up to finish 1st in mixed doubles. First and second place winners were Phil Duchesneau and Sarah Barnes and Shawn Goughley and Jennifer Barnes respectively, all of Grande Centre.

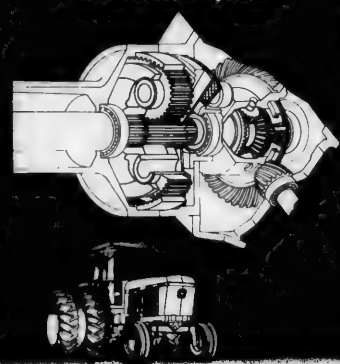

Although the final match was not completed until after 10:00 p.m., it was a successful tourney for the local club. The next tournament will be held in Wainwright, Sunday, April 4th, 1982.

Dean Anjos receives the SM League Lady Bying - Sportsmanship award from T. Tiffen. Dean also had an impressive goal scoring total for the season.

BUY THE JOHN DEERE DIFFERENCE

John Deere's forward-looking "rear end" design is too tough to top even after 20 years

Many John Deere owners can't remember a time their old tractor didn't have planetary final drives. That's only natural, because John Deere hasn't built a big tractor without them for the past 20 years. Planetary final drives spread stress loads over three points instead of concentrating them in one. It's the best way we know to extend service life.

Weel disk brakes have also been a John Deere standby for the past 20 years. You get positive stopping force combined with extremely long life. The brakes operate in a sealed compartment and are cooled by hydraulic oil. They also require adjustment.

About four years ago, John Deere began using additional plions in the differential. Again, to spread torque load. Our latest designs use needle roller bearings. John Deere design is still tough to top... even after 20 years.

Year after year, a John Deere seems newer

Irma Men's Open A Great Success

First event winners in the Irma Men's Open Curling was the Don Hefner rink from Viking, narrowly defeating the Larry Mark rink in the final end. Bob Lohman of Hardisty, donor of the first event prize, presents the Irma Grand Challenge trophy to skip Don Hefner. Other members of the rink are (left to right) Vern Hefner, John Andreus and Lane Corriveau.

Donkey evening brought a large crowd of spectators to a close a very successful men's open curling with 18 local rinks and 59 outside rinks competing for some top prizes.

Taking home top honors was the Don Hefner rink from Viking winning a fishing trip to northern Alberta.

Second in the grand challenge was Larry Mark's team winning \$17.75.

Third in grand challenge was won by Bryon Makley of Coar.

Fourth went to Vern Ogilvie of Watrous.

More Renewals By Mail

This year's license renewal campaign illustrates that more Albertans are avoiding line-ups and using the mail to renew before. To date, mail-in registrations are over the 200,000 mark, double over this period last year. Approximately 800,000 Albertans have renewed to date.

All owners of approximately 1.7 million registered vehicles in Alberta should have received their renewal packages by the third week of March. All vehicle owners can mail in the renewal and should mail the pre-paid, pre-addressed application before April 1. Deadline for the new 1982-83 tabs is April 30.

Vehicle owners can also deposit their completed forms into drop-off boxes located in the issuing offices, and tabs will be mailed back. Those wishing to renew in line can expect an extended wait.

License issuing offices offering daily service in Edmonton are located at 10125 Princess Elizabeth Avenue, 10220 - 214 Avenue and 1044 - 111 Street. Calgary offices are at Glena Square, 8880 - 1A Street, SW, 10025 Bonanza Road, and 3916 - 6 Avenue NE. Hours are 8:15 a.m. to 6:30 p.m.

Saturday service is available from 9:15 a.m. to 4:30 p.m. at all offices except the 111A Street office in Edmonton and the 6th Avenue Office in Calgary.

Other license issuing offices within the province are located in Fort McMurray, 264, Gregoire Drive; Grand

nothing but complaints for the super ice conditions. The men's club would like to express their thanks to Ag for sponsoring the first prize in the first event; air law to one of the northern lakes for a fishing trip.

Also to Sky-Farmers Television (Larry Mark) who supplied the first prize in the second event which was cordless rans.

Thank you to McLeod in Watrous, Watrous, T. V. Service, Thorpe Mart, Median Automotive and Irma Co-op.

M.L.A. Report-Tom Lysons

The past week was an important one as the Provincial Treasurer presented the 1982-83 budget. In his address, the Provincial Treasurer noted that the current economic recession in North America has slowed the pace of growth in Alberta. The new budget responds to this situation by assisting Albertans through the transitional period from the boom years of the seventies to the period of renewed growth in the eighties.

The new budget will provide for a massive program of public works and construction which will stimulate the economy, create jobs, and help to ensure that the Alberta economy will remain the strongest in Canada in 1982. With renewed investor confidence, the future will be promising for jobs and improved quality of life.

Despite the effects of high interest rates and the National Energy Program, Alberta's Economy moved ahead well. Real gross domestic product advanced by 4.5 per cent. Investment

grew by 22.5 per cent, average weekly earnings increased by 14.4 per cent (compared to an inflation rate of 12.9 per cent) and 61,000 new jobs were created. Even so, Alberta's full potential will not be realized this year, although the provincial gross domestic product may grow slightly faster than it did last year.

The Alberta economy has by far the highest level of private investment of any province. In 1981 Alberta per capita investment was \$7,220 compared to \$4,117 in B.C., \$2,997 in Ontario and \$2,000 in Saskatchewan. Investment in 1982 is expected to grow at about the same rate as last year.

Albertans will be pleased to hear that there are no increases in taxes, medical care or user fees. Because of non-renewable resource revenue, Albertans enjoy by far the lowest provincial tax rates in Canada. For example, we pay personal income tax of 28.5 per cent of the federal basic tax rate compared to 48 per cent in Ontario, 44 per cent in B.C. and 31 per cent in Saskatchewan. Albertans pay directly only

one-half of the cost of the provincial services they receive, far less than residents of other provinces pay.

However, Alberta's conventional oil production has passed its peak and is declining steadily. If demands for provincial services continue to rise rapidly, the Government will have to increase tax rates sooner than expected. If Alberta received much lower resource revenue, like other provinces, we might have taxes at about the national average rates.

I would like to mention some of the benefits agricultural producers will receive over the coming year. The total budget for Agriculture will increase by nearly \$45 million or 58.7 per cent to \$128 million in 1982-83. The Alberta Agricultural Development Corporation's operating grant will be increased 124 per cent to \$38.2 million for 1981-82. This will enable the Corporation to help shield farming and agri-business from the effects of high interest rates. Funding under the Rappoport Cropping Assistance Program will be

increased to \$1,400,000. Financial assistance in the nutritive processing business will be increased to \$6.6 million, 126 per cent from last year; and assistance for international shows, promotions, and missions will be increased 59 per cent to \$661,000. Funding for the operations of Agricultural Science Boards and Agricultural Societies will increase 19.3 per cent to \$6.7 million.

I would be happy to send further information on agricultural assistance programs, and on the budget in general, to those who are interested. Overall, I feel that this budget will help Albertans through the present difficult economic times. The massive public works program gives the provincial economy a shot in the arm, and will help to maintain our standard of living in the years ahead. The Alberta Government will help Albertans in other ways as well, by pushing for a "made in Canada" interest rate policy, and for changes to amend the oil and gas industry millage under federal policies and programs.

While the House is sitting please contact me at 427-1885 collect or phone Verley Smith at my Verley's Consulting number is 855-8322 and Verley is in the office from 10:00 a.m. to 12:00 noon and from 1:00 p.m. to 3:00 p.m. Monday through Friday.

Spring Issue FARMERS Buying Guide

After a long winter, Alberta's farmers are now preparing to get back on the land. There's a lot to be done this spring if they're to take full advantage of the extra moisture brought by the snowstorms. And time savings are going to be important.

That's why many central Alberta farm and equipment dealers are ready now with the supplies and the savings so needed at this time of the year.

They're ready to welcome you today, and get you started on a successful and productive season.

Next issue — August 11, 1982

Supplemented to the Wainwright Star Chronicle, Alliance Enterprise, Sedgewick Community Press, Consort Enterprise, Coronation Review and the Viking Weekly Review.

**THE WAINWRIGHT
STAR CHRONICLE**

Wednesday, March 31, 1982

Latest crop for Alberta

Most prairie-raised people, remembering hours of gazing themselves on Saskatoon, sing the praises of that dark blue berry which grows prolifically in July and August.

Roadside Saskatoon pickers know the joys of Saskatoon jelly, syrup or best of all — hot Saskatoon pie!

If some people in our province get their way, many more people (even if they aren't prairie dwellers) will be able to enjoy Saskatoon products. Commercial Saskatoon production and processing in Alberta may be on the verge of taking off.

There are a number of producing Saskatoon orchards in Alberta. Most operate on a pick-your-own basis although two orchards, each over 10 acres in size in the Canadara and Bowden areas, are producing berries for the processing market. Berries from the Medicine River Farms are picked, quick-frozen and shipped to Sumnerland, B.C. for processing.

One group of Saskatoon producers in the Peace River country is determined that processing can and should be done in Alberta.

Banding together in an organization called the Peace Country Small Fruit Growers' Society, they have recently planned a 16-acre test plot and hope to develop a food processing plant. Gordon Fried, secretary of the fruit growers' society, feels the only potential for increased Saskatoon production is through processing. Pick-your-own works well in some areas but, not surprisingly, is not totally successful in areas where Saskatoon grows abundantly in the wild. Also essential is a nearby sizeable population from which potential pickers can be drawn.

The Peace Country Small Fruit Growers' Society in co-operation with the Alberta Horticultural Research Center in Brooks conducted processing tests a few years ago. The products of the test were marketed as a gift pack containing four small jars of jelly. Peace Country Preserves were sold through Woodward's stores and clearly indicated there is a market for such products. All that is needed is the supply of fruit and the mechanism for processing.

Research into developing hardy, high-yielding Saskatoon varieties has been going on at Agriculture Canada's Beaveridge Research Station for decades. The result is a collection of Saskatoons which is probably the best anywhere in the world. Out of Beaveridge have come four main Saskatoon varieties, all natural selections from the native Saskatoon.

It's these varieties

developed at Beaveridge which are planted in the orchards across the province. Saskatoons take six or seven years before plants become fully productive. Once established, however, an orchard that is pruned and managed properly should last almost indefinitely.

It is in the realm of proper management that Dr. R. Mahadeva, head of environment horticulture at the Alberta Horticultural Research Center at Brooks, is able to assist producers. Mahadeva is responsible for research in production and cultivation methods.

Harvesting Saskatoons is another area of research. Hand harvesting is labor-intensive but the method used in pick-your-own operations. Hand-held electric vibrators are used to harvest the crop in the Medicine River Farms operations. A cutting frame collects the berries as they are vibrated from the tree. These vibrators are probably about five times as fast as hand picking but, as John Wiebe, director of the Alberta Horticultural Research Center points out, "It's like something that's 10 times as fast."

That "something" will be a mechanical harvester yet to be developed. When it is perfected, it will likely be an adaptation of other row harvesters — perhaps a larger version of harvesters now used for raspberries and blueberries. Research will continue.

Fried of the fruit growers' society isn't concerned about mechanical harvesters as he is about effective fungicides and pesticides needed to control diseases and pests which attack Saskatoon vines. Their solution is ready to go into

the processing end of things just as soon as pesticides can be registered for use.

"Such pest control methods are essential to Saskatoon growers as they are to any other fruit grower," he says. Without these aids, growers are at the mercy of nature. Just as the native berry crop fluctuates, so do the cultivated orchards.

"Processors must be assured of steady production," explains Fried. This problem is being researched by Dr. John Davidson, a plant pathologist at the Beaveridge Research Station. Davidson can name at least a half dozen insect pests and several diseases which damage Saskatoon orchards and drastically reduce yields.

Several of the diseases can be controlled through the cultural practices, but the two worst insect pests can be properly controlled only with insecticides. While progress is being made on the development of such pesticides, delays are being encountered in getting them registered for use. These delays lead to an indefinite situation and Davidson says it's impossible to predict how long final approval will take.

Meanwhile, Saskatoon growers continue to increase their acreage. Commercial Saskatoon production was virtually non-existent 10 years ago. Today there are about 40 acres planted. That figure could increase notably if the processing industry gets established.

If Gordon Fried and his associates have their way, people everywhere will be able to enjoy Saskatoon jelly, Saskatoon syrup, Saskatoon wine, Saskatoon yogurt, Saskatoon satisfaction!

Indoor growing beats the cold

Winter doesn't threaten the indoor gardener. Though the garden still lies frozen under foot of snow, picking your own fresh salad ingredients is still possible.

The answer is in container gardening. Winter or summer, growing things in containers has advantages. Apartment or condominium dwellers may be familiar with the technique as their only opportunity to garden. But all gardeners can adapt the method for use indoors or out.

Any number of containers can be pressed into service for growing things. They must meet three criteria: be rigid enough to support the growing mix, water and roots; be large enough for the development of the root system; and have provision for drainage of excess moisture. Thus pots, boxes, baskets, eaves troughing, dishpans and countless other containers can be used.

Plants growing in containers need the same basics as plants growing anywhere. Light, moisture and nutrients must be supplied.

During the short days of Alberta's winters, artificial light can be used to supplement natural daylight. A bright, unobstructed south window might supply enough light, but plants like tomatoes and peppers will

develop more slowly and their fruits will be smaller without artificial light.

Proper watering is essential for healthy plants. Plants should never be over-watered because most object to having perpetually wet feet. Nor should they be allowed to dry out so that

they begin to wilt. Betty Viadichia, extension horticulturist with Alberta Agriculture, recommends checking the pots every second or third day. If the surface is dry to the touch, she says, it should be watered. (See NO SOIL, page 4)

 Special \$4,500.00

From page 3:

No soil needed to grow vegetables

All growing plants require nutrients and thus regular fertilizing of the containers is necessary. The growing rate in which the plants are started will supply the required nutrients for about three or four weeks. After that, nutrients should be added at monthly intervals. A complete water-soluble fertilizer such as 20-20-20 should be used.

Container plants can be grown in soil or without soil, depending on the choice of the grower. Hydroponics,

growing plants in water or in an inert soilless medium, is an alternative for today's indoor gardener. Needed nutrients are supplied in solution to the growing plants. Hydroponic setups can vary from a basic system consisting of a pump, a hose and a bucket to a highly sophisticated system which can cost several hundred dollars.

Whether the growing method, indoor gardeners have to take on more responsibilities than outdoor nature

will tend to in the great outdoors. Betty Viedicks reminds growers that vegetable pollination must be done manually when plants grow indoors. Tomatoes and cucumbers, for example, should have their blossom clusters vibrated daily to ensure pollination.

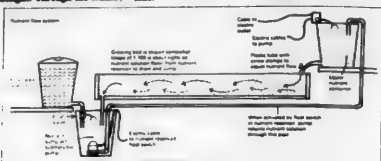

Which plants are good candidates for growing indoors? The traditional salad ingredients do well. Greens, lettuce, herbs, tomatoes, radishes and peppers are all possibilities.

Some root vegetables will also do if the container is large enough. Carrots and

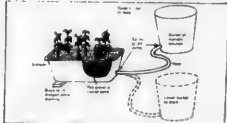

beets are two examples. To the grower and gardener alike, the availability of home-grown produce is a delight. Through the winter,

containers can remain inside. Come mild spring temperatures, the container garden can be moved outside.

The beauty of container gardening is that it is always available to all: in town or country, during summer or winter.

Sophisticated system saves work.

Home-built system works.

Grade A feed. Grade A service.

Two Reasons Why Your Herd Should be on CO-OP FEED

First, there's no substitute for quality. Co-op offers you complete feeds, concentrates, high energy feeds, premixes - whatever you need. In whatever form you need. You can't do better than CO-OP.

Even more important, is CO-OP Service. What you need when you need it. Remember, your local CO-OP is owned and operated by farmers and cattlemen just like you.

Grade A feed, Grade A service, at a fair price. When you think about it, there's no reason to go anywhere else.

Soil loss serious

Early in 1981, after a winter of little snowfall and a spring of few rains, many Albertans began reminiscing about the dirty '70s. Dust filled the skies, and soil drifted into ditches and along freeways.

The remainder of 1981 unfolded as a fairly normal year and the fears and recollections of the drought-ridden '70s passed. Yet soil erosion, although it has never been so severe since the 1930s, continues to diminish Alberta's rich soil resource.

Wind and water are the culprits. In the south of the province, wind is the major agent in soil erosion; in the north, water takes a greater toll. Given certain conditions, soil erosion by either wind or water can occur anywhere.

The long flat expanses of the south invite soil drift. For decades farmers have known and used practices to prevent the loss of soil. Strip farming, planting of windbreaks, cultivating to leave a rough surface are all preventive techniques which are well known.

In the Peace River country, water erosion is the greatest concern. There, the heavier surface soil and impenetrable siltstone encourage water to run off rather than soak in. About 80 per cent of that area's soil erosion occurs during the spring snowmelt.

As water runs off, sheet erosion - perhaps the most damaging form of water erosion - will remove a thin layer of soil. Eventually the water collects into small streams which cut rills into the soil.

There may increase in soil until major gullies are formed through which vast quantities of water, carrying with it vast quantities of soil, flow into other bodies of water. Cultivation practices are known which can prevent such erosion, yet the problem continues.

If prevention techniques are known, why does the erosion go on? John Hermsen, supervisor of soil conservation with Alberta Agriculture, says that although soil conservation practices are well documented, there is a need to find

ways to implement them. The problem is that conservation practices may not fit into a farmer's management plan. Hermsen cites summer-fallow as an example. Soil experts know that summer-fallow creates problems. In some areas, it causes hybrid seed quality. The

practice decreases soil organic matter, damages the soil tilth, and leaves the soil prone to erosion. Yet it's a management technique that's used by thousands of farmers across the province. Summerfallowing is used for a variety of reasons: weed control, C.I. 90 15" No. 580 S.P., C.I. 90 15" No. 580 S.P., C.I. 78 21" No. 580 wild, p.u. real, front glass, C.I. 15" No. 501 PT.

From page 5: Less tillage better

moisture conservation, nutrient retention. Hermann thinks the solution is to find acceptable alternatives for the farmer to use.

Another common farming practice that Hermann discourages is the application of full herbicides which must be worked into the soil. The procedure leaves the field in an erodible condition.

Good soil conservation practices and maximum economic returns are not always compatible. It's a squeeze farmers are facing.

Roadside and fence-line brush is being ripped out to allow larger farm equipment to be handled more easily and efficiently. Many sloughs are being drained so more acres can be needed to crop. Marginal land that has traditionally been needed to grow is being broken and seeded to crops. To survive economically, the farmer may not feel he has any choice but to do these things, yet the result is the increased likelihood of soil erosion.

Brush and windbreaks help cut the wind's velocity and prevent soil drift. Many traditionally grazed areas were left in grass in order to prevent erosion. With the removal of a cover crop, especially on slopes, the cultivated soil is left vulnerable to water run-off. It doesn't take long for small

channels to become deep gulches.

Education and research may be the answer to the problem. Hermann feels minimum tillage will become more common in the future. This method of cultivation involves working the soil much less than in traditional methods, thereby leaving simple crop residues on the surface to prevent both wind and water erosion.

Alberta Agriculture now has the Soil Conservation Area Program (SCAP) in place to help combat erosion. The program enables municipalities or individuals to apply for grants to prevent or repair soil erosion. Cost of an approved project is shared between the provincial government and the municipality or farmer.

Brush and windbreaks help cut the wind's velocity and prevent soil drift. Many traditionally grazed areas were left in grass in order to prevent erosion. With the removal of a cover crop, especially on slopes, the cultivated soil is left vulnerable to water run-off. It doesn't take long for small

Gullies are carved quickly.

Under the Farming for the Future research fund, Dr. David S. Chmura of the University of Alberta is conducting a study in the Peace River region. The research project will document the moisture cycle from rainfall or snowmelt until it enters the soil or runs off into creeks or rivers. It will determine the amount of soil lost on different soil types and under different cropping systems. Knowing exactly what happens in soil erosion situations will help experts formulate better control methods.

Our soil resource is precious. It's possible that with proper conservation techniques, the prairie soils will never again be shocked with livestock soil or our water systems clogged with run-off silt.

Warbles still cost us \$6 million

This threat doesn't look like the lead guy in a western movie. It's much smaller, rather ugly and robs Alberta farmers of \$6 million every year.

The warble grub persistently plagues feed and dairy cattle across the province. The ugly critter burrows into the animal's hide and migrates throughout the animal's system for the next several months, feeding as he goes. Eventually he emerges along the back of the cow where it forms a swelling, hard lump with a breathing hole.

Throughout the process, the warble grub causes damage, costing the farmer money. But by bit, the battle against warbles is being won. In 1980, 41 per cent of the slaughtered animals were affected by warbles. By 1981, that figure had dropped to 14 per cent. Ali Khan, livestock pest specialist with Alberta Agriculture, won't be satisfied until that figure is down to five or six per cent.

Notable advances are being made in warble control techniques. The most recent development is a vaccination which in its early stages has shown good success.

Agriculture Canada's Lethbridge Research Station has pioneered the development, which marks the first time that livestock insect pests have been controlled by a vaccine. Up to this time, the only control for warbles has been pesticides. The new vaccine will provide an alternative.

Warbles cause damage in almost every stage of their life cycle. The adult fly, resembling a small bumble bee, lays at the cattle in an effort to lay her eggs. The starved animal runs to avoid the flies and seeks shelter in shade or water.

"Coddling" is the term used to describe the rampaging of the cattle. It causes a loss of weight and inefficient use of pasture, it slows growth, reduces milk production in dairy cows, induces abortion in pregnant cows, and leads to exhaustion and injury.

The fly eventually succeeds in laying eggs on the cattle. Once hatched, the grub burrows through the skin of the animal, causing rashes and sore spots that get infected easily.

Then the migration through the body begins. The grub can injure the esophagus, the spinal cord and other internal organs.

Finally, the grub gets to the back of the animal where they do their last piece of damage. Their tunnels damage the flesh and the hide, costing the meat packing industry almost \$2 million a year.

Methods for warble control are well established, easy to apply and inexpensive. Chemists are applied to cattle in the fall, a time

when the warble is at a vulnerable spot in its life cycle. Injections can be applied as a spray to the whole body, as a spot-on treatment to the back only, or as an injectable under the skin. (The injection is a must-shot treatment which has been registered for use by veterinarians but is not yet generally available.)

Other control methods are being researched. And while hand impregnated with insecticide is being studied, if this idea is perfected it will be the first summer treatment method. Other control methods will provide alternatives to insecticides. The vaccine developed at Lethbridge will be further refined to provide a more potent substance.

A joint U.S. - Canada project of a release of sterile male warble flies is in the planning stage. By 1983, the first sterile males may be released. Under this method, when the male mates, no living eggs will be produced. The cost of warble treatment is completely justified by the saving that

result. Khan of Alberta Agriculture estimates that for every dollar spent on a control, the farmer gets a \$10 return.

Control on a provincial wide basis is essential because a warble-free herd can be readily re-infected by a neighbouring herd which is not warble free. It is one of the few jurisdictions in the world with such legislation.

With the help of legislation and new treatment techniques, the warble grub - that ugly thief - may soon be brought under control.

The cattle industry will be \$6 million richer what that day arrives.

Calf profits boosted

An analysis of two recent production economies studies carried out in the Hamns and High River areas shows that a cow-calf operator can increase his cash flow by as much as \$53 per head if he can increase his calving percentage and his average weaning weights.

Alberta Agriculture officials involved in the studies say that it is possible to achieve a calving percentage of as high as 94, with optimum nutrition and management. This figure represents an increase of from 19 to 15 per cent above the norm.

The studies showed that a 40 per cent increase in a calf crop can return an extra \$30 per head. However, achievement of this extra income necessitates feeding an adequate level of both energy and protein for fetus development and an adequate level of phosphorus during the last six weeks of pregnancy, to encourage ovulation and rebreeding. And it is necessary to provide the cows and calves with protection against bad weather as well as clean and disease-free facilities.

Under optimum management, weaning weights of 550 and 575 pounds for steers and 500 plus for heifers are also a realistic goal, according to the studies. The studies show that a cow-calf producer who

increases his average weaning weight by 50 pounds can expect an additional \$33 per head above the extra costs that he incurs. Higher weaning weights can be obtained by planned, cross-breeding programs, efficient pasture management and good feeding programs.

The combined economic benefits of these two management strategies are considerable. For example, a 10 per cent increase in calving percentage plus a 50-pound increase in average weaning weights will add \$10,000 to the income from a 200-head cow-calf operation.

SPRING ROLLBACKS & WAIVERS

Now is the season for saving on new Massey tractors.

Spring into spring! We're ready, willing and able to help you meet your busy-season challenge with healthy deals on new MF tractors 34 to 81 pto hp, and the big-power MF 2000 Series tractors, too.

Massey-Ferguson has rolled back prices to us. This means you'll save now on new MF tractors — by or little — and matching implements.

*Special waiver of finance charges, too. Right now, MF can sweeten your deal even more. If you buy now and finance through Massey-Ferguson, you'll pay no finance charges 'til June 1, 1982.

Used equipment specials, too. Waiver of finance charges — 'til June 1, 1982 on tractors and implements. In season of use on other machinery — is also available to qualifying buyers on selected used equipment.

Offers good for limited time only. See us for details.

Now more than ever.

MF Massey makes sense.

Massey-Ferguson

Winter's icy breath of snow can sometimes dampen our spirits and wash us down to earth. But nothing against our heart and renew us in enthusiasm like the voices greeting of a friend or loved one. A simple expression of "hello" or "nice to see you again" these are the sounds that put people back in touch with life. Keeping them in touch is a responsibility we Hearing Aid Audiologists take pride in sharing.

Holden News

In a recent badminton tour-
nament in Viking, Holden
School students were in the
following category. Shelly
Lusk and Wayne Keith
Grade 8 were first. Judy
Grande and Tracy Lutz
Grade 8 won first in the girls
double event. Kelly McSh-
ben in grade 7 won first in
singles. Cathy Gieselman
and Ashley Emerson won
first in mixed doubles.

Ann Scherger was the
lucky winner of a cake
raffied by the Holden youth
group which was raffied at
the Lucky Dollar Food Store
last week.

Holden Beavers Hockey
Club are making plans to
hold a Pork Barbecue supper
and dance on Saturday, Ap-
ril 17 at Holden Community
Hall. Everyone is welcome
to come at 5:30 p.m. Supper
will be at 7:00 p.m. Don't
miss it. For more infor-
mation call members of the
Beavers Hockey Club.

Pool Delegates Hold Special Crow Meeting

Mr. Orset Farion stated that "There have been far too many interpretations of the Alberta Wheat Pool's transportation policy on Crow's Nest rates" at a special meeting of Alberta Pool delegates held in Calgary on March 29th.

The meeting originated as a result of Farion's belief that a special meeting of Pool delegates should be called to discuss the importance of Crow's Nest rates and their effect on western agriculture.

The Pool delegates reaffirmed present policy emphasizing that Alberta Wheat Pool supports the retention of the present statutory Crow rate as the basis for direct payment by farmers. This is considered to be the cornerstone of the Pool's revised transportation policy.

In addition, the Pool delegates retained five basic principles which must form a part of any future discussions relative to grain transportation. They are:

(1) The rate formula must be statutory.

(2) The Crow-Sheely gap

subsidies must be paid by government directly to the railways.

(3) A commitment ensured by legislation be given by the railways that the required level of service will be implemented and maintained.

(4) The Federal government must provide adequate funds for rehabilitation of rail lines.

(5) Rates charged for grain transportation by rail must remain distance related and not variable because of any other factor.

The importance of the transportation policy was demonstrated by the fact 68 of 69 Pool delegates were in attendance at the special meeting. Many delegates stated that the Crow's Nest rates must be retained. The economic climate for all farmers is not encouraging, especially with the downward pressure on grain prices.

The new policy more closely associates Alberta Wheat Pool with the Crow's Nest rates as they are known today. But, negotiations

and consultations will continue, as per delegate instructions, with Dr. Gillson, the Federal representative on Western rail transportation.

Quinte W.I. Notes

The March meeting of the Quinte W.I. was held on the 25th at the home of Ruth Hanson, with thirteen members and one guest present. The meeting was started off with the reading of the W.I. creed. The minutes of the February meeting were given. Next the treasurer gave her report.

Next we discovered our day to entertain at Extensians on March 26th. We then discussed who would be our delegates at the constituency conference to be held on April 19th in Viking. Lillian Evans agreed to go as our delegates.

The March visiting committee of Rita Felder and Doris Arnett gave their report. The April visiting committee consists of Lois

Crosse and Lillian Arnett.

For the program Lillian Evans read a paper on Education.

The draw for the birthday box was held next. The winner this month was Ruth Hanson.

For roll call we each brought 7 x 7 inch squares for a quilt we are making.

The winners at our last card party were: Ladies 1st Christine Bauer, 2nd Catherine Evans, Mens 1st, Bob Suddaby, and 2nd, Bob Suddaby.

Our next card party will be held on April 24th at 6:00 with a potluck supper. It is the end of the season card party.

Reported by Mary Lee

Badminton Club In Wainwright

On April 6th, 1982, six Points finished 2nd and members of the Viking Badminton Club travelled to Wainwright to participate in that club's 2nd annual tournament. The end results were very similar to those in Viking's tournament, with trophy winners in all events, but no 1st place finishers.

The men's doubles event saw Walter Stefanski and Kevin Lever finish 1st and while in ladies' doubles Alana Stefanski and Doris

Joanette and Doris Stefanski were 2nd. Walter Stefanski and Kevin Lever were 2nd in the men's doubles. The ladies' doubles event was won by Doris Stefanski and Alana Stefanski. The mixed doubles event was won by Walter Stefanski and Doris Stefanski. The singles events were won by Walter Stefanski and Kevin Lever.

James Kaudon of Irma was the lucky winner of the \$500.00 raffie conducted by the Viking Minor Hockey Association. On behalf of Minor Hockey, Diana Clemons congratulated the winner and presented him with a cheque.

On April 14, 1982, a plebiscite will be held in Beaver County. The plebiscite will decide whether land in Beaver County can ever be considered as a possible site for a waste treatment facility.

Get the facts before you vote on this important issue

Beaver County Council has not made a decision about a treatment facility. Council has only requested that test drilling be conducted to determine if there is a safe site for such a facility in the County. Council wants this drilling to continue in order to provide this necessary information. No decision will be made until we have all the needed information from these field studies.

Naturally, the selection of a site raises many important questions about the effects of a waste treatment facility on human health and the environment. Unfortunately, the debate about this issue has been colored by misunderstandings and misinformation.

Be sure you know the facts before you vote next Wednesday.

To assist you in arriving at an opinion, here are some of the most pertinent questions that have been asked — and the answers — on the proposed hazardous waste treatment plant:

What kinds of wastes would be handled and disposed of by the facility?

First, a treatment plant would not create a "chemical dump" as some people fear. The plant will use safe technology for treating known hazardous wastes in Alberta needing special treatment. Such a plant will treat industrial wastes such as waste oils, cleaning solvents, spent acids and bases and sludges to make them environmentally safe before disposal.

These wastes would be safely disposed of by incineration and physical-chemical treatment. The Alberta Government position paper on Industrial and Special Waste Management (January 1982) states that the major requirement for any hazardous waste treatment facility is that it be safe for human health and the environment.

If industry creates most of these wastes, why should the public be responsible for their disposal?

Some wastes can be treated and recycled by industry on-site, and this is encouraged. But, safe treatment of some wastes requires a central facility with reliable equipment and knowledgeable operators.

One industry alone does not produce enough waste to warrant the expenditure for a safe treatment facility. The proposed by-law may even prohibit treatment plants for individual businesses.

If a treatment facility is privately owned, isn't there a danger that the owners would cut corners to make profits?

The Alberta Government's position paper on Industrial and Special Waste Management states that the necessary legislation, regulations and monitoring and administrative requirements will be met to ensure that industrial and other wastes are treated and disposed of in a responsible, controlled manner.

Furthermore, hazardous wastes legislation will, among other things, create a Crown Agency responsible for overall management of the hazardous waste management system in Alberta. The agency will have the authority to ensure that wastes will be treated safely.

So, through the Crown Agency, the Government will guarantee safe operation of the facility.

Why not build a plant in a remote area, away from people?

The most important consideration in site selection is the protection of human health and the environment. The proposed technology will provide the necessary safeguards. The Government has stated that a plant will be built on Crown land.

It makes economic sense to locate a treatment plant close to the major producers of industrial waste, but, again, health and the environment must be the main concerns. Public acceptance is also a determining factor.

Has a site for a treatment plant already been selected?

No. Investigations of possible sites are done at the invitation of local elected representatives. At present, Alberta Environment is doing test drilling in several areas at the request of local authorities.

Test drilling does not signify a commitment on either side. It is being done by technical drilling experts only on lands which are expected to be free of such constraints as agriculture, wildlife and parkland, and where the geological and soil conditions are suitable.

The purpose of test drilling is to eliminate areas which are unsuitable because they have constraints.

For more information about hazardous waste management please contact Bob Cross at the County Office in Ryley. Phone him at 663-3730.

New from Elephant Brand: UREA-SULPHUR

- Two essential plant nutrients in one product.
- Homogenous blend of Nitrogen and Sulphur.
- Uniform granular size, easy to blend and handle.

If your acreage is in the shaded area of the map, it could be sulphur deficient. It could be time for new Urea-Sulphur fertilizer from Elephant Brand.

This is a new easy-to-handle, easy-to-blend fertilizer, with uniform size granules that won't clog up your equipment.

Should you be using Urea-Sulphur fertilizer? First, check with your agronomist for sulphur deficiencies in your soil. He'll be able to recommend the proper amount for application.

Now, when can sulphur do for your crops? First, sulphur is as essential to many crops as phosphorus. It's a protein building block for amino acids, chlorophyll formation, and for nitrogen fixation of legumes. Sulphur helps plants in winter hardiness and drought resistance.

Sulphur has also been shown to be a strong plus factor in cereal crop quality and moisture utilization. Talk to your Elephant Brand dealer: Urea Sulphur could be just what your soil needs.

Contact your local dealer.

Thank You

to all our Viking friends and customers who patronized the Viking Fabyan Trading Post over the past year.

We sincerely regret having to close the Viking outlet, but the current economic times leave us with no choice. Should we be able to be of assistance to you in the future, the original store in Fabyan, as well as a new store in Wainwright will be more than happy to serve your needs, and we still offer free delivery to Viking.

THANKS AGAIN!

Easter Happenings At Irma United Church

Easter Celebrations are taking shape at Irma United Church. Good Friday service

will be a "Common Loaf" Communion service at 11:00 a.m. The Youth Group will

be presenting the play "Who Killed Jesus", during the service. There will be special Easter Music by the "Choral Group".

Because spring has not come quickly to our area, our Sunrise Service will be at 8:00 a.m. in the Church. There will be a Pancake Breakfast following in the Church basement.

Everyone welcome - Come and Celebrate.
 Rev. Anne Gowans

HISTORY OF MOTHER'S DAY

After hours phone 336-2284
 Anyone interested in working in this field, is asked to drop in and discuss working arrangements with Shirley Volner.

Many modern American mothers may feel like goddesses on Mother's Day, especially if they're given some of the great gifts to-day's technology has created. One such is a food processor that can save her time and trouble and let her be more creative in the kitchen than ever.

In Ann Arbor, a day was set aside for honoring Cybele, "Mother of the Gods."

The Canadian Food Marketing Bill

For the twelve month period January 1981 to January 1982, the cost of living in Canada as measured by the Consumer Price Index, rose 11.4 per cent. Part of this increase is attributable to higher food costs. How much of the total increase consumers spent on food in Canada (about \$80 billion in 1979) is due to the cost of raw products (farmers share), and how much is due to processing, transportation, and costs incurred after the product leaves the producer's hands?

Most economic texts discuss the marketing bill as estimate of the total cost of moving a farm product from the point of initial sale by the producer to the final sale to the consumer. A recent study done for the Canada Department of Agriculture provides some useful data on the Canada food marketing bill for the period 1976-1978.

Total Canadian expenditure on food totalled approximately \$84 billion in 1978. About two-thirds of the value of all domestic and imported Canadian food purchased in Canada, either directly or indirectly (through hotels, restaurants, and institutions), was accounted for by marketing activities.

The marketing bill for domestic food consumed at home declined slightly from 66 per cent in 1976 to 64 per cent in 1978. For the food away from home component, the marketing bill share is larger than for food at home.

accounting for about 75 per cent of the total value of food purchased in 1978.

The difference between the marketing bill for food consumed at home and food eaten away from home is that in the latter case, consumers are purchasing a combination of service and commodity rather than just the commodity. Because farmers contribute less to the final product value of food purchases in restaurants, their share of these food dollars is proportionately less.

The marketing bill varies with respect to commodity. In 1978, marketing activities represented about 45 per cent of the final product value of meat, poultry, and eggs, 60 per cent for dairy products, 76 per cent for fruits and vegetables, 96 per cent for cereal products, and 94 per cent for beverages.

Overall, the marketing bill accounts for the largest share of total consumer food expenditure, and at least

over the three year period 1976 to 1978, the relative percentages attributable to the farmers share and the marketing bill share have not changed greatly. If the trend toward more food eaten out of the house continues, the farmers share of the total Canadian food dollar will decrease. It is interesting to note that the Canadian food marketing bill was slightly lower than the U.S. marketing bill in each of the three years 1976 to 1978.

Food is a big business, and affects us all. Food consumption, both quantity and quality, is directly affected by economic conditions. It will be valuable to compare the statistics, once available for the Canadian food marketing bill in the 1979-1980 period to see just how much the trends identified in the previous four year period have changed, and to provide the very different economic condition prevailing today.

Curling Rink - Bowling Alley Proposed

A combined curling rink and bowling alley complex is the latest proposal for recreational facilities for Viking. The plan was presented to the Viking Curling Club at a meeting held last Tuesday.

The proposal includes plans for four sheets of curling ice, four lanes for bowling, and a lounge area which will overlook the curling sheets. The plan calls for a steel building to be used to house the curling rink, with a conventional construction building to be used to house the bowling alley.

The two buildings will be attached to the same snack bar area, thus utilizing one facility for two activities. The plan also provides for a kitchen area, as well as the snack bar and liquor lounge.

Total cost of the complex is estimated at \$700,000. This includes finished buildings, the concrete pad for the curling sheets, the bowling alleys, the snack bar and the lounge area all completed. The only major items not included in the estimate are the kitchen furnishings and the other general furnishings and furniture which will be needed.

As the Curling Club already has an ice plant, this expenditure is not necessary for the new facility. The planning of the complex provides that it can be phased down for construction if it is not possible to complete the entire facility at one time.

Planning by the Curling Club will allow for operation of the complex all year round. The bowling alleys are expected to operate all year, and the curling rink

The new 16 suite senior citizens' apartment complex is progressing rapidly, in spite of the long cold spell which forced the workers alone they began the project just over two months ago.

Viking Fair Set For August 5

The Viking Fair Board met in the Community Hall April 7 at 8:00 p.m. for further discussion plans already set in motion for the annual agricultural fair, set this year for August 5.

Committees have named to head a full schedule of events which will include parade floats, parades, various exhibits and competitions, children's events, herbicide supper and dances, etc. with some contact yet to be done.

Some concerns were expressed over the problem of parking cars on main street during the parade. As the parade will go at 9:00 a.m., it was felt that if businesses willing to stay open that day, would delay their opening until after the parade,

perhaps it might alleviate some of the problems. Jean Bird volunteered to take this up with town council.

Information was received of a \$1000 grant available to the Fair Board in connection with Heritage Day in Alberta. August 2. There is a stipulation that an event must be held on August 2 or the week before. As the fair is scheduled for August 5, the board will seek further information as to its eligibility.

At the 1982 Fair book

must be at the printers no later than May 1st a meeting will be held at the community hall on April 21, at 8:00 p.m.

Committees of the various categories are requested to bring their completed listings with any revisions, to be included in the new book.

The Viking Fair once again promises to be another long affair, with something for all ages. Keep August 5 open and join the fun.

Bon Accord Theatre Group To Perform In Holden

A Bon Accord and district amateur theatre group is coming to the Beaver Arts Centre in Holden on April 24. The group will be bringing a play staged in Gibbons with great success earlier this month. "The Paisley Convertible" is the title of the hilarious and fast-moving adult comedy that will be presented.

Of added local interest, the play is directed by Clay Schaefer, former Royal

Bank Manager in Holden. Mr. Schaefer was a well-known and active community supporter during his stay in Holden. He played one of the lead roles in the first play ever staged at the Beaver Arts Centre, "George and Margaret".

Tickets for the production are available at the usual outlets and will also be available at the door on April 24.

Irma Banquet Ends Hockey Season

On Wednesday, April 7 some one hundred and three minor hockey and ringette players together with their coaches, parents and honored guest gathered in the school gym for their annual banquet. The minor hockey banquet being unique in that it is the first time a team of girls have participated, namely the newly formed "Smurfiters" ringette team consisting of seventeen girls under the coaching of

Blaine and Bev Copeland.

President of the minor hockey association Charlie Soucy welcomed everyone and then called Jack MacKay to say grace. Following the delicious buffet supper, Charlie introduced the honored guests, Mr. and Mrs. John Newton, John being president of the Agricultural Society and Chairman of the arena board, Mr. and Mrs. Alex Smallwood, Alex is treasurer of the arena board, Mr. and Mrs. Mike Fahner of the Irma Co-op and Mr. and Mrs. Ross McFarland of J.C. McFarland & Co., Mr. and Mrs. Ernie Nelson, caretakers of the arena, Mr. and Mrs. Ken Corbett. The 1981-82 minor hockey executive; President, Charlie Soucy, First Vice President, Jerry Mark, Second Vice President, Ida King, Marguerite Barry, Secretary-treasurer.

Continued on Page 2

Seventeen young ladies from Irma and District accepted the challenge of forming a Ringette team this season and offered their opponents strong competition over the year. In the foreground is Coach Blaine Copeland and team members who received special recognition during the Irma Minor Hockey Banquet ceremonies.

Recreation Facilities Needed

This past week, a proposal went before the Viking Curling Club for the construction of a new curling rink, with plans incorporated into the complex for a bowling alley. The estimated cost of constructing a curling rink/bowling alley complex is in the \$750,000 range, a lot of money! Of course it is, but it seems that as each year passes, costs escalate such that we are constantly wishing that we had bought this, or built that, last year, thereby taking advantage of the decreased cost due to inflation.

The Town of Viking definitely lacks a good variety of recreational facilities. As one looks along Highways 14 and 13 in our immediate area, we find towns and villages with a much smaller population enjoying the use of facilities far in excess of what Vikings now enjoy. Much of the cause for this situation now in Viking can be linked to a definite lack of planning in the past. It perhaps can be linked to a certain degree of fear of taking a risk. And yet that fear has caused many people to find themselves now saying "why didn't we build it 5 years ago when it was first suggested".

Naturally, hindsight provides 20/20 vision, and it is easy to

criticize once time has passed. But it seems that with every passing year the "should have's" increase at a tremendous rate. It is extremely unlikely that things will get cheaper in the near future. And yet, we seemingly hope that they will as we procrastinate on building any kind of a complex which would provide decent recreation for residents of the Viking district, and provide an incentive for people to move here.

It is time for a positive decision on the construction of some kind of recreational facility for Viking. The costs of a new curling rink/bowling alley may seem high now, but 5 or 10 years down the road we will all thank ourselves that we took the chance now.

Agreements must be reached between the County and the Town for a cost sharing program on such a facility, as County as well as Town resident will use the facility. And its time that each of us dug a little bit into our own pockets and gave what we could towards building such a structure. It will be a decision made by the Town Council of Viking, but it must involve all residents of the Town and surrounding area. It definitely will mean a better future for the community.

Say Thank You

It seems that every week of the year has become a "special" week for some cause or organization across Canada. These weeks are usually set aside to give recognition to a particular group of people who have contributed in a meaningful way to society, or are set up to recognize a particular industry, or are designated to further a particular cause.

In a rural Alberta community such as those along Highway 14, the week of April 18 to 24 should thank on a special significance. It has been set aside to recognize a group of people without whom our small towns and villages and community organizations would not survive. These are the volunteers. Yes, next week has been designated as Volunteer Appreciation Week. It is a week during which each of us should carefully reflect on the role done by this "silent minority" who receive little recognition for what they do throughout the year.

The list of volunteer jobs in our communities is lengthy, including sports coaches, Sunday School teachers, cub, scout, brownies and guide leaders, candy strippers, hospital auxiliaries, and on and on. All of the people involved in these and the numerous other clubs and organizations who work to accomplish some goal are invaluable to our communities.

Quite often being a volunteer is a thankless job. People complain and criticize no matter what one tries to do. And often people don't make the necessary effort to find out what is really going on before they criticize. So next week, let's forget about all of the complaints and criticisms, and extend a hand of thank you to a volunteer who in some way or another helps to make life in our communities just a little bit better for all of us. And remember that a thank you once a year is far short of the true "thanks" that these people truly deserve.

Ends Hockey Season

Continued From Page 1

John Gaisle as caretaker of the cash box, Bev and Elaine Copeland as booth managers.

Charlie then called on Bev and Elaine and presented them with a gift in appreciation for the fine job done in looking after the booth. Thank you went to the people who helped renovate the booth and to the parents and our thanks to the executive of the minor hockey association. These people were not always easy to fill and everyone does appreciate the job you've done.

Charlie called on secretary-treasurer Margaret Burr who gave an account of the year operation. John Newton spoke on behalf of the arena board and agricultural Society. Ken Corbett, school principal gave a brief run down on the referees training program he set up.

Introductions of the minor hockey coaches and their teams followed with trophy presentation in the various categories. Following is a list of the trophy recipients and their respective categories.

In the Team Thumb division, under the direction of Coach Bob Fournier and Dan Nash, the Best defense trophy went to Denise White - donated by Toke

Smith. The M.V.P. trophy was presented to Shawn Jones and was donated by M. & P. Dairy. Danny Larson received the M.I.P. trophy and Craig Copeland won the M.I.P. trophy donated by the Burr family. The 110 per cent effort trophy went to Denise Jones and was donated by Bob Fournier.

In the Mitten division under the coaching efforts of Merle King and Sonny Archibald, the M.V.P. trophy was presented to Chris Archibald and was donated by Gray Agencies. The Most Defensive trophy was awarded to Vickie Kelly while the M.I.P. trophy donated by the Kellar family was presented to Shannon Archibald.

A number of Pee Wee boys who were coached by Philip Larson and presented to the Pee Wee Section for the Pee Wee Leagues. The M.I.P. trophy was presented to Denise White and the Best Rookie award went to Joann Corbett.

A first this year was the Ringette team under the direction of coaches Bev and Elaine Copeland. In this team the M.V.P. trophy went to Debbie MacKay, Diana MacKay and Sherene Skort and was donated by Merland Enterprises. The most Versatile Player trophy donated by the Bank of

Montréal was awarded to Tracy Copeland while the Most Conspicuous trophy donated by Marilyn's Beauty Shop went to the Copeland family was presented to Tammy Holman while the Honorable mention went to Norma Meakins.

For the Bantams who were coached by John Gaisle and Rick Glover, the trophy recipients were M.I.P. Jim Glover and Chris Archibald which was donated by Iron Restaurant. The Lady Bigh trophy was presented to Tracy Copeland while the M.V.P. trophy was presented to Doug Fischer and was donated by John Gaisle. Rookie of the Year Trophy was presented to Doug Fischer and was donated by C.H. Fikins.

The Midgets under the coaching abilities of Charles Sney, Jerry Mark and Jim Gray presented various trophies. The Lady Bigh trophy donated by the Kellar family was presented to Shannon Archibald.

A first this year was the Ringette team under the direction of coaches Bev and Elaine Copeland. In this team the M.V.P. trophy went to Debbie MacKay, Diana MacKay and Sherene Skort and was donated by Merland Enterprises. The most Versatile Player trophy donated by the Bank of

Letters To The Editor

Dear Mr. Editor:

The Alberta Heart Foundation door-to-door campaign in Viking for 1982 collected \$1,188.75 (one thousand, one hundred and eighty-eight dollars and seventy-five cents). This is \$248.75 over last year's figures. I'm sure all of our residents who worked on the campaign are proud of this accomplishment.

Thank you to all who contributed and a special thank you to all the willing workers. I could not co-ordinate a successful local campaign without you!

Thank you
Marion R. Costrell

The Editor:

On behalf of the Carberry Area Centennial Committee, we would be truly grateful if you could find room in your issue newspaper to publish the letter.

Fish & Game Awards

Continued From Page 1

The Irma Fish and Game Club would like to thank Don Redmond for his presentation and wish him well in future clinics.

Following the mountain-sawing contest, awards in the various categories were presented. These receiving trophies were in the category of Non-typical Wildlife Winner which is the E. W. Prosser Trophy, the winner was Len Skort.

In the White Tailed Deer category, the winner was Len Skort.

Next meeting of the Irma Fish and Game Club is Wednesday, April 21, at the School library at 7:30 p.m. Everyone is welcome.

The Town of Carberry, Rural Municipality of North Cypress (including Brookside and Wellwood) and Carberry Agricultural Society are together celebrating their 100th Anniversary in 1983. The Centennial Committee is planning a big homecoming celebration to coincide with Carberry Fair Days, July 7, 8, and 9th, 1983.

The Homecoming committee is in the process of compiling names of former residents of the town and municipality. If you are a former resident, or know of former residents, please send their name and address to the "Homecoming Committee", Mr. and Mrs. B. Anderson, Box 180, Carberry, Manitoba R0K 0H0. Thank you very much.

Yours truly,
Herb McEntee, Chairman,
Carberry and Area Centennial Committee

Report From Parliament Hill

Yielding to pressure from the Progressive Conservative party, the Government has finally announced initiatives to stimulate the housing and construction industries. Two of these proposals, the Canada Home Renovation Plan and the expanded Canada Home Insulation Program, will benefit home-owners.

Under this plan, effective May 1st, forgivable loans up to \$3000 will be provided by a U.C.W. meeting held in the Vermilion United Church on March 30, 1982.

President Oliver Friml opened the meeting with a warm welcome and a short devotional.

The minutes were moved to be accepted as printed and circulated.

Marjorie Walton reported that all reports had been received.

On April 24, the Irma Klummen are sponsoring a dance with all proceeds to the Irma Club Pack.

Irma Home and School - Monday, April 19, at 8:00 p.m. in school library. Della will report on the 11. & 12. Convention. Mr. Janison will show slides on his trip to Quebec with exchange student.

Irma Cubs will hold a bottle drive on Wednesday, April 21 after school.

The need for at least a three million litre harvest of Canadian Canola seed this coming fall, or the production of about 10 to 15 million acres of farmland, has been reaffirmed by the Canola Council of Canada.

At a board of directors meeting following the Council's annual convention in Vancouver, directors agreed that oilseed growers should again be assured that the six plus million-acre target for the upcoming growing season is "reasonable and reliable". The figure is based on the Council's market development committee.

This advisory group of export market specialists from grain companies, government agencies and oilseed sales representatives of crushing firms.

Total demand for canola in the 1982-1983 crop year is estimated by the Council's market development committee.

To ensure a supply of seed for processing during the harvest season and to meet the extra sales, brings the supply requirements to 2.75 million tonnes.

Bev Moore of C.F.C.W. presented the awards to (L.) Bill Austin of Rensbury and Art Francis (R.) of Viking who split the cash award at the Annual Lions Wildlife Dinner which was held last Saturday in Viking.

We look forward to serving your agricultural needs

for home repairs and improvements. Assistance will cover 30 per cent of the costs with the participant paying the balance. The program will be available to income earners under \$50,000 will receive a proportionate

reduced amount. Power restrictions will be put on the type of renovations that will qualify and the loans will be repaid if the owner remains in the home for the following five years.

The CREP is to be targeted for areas of high unemployment. The \$20 million in funds for the plan only 13 million has been allocated to the Prairie and, therefore, some home-owners who could benefit from this plan to respond quickly. Further information is available from CMHI in Edmonton.

Canada Home Renovation Plan, Canada Mortgage and Housing Corporation, 1316 Wayne Plain Road, Edmonton, Alberta T6A 2S6. Tel: 463-3481.

Canada Home Insulation Program

Of more benefit to residents will be the expansion of the CHIP program which provides grants for improving home insulation. Effective April 1st, homes built between January 1, 1981 and January 1, 1971, will now be eligible for assistance. The program pays a taxable grant of up to \$600 of which \$350 offsets insulation material costs and the remainder pays a third of labour charges up to a maximum of \$150. An application form can be obtained by calling Edmonton, 430-2450.

Once again, I would be pleased to help anyone who has difficulty with this program.

Both of these initiatives will benefit homeowners and the construction industry and I would encourage people to apply. A large number of residents have already taken advantage of the CHIP grants and I hope the new eligibility provisions will result in even greater utilization. Renovations and improvements not only save short-term costs through lower fuel bills but add to the value of a home and are worthwhile and profitable investments.

When the meeting adjourned, cards were enjoyed, after which lunch and socializing was the order of the day.

Mr. Gunn gave the treasurer's report covering a three month period. Committee reports were given and received. Georgina Denison reported on the many projects connected with the summer games and made a list of names of members willing to take part.

Irma News And Views

Elva Spring recently had her nephew Ernie Witek and wife Adell from Tofield visit her briefly. Also visiting her was her nephew Doug Spring from Calgary.

Mr. and Mrs. Alton Jackson from Edmonton visited with Alma's parents Minnie and Jim over the Easter week-end. They also visited with Lorna and Eddie, Arthur and Marilyn, Ellen and Ray Lorne.

Mr. and Mrs. Francis Whitall visited with Frank and Jean Whitall and other relatives and friends in the Irma area during Easter week-end. Visiting with Lorna and Eddie Jackson during Easter week-end were daughter Phyllis and husband Black, Hammond and son Don from Brandon, Manitoba.

Charlie and Carol Jackson and daughter Brandy from Langenburg, Sask., accompanied by Howard Jackson, Roman and Dennis Carr of Warwick spent part of the Easter week-end skiing at Jasper.

The weather for the past few days has continued mild, with snow gradually melting. Many hill towns in snowfall are bare and dry.

A bad blizzard on Thursday evening and night, left many roads impassable and piled snow in drifts and into the brush patches.

Symphony is extended to Mrs. Mary Bear, and other members of the Bear family on the recent passing of Jimmie Bear, in Edmonton, after a brief illness. Sympathy is also extended to Dianne Helm and Joe Rohrer on the passing in Wainwright Auxiliary hospital of their father, Dick Rohrer after a lengthy illness. Dick Rohrer was a long time resident of the Irma district and was well and favourably known by a wide circle of friends.

Marlene and Stan Ross and three children from Bowden visited with Marlene's grand parents, Minnie and Jim Jackson over the Easter week-end. They also visited her aunt Lorna and Uncle Eddie Jackson and Marilyn and Arthur and also her sister Miss Joyce Burdett.

Mr. Alton Ross (Albie) left on Saturday, April 10th for a visit with her son

Stanley, wife and family at Niagara, Ont., travelling by bus.

On Friday evening April 9th, a car sheared off the light pole, at the south end of main street by the body shop. The car was badly damaged, and we have been told that there were two occupants in the car, and that the passenger went through the windshield and sustained a damaged nose.

Arnold Enger from Edmonton visited his mother, George Enger, over the Easter week-end. He attended the open house in the Drop-In Centre on Saturday afternoon and renewed many acquaintances with many of his boyhood associates and school chums.

Irma senior citizens and some from Wainwright are taking in the White Heather show in Edmonton on Saturday evening, April 17th. Those wishing to make the trip are requested to be at the Irma New Horizons Drop-In Centre by 4:00 p.m. in order to catch the bus.

There will be a cribbage party at the Drop-In Centre Friday, April 16th, commencing at 7:30 p.m. sharp.

A memorial service was held in the Irma United Church for the late Robert E. Lee Rehrer at 2:00 p.m. on Monday, April 12th with Rev. Anne Gowans officiating. Dick was as well known locally by many passed away Wednesday, April 7th, 1982, at Wainwright Auxiliary Hospital, at the age of 88 years. He was born May 2nd at Lethbridge, U.S.A. and came to Alberta with his family in 1908. He served in the Canadian Army in the 1914-1918 war.

Mr. and Mrs. David Crabb have taken up residence on the Archie Cook farm.

Mrs. Dorcas Coffey spent a couple days in Wainwright hospital last week.

Mrs. Dorcas Coffey, Mrs.

John Andrushev and boys spent Easter with Mrs. Trudy Johnson and Ricky in Cranbrook.

Mrs. Gunner Larson and brother from Prince George, B.C. left Good Friday for Saskatchewan to attend an Aunt's funeral.

Mr. and Mrs. Walter Likieswood spent Easter with relatives in Tiber.

Mr. and Mrs. David Waid of Calgary spent Easter with Doris parents, Mr. and Mrs. L. J. Geller.

Mr. and Mrs. Tom Copeland had their grandchildren Ronny and Aaron LaPage visiting for a couple of days during Easter.

Mr. Lorne Cook of Victoria, B.C. spent a few days visiting at the Archie and Doris Cook home.

Mr. and Mrs. Maurice Oshman of Edmonton visited relatives here on the week-end.

Mrs. Barry (Ellen) Liddell spent a few days with her mother, Ada Jones.

Mr. and Mrs. Eric Nissen have taken up residence in the former "Ricky" home.

Mr. Randy Guitierrez and friend of Edmonton were to see Grandma and Grandma Guitierrez on the week-end.

Easter Sunday, Mr. and Mrs. Gary Christensen and family of Sourville, George and Jackie Christensen of Sedgewick and Erving Christensen of Edmonton visited with Mr. and Mrs. Ludwig Stare, Monday Mr. and Mrs. Curtis Selzer, and John of Calgary, Ruth Selzer, and two friends from Saskatchewan visited Grandma and Grandma.

Mrs. Una Nicoll and children of Alberta Beach spent the week-end at the Frank Keller's.

Mrs. Ella McRoberts was Mrs. Maas Keller's guest and took in the Stiles-Tomlinson birthday party Saturday.

Pee Wee coach Philip Larson introduced the team members for the past season and announced the selection of players to receive the following trophies: Most Improved Player - S. Larson, Top Scorer - L. Creary and Best Rookie - Jason Costall during the Minor Hockey Wind-Up banquet. Lynne Jones Photo

4-H On The Move

By Ed Mason, Regional 4-H Specialist

Learn "Life" Leadership by doing. That is the theme for this summer's Leadership Through Counselling Seminar, LTCS for short. It is a camp for 4-H members 15 years of age or older held in their clubs or at camps.

Bruce W.I. Notes

The ladies of Bruce branch of W.I. met at the home of Donna Wainwright April 7.

After "The Queen" the Creed was read in union. Bob will was an exchange of plants. Ellen Doris went to the white elephant.

Delegates had a very interesting and informative report from the work shop held in Irma recently.

We were informed of the fact that it is no longer legal to have a bake sale without a license unless it is for a charity, we are an educational organization. Sixty years ago we handled all the events in our village and area, there is not much need for this now however we still enjoy our meetings and it is a special pleasure to meet friends at conferences.

After a delicious lunch which was hopefully calorie free, this nice closing thought was presented from a member: Happiness is like potato salad, share it with others and you have a picnic.

G. Gormley

Leadership and personal development skills for both club and camping situations will be stressed.

The Leadership Through Counselling Seminar will also prepare, train and select suitable counsellors for regional junior summer camps. Counsellors will learn their duties and camp role plus will become familiar with the camping programs being planned for the summer camps.

Campers will spend time attending leadership sessions, learning about group dynamics and exploring new communication techniques. They will also learn such camping skills as compassing, archery, outdoor cooking and knife and axe safety. These skills are taught in a learn and teach method. Campers learn the skill and then practice by teaching the skill to other groups of campers.

Kids that went last year said they had loads of fun and learned new games and lots of songs. They all said good things about LTCS, especially how it is a great chance to meet new friends from other parts of Alberta. If you're interested mark off June 27 - July 2 on your calendar. Don't forget to apply before the deadline of May 1st. Your club leader or secretary will have the application forms.

New from Elephant Brand: UREA-SULPHUR

- Two essential plant nutrients in one product.
- Homogeneous blend of Nitrogen and Sulphur.
- Uniform granular size, easy to blend and handle.

If your acreage is in the shaded area of the map, it could be sulphur deficient. It could be time for new Urea-Sulphur fertilizer from Elephant Brand.

Contact your local dealer.

This is a new easy-to-handle, easy-to-blend fertilizer, with uniform size granular that won't clog up your equipment.

Should you be using Urea-Sulphur fertilizer? First, check with your agronomist for sulphur deficiencies in your soil. He'll be able to recommend the proper amount for application. Now, what can sulphur do for your crops?

First, sulphur is as essential to many crops as phosphorus. It's a protein building block for amino acids, chlorophyll formation, and for nitrogen fixation of legumes. Sulphur helps plants in winter hardiness and drought resistance.

Sulphur has also been shown to be a strong plus factor in cereal crop quality and moisture utilization. Talk to your Elephant Brand dealer. Urea Sulphur could be just what your soil needs.

ART ACQUISITION PROGRAMME

PHASE I

ALBERTA LEGISLATURE GROUNDS EDMONTON

TransAlta Utilities Introduces Its Customer Share Purchase Plan

The Customer Share Purchase Plan provides those customers served directly and Farm Electric customers a convenient opportunity to invest in TransAlta Utilities, Alberta's largest electric utility.

Customers may invest a minimum of \$100 and up to a maximum of \$5,000 in the common shares of TransAlta Utilities without paying brokerage commissions or administrative fees. Shares can be purchased on an instalment basis, with 10 equal post-dated cheques and no interest will be charged on the unpaid balance.

A letter introducing the Customer Share

Purchase Plan has been sent to all direct customers and Farm Electric customers. If you did not receive a copy please call us collect in Calgary at 267-7120.

TransAlta Utilities is Canada's largest investor owned electric utility with more than 99% of its shares registered in Canada and 32% of these in Alberta.

Changes In Provincial Health Care Services

Changes in Provincial Health Care services were announced yesterday by Hospital and Medical Care Minister Dave Russell and Social Services and Community Health Minister Bob Bogue.

The changes include increased government and co-insurance rates for nursing homes, increased rates for Alberta Blue Cross, non-group membership administered under Alberta Health Care Insurance Plan

(AHICP) and home care fees.

The Ministers said the per diem paid by government to nursing home operators on behalf of a resident would be increased by \$3.65 to \$3.80, depending on the size and type of nursing home. The increase in the co-insurance fee paid by the resident in ward accommodation would be increased by \$1.00. The government increase to operators is effective April 1, 1982, while the co-insurance

increase will not take effect until May 1, 1982. Overall, operators will receive increases of approximately 14 per cent.

For persons covered by Alberta Blue Cross through AHICP as a non-group fee, monthly premiums will increase by \$0.40 for single and \$1.20 for family coverage. For those who are covered, but have their premiums subsidised because their

income levels, the increase will be \$0.45 for single and \$0.90 for family. These new rates come into effect July 1, 1982.

Mr. Bogue said the Home Care fee schedule has been updated to reflect increases in nursing home charges and to adjust the exempted income for relief. The maximum fee payable has been increased from \$180 to \$210, effective April 1, 1982.

Local Student Receives Scholarship

A local student, Gordon Otto of Viking, was recently awarded a \$250.00 United Farmers of Alberta Scholarship in recognition of his achievement in the two-year Vocational Agriculture program at Lakeland College in Vermilion.

The presentation was made at the College Awards

Night, Saturday, April 3, Lakeland College is an inter-provincial institution with campuses throughout northeastern Alberta and also serving northwestern Saskatchewan. The College specializes in agriculture, technical trades, university transfer and a wide variety of programming in applied arts and business.

Kindergarten Registration Meeting To Be Held

The Kindergarten Parents Association are holding a Registration meeting on Thursday, April 22 at 7:30 a.m. in the Viking School Library. This meeting is of particular interest to parents of the 1982-83 kindergarten class for next year. All those who are interested in having a kindergarten for next year are asked to please attend. Mr. Don Kootenok will deal with (1) Normal speech development (2) Stimulating speech development and (3) Recognition of speech problems.

Speech Therapist - Donna Kootenok, will attend on April 22 meeting. Her main topic will deal with (1) Normal speech development (2) Stimulating speech development and (3) Recognition of speech problems.

Mr. Kootenok travels throughout our County trying to help children with speech problems.

Kill Wild Oats And Wild Millet Before They Grow...

With "The Winning Team For Winning Wheat"

This year don't wait for Wild Oats and Wild Millet to grow before you try to kill them. Kill them before they grow. The AVADEX® BW /TREFLAN® tank mix is the only pre-emergent tank-mix registered for wheat and barley that kills both Wild Oats and Wild Millet before they have a chance to compete for valuable moisture and nutrients in your cereals. The AVADEX® BW /TREFLAN® tank mix keeps your cereals free of Wild Oats and Wild Millet for 8-9 weeks, long after your crop is well established. There's no "second-flushes" with this team!

Let us help you with your herbicide decision - call in today and let's plan for spring.

Charlie Searcy, President of the Irma Minor Hockey Association, was master of ceremonies at the Wind-Up banquet on April 7th. On stage for introduction and trophy presentations are the Irma Midglide, Most Valuable Player - Mike Searcy, Top Scorer - Leonard Mark, Lady King - Trevor MacKay and Most Defenceman - Brad Venema.

World's Fastest Growing Industry

Tourism is the world's fastest growing industry - by the year 2000 it could become the most important single economic activity in Canada.

In support of this important industry, the Battle River Tourist Association (BRTA) has declared April and May as membership months, and any interested tourist potential and attractions of the Zone 5 area. This has undoubtedly had something to do with the fact that the number of people visiting this part of Alberta has increased 150 per cent in recent years.

Incorporated in 1980 as an independent non-profit organization, BRTA is financed by membership fees which average about \$30.00 per business and from a modest government grant based totally on the efforts of the association.

Some of the specific promotional projects which BRTA carries out annually include the publication and distribution of thousands of pieces of literature designed to promote the Battle River Country area; various types of training sessions geared to improve the service to visitors and customers alike; numerous awareness programs; advertising of area events and attractions via radio and audio-visual presentations; the information centre operations throughout the area; the bulk distribution of government publications such as the Alberta Road Maps, Accommodation Guides, etc.; lobbying government on such topics as highways, signage, improvement and development of parks and expansion of tourist attractions. Many other on-going projects are also carried out year-round. Everyone benefits from

Attorney-General Challenges By-Law 541

An application to have County of Beaver By-law 541 declared void has been presented to the Court of Queen's Bench in Edmonton. By-law 541, which is intended to prohibit the use of land in the County for a hazardous waste plant or anything associated with it, passed a plebiscite last Wednesday with a nearly 70 percent majority vote following it being given first reading on March 11th. Second and third reading of the By-law will be held up until the Court has dealt with the Attorney General's application.

The application deals with two major reasons for having the By-law declared void. The first reason is the application involves the manner in which the vote unfolded at the regular County Council meeting in March. The application says that the By-law was not observed the rules of natural justice when it passed By-law 541 under duress, coercion and intimidation from a crowd within Council Chambers.

Other points in the application indicate that the A.G.'s Department feels that all subsequent acts at the Council meeting on March 11th were not done properly due to the oppressive nature of the meeting. This includes the determination of the validity of the names on the petition as well as the percentage needed for the plebiscite.

The second major reason deals with the use of a petition to amend the land use by-law in the County. According to the Municipal Government Act, in order to amend a land-use by-law by a petition, the petition must be presented within 60 days of the original date of passage. As the County's land-use by-law was passed about one and a half years ago, the Attorney General's department is requesting that the Court rule that By-law 541 is void because it amends the land-use by-law, and this amendment came about as a result of a petition not within the 60 day limit.

In order to amend a land-use by-law after the 60 day period, the action must be initiated by the Council. Officers of the Council must advertise the proposed amendments to the land-use by-law and hold a public hearing on them. Final decision on the amendments is to be made by-law by the County Council.

The application by the Attorney General asks that the By-law 541 be quashed, and that the petition initiating

By-law 541 and By-law 541 are null and void, and that an order be given prohibiting the County from passing By-law 541. The County has been ordered by the Court to supply all information regarding the March 11th meeting, as well as all other information on the By-law and petition. The application is to be heard on Friday, April 20th, at 10:00 a.m.

Viking Trio Off To Toronto

Three students from the Viking Junior High School have been selected to attend the Canada-Wide Science Fair to be held in Toronto in May. Patrick Sewell, Larry Jakubec and Lawrence Sarafian were chosen as a result of their first place finishes at the 22nd Annual Edmonton Regional Science Fair held last Friday and Saturday at M.E. Lassie's Community High School.

Larry and Patrick were selected as having the best project among 30 entries in the Junior High Doubles category at the Fair. Their first place finish won them the American Society for Metals Trophy and a \$50 prize. Their project was entitled "The Strongest Glass".

Lawrence's project, entitled "Solar Heating", won him first place in the Junior High Singles (C) category. Lawrence was awarded the C.I.L. Trophy and a \$50 prize.

price for his selection from the 21 other entries in this category.

The trio and their projects will be sent to Toronto for the week of May 15th to 25th for the national competition. A spokesman for the Edmonton Regional Science Fair said that it was rare to have two projects selected from one school for the national Fair.

Other County of Beaver students also competed at the Edmonton Fair and did very well. Close on the heels of Larry and Patrick in the Junior High Doubles category were Gary Cormack and Kevin Armitage, also of the Viking School. This duo won the second prize of \$30 for their project, "Plant Behavior". As well as this selection, Kevin and Gary also won a special award, the Alberta Institute of Agriologists Award.

Also entered in the B Continued on Page 2

No, this is not just another culvert carrying spring run off! It is in fact water being pumped from the catch basin into the new Town of Viking Reservoir.

Plebiscite Supports Anti-Plant By-Law

By-law 541, a by-law intended to prohibit the siting of a hazardous waste treatment plant in the County of Beaver, was passed by a large majority in a plebiscite held last Wednesday. Nearly 70 percent of those who voted cast ballots in support of the By-law.

A total of 1985 ballots were marked in the plebiscite, representing between 70 and 75 percent of the potential eligible voters in the County. Of these 1984 were in favor of the By-law, while 588 were against it, and 75 ballots were spoiled or rejected.

A total of 10 polling stations were used for the plebiscite, with only one showing results opposing

the By-law. At the Ryley Legion Hall, 85 votes were cast in favor of the By-law while 148 were opposed to it. In all of the other polling stations, the majority of votes cast were in favor of the By-law. The totals ranged from a low of 56 percent in favor at the Beaverhill Hall to a high of 98 percent in favor at the Bruce Recreation Centre.

As a result of the vote, Beaver George Koudouas and Secretary-Treasurer Bob Cross met with Environment Minister Jack Cookson to discuss the situation. At that meeting the Minister was informed that the County would no longer be involved in the decisions concerning the siting of a Hazardous Waste Plant for the Province.

The County representatives were informed that it is possible that a decision on the siting will not be made this spring as was previously announced, but may be delayed until the fall.

In the Legislature last Friday, Mr. Cookson responded to a question on the plebiscite by saying that the County was not necessarily bound by County decisions. He went on to say that in view of the majority vote, he would recommend that they do not proceed in the County of Beaver.

The interpretation of By-law 541 is causing some concern for the Development Officer for the County of Beaver, Vic Iatso. Mr. Iatso feels that the By-law may not permit a number of developments, including landfill sites, sewage lagoons or septic tanks.

Mr. Iatso said that in discussions with Municipal Affairs, there could be a problem with the wording of the By-law.

Continued on Page 2

Airport Officially Opens June 27

The official opening of the Viking Airport has been set for June 27, 1962. Although details of the official opening are still in the planning stage, two dignitaries have accepted the invitation of the Airport Commission to attend the official ceremony.

Tom Lyons, M.L.A. vermillion-Viking constituency and Gordon Stromberg, M.L.A. Camrose constituency have confirmed by letter their attendance at the official opening.

Included in the plans for the June 27th opening is a pancake breakfast. During

the recent Airport Commission meeting held in the Council Chambers, it was decided to have the event catered to. Members of the Commission will handle the organizing of materials etc. Ray Olsen will provide garbage receptacles. Maurice Stephenson stated that the Co-op flatbed truck could be used for a stage and Bob Taylor is to look into obtaining a lecture. The Viking Recreation Board is to be contacted in regard to bleachers for the event.

The next meeting date was set for April 28th at 7:30 in the Council Chambers.

Administrator Hired

The County of Beaver has appointed Gerth Bascourt to the position of Secretary-Treasurer. Mr. Bascourt will assume duties early this summer following the retirement of Robert Cross.

Gerth Bascourt comes to the County of Beaver with a great deal of experience in related fields. He has held administrative positions at the County of Wetaskiwin for several years.

Mr. Bascourt originally comes from Stettler. He is a married man with a family of four. Although the family will remain in Wetaskiwin until the end of the current school term they plan to make their home in Ryley soon thereafter.

Selection for the individual to fill the position was made from a total of nine applications with only four individuals granted interviews.

Patrick Sewell and Larry Jakubec (right) of Viking have been selected to go to the Canada-Wide Science Fair in Toronto in May. The pair won the Junior High pairs category in the Regional Science Fair held in Edmonton last week.

Lodge Celebrates 50 Years

On Wednesday, April 14, at the home of Mr. and Mrs. J. Jackson, the Irma Lodge Orange-Beverly Association celebrated 50 years as a Lodge in Irma. This celebration was held in conjunction with an Agony Tea. A cake, baked for the occasion by Minnie Jackson and decorated by Marilyn Jackson, entered the table.

A few members of the Waterwright L.O.B.A. were in attendance as well as a few interested persons from the district. Pylis Craig very nicely read the history of the Irma

Lodge as written by the secretary. This was found to be quite interesting and very informative. Christine Russell had the honor of presenting our two Charter members namely Isabel Preston and Minnie Jackson, with their well-deserved 50 year Service Pins. Congratulations and how wishes were extended to them.

Minnie at this time presented Christine with her 25 year Service Pin. The Irma L.O.B.A. was

initiated as a Lodge on March 16, 1932 with twenty-two members. The Irma Lodge presently gives assistance to the Beldray Home for Children at Gwynn and also are sponsors of the last annual Beldray Picnic.

The Irma Lodge extends thank you to all who participated in their Agony Tea. A thank you also to those who helped celebrate their 50 years as a Lodge. It is an honor to still have some of the original members in the Association.

Fight Inflation With An Old Sheet
Wait! Don't throw out those old sheets that have been worn in the middle. Each contains approximately three square meters of fabric that can be used in many ways.

Old sheets make fantastic children's cushions. You can cruise anything from a mummy to a ghost from the unvers sections, and they dry very easily.

Or try "Instant beds". Children will have great fun drawing on pieces of an old sheet with wax crayons and then covering the drawings with absorbent paper and making the design into the material with an iron.

Unworn sections of a large sheet can be used to make a crib sheet or pillow cases for

the camper or cottage. They can be decorated by using the fancy stitches on your machine, drawing with a felt pen or block printing.

Still another alternative is to use strong sections of a worn sheet to interpose many types of garments, and it's already pre-washed. They could also be used to make a "tee" garment to check the style or fit of a new pattern.

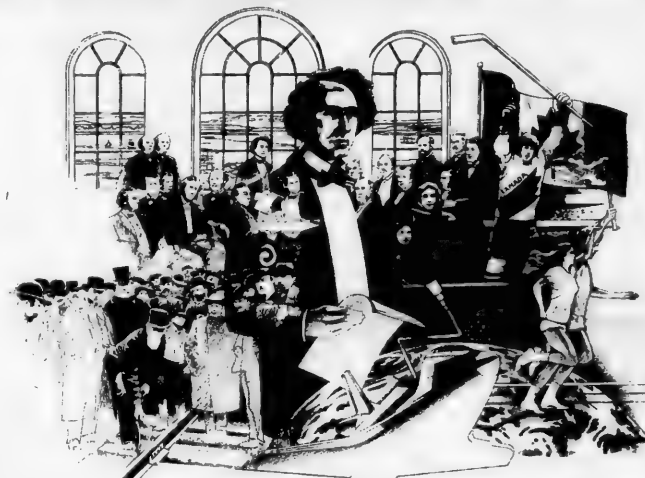

Recycled sheets make excellent bedding for quilt blocks or linings for trees

cushions. The above are just a few of the many ways of extending the life of an old sheet and thereby, fighting inflation.

4-H Deadline
The deadline for applications for club week is May 1, 1982. Each club is to select their own delegate and alternate and send the names to the 4-H office. Delegates must be 14 years or older as of January 1, 1982 and each person can attend only once. Deadline for Conservation Camp and 4-H Expressions applications is May 15, 1982.

Just as we can look back with pride on our past, we can now look with pride to our future.

Canada now has its own Constitution with the traditional rights and freedoms we once took for granted.

Today we can truly say, the future belongs to us.

The Canadian Constitution and the Canadian Charter of Rights and Freedoms

WESTERN CANADA CONCEPT PARTY

Vermilion-Viking Constituency
Association

MEETING
Wednesday, April 28
8:00 p.m.
Viking Community Hall

FOR THE ELECTION OF OFFICERS
(President, Vice-President, Secretary
& Directors)

April 9 issue of the Alberta Wheat Pool "Budget" newsletter contained an article that many may be interested in. For those that attended our December 1, 1981 meeting on continuous cropping, you may remember Professor Les Henry, the main speaker. His comments in this article are some of those expressed at the December meeting.

NEE SOIL DAMAGE
A University of Saskatchewan study indicates that anhydrous ammonia NEE fertilizer will not deplete soil organic matter.
The study was supervised by Professor Les Henry, of the Department of Soil Science, and conducted by Dale Tomasiewicz, a graduate student in the Department. It was undertaken because of concerns in some quarters that anhydrous ammonia might destroy organic matter and microorganisms. When this fertilizer is injected into the soil, some of it stays within about two inches of where it enters. Mr. Tomasiewicz took samples of soil from the injection zone and determined the amount of organic matter in the samples that could be dissolved in water. This

From The Ground Up

District Agriculturists
Jerome Manchur and Rudy Warawa

ammonia as used as a measure of whether the organic matter has been destroyed.
He found that when ammonia is applied at a rate that will deliver 100 kilograms of nitrogen per hectare, less than 0.26 per cent of the organic matter in the top six inches of the soil becomes water soluble. Furthermore, for this to occur large amounts of water would have to be applied immediately after the ammonia.
This study did not examine the effects of ammonia on soil microorganisms because these have been well documented in other North American research. When

ammonia is applied, most organisms in the injection zone are destroyed by the high concentration. However, organisms from the surrounding soil repopulate the injection zone and convert the ammonia to nitrate. As a result, the concentration of ammonia is reduced.
Professor Henry said the conversion of ammonia to nitrate can increase the acidity of the soil. In most areas of Saskatchewan this would not be harmful. However, in some soils it may eventually be necessary to add lime to neutralize the acid. Apart from this, the use of anhydrous ammonia fertilizer has no detrimental effects on soil, organic matter or microorganisms.

5:30 p.m. - 8:00 p.m.

*Full course meals served Monday thru Saturday, and Pizza served after 3:00 p.m. daily

*Free Delivery in Village

*Will serve any crew or group wishing early or late meals or packed lunches.

Irma Cubs Tour Army Camp

An interested and enthusiastic group of cubs from Irma checked out the heavy equipment at the Wainwright Army Camp last Saturday, April 17.

On Saturday, April 17, the blue sky and warm sunshine made it a perfect day for the Irma Cub tour of the army camp.

The cubs arrived at the camp gate at 9:00 a.m. greeted by District Commissioner Earl MacDonald. The group first viewed two films entitled "Four Days in Autumn" and "Airborne Battalion". Following the films, D.C. Earl MacDonald presented cub leader Margaret Archibald with her five and ten year service pin awards.

One of the fine volunteers of our community without whom such an organization would cease to exist, Brenda Costal was unable to be with us but will also receive a five year pin. Our thanks and appreciation to you Margaret and Brenda.

The group viewed a display of camp equipment, rationes and different types of ar-

illery used. The boys were then permitted to shoot blanks from each of the different guns.

At lunch time the young cubs enjoyed the other troops in the mess hall for dinner. It was a delicious and beautiful meal.

A tour of the kitchen and the equipment used was next on the agenda.

A visit to the bird sanctuary followed.

The cubs were able to

view the falcons on the T.V.'s they have set up inside their (workers) house trailer. It is in this way they are able to watch the birds without disturbing them.

Out in the bars were the many quail, small birds they feed the falcons. We were unable to see all the falcons since it is mating season and they cannot be disturbed.

The last part of the tour took the cubs through the

water treatment plant. On return to the camp the boys were treated to a soft drink in the canteen before returning home.

On behalf of the cubs, thanks to leader Margaret and to Lottie Copeland, C.D. of White and Ruth Archibald who took the day and supplied the transportation.

Thanks also to camp Wainwright, D.C. Earl MacDonald and each of the tour guides.

Holden News

Beaver Arts Centre in Holden will enjoy having Ben Accord and district amateur theatre group come here on April 24. The title of the adult comedy play will be presented in "The Paisley Convertible". Tickets are

available at the usual outlets and at the door on April 24. Holden residents were delighted to see Ben Minard home after being in the Viking Hospital for 2 weeks. Residents wish Ben a speedy recovery and are waiting for

him to be back at work at the club "My Place". Recent out of town visitors were family members of Mrs. Vic Pankak, her brother Allen of Prince Rupert, B.C. and Ned and Ted Payne of Edmonton.

TransAlta Utilities Introduces Its Customer Share Purchase Plan

The Customer Share Purchase Plan provides those customers served directly and Farm Electric customers a convenient opportunity to invest in TransAlta Utilities, Alberta's largest electric utility.

Customers may invest a minimum of \$100 and up to a maximum of \$5,000 in the common shares of TransAlta Utilities without paying brokerage commissions or administrative fees. Shares can be purchased on an instalment basis, with 10 equal post-dated cheques and no interest will be charged on the unpaid balance.

A letter introducing the Customer Share

Purchase Plan has been sent to all direct customers and Farm Electric customers. If you did not receive a copy please call us collect in Calgary at 267-7120.

TransAlta Utilities is Canada's largest investor owned electric utility with more than 99% of its shares registered in Canada and 32% of these in Alberta.

The Wainwright Figure Skating Club invites applications for

Junior and Senior Coaches

Send resume stating qualifications to:
The Wainwright Figure Skating Club
Box 882,
Wainwright, T0B 4P9

The past winter's heavy snowfall has necessitated the spreading of large snow drifts to avoid lava damage. These Irma youngsters are busy doing just that at the Coastal residence on Main Street Irma.

Irma News And Views

Alfred Walker had a visit recently from his sister Betty from Calgary, his sister Alberta and husband from Edmonton.

Only three tables turned out for Cris at the Drop-In Centre on Saturday even-

ing. April 17th as many of the members were in Edmonton, enjoying the White Heather show. Edith Conkroft was ladies high corner. Helen Smallwood was ladies low. Ed Hansen was high man and Alex Smallwood

was low. Caroline and Charlie Jackson and baby Brady left for their home at Langenburg, Sask. on Monday April 19th, after a holiday during which they visited with Caroline's family at Warwick. They enjoyed many activities including skiing at Jasper, saw several Wainwright Bison hockey games and of course visiting Charlie's mom and dad, grandparents and other relatives and friends in the district.

Minnie and Jim Jackson received congratulations from many quarters on Sunday, April 18th which was their 54 wedding anniversary.

The next cribbage tournament in the Irma Drop-In Centre will be on Friday evening, April 30th. This will be the last cribbage of the season. Cards start at 7:30 p.m. sharp.

Everybody is welcome. Congratulations are extended to Lorna Jackson who celebrated a birthday on Friday, April 19th.

On Monday morning, a drill rig and its accompanying trucks, vans, etc. appeared on the new well, east of Irma on the new development. On phoning the company, we were told that they were endeavoring to salvage the casing.

Edith Conkroft celebrated her 75th birthday with open house at Chaucer's Manor on Sunday afternoon, April 18th with her daughters, son-in-laws, grandchildren and a host of well wishers. It was a happy occasion, which may be reported in greater detail by some one more competent. Congratulations Edith and many more happy birthdays.

North To Alaska Continued

June 21st is a day of fun and celebration as the crowds of people gather on top of Dome Mountain to watch the sun dip momentarily behind Yvonne Ogilvie Mountain and come back up for the Kodak film industry.

In September, Dawson City annually hosts the International Outdoors races. Repeatedly we missed this by one day for we had to leave, but we did see one marriage caused the Indians to abandon their wandering lifestyle. Today may have

been educated to become nurses, teachers, miners, shopkeepers, etc. Their many crafts that once meant survival are now being made for the tourist trade. The old generation is very concerned that the young people lose touch with their history and culture and rightly so for their history is as important to the story of the north as all the colorful tales of the goldrush. Even so the young people we saw were the "Rock Music" and "Jeans" generation.

In the remaining half day, we explored the lake and the flowers and gardens were gorgeous but there were few larvae because of the intense heat of imported tourists.

At the museum (former Capital building) we saw the bones of mammoth whales, relics of the ice age, artifacts of the Goldrush and the culture before the advent of the white man, the equipment and uniforms of the NWMP. The time we spent was all too short. The pictures and written material were a wealth of information for history minded people.

Reluctantly leaving Dawson City, the next adventure was over the top of the world to Alaska. It was a steady climb on the Klondike Highway for fifty miles in and around, through a shroud of fog that broke momentarily to reveal the deep valley below. Farmington started by the rear of the bus, flew up to give us our first sight of this northern bird. Their wings were already white in sharp contrast to the dark feathers of their bodies which like our rabbits turn white in winter. Once we were above the cloud cover, we could see

WARNING

CAMP WAINWRIGHT RANGES

Day and night firing will be carried out at the Camp Wainwright Ranges, Province of Alberta until further notice.

The Ranges consist of DND controlled property lying south of the Town of Wainwright, between primary Highways 13 and 14 and is intersected by Highway 41 in Township 41 to 45, Range 5 to 8, West of the Fourth Meridian in the Province of Alberta. If required a detailed description of the Wainwright property may be obtained from the Construction Engineering Officer at Canadian Force Detachment, Wainwright, Alberta.

STRAY AMMUNITION AND EXPLOSIVE OBJECTS

Bombs, grenades, shells and similar explosive objects are a hazard to life and limb. Do not pick up or retain such objects as souvenirs. If you have found or have in your possession any object which you believe to be an explosive, notify your local police and arrangements will be made to dispose of it.

No unauthorized person may enter this area and trespassing on the area is strictly prohibited.

New from Elephant Brand: UREA-SULPHUR

- Two essential plant nutrients in one product.
- Homogenous blend of Nitrogen and Sulphur.
- Uniform granular size, easy to blend and handle.

If your acreage is in the shaded area of the map, it could be sulphur deficient. It could be time for new Urea-Sulphur fertilizer from Elephant Brand.

Contact your local dealer.

This is a new easy-to-handle, easy-to-blend fertilizer, with uniform size granules that won't clog up your equipment.

Should you be using Urea-Sulphur fertilizer? First, check with your agronomist for sulphur deficiencies in your soil. He'll be able to recommend the proper amount for application. Now, what can sulphur do for your crops?

First, sulphur is an essential to many crops as phosphorus. It's a protein building block for amino acids, chlorophyll formation, and for nitrogen fixation in legumes. Sulphur helps plants in winter hardiness and drought resistance.

Sulphur has also been shown to be a strong plus factor in cereal crop quality and moisture utilization.

Talk to your Elephant Brand dealer. Urea Sulphur could be just what your soil needs

North To Alaska: Continued From Page 19

Intriguing enough to prompt me to enter and see the interior. I met Bertson coming out. He was curious too.

The ceiling and walls were literally covered with dollar bills, some black with white, and some green with red. People travelling through since 1971. The only available space was behind the bar and that is where my dollar bill went. On the wall, not in the ill should anyone wonder. The proprietor suited the atmosphere with black beard, ruddy complexion, and lumberjack shirt.

Every bus stop means a "pit" stop. The sign has the time pointed to outdoor privies - this was fine, most of us grew up with those, but it was the extra feature that amused us for a water-pull machine and wood stood on a shelf in the corner. For them we waited to launch up the makeup a jagged piece of mirror was propped against the water pull. To us it was hard to sit at. Oh yes, modern times had arrived; leaders like paper towels and toilet tissue were the way they were, though they were empty, then how can one know that of anything on such short notice.

Missing were the obscene compositions so prevalent on most public washroom walls; let us hope this never catches up to Boundary Lake. It was with a great deal of hilarity that we boarded the bus once more, just as an American tour bus drew up. "Do you suppose that pie was meant for them?" someone wondered. "Oh well, too late now," and we went merrily on our way. Every one by this time was well acquainted and the stories,

jokes and riddles flew. To pass the time Colleen at intervals organized contests and bingo games and some times Hazel Myers led in a sing song.

Speaking of Hazel, her agility was most amazing for she was constantly climbing up on the roof of her motorhome to rummage for her goodies overhead. I could hold it for me. We did not pass a large lot of big farm tractors and combine. Fairbanks has an Experimental Station in conjunction with its University where they are attempting to cross breed grains to produce a strain that will mature in an eighty to ninety day period. The projection is to eventually have 50,000 acres under cultivation. Isn't it ironic that Alberta's prime land is being taken out of production and Alaska is spending millions to produce food from that wilderness.

We caught sight of the famous Alaska oil pipeline, extending in a zig zag formation high above ground on supports. At a point south of the permanent region it goes underground. So far, it is 800 miles long, four feet in diameter with four inches of insulation. For security reasons it is under guard twenty four hours a day.

Colleen discovered that the management of the use and only restaurant had resigned the day before. "But if you will be satisfied with what we have left over, we will open up for you." With tongues in cheek,

Colleen agreed. There was no other choice.

Some had hamburgers, and some soup. It got pretty sketchy for those who were served last, but no one seemed to mind.

On the road once more, we learned that there is some agricultural use of the barbanks area for as far as we could see. We did not pass a large lot of big farm tractors and combine. Fairbanks has an Experimental Station in conjunction with its University where they are attempting to cross breed grains to produce a strain that will mature in an eighty to ninety day period. The projection is to eventually have 50,000 acres under cultivation. Isn't it ironic that Alberta's prime land is being taken out of production and Alaska is spending millions to produce food from that wilderness.

So far, it is 800 miles long, four feet in diameter with four inches of insulation. For security reasons it is under guard twenty four hours a day.

Rosegarland W.I.

Despite sickness and Easter Holidays, nine members and two visitors were in attendance at the regular meeting of Rosegarland W.I. meeting held at the home of Christine Klein on April 18 at 8:00 p.m.

The main business centered around finishing plans for the upcoming Constitutional Conference to be held in Viking on April 19. Jean Brooke was named voting delegate to this conference. The booking competition list was doled out to our good cooks; we are expecting some red ribbon ladies. Margaret Hill will go as delegate to the A.W.I. Conference in Okla to be held July 1st to 4th.

A memorial in memory of Robert Gilpin is to be sent to the Robert Gilpin Scholarship Fund.

Penalties for Friendship fund instructed that we pay a penny for each letter in our

given and surname. The next meeting will be held at the home of Olga Skelton on May 11, at 8:00 p.m. Hostesses: Erlene Sudeby and Irene Toward.

Guests: Ervyn Toward

County Council Motion Opposes Plant

A motion expressing opposition to locating a hazardous waste treatment plant in the County of Beaver has been passed by the County Council. The motion was passed at a special meeting of the Council which was held in Ryley on Sunday morning.

The motion reads that "The Council has agreed that they will no longer consider a hazardous waste plant in the County of Beaver."

The special meeting was initiated by Councillor Hilda Arncliffe who felt it was necessary that Council show support for the opinions expressed by County residents in the plebiscite held on April 14th. In that plebiscite on County By-law 541, nearly 70 per cent of those who voted expressed support for the by-law, the intent of which was to prohibit locating a hazardous waste treatment plant in the County of Beaver.

On Monday, April 19th, five days after the plebiscite, the Attorney-General's department initiated an action to have By-law 541 declared null and void. The A.G.'s department's action was initiated on two grounds.

The first is that the council was coerced into giving By-law 541 first reading at a County Council meeting on March 11th. At that meeting over 300 County residents against their will in order to obtain a decision of Council.

At a meeting last Thursday in Brown, called by the Brown-Viking Agricultural Protection Association, a motion was carried on the floor to have the Association support the by-law at the hearing on April 30th. At

that meeting, a number of M.L.A.'s were in attendance to give their views on the events to date. The Association has retained a lawyer to act on their behalf at the hearing.

Concerns at the Sunday meeting centered on the possibility of the Council being held in contempt of Court because By-law 541 is before the Court at this time. Council has already been advised by their lawyer not to give the by-law second and third readings.

However, on Monday, Secretary-Treasurer Bob Cross checked with their lawyer at Brown-Viking who informed him that the motion would have no bearing on the hearing.

In spite of the actions of the Attorney General and their concern with these actions, the majority of Councilors felt that they must express support for the feelings of County residents as shown in the April 14 plebiscite. For this reason the passed the motion opposing the siting of a hazardous waste treatment plant in the County by a 6 to 1 margin.

The newly formed Holden Recreation Board, in conjunction with the Village will be sponsoring a Great Rally on May 3 at 7:30 p.m.

Arrangements have been completed to have Earl Hendricks of Alberta Recreation and Parks and Jeanette Soule of Alberta Culture in attendance to provide information on the many and varied grants available from their department.

The Recreation Board has been meeting regularly since January. In effect, we are a new board with much to learn. To this end, we sponsored two members, Sean McKibbin and Margaret Christensen to organize a two-day workshop for volunteers in the recreation field and was very informative.

Several grants have been received. These are earmarked for additional improvements to the Sports Grounds: landscaping, opening of backdrops, painting and general renovation of the recreation booth. We hope to have as much of this done as possible before the baseball season gets underway.

We are again sponsoring, through the Village, two STEP Students for the summer months. Further information will be available in the near future.

In order to best satisfy the needs of you, the participants in any recreation program, we need input from your groups. Please contact any Rec Board member or come to any of our regular meetings on the first Tuesday of each month.

Margaret Christensen

Mayor Will Rasmussen cut the ribbon marking the official opening of the Viding Day Care Centre while Jim Gillies, President of the Viding Child Development Society, looks on. The event was held last Saturday.

Seniors' Complex Named

The 18 unit senior citizens housing complex currently under construction in Viding has been officially named. Jenny Bird, secretary of the Viding Seniors' Housing Committee advised that correspondence had been received from their sponsor group, the Chamber of Commerce.

Lynne Jones of Irma will receive a cheque in the amount of \$25.00 for her winning entry in the contest.

The seniors' committee would like to thank everyone for their interest and entries. Construction of "Beaver Manor" has been progressing favorably. Shingling has been completed and all windows are installed. A spokesman for the construction firm, Handy Andy stated that the plumbing and electricians will begin their phase sometime this week.

Administration Office For Innisfree

At the April 21st meeting of the County of Minburn #27 Council, the Councilors by a 6 to 1 vote for two years against, passed the following motion made by Art Roland from Zone (Division) Two.

"That the County of Minburn #27 acquire the necessary land in the Village of Innisfree, Alberta for the purpose of building a new County Administration Office and further be it resolved that at this meeting a committee be struck to proceed and make arrangements for obtaining land and the construction of said building as soon as feasible."

Following the passing of the above motion, the three councilors representing the most western portions of the Minburn County immediately left the Council Chambers leaving the other four to elect a building committee by themselves. The remaining men wished to nominate one of the men who had lost the election to be on the committee.

At the last County of Minburn Annual Meeting, many public citizens said they were tired of the Council's indecision and made a motion that was passed to elect a building committee. The County of Minburn Council made a decision. This they did in the last quarter hour of the April 21 Council meeting.

The Chinook Touring Theatre entertained at the Viding School last Thursday, putting on a play for the elementary students in the morning and the Junior-senior high school in the afternoon.

Do You Know The Bible Says

Behold I stand at the door, and knock: if any man hear My voice, and open the door, I will come in to him, and will sup with him, and he will be with me. Rev. 3:20. What an invite to the lost, hungry, troubled person!

The song says, "Where could I go but to the Lord." This should be the first move, but all too often man has other plans and emotions he troubles heart to something else which will fail to truly satisfy.

David prays in Psa. 26:1, Unto Thee O Lord do I lift up my soul. - Show me Thy ways O Lord; teach me Thy paths. V. 6. and also in Psa. 88 - O Lord lead me down and blind me in order to get his attention; but immediately Saul knew he was in great trouble, and to God he turned, and said, Who art Thou, Lord? And the Lord said, Saul, Saul, why do you persecute me? And he trembling and astonished said, Lord, what will you have me to do?

The Lord had a purpose for Saul's life, and was looking at his heart's desire, but He couldn't bless his life nor use him until he opened the door and asked Jesus to come in and sup with him, and reveal His plan for his life.

Good and upright is the Lord: Therefore will He

teach sinners in the way. Psa. 25:8. And what man is he that searcheth the Lord? Him shall His teach in the way that He shall choose... His soul shall dwell at ease: and His seed shall inherit the earth. The secret of the Lord is with them that fear him: and He will show them His covenant. Verses 12-14.

True satisfaction and stability can only be found in the Lord, and in these days when all else seems to be crumbling we need to test the Lord all the more.

David prays in Psa. 26:1, Unto Thee O Lord do I lift up my soul. - Show me Thy ways O Lord; teach me Thy paths. V. 6. and also in Psa. 88 - O Lord lead me down and blind me in order to get his attention; but immediately Saul knew he was in great trouble, and to God he turned, and said, Who art Thou, Lord? And the Lord said, Saul, Saul, why do you persecute me? And he trembling and astonished said, Lord, what will you have me to do?

He loves you so much and He gave heaven's best to die for the wages of your sin (For the wages of sin is death, Rom. 6:23) and He wants so much good He wants to do for you. Won't you open up your heart's door and ask Jesus to come in and sup with him, and reveal His plan for his life.

NOTICE OF SUBDIVISION APPROVAL

AS PER SECTION 83 AND 105 OF

THE PLANNING ACT

File: 82 D 141

Municipality: Town of Viking

Legal Description: Blk A.P. 812 - 0269

Proposal: Multi-Residential Parcel

Applicant: Town of Viking

Viking, Alberta

If you are an owner of land adjacent to the above, you may appeal the decision of approval or any condition of approval for this property. The appeal cannot deal with the proposed use of land as legally adopted by the municipality in its land use by law.

For this purpose, adjacent land means land which touches the parcel being subdivided, or which would be in contact with this parcel if it were not separated from it by a public roadway, river or stream.

A proper notice of appeal must be filed with both the Alberta Planning Board and the applicant within fourteen (14) days of the date of this publication. Such notice shall contain:

1. the legal description and municipal location of lands being subdivided,
2. the name and address of applicant,
3. the name and address of the appellant,
4. the reasons for appeal, and
5. the name and date of the publication.

FOR FURTHER INFORMATION ON APPEAL CONTACT THE CURRENT PLANNING SECTION, ALBERTA MUNICIPAL AFFAIRS AT PHONE NO. 427-2190

FOR FURTHER INFORMATION ON APPEAL CONTACT THE ALBERTA PLANNING BOARD AT PHONE NO. 427-4864

W.D. (Bill) Johnston Sr. Laid To Rest

Funeral services were held on April 27, 1982 in Kinross for Bill Johnston of Kinross, who passed away at the Dayland Hospital on April 24 at the age of 74 years following a lengthy illness.

He was the fourth son of Joseph and Elizabeth Johnston, born May 23, 1897 in Newcombe on Ryan, Saskatchewan. In 1910 the Johnston family came to Canada, arriving in the Kinross district in 1912.

Bill resided in the Kinross district since the late 1880's. He enjoyed his life and the people about him, and spent most of his life in service in public life. Twenty-five of his years were on Kinross Council.

Bill married his wife Florence, three daughters, Beth (Mrs. Dave Greenwood of Camrose), Yvonne (Mrs. Bruce Greenwood of Viking), Wynne (Mrs. Doug White of Slave Lake) and two sons, Bill Jr. of Wetaskiwin and Ray of Kinross. Also his brother Joseph of Viking and twenty grandchildren and twelve great-grandchildren.

Services Held For James Beer

Funeral services for Jim Beer were held at the Irma School Auditorium, at 5:00 p.m. with the Rev. Ernest Neufeld officiating.

Mrs. Vera McKay was the pianist and Miss Bevel Shier who was the soloist sang "Saved by Grace" accompanied by Mona McKay. Hymns sung were "Rock Of Ages" and "How Great Thou Art".

Palbearers were former schoolmates and friends, Leonard Skori, Bert Smith, Jerry Mark, Clifton White, Lorne Puder and Jim Ling.

He is survived by his loving mother Mrs. Harold Beer, his brother Harold (Bud) U.S.A. one sister Bet-

ty Anderson of Red Deer. Four nephews, Dwayne and Dwight Beer of Calgary, Eugene and Ronald Anderson of Red Deer, three nieces, Karen Anne and Vicki Beer of Calgary and Tammy Dele of Calgary.

Three granddaughters, Lindsay Dods, Calgary, Anne Lee Anne Anderson, Red Deer, one grand nephew, Robert Dods of Calgary. One Uncle, Herbert Devereaux, England and several cousins. Several aunts and cousins from Athabasca, Provost, Fairview and Calgary.

Following service at the Kinross Hall, interment was at Joe's Acre Cemetery at Kinross.

The Johnston family expresses their gratitude to everyone attending and expressing their thoughts. We can never express our true gratitude for your participation in our sadness. A special thank you goes to the ladies of Kinross for lunch following the service.

If your home phone number* begins with **336** and you live in **Viking**

AGT

servicemen will call on you soon!

They want to ready your home for a new type of service. Please welcome them.

AGT servicemen will be in Viking soon, to begin conversions to Pick-up & Return Centre service.

Thousands of Albertans in and around major centers of the province presently enjoy a convenient telephone service we're now introducing to your community.

This new service has many advantages. It saves you money; saves you time; and gives you telephone portability within your home.

All it takes is a simple conversation to special plug-in jacks.

We'll convert your existing telephone(s) and outlets to the special plug-in cords and jacks AT NO COST TO YOU if done on our first visit. If you have less than four outlets now, we'll install additional jacks, where possible, to a maximum of four, without charge on the first visit.

There's no rental charge for plug-in jacks.

For more than four jacks placed during our initial visit there will be a fee of \$6.00 per additional jack. ON SUBSEQUENT CALLS A \$15.00 INSTALLATION CHARGE WILL APPLY. PLUS \$6.00 FOR EACH JACK ADDED OR MOVED.

The charge for outdoor waterproof housing (jack not included) is \$10.00 at any time.

As soon as your home is jacked, call your AGT Business Office, then visit the Pick-up & Return Centre soon to be located near you. For further information you may call 1 + 632-5330 (toll free).

All bona fide AGT Representatives will be glad to show you identification.

Women Of Uniform Spring Convention

The annual spring conference was a real success with 75 members and a guest in attendance. Our theme this year centered on being the 60th Annual Conference held in Region 7.

Mrs. Taylor who was director in 1949 gave us a most interesting look back into the early years of F.W.U.A.

Concerns are much the same, improving rural life in educational, health and social services. The earliest big project undertaken was the idea of the housing for senior citizens resulting finally in the building of the Battle River Lodge. Peggy Jackson read minutes from a meeting in 1912 and a later book in 1945 when the planning was underway for the first conference.

Guests were brought from Uniform by Stan Clynsworth who stressed the need for more members. Michel Belanger, Director of Family and Community Services gave an interesting slide presentation on Volunteers and a film on the Big Brother Association.

Our Women of Uniform, Vice President Joan Buit from Blackfalds, covered Laws for Albertans and Contracts in Plain Language in her talk.

An excellent handicraft competition was on display

Alfalfa Bloat

Alfalfa is already the number one forage legume in the world. However, alfalfa has one major drawback - it sometimes causes gas to form in the animal's rumen, resulting in alfalfa bloat.

What's New in Fashion

Spring and summer fashions are now making their appearance. This year red, white and blue will be popular. Watch for other colors intensifying this year.

The nautical look is a theme of many styles, especially sportswear. The folk, country, casual and classic designs will also be seen.

Although these influences can be seen, contemporary fashions still offer an individual chance to choose their own look. We must remember that not all fashions look good on all bodies.

Beyoncé Potts

You can design fashion knickers from a pair of cut-out pants in our hair. Knickers can be created by using a hand application, as

elastic casing or ribbed cuff.

First determine the finished length of knickers. This is generally 8 cm. below mid-knee plus one seam allowance. Allow sufficient ease for the leg when bent.

For hand application use the extra pant fabric to cut two bands, each 10 cm. wide by the circumference of the

leg plus 5 cm. Fold bands in half, right sides together, finished edge, then sew to gathered pant leg. A button and buttonhole is used to fasten them.

Another method is to encase elastic in a casing at the bottom, or an over-easier method is to apply purchased ribbing to the bottom.

If you would like more complete information on this project contact me at 660-2886.

Crandall - Haydon Exchange Vows

On Nov. 21, 1981, Joyce Gwendolyn Haydon and Miles Glen Crandall, exchanged wedding vows by an Anglican Ceremony at Viking United Church, Viking, Alberta.

Rev. J. Bennett officiated at the lovely ceremony. Attendants for Joyce and Miles were Ellen Wallley (sister of the bride), Carla Crandall (sister of the groom) and Lierre Hansen, friend of the bride. Also attending were Don Haydon, brother of the bride, Gary Taylor and Craig Butlerfield, friends of the groom.

Following the ceremony, the couple travelled to Wetaskiwin for pictures and on to Ponoka for a reception, dance and midnight lunch.

The happy couple then spent a relaxing week in Banff before returning to Ponoka to open gifts, and then to settle down to the bonds of marriage and their farm life.

Joyce will continue to work as a social worker, out of Red Deer and Miles will run his cattle operation.

Joyce and Miles wish to extend warmest thanks to family, friends and relatives who contributed to making their special day such a cherished one.

Joyce Haydon and Miles Crandall were united in marriage on November 21, 1981 at the Viking United Church.

Duo Giebelhaus, of Vegreville has been elected Chairman of the Alberta Pork Producers Marketing Board. For the past five years, Mr. Giebelhaus has been

Board Vice Chairman. He also served as Vice Chairman of the provincial Board constituted in 1980 when the Alberta Pork Producers Board was formed.

Elected Vice Chairman was Dave Folsom of Dugby. Mr. Folsom was first elected to the Board in 1977 as District 80 Director.

District annual meetings were held in District 80. Mr. Folsom was elected in District 80 to succeed retiring Board Chairman Bruce Price, also of Acme. Mr. Price had served six years on the Board, the last five as Chairman.

Other new Directors elected were Ray Barrett of Ponoka in District 4 and John Preston of Colmar in District 6. They succeeded Phil Mueller of Lacrosse in

District 4 and Steve Lortson of Warburg in District 6, both of whom resigned this spring.

Mr. Barrett joins Mr. Giebelhaus, Mr. Folsom, and the Board General Manager Ed Schultz on the APPPB Executive Committee.

The Board's electoral procedure sees Directors and Delegates elected by producers for two year terms. These elected representatives may serve a maximum of six consecutive years.

This spring elections were held in the Board's Districts two, four, six and eight.

Increased by \$41.80 dollars per second in United States, to over 180 billion dollars, while the net farm income has actually decreased from \$9.5 to \$2.9 billion dollars between 1975 and 1981. And there are not many ways to tackle the financial problems farmers face. Recession has decreased both national and international demand for grain and animal products.

The major increase in the American dollar exchange rate in the last year and the sharply lower price of gold, has meant that even the sharp decrease in value of U.S. fed grain has not made U.S. exports cheaper for importing countries.

Interest rate levels have made it prohibitive for U.S. farmers to buy inputs these days but input buying cannot be postponed as fertilizers and seed must be purchased in order to produce the goods that are used to feed the country and part of the world. Americans consume only 90 per cent of what they produce. The balance is sold outside the country, and since this business is not doing too well compared to recent years there are few recipients in the "rest of the System Cook Book". The current recession must come to an end and the producers must cut back on production to match profit yielding fundamentals.

Very few Non-Americans would care about these considerations if the U.S. was isolated in one corner. But it is not. Price discovery of non-regulated products in Canada, such as grains and meat products, is based on American markets and those who care about their financial returns are watching the market in the same way as the hockey players watches his team lose on television.

Now that the planting season is beginning everywhere, farmers have to cut back on acreage to break the 16 month down trend in prices.

However this assumption has emerged many times during the last 6 months but there are not the fundamental factors to justify a market comeback, especially if the recession continues. It has been forecast that corn ending stocks will amount to 28 per cent of feed usage and this factor alone may well contribute to put a lid on any major up-trend reaction.

Stocks are more than adequate and even a normal corn drop will keep stocks at surplus levels.

Recent strengthening of the dollar is not due to greater demand but to the lack of producer selling at current prices. During planting season, farmers historically sell only minimal amounts and realize may

be not withstanding the fact they must balance their accounting books as well. In some cases producers must sell part of their fixed assets in order to pay for their inputs and this will likely encourage participation in the U.S. acreage set-aside programs. To what extent is the question that remains to be answered. A 40 per cent minimum compliance to the acreage set-aside program is required to turn new crop futures higher. As of Friday, March 30, corn and sorghum producers has rolled 28.7 per cent of the crop land base in the program compared to 36.7 per cent for wheat.

Following record snowfall in many areas of the United States this winter, melting snow could potentially result in flooding and delayed planting but the same layer of snow has prevented the top soil from freezing in many areas allowing for rapid soil drainage. Therefore any attempt to rally the market on delayed planting work is viewed with skepticism. Prospects for a wet planting season this spring could eventually lead to a greater soybean acreage as the soybean planting season extends beyond that of corn but again the inclination is likely to be minimal.

A major crop disaster in any of the major grain exporting countries appears to be the only bullish hope available to grain producers hoping to recuperate on the price's losses. The U.S.S.R. has already had 3 consecutive bad crops in a row and chances of a fourth one happening are pretty dim so far.

In North America these days, one bad year sends the farmer to the bankers for expensive credit. A second one in a row could well put him out of business. In the mind of many, participation in the U.S. set-aside acreage program and growing conditions are the major factors that may bring a brighter picture in the coming months ahead.

Vialta Lodge News

Mr. and Mrs. Slinger are holidaying at Okla. Albert for a week or two with their daughter and her family. Mrs. Crove is spending a few days in Holden with her granddaughter Terry Louk and family.

Mr. Baker is out for a few

days with friends at Okla. Albert. Mrs. Rodwell returned home from hospital on Wednesday, and Mr. Allen also returned home Saturday after spending a week at the University hospital in Edmonton.

Mrs. Lowmuth spent a few days in Edmonton last week. Mr. Forsman returned from Irma where he spent

several days. Calling to see Mrs. D'Arcy were Ethel Contervier and Addie and Al Chudrington of Edmonton. Kenneth and Ethel Louk of Toftland were in to see Mrs. and Mr. MacInch.

Soda Thomsen of Canmore visited mom and dad Lovemach.

Calling to see Mr. Mason were Hazel Lawson and

Kate Grub. Linda Louk of Bruce and Terry and Jason Louk of Holden visited Grandma Crove.

Holden News

Plans for the Bruce Stampede on August 1st have already started. One of the best and most successful stampedes requires a lot of planning. Three months away one of the Stampede Queen contestants has started to sell tickets in the Holden area. The draw for cash raffie will be made on July 31st at midnight at the dance. Queen contestants are young girls who are very interested in the functions of the Bruce stampede. This year's Queen Contestants Shelly Ziminsk - Viking, Rhonda Baker - Canmore, Fawn Lockhart - Bruce (at- tending Holden School) and Sherryann Jobst of Sherwood Park.

Jean Lemko spent last week visiting her parents and relatives in Halifax, Saskatchewan and her sister in Saskatoon.

JOHN DEERE YOUR HEADQUARTERS FOR QUALITY

MUSCULAR 155-HP 4640

You get lots more than strength from this big-job workhorse

Big-power jobs demand something equally important — big-job strength. And strength is the 4640's strong point.

Evidence is everywhere ... a 466-cu.-in. engine, long wheelbase, plenty of built-in weight, multi-pinion differential, big final drives, big drive axles. Even the drawbar is bigger and heavier than on the model it replaces. Big-capacity cooling systems are used for engine coolant and transmission/hydraulic oil.

Stop by the store for more details on the big-job strength of a 4640.

Irma News And Views

The ladies of St. Mary's A.C.W. Irma deemed, owing to the generosity of the spouses and knitters for the knitwear, we should make a draw from all the names. Mrs. Velma Rogart of Edmonton was the winner of the Afghan.

Mrs. Alice Bacon returned on Monday, April 19th from a visit with her son Stanley and family at Nipawin, Sask. after a visit with them. Stanley drove her to Birch Hills, Sask., her native district where she visited with relatives and former neighbors before returning home by bus.

Congratulations to Alfred Walker who celebrated his 84th birthday on Wednesday April 21st. He left by bus that morning for Calgary to visit his sisters Betty and Anna and other relatives and friends.

Albert Jackson from Edmonton visited with Lorne and Eddie, Marilyn and Arthur and his dad on Wednesday, April 21st. He returned home on Thursday. His nephew Howard also drove the day after.

Arthur and Marilyn Jackson and Lorraine drove to Sundre on Saturday afternoon planning on returning on Sunday, and bringing back a load of hay with them. The Sundre area had bumper hay crops in 1981.

Get well wishes are extended to Hamish Dambur who went to see his Dr. on Saturday morning in Viking suffering with a heavy cold. The Doctor put him in the hospital for treatment.

Minnie Jackson and Chris-

the Russell left Irma by bus on Wednesday, April 21st on their way to attend the session of the Orange Grand Lodge of B.C. at Vernon, B.C. They were picked up in Edmonton by a friend with a car and takes to his home, where they spent the night leaving early Thursday morning they arrived at Vernon by 4 p.m. They attended the session, then left Vernon at 5:00 a.m. on Sunday and went to the Park Hotel Edmonton to catch the bus for home. Arriving at the Park and after a long wait they discovered that the bus didn't call at the Park on Sunday night. However they drove to the north side and caught the Saskatoon bus. Minnie planned and told me to meet the bus, I agreed, and drove out south and waited at about 1:30 a.m. the bus hurried by, and I thinking the women were on it, followed it to Waterbury and there found that they had got off at the Crossroads.

Wednesday, April 29, 1982

Shell and as a result had to walk home. I got back from Waterbury at 8:30 a.m. A forty mile drive for nothing, a dumb Irishman, eh. Well snow has disappeared at last, fields are bare, and many farmers have been on the land, in fact we spent the night leaving early Thursday morning they arrived at Vernon by 4 p.m. They attended the session, then left Vernon at 5:00 a.m. on Sunday and went to the Park Hotel Edmonton to catch the bus for home. Arriving at the Park and after a long wait they discovered that the bus didn't call at the Park on Sunday night. However they drove to the north side and caught the Saskatoon bus. Minnie planned and told me to meet the bus, I agreed, and drove out south and waited at about 1:30 a.m. the bus hurried by, and I thinking the women were on it, followed it to Waterbury and there found that they had got off at the Crossroads.

Court Case To Resume

Chisness, co-defendants and taxpayers on the County of Beaver remained uncertain as to the status of By-law 641 following a court hearing in Edmonton on Friday, April 29.

The Issues Must Be Separated

Two issues now exist where one issue used to be, and these two issues must be separated from each other. The first issue, the parent issue, was the locating of a hazardous waste treatment facility within the County of Beaver. This issue was fought by a large number of people in the area under the banner of the Bruce-Viking Agricultural Protection Association, and their efforts ultimately resulted in the County Council passing a motion at the end of April opposing the locating of such a plant in the County. The results of the plebiscite of April 14th indicated beyond a doubt that County residents opposed such a plant.

The plebiscite came about due to a motion by County Council at its March 11th meeting. The proceedings at this meeting are now the focus of an action in the Court of Queen's Bench of Alberta, the intent of which is to quash Bylaw 541 which was passed in the April 14th plebiscite. And herein lies the second issue, the one which must be separated from the first.

With the passing of the motion by the County Council opposing the plant, the hazardous waste issue is effectively dead in terms of municipal politics in the County. This is not to say that the plant won't be located in the County.

The powers of the Provincial government allow them to put the plant wherever they wish, regardless of the motion by the County Council. As well, Bylaw 541 is meaningless if the Provincial government decides to locate the plant here. All that was needed to determine the location of the plant was the County Council's decision. Jack Cookson that the County doesn't want the plant was a motion to that effect, just like the motion of last Sunday. It is unfortunate that this motion couldn't have been made earlier by the County, and unfortunate that Bylaw 541 was passed.

It is unfortunate that Bylaw 541 was passed because it may pose more problems than it solves. Some people suggest that the County should only use the intent of the bylaw, but according to two different laws, the intent must match the content. If the bylaw is void, already, indications are that there may be problems with the wording of the bylaw. And it is unfortunate because the County will not be building a hazardous waste treatment plant the Provincial government will.

And they can put it wherever they wish, thus causing no problems for the Provincial government, but many possible problems for the County.

The issues must now be separated because the courts are presently looking at the validity of Bylaw 541 in relation to the actions at the County office in Yellowknife on March 11th. This is a result of a letter from the County suggesting that there was intimidation and coercion at the meeting and a contrary affidavit by Don Ronaghan saying that there wasn't. These two contrary statements caused Justice MacDonald to order further inquiry into the matter so that he would better understand what happened on that date. At this point Bylaw 541 becomes meaningless. What is at issue here now is whether or not there was coercion or intimidation, regardless of the Bylaw issue, and whether or not people acted contrary to the laws of Alberta. On two occasions at the hearing last Friday, the Queen's Bench Justice suggested that the possibility of criminal charges being laid existed if the evidence supported the allegations. The issue now is the actions at the County office on March 11th. The Courts will now decide whether or not people acted properly at that meeting. Some people in the area believe that the meeting was orderly, while others believe that it wasn't. But now the courts will decide.

The vast, vast majority of people in our area are law-abiding citizens. Most of these have respect for the Court of Queen's Bench of Alberta. However, at all cases, there are two opinions on what happened at the County on March 11th. What we must do now is wait until the court hears the evidence which will be presented this Thursday, then let it determine the conclusion as to intimidation or coercion, or even potential law-breaking, as suggested by the Justice. And we must also be prepared to listen to what the Justice decides. He will be viewing the evidence as a neutral party and be basing his judgment on the facts as presented. In a free society we can ask no more than that. And finally, we must be prepared to live with his decision, not make excuses for it. The issue is now the meeting, for the other one is effectively dead.

Destination Study Announced

At a recent meeting of the Battle River Tourism Association (BRTA), members were advised that Travel Alberta has announced a Destination Study which will begin immediately. It is known as the Battle River Tourism Destination Area Study, corresponding to Alberta Tourist Zone 5.

The purpose of such a study is to provide an inventory and assessment of the tourist resources in East Central Alberta (Zone 5), along with potential tourism development opportunities being identified.

The Department of Alberta Tourism and Small Business has had such studies completed by consultants in Southeast Alberta, Grand Centre/Bonnyville, Southwest Alberta, Grand Cache and the most recently completed study was the West Central Destination Area.

Battle River Tourism Association learned in December, 1980 that no indication has been given that a study would be carried out in East Central Alberta. In light of this fact, BRTA contacted the Honourable A. Adair, Minister of Alberta Tourism and Small Business expressing

their deep concern that the area had been completely left out. Adair advised BRTA that based on interest and support for the Destination Study which will begin immediately, it would be possible that the program could be extended to other regions in the province in 1982 and at that time a part, or all of Zone 5 could be the subject of a destination area study if the program was extended.

Upon receiving Adair's reply, BRTA immediately swung into action to be certain all ground work would be in place when considerations were made in 1982 for extending the program. BRTA Municipal Members and organizations strongly supported BRTA's efforts, and in many cases the supporting parties expressed their strong desire for a study directly to the minister's office.

President Land expressed appreciation to all members who supported having the study and said it certainly points out that by working and lobbying strongly together, results can be forthcoming.

Holden Graduation Held

Chamber Invites New Members

The Viking District Chamber of Commerce with its extended an invitation to all business and individuals in the Viking district to become a member of the Chamber.

The dues are affordable at \$10.00 for a business and \$5.00 for an individual plus \$1.00 for each immediate family member. They are payable to Pat Amundson at Viking Insurance and Travel, Yellowknife.

Holden High School held their Graduation Exercises and Awards presentations on Saturday, May 1, 1982. Members of the graduating class are: (back row, left to right) Ken Ludwig, Glenda Thacker, Deane Helbert, Jacqueline Lums and Evan Keith, (middle row, left to right) Kim Maloway, Norren Christensen, Shelly Komaruk, Marjory Macdonald, Lorraine Giesels, (front row, left to right) Denise Hrabec, Shelly Blyth, Betty Mackay, Anita Lepino and Debbie Milimaka.

The 1982 graduating class of the Holden School held their exercises and awards presentations on Saturday, May 1, at the Beaver Regional Arts Centre.

Arthur Micklich, a grade nine teacher was master of ceremonies for the occasion. Following a few words from Mr. Micklich Laura MacGregor a grade eleven student presented a piano selection as the graduates made their entrance.

Divana McKinnon sang the national anthem and Rev. Lawson Brown delivered the invocation.

Principal Oleh Shykora spoke to the graduates, followed by a message from class valedictorian Norren Christensen.

Entertainment as provided by the Everett Norris family was very appropriate and enjoyed by all. Mr. Randy Neen, a familiar figure throughout County schools was guest speaker for the Holden Graduation.

In conjunction with the usual grad exercises, the presentation of achievement awards was held. Following is a list of the recipients and winners in the numerous categories.

Matriculation Awards: Alberta Teachers' Association Local, Holden High School Students' Union - Recipient: Norren Christensen.

as a tribute to this year's graduates.

Superintendent of Schools for the County, Fred Rasmussen, addressed the gathering.

Second Highest - Order of the Royal Purple, Holden High School Students' Union Recipient - Lorraine Giesels, presented by Mary Semelich.

General Student Awards: Holden & District C. of C., Holden High School Students' Union, National Farmers' Union, Holden Royal Canadian Legion, Recipient - Betty Mackay, presented by Art Gibson.

Second - Rev. Ar. Soc. Recipient - Evan Keith, presented by Gerald Dewar.

The Award for the student who contributed the most to school spirit was presented to Lorraine Giesels by Nick Shihlin, Mayor of Holden and Past Exalted Ruler of Holden P.O.E.

The Outstanding Citizenship Award was presented to Laura MacGregor by Robert Stenward while the Award was presented by Divana McKinnon to Christine Micklich.

Councillor Gordon Holmes presented the 1982 graduation class with a Memory Etching. Accepting the gift on behalf of her class was Marjory Macdonald. The County of Beaver gift will remain in the Holden School.

Spring work is underway, and despite what seemed more than enough snow during the winter and early spring season, the dry ground conditions now evident, has a number of farmers apprehensive about the 1982 crop out look.

Benefits Limited By Potential

The current lack of markets for Alberta's oil and gas will severely limit the economic benefits which can be derived from the provincial government's recently announced "Alberta Oil and Gas Activity Program", says Darrell Cook, C.G.A. of Calgary.

Cook, President of the Certified General Accountants' Association of Alberta, states that the program will

provide some much needed improvement to cash flows for the industry.

The petroleum industry debt load has increased by more than 100 per cent in the past two years, points out Cook, to a staggering \$8.9 billion. With today's high interest rates, increases in federal taxes and declining markets, the industry has to use any cash it receives for debt servicing if it is to survive the present economic malaise.

The \$250 million being made available in service grants will undoubtedly create or preserve jobs in the service industry. However, Cook stresses, use of these programs will be limited to those companies which are assured of markets for their oil and gas.

The Canadian market for oil and gas is saturated, he adds, and the industry's economic recovery will be delayed until additional markets, either domestic or foreign, are developed.

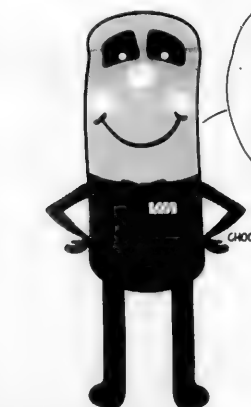

While applauding the provincial government's effort, Cook stresses "The Alberta Oil and Gas Activity Program" alone will not provide the stimulus needed to revitalize Alberta's petroleum industry.

Events of the past few months have created a pessimistic industry, he says, which needs to be convinced that governments are sincere in their stated objectives of encouraging growth and economic well-being.

Visiting A Rich Friend
The following is an essay taken from an article written by Nadine Vactor, Family Living Specialist with Alberta Agriculture. She was recently diagnosed and treated for cancer. These are some of her ideas on helping a friend deal with such a crisis.

"What is helpful? The initial diagnosis was a surprise. The word 'cancer' produces terror. It was natural for me, my family and close friends to be agitated, even to grieve. Why together was the only way but a distinct comfort. Would you want your closest friend to smile nervously and try to divert you while you were trying to deal with a shock like this? I am not totally out of place, however. One neighbor, obviously concerned, told me research shows that stubborn, cantankerous people respond best to treatment as I was laughing."

"I know that most of us wonder what we can possibly say to a person who has to face a serious diagnosis. Remember, this is the person whom you know personally, frightened, frightened, and perhaps, but basically the same person. If that person is open and plain about not before, he or she will not have been changed. If he/she

Language Tests For High School Students

480 senior high students will test their knowledge in a second language at the Alberta Cultural and Language Awards festival on May 1.

The one-day festival in Edmonton's Strathcona Community High School aims to improve language skills in second languages outside the schoolroom. It is sponsored by the Alberta Cultural and Language Foundation, the Modern Language Council of the Alberta Teachers' Association and Alberta Education.

For further information contact: Art Robinson 468-3800 (bus.) 438-5742 (res.) or Christiana Durand 427-9458 (bus.) or 464-7549 (res.). The Viking Centre is at the Viking High School and is Doug Lamarche. He may be contacted by phoning 336-3835.

Canadian Farmers In Africa

Canadian farmers are part of projects to help several East African nations become self-sufficient in certain fields.

In Malawi, the Canadian federal government is sponsoring a five-year, \$7-million dairy cattle project to help that country become self-sufficient in liquid milk. Canadian farmers, most from New Brunswick, are training Malawians to establish and run dairy farms.

Under a \$87-million, five-year project, Agriculture Canada and Canadian farmers are training Tanzanians to operate five 1,000 hectare wheat farms.

Sometimes a young sheep is known as a hog.

IGG recommends and sells HOE-GRASS

Clean up on wild oats, green foxtail, Persian dandelion and barnyard grass in wheat, rapeseed, barley (except King and Betzes), flax, mustard and many other crops. Use Hoe-Grass, the most effective grass weed killer. Tank mix with Tarco to kill the grassy weeds plus 13 broadleaf weeds, too.

PLAN TO ATTEND WEEDSAY AT YOUR UGG ELEVATOR WEDNESDAY, MAY 26

John Crouse Laid To Rest

John Henry Crouse passed away in Calgary following a lengthy illness. John was born July 20, 1906 in Milledale, Iowa, the second child of Alfred and Laura Crouse. He came to Alberta as a young child and the family lived for a time in the Bruce area. They then moved to a farm northeast of Kamalia and he received his education in schools in that area. John bought land and farmed in the Echo-Redline area. In 1952 he married Alice Winkler and four children were born to them. In 1945 John decided to leave Alberta and the cattle and grain farm and try his hand at fruit farming. They purchased in the Cayton

B.C. area and both worked hard, and it was here that the children received their education. Upon retirement John and Alice moved into Creston but he still helped out on the orchard during the busy season. Alice passed away suddenly in August 1978 and John then sold the house and moved to Calgary where two of his sons were living. He shortly developed Parkinson's disease and sold his home there and moved into a Nursing Home. He then developed cancer and passed away on April 14th. Funeral services were held April 17 in the Beavista Missionary Church, Calgary, which is pastored by his son David. Service was conducted by

Rev. Norman Reimer. "Amazing Grace" was sung by soloist Lynda Rose; hymns were "What A Friend We Have In Jesus" and "Guide Me, O Thou Great Jehovah." Organist was Marjorie Moffat. Pallbearers were James Frue, George Rungel, Cammer Garvin, Virgil Tweed, Dan Leister, and Roy Young. Interment was in Forest Lawn Cemetery, Creston, B.C.

John is survived by three sons and one daughter: Melvin and Bea and their five children of Grande Prairie; Philip and Dixie and their three children of Calgary; Laura and Marvin Kaiser and three children of Peachland, B.C.; David and Karen and two children of Calgary;

and three great grandchildren. Aisy by three sisters and one brother: Mildred Rasmussen, Rosie Cameron, Aaron Crouse and Mary Dicka. He was predeceased by his parents and two brothers and one sister.

NORTHWESTERN UTILITIES LIMITED
Utility Services to a Tradition

Services Held For Robert Rohrer

Robert E. Lee (Dick) Rohrer was born in Missouri in 1908 and died in Wainwright Auxiliary Hospital, April 7, 1982.

After coming to Alberta with his parents in 1907, Dick completed his schooling at Stettler. He served in the Canadian Army, and World War I. In 1919 he came to the Irma area, farming and ranching until 1944, when he moved with his family into the village.

In 1954, Dick Rohrer was united in marriage to Lida Wright. They shared more than 28 years of marriage, she predeceasing him in March 1977.

Mr. Rohrer is survived by two children: Joe Rohrer and his wife Diane of Sherwood Park, and Dickie and her husband Elmer Helm of Irma. There are nine grandchildren: Jay, Joel and Rebecca Rohrer, Marjorie Helm, Jim Ventrail, David Helm, Valerie Helm, Connie Neil (McInnes), Leana (Mrs. Jerry Olson) and Carol Helm, and one great-grandson, Jason Olson. One sister Mrs. Ed Neff of Calgary also survives, and numerous nieces and nephews and other relatives.

Memorial services in Irma United Church were conducted by Rev. Anne Gowna.

Co-operative Agricultural Research

Agricultural research managers from the United States, the United Kingdom, France and Canada

met recently in Ottawa to discuss common problems and priorities.

Annual meetings on research collaboration between the U.S. and Canada have been held since 1968. In 1978, the U.K. joined the meeting and France in 1980.

Specific programs discussed included cattle proba, animal welfare, biological control of pests, weeds and rangeland research. The potential benefit of co-operation in developing data for the reduction of agricultural chemicals was also discussed.

SEE YOUR PIONEER MANAGER NOW FOR Trellan; AND YOU'LL SEE A CLEANER CROP!

Trellan is a proven pre-emergent herbicide that
eliminates weeds before they compete with your
crops, mulch, sod, lawns and flower beds.
Also, the Atrazine 50/50 Trellan tank mix controls
wild oats and wild millet underground in wheat
and barley.

Your Pioneer elevator manager has a good
supply of Trellan now in stock and you can
field the Trellan treatment. Your Pioneer manager
can give you all the information you need to get
the best results with Trellan.

You and The Pioneer, in business together.

THE PIONEER

Irma Village Council Meets

The Council of the Village of Irma met in regular meeting on Tuesday, April 5, 1982 with four councillors and Town Administrator D. D. Cowey and Community Services Director, M. Bolage present. Mayor Coffin was in the chair and called the meeting to order at the hour of 7:00 p.m.

A motion was moved and passed that the minutes from the March 2, 1982 regular meeting be adopted as circulated and that the receipts as presented be accepted and that the accounts for the month of March be approved and paid.

Mr. Bolage submitted his report and outlined proposed programs for the Irma area in the summer months. One of the projects is roller skating in the arena. It was moved and carried that this report be accepted.

Correspondence was received from the County of Flagstaff further outlining matters regarding garbage pick up and disposal. No definite decision has been made at this time, but the matter will receive further consideration at the next council meeting.

In reply to Council's inquiry relative to a Provincial inquiry regarding the department, the department advised that there are no plans for a building here at the present time. This cor-

respondence was received and filed on a motion. In response to Council's proposal for a By-law enforcement Officer, jointly between the urban centre and the Municipal District, the M.D. Council advised that it is not interested at this time. This correspondence was also received and filed on a motion.

A number of development permits were presented for consideration. It was moved and carried that the development permits as issued by Permit Officer Mills be approved.

Moved that the administrator be authorized to arrange for the taking of a census for provincial grant and requisition purposes in the current year. This motion was carried.

Correspondence was received from Mr. Ernie Jacobson advising that he has now been transferred to Vermilion and that he submits his resignation from the Village Council. A motion was moved and carried that the Council accept Mr. Jacobson's resignation.

The 1982 Irma Village Council as prepared by the local fire area committee was presented for consideration. It was moved and carried that the budget as presented be approved and an amendment to this motion was also made.

Bruce News

On Saturday, May 1 Lydia Miller and Dean Rabbits were married at Immanuel Lutheran Church at 1 p.m. A reception and dance was held in the Bruce Community Centre at 4 p.m. Lydia and Dean, who is the eldest son of John and Irving Rabbits, has lived in the community all his life. Lydia and Dean

will be making their home on a farm northeast of Bruce.

The Frederick was one of three winners of the Edmonton Journal's Main Street contest. The picture, which was taken Christmas Eve by Mark Fredericks, was shown in the April 25 issue of the paper. Unfortunately in the early edition of the

paper the pictures had the names swapped and Bruce became Whitby. The other winner was Borden Street in Melbourne, Australia.

Friday evening, April 30, a small group of garbage collectors went to work on some of the streets. Four truck loads of garbage were

hauled away and there's no flow about making Main Street and the others worthy of that prize-winning picture. There's no snow around now to cover up the junk.

Everyone is invited to a moonbushon shower for Bonnie Hensch on Sunday afternoon, May 9 at 3 p.m. at the Recreation Centre. Ladies are asked to bring lunch. Bonnie is the bride-elect of Bonnie Hensch and the wedding will take place on May 29.

Don't forget the Senior Citizens Bingo which will be held on Sunday evening, May 9 at 8 p.m. in the Community Centre. The day has been changed from Wednesday to Sunday in the hope that it will improve the turnout.

Kim Maloway and Glenda Thackeray are members of the 1982 graduating class of Holden High School. They were honored at a banquet in Holden on Saturday, May 1 and participated in the exercises which were held at the Beaver Regional Area Centre.

Tim Curtis is attending his fourth session at N.H.I. in the plumber's apprenticeship with Mills and Paul Maloway last week-end were Mills's mother and father, Mr. and Mrs. Fernie Sager, sister Cheryl Sager and brother and sister-in-law Vernice and Don Sager of Edmonton. They were down to help Kim celebrate his graduation.

Betty Lou Laing is home for the summer after completing her first year of University at Concordia Lutheran College in Edmonton.

From The Ground Up

District Agriculturists
Jerome Manchow and Roddy Warawa

Agriculture Canada's annual survey which shows farmers' intentions to plant as of March 15 of the current year.

The acreage intended for oats is 2 million acres, unchanged from last year, and the barley acreage is expected to be 6.45 million acres, also unchanged from last year. The mixed grain acreage at 175,000 acres is down 12 per cent from last year. The combined fall and spring rice intended acreage of 525,000 acres is up 8 per cent compared with last year, while the intended acreage for rapeseed at 1.6 million acres is up by 3 per cent. The expected fax acreage at 100,000 acres is unchanged from 1981.

The province's summer-fallow acreage is expected to decrease by 3 per cent to 5 million acres.

Fred Boyes of Alberta Agriculture's statistics branch points out that factors such as the availability of seed, weather conditions and changes in the market outlook between the time the survey was taken and seedling time could contribute to changes in acreage presently indicated.

The above article was taken from the April 28, Agri-News.

Profile: Constable David Neigum

David Neigum

The April 8th appointment of David Frederick Neigum to the Viking Detachment of the R.C.M.P. again brings the force to its allotted maximum of four members.

David was born in Regina, Saskatchewan on October 10th of 1962. His date of birth is shared with a twin sister and his childhood

years were spent among an active family of six sisters and two brothers. David's father holds a supervisory position, following a lengthy career with the Co-Op Bakery in Regina. His mother, an influence when choosing his career, once wonders if his early years in a busy household didn't set some fine examples of "law and order" making his choice of career a very natural one.

David graduated on April 19th and commenced duties in Viking on April 24th. Although David suggests that an older brother-in-law who has been with the force for eight years, was quite an influence when choosing his career, one wonders if his early years in a busy household didn't set some fine examples of "law and order" making his choice of career a very natural one.

Echo Rodino News

Get well wishes go out to Mrs. Mildred Rodino who is a patient in the University Hospital. We hope you are soon well and home again.

City visitors this week Mike and Esther Mackowksy, Everett, Mildred and Lottie Greenwood, Wes and Christine Bauer and Donna Heller.

The weekly family hall games at Rodino got underway this week with a fair turnout and everyone enjoying a good time.

Visiting with the Williams family on the weekend were Princess and Kathy Hunter of Edmonton.

Mr. and Mrs. Gordon Martin of Calgary and Don Jackson of Medicine Hat.

Visiting at the Tom Greenwood home on the weekend were Mr. and Mrs. Barry Stewart and family from Manville and Robert Hoffner from Lloydminster.

Sewage - Irrigation Source

Most people turn their noses up at sewage, but farmers might want to take a closer look.

A great project of the City of Swift Current, Agriculture Canada and several Saskatchewan farmers is studying the effects of municipal wastewater irrigation.

The study has shown that irrigating alfalfa and barley fields with sewage effluent increased crop production without harm to the environment.

Wednesday, May 5, 1982

Rainbolt Black of Battle River Lodge, Wainwright and his grandson Alvin Black from May River N.W. 7, called on Minnie and Jim Jackson on Tuesday afternoon.

Mary and Bert Armitage on their way to Wainwright on Tuesday forenoon. Accompanied by Mary's sister Anna and husband Bill came from Matlock.

Start off for a visit with Minnie and Jim. Bert and Mary called for their latter in the afternoon. Bill came who is now 96 and is in great form for his age, served in the Canadian Army through both World Wars. He won distinction as wipman on a German ship during World War I, for which he was awarded the D.C. M., he also won a M.M.

George Foreman from Viking Lodge in Viking spent some time last week in Irma getting some work done at his home, and visiting many of his friends in this area.

Dave Foreman from Edinburg called on his brother George at Viking Lodge in Viking taking him to Wainwright where he had some business, then back to Irma where they both called in at the Drop in and played a few games with the Seniors there on Wednesday, April 28th.

Only three tables of Cribbage turned out at the Drop-in centre on Friday evening, April 30. The results were as follows. News high was John Lam-

bert with 702. Ludwig was the low man with a score of 618. Orri Darling took the 710 while Edith Goodrich was the second place finisher with a score of 621. Goodrich and socializing were enjoyed following the cards.

Mary and Bert Armitage and a neighbor Minnie Cook from Sundre visited over the weekend with Isabel's parents. They also visited with her brothers Arthur and Walter, and daughter Joyce Bartholow. They were home on Sunday afternoon.

Foreman has moved back to his home in Irma from Viking Lodge in Edinburg where he had spent the winter months.

On Saturday evening at about 5 p.m. the fire alarm sounded and as usual within a very few minutes the volunteer fire fighters and a fire engine were on the scene south to the Eglar Niscom farm where a fire had started in a house, and consumed two small buildings and was threatening another. The fire was soon called on by brother George at Viking Lodge in Viking taking him to Wainwright where he had some business, then back to Irma where they both called in at the Drop in and played a few games with the Seniors there on Wednesday, April 28th.

Only three tables of Cribbage turned out at the Drop-in centre on Friday evening, April 30. The results were as follows. News high was John Lam-

Irma News And Views

most of both's cattle are out on pasture. Later in the afternoon when the fire engines had been serviced they were again called on to fight a fire in town at Wayne Larson's. This was quickly brought under control also.

Velma Dubechuk and son Jason from Red Deer visited with her mother Helen and Alex Smallwood over the weekend.

Bob Jackson from Ponoka visited with his parents Loren and Edith over the weekend.

On Friday last week a

large mobile home was moved onto the hotel parking lot by a moving outfit from Pense, Sask. On making inquiries we were told that the owner was Roland Jones, who is known to many people in the Irma area.

Get well wishes are extended to Harley Burns in the University Hospital in Edmonton. Also to Danny Riveaux, Hannah Dunbar and Mrs. Margaret (Meg) in Viking Hospital.

The Irma Seniors are practicing in the Drop-In Centre these days getting

ready for the Senior Citizens games, coming up in July at Pense, Sask. On making inquiries we were told that the owner was Roland Jones, who is known to many people in the Irma area.

Get well wishes are extended to Harley Burns in the University Hospital in Edmonton. Also to Danny Riveaux, Hannah Dunbar and Mrs. Margaret (Meg) in Viking Hospital.

NOTICE OF SUBDIVISION APPROVAL AS PER SECTION 83 AND 108 OF THE PLANNING ACT

File: B2 D 119
Municipality: Town of Viking
Legal Description: Block A P1 812 2908
Proposal: Multi Commercial
Applicant: Alberta Housing Corporation
9405 - 50 St.
Edmonton, Alberta

If you are an owner of land adjacent to the above, you may appeal the decision of approval or any condition of approval for this property. The appeal cannot deal with the proposed use of land as legally adopted by the municipality in its land use by-law.

For this purpose, adjacent land means land which touches the parcel being subdivided, or which would be in contact with this parcel if it were not separated from it by a public road, river or stream.

A proper notice of appeal must be filed with both the Alberta Planning Board and the applicant within fourteen (14) days of the date of this publication. Such notice shall contain:

1. the legal description and municipal location of lands being subdivided,
2. the name and address of applicant,
3. the name and address of the appellant,
4. the reasons for appeal, and
5. the name and date of this publication.

FOR FURTHER INFORMATION ON APPROVAL CONTACT THE CURRENT PLANNING SECTION, ALBERTA MUNICIPAL AFFAIRS AT PHONE NO. 427-2190

Visiting George Masanel this past week were Pat, Erica and Lyndee Masanel of Innisfree and Valerie MacDonald.

Mel and Myrna Mackey and Sina Lindquist called on Mrs. Elness and Mrs. Darcy.

Mary Suddaby, Mark, Elise, and Edwin of Lavo visited with Mrs. Suddaby. Visiting Mrs. Pearl Rod

well were Annie and Ruth Hubbard and Mary, Robert and Darcy McCauley of Manville.

Marion and Olaf Svensen visited Mrs. Svensen.

Calling on Mrs. Elness were Julia Johnson and Ruth Llanes.

Lola Erickson and Mary Schmitt were in to see Bill Darcy.

Mr. and Mrs. KenLeod of

Prince George, B.C. visited with Mrs. Henderson.

Get well wishes go to Mr. and Mrs. Mainland, Thorleif Erickson, Mr. McIntosh,

Mrs. E. Hoskins who are patients in the Hospital.

Mrs. Rager and Mrs. Horn are spending a few days visiting relatives in Calgary.

We welcome Mr. J. Laetius to the Lodge. We hope

he enjoys his stay with us. The ladies of the Altona Church came May 7th for Mothers Day Program and served Lunch. Everyone says thank you.

Bingo will be Wednesday, the 19th. Card Party Tuesday, 23th. Quilting Tuesday, 27th and the Strawberry Tea is June 5th from 2 - 4 p.m. Raffle tickets are on sale.

ing old batteries the Club would appreciate getting them. They plan to sell these in the very near future.

The next district meeting will be held in Wainwright on June 7th at 7:30.

Irma Cub Report

On May 4, seven members of the Irma Cub Group Committee met in the Cub Hall for their regular monthly meeting.

Treasurer Marlene Larson reported that the Cub made 185.17 on their bottle drive April 21. A sincere vote of thanks to all those who supported this cub project.

Marlene and Lottie gave a report on the cost of recovering the table tops. A lengthy discussion followed and it was decided to check into the types of edging that might do a sufficient job of repairing the existing tops.

Letters have been sent home to the parents regarding meeting day at Camp Harkness. It will be on Saturday, June 12. Parents are reminded to please Lottie Copehead before May 17 if their children are able to go.

Parent volunteers are needed to drive and help supervise. The year end camp out is planned for the first weekend in June. Parents should

plan to attend the Group Committee meeting on May 18 at 1:30 in the Cub Hall if their children are taking in the camp.

Larry Froland was kind enough to check the fire extinguishers in the Hall. Thank you Larry.

Leader Margaret reported that the Cub had a number of old batteries to take to Edmonton. Anyone having old batteries the Club would appreciate getting them. They plan to sell these in the very near future.

The next district meeting will be held in Wainwright on June 7th at 7:30.

us the use of his facilities. Also "Thanks" to our leaders and parents who helped us plan this clinic. We enjoyed it and hope we can do it again in the near future.

Tourist Association Active

The Town of Stettler and the Stettler Chamber of Commerce hosted the Battle River Tourist Association's (BRTA) April 10, 1982 meeting. The meeting was presided over by a delicious Chinese dinner at the Stettler Club Cafe. Stettler Mayor Bob Stewart welcomed the Association members to his town and Mr. Ed Reinhardt, President of the Battle River Tourist Association, expressed appreciation for the dedicated work of many BRTA volunteers.

Members were advised that BRTA had secured a Tourist Information Mobile Trailer through TIAALTA for use in Consort this summer. It was also reported that all communities operating Tourist Information Centres within Zone 5 had confirmed their intention of opening this summer. As such, Tourist Information Centres will be in operation in the communities of Shaw, Camrose, Camrose, Consort, Ladou, Sedgewick, Sherwood Park, Stettler, Viking and Wetaskiwin. The Fort Saskatchewan Chamber of Commerce have indicated they also plan to offer a visitor's service from their office, and BRTA moved to support their initiatives. Travel Alberta will be operating Zone 5 centres at Provost, Wainwright and the Wetaskiwin Rest Centre.

In connection with the BRTA Tourist Information Centre Program it was de-

scribed to have all the "OPEN" signs completely replaced. These signs are used outside at all BRTA centres.

Members were delighted to learn that a project which BRTA has strongly lobbied for since 1980 has become a reality. That is, a new Tourist Destination Study, corresponding to Alberta Tourist guidelines expressed appreciation for the dedicated work of many BRTA volunteers.

The new 1982 Alberta Auto Tour Guide was distributed to all members in attendance. BRTA Manager S. Clemens drew attention to the new incorporated tour, The Great Eastern Alberta Tour which will take travellers directly through the entire width of Battle River Country via Highway 400 and 41. BRTA is instrumental in proposing and having this particular tour encompassed in the Auto Tour, a publication widely distributed and well used.

In other business, members approved a \$4,000 Summer Radio Promotional Advertising Budget. This year the budget will be spent with three radio stations, CFOW, Camrose; CHOA, Stettler; and CJOI, Wetaskiwin. The three local radio stations will be carrying the BRTA promotional program from June 10 to August 22, 1982. Also in connection with the promotion of local events, it was decided to again produce a monthly event calendar through the BRTA office. It was noted by several members that this publication was widely distributed and well used in 1981. Any BRTA member community holding events which would be of public interest is invited to advise BRTA in writing of the event, date and location. The Association address is Box 1015, Camrose, Alberta T4W 1X4. Local events will also be incorporated in the radio promotional programs and this is of course, a free service to all BRTA members.

During the meeting it was reported that the Association

had participated in the Great Falls Trade Show. This was BRTA's first visit to this particular show and it was tagged as a very worthwhile endeavor. To date in 1982, BRTA has also participated in shows in Edmonton, Calgary, and Regina, distributing over 40,000 copies of Zone 5 promotional literature.

President Land advised that the German National Airline Lufthansa has indicated an interest to fly into an international airport in Alberta beginning in 1983. Due to the fact the Edmonton International Airport is located in Zone 5, members fully endorsed Land's recommendation to support the City of Edmonton in their bid to have Lufthansa fly into the Edmonton International Airport.

The next meeting of the Association will be held in Tofield on May 20, 1982.

M.L.A. Report - Tom Lyons

The spring sitting of the Legislature concluded on Tuesday, May 4th. This session of the House saw the introduction of three major bills of the Alberta Economic Development Plan, 1981-82, which were passed in previous sessions, but would like to mention more about the expansion of the Farm Fuel Distribution Allowance, announced by the Premier on April 21.

Agricultural input costs have become a major concern of Alberta farmers as energy prices increase. Since 1974 Alberta farmers have enjoyed the benefits of the Farm Fuel Distribution Allowance. In 1981 it provided a 12 cents per gallon allowance for all fuel used by Alberta farmers in their farming operations. This year that amount was increased to 22 cents per gallon, resulting in an annual saving to each farmer of approximately \$1350 per year for farm use.

Alberta energy costs are the lowest in Canada - every

other province has a gasoline tax; Alberta has none. In fact, the Alberta Government has received no revenue at all from gasoline sold to farmers for their farming operations. For example, from a gallon of regular gasoline sold in Edmonton in March, 1982, for \$1.54, the federal government share amounted to 66.2 cents, or 43 per cent, through various taxes and levies. The total industry share was 66.1 cents or 43 per cent. The remaining 29.5 cents, or 19 per cent went to the Alberta Government. While the Provincial Government is receiving just under 30 cents per gallon revenue from gasoline sold, the Farm Fuel Distribution Allowance gives back 22 cents per gallon to farmers.

A number of issues have been raised during the past session which have caused a lot of confusion and concern. I would like to clarify these issues, and make my position clear.

First of all, there is the issue of property rights. Canada's constitution, the British North America Act, clearly indicates that property rights are under the jurisdiction of the Province of Alberta. The Charter of Rights and the Amending Formula are additions to the Constitution. Section 28 of the Charter of Rights specifically provides for the continuation of all existing rights and therefore this section protects the right of the individual to the enjoyment of property as guaranteed in the Alberta Bill of Rights. The first of legislation ever passed by the present Government of Alberta.

Another issue raised has been the proposed changes to the Private Members Bill introduced by Warren Almond in Ottawa, which would allow a Private Member Bill and therefore not federal government property. It is unlikely that it will even come before the federal

house, and the chances of it becoming law are, at best, very remote. Any bill that has caused a great deal of concern arose from an Emergency Plan. The Order of the Federal Government. This item is strictly a federal document which has no effect on the rights of the province. It would require federal legislation to come into effect.

Marvin Moore, Minister responsible for Disaster Relief, became aware of the order last year. At that time, he presented through the Federal Minister, both verbally and in written form. Since that time, several meetings on the matter have taken place between federal government officials and Alberta Disaster Services.

Present information indicates that legislation to implement the proposals has been shelved. As a government we continue to keep abreast of the situation to ensure it does not proceed.

There are some of the issues I have mentioned clarification. If you have any questions regarding these or other matters please feel free to contact me.

I would like to take this opportunity to congratulate the Provincial Winners of the Rural Safety Expo Competition for the Alberta Safety Council, who wrote on the subject of "Public Safety". We are very fortunate to have two students who have placed first, Lynette Leford, Grade 5, Viking School and Dwayne Davis, Grade 6, Lacombe School.

As the session is now over, my newsletters will not appear in this space until the resumption of the fall sitting of the House. I look forward to returning to the constituency for the summer and will continue to respond to issues that are brought to my attention. I hope that you all enjoy a safe and happy summer.

You can contact me at 427-1833 collect, or phone Linda Nelson at my Vermilion Constituency Office. The Vermilion number is 653-0022 and Linda is in the office from 10:00 a.m. to 2:00 p.m. Monday to Friday.

Holden News

The first phase of renovations and cleaning of the concession booth at the recreation grounds behind the Councilor Anna and Holden Ree Board. The Board spent a morning cleaning the concession booth and recreation grounds and made several plans for changes. Brian Vander Torre, Board Chairman and a carpenter will do the renovating. In the next phase, Shawn McKibbin, Board Vice chairman and president of the Holden youth group organized volunteer youths to clean up and paint the concession booth. Work began early Saturday, May 8 with the following youth present: Corinne Kellar, Kevin Sharpe, Kelly, Stacy and Shawn McKibbin, Christine Michien, Pam Michien, Judy Grinde and Councilor Anna Shavroch. Everyone worked very hard from 9:30 a.m. to 1:30 p.m. Several hours of work still remains to be done with the final painting and cleaning. Please phone Anna Shavroch and a time will be set. The Recreation Board is very anxious to complete the work in the concession booth by the end of May.

Members of various clubs are working at setting a new ball diamond at the sports grounds. Later new bleachers will be added.

Mr. Larry Riland a long time resident of Holden passed away on May 7 at the age of 88 years. Mr. Riland passed away at Eldorado Nursing Home in Viking. He is survived by 3 stepsons, Dave Good of Edmonton, Ernie Good of Holden, Jack Good of Lacombe, 2 daughters, Carrie Brund and Bernice Shaw, several grandchildren, great grandchildren and nieces and nephews. Funeral services were held May 10 in Holden United Church with Reverend Dan Newell officiating. Interment was at the Holden Cemetery.

Hoe-Grass Is the two-in-one herbicide.

Hoe-Grass, the double duty herbicide, controls both wild oats and wild millet, and your Pioneer Elevator Manager has a good stock on hand now. He can help you use Hoe-Grass to increase your yields.

Hoe-Grass, by Hoechst, works only to control the problem before the crop is affected. Hoe-Grass also controls Persian Dandel and Barnyard Grass in growing crops.

Use Hoe-Grass in wheat, flax, rapeseed, mustard, barley (except Japanese and Bakers), lentils and buckwheat.

Rely on Hoe-Grass and your Pioneer Elevator Manager's know-how in your weed control program.

Hoe-Grass is a registered trade mark of Hoechst AG. Read label instructions before using.

Irma News And Views

On May 1, 1982 many relatives and friends gathered in Edmonton for the wedding of Linda Malas and Albert Copeland. The happy couple flew to California for their honeymoon and on their return will reside in Edmonton.

Get well wishes are extended to Ellen Lewis who is a patient in the Viking Hospital.

Mr. and Mrs. Jim Craig spent Sunday in Edmonton, helping their daughter Jean celebrate her birthday. They are also happy to announce the birth of a 6 lb. grand-daughter on May 6. Her proud parents are Donna and Michael Crozier.

Doris Brown, daughter Colleen and son, David from Edmonton and Sherry, Gordon, Janice and Scott Darling of Winterburn attended the graduation of their niece and cousin, Diane Smith, who had been in the hospital and visited with their mother and grandmother, Orville Darling, Clara and Gordon Darling and girls of Viking also attended the graduation exercises.

Bruce and Pam Jackson

and Stan and Shelly Easton from Spruce Grove visited their relatives in Irma at the weekend. Stan and Shelly had their 3rd month old baby boy Christian on May 1st. It was the first time that his great grand parents, Minnie and Stan had seen him, he weighs 17 1/2 lbs. and has golden hair and brown eyes. All agreed that he was just about perfect.

Dean Pond brought his mother home from Edmonton when he came down for the weekend. We have been glad to see him, he weighs 17 1/2 lbs. and has golden hair and brown eyes. All agreed that he was just about perfect.

Mr. and Mrs. Jim Craig spent Sunday in Edmonton, helping their daughter Jean celebrate her birthday. They are also happy to announce the birth of a 6 lb. grand-daughter on May 6. Her proud parents are Donna and Michael Crozier.

Shower Honors Rev. Anne Gowan

A large crowd of approximately 100 friends gathered at the Irma United Baptist on Wednesday evening of April 21st to bestow their good wishes on Reverend Anne who was married to Ray Balm on took place on May 8 at Harmony United Church, Calgary, Alberta. Anne, accompanied by friends, Fay Nissen and "Annie Song", Ruth Archibald was seated at the head table and presented with a corsage.

Minutes of ceremonies, Ruth Archibald warmly welcomed the ladies in attendance and fondly spoke of many positive qualities of the bride. As expressive meaningful music is a favorite of Anne's, the ladies of the Choir Group sang "Annie Song". Ruth Archibald was seated at the head table and presented with a corsage.

Minutes of ceremonies, Ruth Archibald warmly welcomed the ladies in attendance and fondly spoke of many positive qualities of the bride. As expressive meaningful music is a favorite of Anne's, the ladies of the Choir Group sang "Annie Song". Ruth Archibald was seated at the head table and presented with a corsage.

returned home after spending a winter vacation at her daughter's home at Chilliwack, B.C. During the month of March, Grace accompanied Irene and Walter to Hawaii for three weeks.

Last Friday evening Lorne Jackson was treated to a belated 50th birthday supper at "The Steak House" in Wainwright. Present were Eddie, Grace Archibald, Joness and Lorne McLeod, Keith and Violet Finken, Colleen Moffatt, Irene Laurin, Sonny and Margaret Archibald, and Gary and Ruth Archibald. They later returned home for birthday cake and a visit.

Get well wishes are extended to Ellen Lewis who is presently undergoing treatment in Viking hospital.

Mr. Allison Bacon (Allie) had dinner on Mothers Day with Frank and Irene Crabb.

Mr. Elaine Coulman from Carmore was in Irma over the weekend. She stayed with her sister Edith Cook at the manor and attended the graduation exercises at the school on Friday evening. She also had a brief visit with her son Lorne Coulman from Winnipeg, who was here to take the pictures of the graduands.

Bob and Bonnie Thumher from Lacombe were in Irma over the weekend and they attended the graduation exercises at the school on Friday evening. They waited with Bob's mother on Mothers Day.

Mr. and Mrs. Tom Newton and Colleen of Saskatoon attended the graduation of the grade twelves on Friday evening, and visited with Mary and John Newton and family over the weekend.

Mr. and Mrs. Dave Lakusta and son of Spruce Grove visited with relation and friends in and around Irma over the weekend.

Weather keeps getting gradually milder, the time goes on, it wouldn't be much of an exaggeration to say that field work is general, rock picking, cultivating and also some seeding has been done.

Lauch bringing a enjoyable evening to a close.

funeral was at Hanna on Thursday, April 29th. Corrie was amongst the earliest settlers in the Irma district and well known in the community. She was 82 years old and was respected. Quite a number from Irma attended the funeral.

We have heard much praise of the service in the Irma United Church on Sunday, May 9th. It was conducted by the youth group of the United Church and assisted by Mrs. Elaine McLeod.

The Revere said that he and Bob Cross had met with their lawyers on Wednesday, the last day for giving second and third reading to By-law 841. He said that the lawyers had advised them to wait until the 30 day period in which the Attorney General's Department would appeal the decision of Justice McDonald was over.

The Revere then informed the Council that he wished to continue the discussion "in camera", and advised The Weekly Review reporter that a news release would be made available later.

The Council then spent over an hour discussing the hazardous waste issue and By-law 841. Following their deliberations, the meeting was opened to the public and Revere Kandelman called for a motion to concur with his action in reaching the decision. The Council that also felt that all of the Council members should have been involved in the decision making.

The Council of the Planning Act calling for public meetings in regard to planning by-law amendments and we have not received an exemption pursuant to Section 141 of the Planning Act.

We have reviewed further the implications of Section 125 (1) (1) of the Municipal Government Act which states that in order to amend a by-law by petition the petition must be received not more than 90 days of the passing of the original by-law. The by-law has decided that they will file their own application to the Minister of the Environment under Section 125-1-1 of the Municipal Government Act.

We have also considered the implications of Section 10, 1982 by Mr. Justice McDonald, a decision handed down in respect to an application by the Attorney General to the Court to annul a by-law.

The Council has considered the provisions of Sec. 138 (4) of the Municipal Government Act, a section providing that a petition to annul a by-law must be received not more than 90 days of the passing of the original by-law. The by-law has decided that they will file their own application to the Minister of the Environment under Section 125-1-1 of the Municipal Government Act.

We have also considered the implications of Section 10, 1982 by Mr. Justice McDonald, a decision handed down in respect to an application by the Attorney General to the Court to annul a by-law.

Rec. Facility Proposal Presented

Viking Recreation Board representatives Dick Channey and Bryan Nordstrom attended the regular May meeting of the Council.

The purpose of the delegation was to ask the Council to consider a cost sharing proposal in connection with the possible construction of a major recreation facility in the Town of Viking.

The proposal was a joint venture between the Recreation Board and the Town of Viking. The proposal was a joint venture between the Recreation Board and the Town of Viking.

How much we appreciate the world we live in depends upon how we perceive it. A poet wrote

Two prisoners gazed out from behind their bars.

One saw mud.

The other saw stars.

Some people, imprisoned by a hearing loss, lose their appreciation of the beauty and wonder that surrounds them. But by helping them to hear, we can often help them to see things in a different light.

We are Hearing Aid Audiologists are helping people to enjoy the sounds around them.

12 NOON BURGER QUEEN
ALL CHAMBER MEMBERS ARE ASKED TO ATTEND

Bruce Busy Bees Achievement Night

The Bruce Busy Bees 4-H Club achievement night was held on Tuesday, May 11 at the Community Centre. The members had spent the day preparing food for the tables which were all very attractively arranged around the room.

The program began with the singing of "O Canada" which was followed by a 4-H pledge led by Betty McKinlay. Cathy Pratt then spoke on her trip to Minnesota last summer and outlined the route on the map.

A summary of County 4-H activities was given by Carol Zemlak which was followed by a demonstration on table setting by Tracy Dewar. Wanda Savers summarized the year's events which included a variety of fun-filled and educational activities.

Kathy Goshelhaus then gave a report on bread making which explained the function of each ingredient used. Gloria Savers introduced the girls, Charlotte Bock, who commented lovingly on the girls' displays and also recognized the parents for making it possible for the girls to be 4-H members.

She then presented each girl with a spoon.

Bruce Agricultural Society trophies were presented to the winners of each group preparing food for the tables which were all very attractively arranged around the room.

The program began with the singing of "O Canada" which was followed by a 4-H pledge led by Betty McKinlay. Cathy Pratt then spoke on her trip to Minnesota last summer and outlined the route on the map.

Holden News

Mrs. Ethel Fleming is on holidays in various points in British Columbia and the United States.

June 2 in 4-H male for Ryley and Holden Clubs at the Holden Centre.

Various school classes were out picking papers in Holden Village streets and along last week. This is an annual function making the village a little cleaner.

All three ball teams are getting ready for games for the summer season in Holden. The three teams are the Holden Eagles, the

Holden Braves and the Holden Blue Jays in the baseball club. The Kegonsa and Ravens have several games played against various out of town teams.

After the Fire Department had a busy week with two grass fires in the area. The fire was early in the week and the other was on Sunday.

Mr. and Mrs. John Hrabec were visiting relatives and the Holden Senior Citizens Lodge on Sunday.

All three ball teams are getting ready for games for the summer season in Holden. The three teams are the Holden Eagles, the

The ladies of the Bruce W.I. met at the home of Mrs. Gladys Kadala for their May meeting.

After "The Queen" the crowd was read in union. The ladies all attended the Wainwright Constituency Conference and were very pleased with the event.

The motto of the day was "Beware of using sharp words, you may have to eat them!"

It was decided that some extra work will be done at the Cemetery in June.

Although it was snowing outside, we thought of summer and made some plans for the parade. Some ladies people decided that they did not have time for a boat so decided to donate trophies instead, a nice gesture.

Many people enjoy the parade and if you have any ideas, Bud Hammerman is the person to get in touch with. As Henry Dene used to say, "We don't have quality, but we do have quantity," how our quantity is down about two thirds.

Achievement Days 4-H members are happy and excited the big day has finally arrived!

Achievement Days are a chance for 4-H members to display to family, friends, and the general public the 4-H projects they have worked on during the fall

and winter months. Every- body is invited to view the project work. A 4-H member has put considerable time and effort into completing a project. Skills have been learned and applied. The finished project is a material display of a member's ability and determination.

The town of Canmore, 100 kilometres west of Calgary is making plans for a three-day weekend Homecoming celebration of the community's 100th Centennial celebrations from June until the end of September.

Chairman Ron Larson of the Canmore Homecoming Committee has urged all former residents of Canmore to make every effort to attend the

Homecoming, planned for July 1, 8, 9 and 10, 1982.

We're planning a number of events, including a heritage, community dance, pancake breakfast, sports activities and even fireworks

from the peaks of the Three Sisters.

People planning to attend can write to the Homecoming Committee at Box 1080, Canmore, Alta. T0L 0M0 for further information.

The article is compared to a standard and awarded a grade of A or B or C. Thus, in one case there can be more than one red card awarded. This system awards the quality of work done by members, not how the best article. Clubs have the best article. Clubs have the best article.

People planning to attend can write to the Homecoming Committee at Box 1080, Canmore, Alta. T0L 0M0 for further information.

Green Foxtail - The Next Great Grain Robber

As many as 90 per cent of Manitoba's and Saskatchewan's cultivated fields are infested by green foxtail in concentrations of up to 100 plants per square foot.

According to Sturko, since the weed won't germinate until the soil is quite warm, early seeding is the best cultural method of controlling green foxtail. The early seeded crop gets a chance to get ahead of the weed and become a successful competitor.

Another control is the use of chemicals. Sturko says grassy weed herbicides used in the past have done a good job of controlling wild oats, but have left room for the green foxtail, one reason it is spreading now. It is time to use more effective herbicides on this new weed problem and to apply them early.

To Sturko, weedy means catching the foxtail in the sun to three feet stage or earlier. And for that, he sees benefits in the post-emergent method of application.

"With post-emergent herbicides," says Sturko, "the farmer has time to see what kind of problem he has. The density of foxtail infestation, and when it might emerge in

relation to his crop. That gives him the advantage of assessing his situation before spending money on herbicides."

Sturko makes it that the farmer must walk his fields and take a close look at what is happening there. "Once he can see the weeds from the truck cab," he says, "it is too late to control them."

The most important point

LOW CARBOHYDRATE DIETS

The low carbohydrate approach to weight reduction is neither new nor innovative. About a century ago an English surgeon, William Harvey devised a diet for obesity that specifically limited sweet and starchy foods while permitting liberal amounts of meat.

Most of the low carbohydrate diets focus on diet composition, placing special emphasis on carbohydrate restriction while ignoring the caloric content of the diet.

Unfortunately the fact remains that if you eat as

much as you want, even if it's low in carbohydrates, it's not going to help you lose weight. You will lose some fat, but no more fat than any other diet of equal caloric value.

This diet can be dangerous because of the possibility of bringing on kidney disease or worsening an existing condition. Excess ketones are produced while on this diet and the body must get rid of them, via the kidney.

There are different hazards for those without kidney disease. The diet can bring on attacks of gout. It can lower blood sugar to such an extent that a person could go into hypoglycemia. It is particularly dangerous for the unborn fetus.

It may not be glamorous, but the best way to lose weight is still by following Canada's Food Guide and eating up more calories than you are taking in.

There are different hazards for those without kidney disease. The diet can bring on attacks of gout. It can lower blood sugar to such an extent that a person could go into hypoglycemia. It is particularly dangerous for the unborn fetus.

It may not be glamorous, but the best way to lose weight is still by following Canada's Food Guide and eating up more calories than you are taking in.

have similar achievement days.

Each club achievement days usually involve a show and/or a dinner. Clubs with the best club projects may have to be picked as the best club. Members also compete for honors in homecoming and grooming. Check your local paper for achievement days in your area.

You'll probably be hearing the name, Keith Jones fairly often this summer. Keith will be my regional assistant for the next five months. He was raised on a cattle ranch near Calgary and was a beef club member for 5 years. He graduated from the University of Alberta this spring with a Bachelor of Science in Agriculture. Keith is interested in beef cattle and is presently President of the Alberta Junior Cerebral Club. He will be working on promotion and summer camps as well as attending achievement days throughout the region.

If you're planning on attending college or university when finished high school, you may be interested in the Alberta 4-H Further Education Award. A variety of scholarships are available to 4-H members. For more information and application forms, contact my office.

Irma Village Council Meets

The Council of the Village of Irma met in regular session on Tuesday May 4, 1982 with five councillors and Mayor C. J. Copeland presiding. Also present were the Administrator, Mr. and Mrs. J. P. Gaultier, and the P.C.S. director.

In a report of the Acting Officer, it was noted that Mr. Copeland's was the only nomination received for the vacancy on Council and therefore he has been elected by acclamation.

Mr. Copeland then signed a Declaration for Oath of Office and took his seat on Council.

All minutes of previous meetings and accounts for the month were approved as circulated.

Mr. Belange then presented his report on Family and Community Services activities and gave a brief outline on the proposed rural skating program which is scheduled for the summer months. This report was accepted on a motion.

A motion was made and carried that correspondence relating to the Provincial Fire Chief's Association be referred to Fire Chief, Clair Prior.

There were three building permits approved on a motion. They were to Mr. T.R. Copeland, Lots 20/21, Block 5, Plan 1060 W a new dwelling, Gargi Groat Co. Ltd., the demolition of an Annex, and Lakeland Industrial Insulation Ltd. for the upgrading of electrical systems and office facilities.

Correspondence was received from the Marketing Department of N.U.L.I. relating to the Franchise Agreement and regulations as outlined in the Marketing and Government Act. After

Mr. and Mrs. Ken Rose called on Roy Harris.

Visiting Mrs. Tsch were Bill and Pauline Umrysh and Nick and Ann Tkacz.

In to see Mrs. Pederson was Jean Duke on Sunday.

Nursing Home News

Wilkinson At Stag

Tom Wilkinson

Long a star of the Edmonton Eskimos, just-retired quarterback Tom Wilkinson

has been named a headliner at east-central Alberta's first sports celebrity dinner.

The 10-year veteran of the Eskimos came off a leg injury in 1980 to alternate with Warren Moon as field general of the Grey Cup champions.

But through his decade with the team he engineered the Eskimos eight Grey Cup titles — and five victories. As early as 1974, the Wyoming University graduate was named the Schenley winner as most outstanding player in the Canadian Football League, and as recently as 1980 he set a league record with 56 touchdowns and 505 points during the regular season.

campaign. "Wilkie" will be one of a number of big-name sports celebrities on tap for the stag dinner on June 4 at the Irma Curling Club. The evening with the stars is sponsored jointly by the club and the Wainwright Golf Club with proceeds of the limited-edition affair going to improvements at both community sports facilities.

Emcee Wes Montgomery, himself a legend in Alberta sporting circles, will also introduce top names in hockey, rodeo, baseball, golf, curling and other fields. But Montgomery isn't the only sports celebrity representing the news media

at the event. Wilkinson himself has broadcast background, apart from countless post-game interviews, as he's now involved in advertising sales for an Edmonton radio station.

Many of his fans don't realize "Wilkie" excelled in baseball as well as football in his high school and college days, as well as taking part in the full range of varsity athletics.

He played for the Toronto Rules of the old Continental Football League after graduating from college, and later for the Toronto Argonauts and the B.C. Lions before moving on to fame with Edmonton.

This weeks police report covers the period of time from May 1 up to and including this past weekend. During this time 14 24 hour suspensions were issued, as well as 5 charges of dangerous driving, 2 charges of driving with a blood alcohol level over .08, 2

charges of refusing to provide a breath sample upon request and 1 charge of dangerous driving. During this time 14 24 hour suspensions were issued, as well as 5 charges of dangerous driving, 2 charges of driving with a blood alcohol level over .08, 2

R.C.M.B. investigated a grass fire in the rural area. No injuries were sustained in the fire.

A complaint of willful damage to an old community church near Viking was received. A considerable amount of damage was sustained and the matter is still under police investigation.

Also still under investigation is a complaint of someone shooting road signs near Brose, and a complaint of a prowler near Viking.

A complaint of theft of technical equipment near Viking was received as well as a complaint of a hit and run at the guard rail 2 km. west of Viking. Both incidents are still under investigation.

Viking R.C.M.B. are currently investigating a fire which caused considerable damage to some farm buildings in the Viking area. Five non-injury motor vehicle accidents were investigated, one each on high-

way's 30, 14 (involving a deer), 20 and 885, as well as one within the town of Viking.

An accident on highway 887, 1 km. south of highway 14 resulted in injuries to an occupant of the vehicle. The vehicle involved in the accident hit a power pole.

Banff Elementary Students Spend Week At Bruce

Twenty-five students from the Banff Elementary School, twelve parent supervisors and teacher Peter Grobler spent last week in Bruce. Peter Grobler is no stranger to this area; originally from South Africa, Peter taught for 15 years in the Bruce School commencing in September, 1968. Except for one grade 5 student and one grade six student, the group was a regular grade four class. One of the students was blind but managed with the help of his classmates to enjoy the trip as much as the rest of the group.

United Carpet

The Bruce-Viking area played host to 25 elementary students from the Banff Elementary School last week. One of the highlights of their visit included a horse and buggy ride, courtesy of Wayne Lukas, Eric Davis and Grace Albrecht, to Dean Jeffrey's log cabin. The students were accompanied on the trip by their teacher and twelve parent supervisors.

Photo by Dean Jeffrey

Wednesday's activities included a visit to Erwin Curran's sheep farm and a tour of Colin and Evelyn Lang's dairy farm near Viking. During the evening Arch Michalski showed them his pioneer museum in the old Bruce hall.

The bus left early Thursday morning to take the group to the Viking and Bruce area. The group was met by a compressor station and will

located north of Viking where Len Josephson, Bert Large and Harvey McIntosh showed them around. They enjoyed a picnic lunch at noon and in the afternoon visited East Bruce Manufacturing where Wayne Lukas built buggies and cavers. Wayne Lukas, Eric Davis and Grace Albrecht took the group by horse and buggy to the site of the old Erickson homestead established in 1888 where Dean Jeffrey has built a log cabin. They then proceeded to the Morris Erickson farm where they not only learned about a beef operation but actually saw the slaughtering of cattle.

Friday morning the students learned of the joys and problems of raising chickens when they visited Len and Sharon Giesbrecht. They also enjoyed sampling the chicken in the evening when the Bruce Youth B'n'r Club cooked a chicken supper for the group of students and supervisors. Later in the morning the students were taken to the Hanks Field farm to see some of the machinery used in grain farming and to watch a feeding demonstration. Friday afternoon they toured the Alberta Wheat Pool elevator to Bruce with Jim Warren as tour guide, and also visited the Iron Creek Historical Colony where they received a warm reception.

The group left early Saturday morning for Drumheller and from there returned to Banff. The children spent all their free moments visit-

ing Louis Holden where they could enjoy the horses, bulls, llamas, black sheep, goats and the rabbit. They were an enthusiastic, lively, and polite group. Chris Grobler thought Bruce was an excellent place. Andrew Sheppard liked the colt just two days old he met, while Kelly said she had never been content just to stay at Louis Holden's farm. Sara Montabetti and Sonja Michalski agreed that it would be fun to stay longer and liked the dairy farm best. Peter's daughter, Sabrina

Grobler was part of the group in fact she celebrated her birthday while she was here. This was Peter Grobler's second trip to Bruce and he plans to come again next year but hopes to have an extra day or two next time.

1982 Summer Farm Employment Program
This program will be offered this summer from July 2 to August 31.

Any full-time Alberta farmer is eligible to employ 1 youth who is at least fifteen years old and not a member of the immediate family. All youth must be employed for a continuous period of at least one month.

Wages will be negotiated between farmer and employee but must be at least \$600 per month. The Alberta Government will pay one-half of the salary up to a maximum of \$300 per month, and the employer's contributions for C.P.F. and U.I.C.

Applications can be obtained at D.A. offices or local Canada Farm Labour Pool offices.

The Morris Erickson farm east of Bruce was a busy place last Thursday afternoon as a group of students and their supervisors from the Banff Elementary School dropped in to get a first hand look at a beef operation. Part of their visit was spent watching Hanks calves calve. Photo by Dean Jeffrey

Speech And Hearing Month

The month of May has been designated "Speech and Hearing Month" to increase public awareness and speech or hearing problems, consult your physician or local Health Unit as soon as possible.

In promotion of "May is Speech and Hearing Month" the Speech Pathology Department of the Vegreville Health Unit will be holding a hearing testing clinic on Wednesday, May 19, 1982 from 9:30 - 12:00 noon and 1:30 - 4:30 p.m. Adults and children are invited to drop by the Lamont or Vegreville Health Unit Offices to have their hearing assessed. No appointments are required.

LLOYDMINSTER BULL SALE

Gaynor Gethroff of Viking enjoyed a successful trip to the recent Lloydminster Bull Sale on his yearling Shorthorn bull, Bayview M.B. Image 24N, was named Reserve Grand Champion at the sale.

Outstanding Young Farmers Program

The 1982 Outstanding Young Farmers Program was launched recently by the Canada Jaycees and the Calgary Exhibition and Stampede. The major official sponsors for this program are the Bank of Montreal and Commerce Ltd. This program is intended to bring greater recognition and appreciation for the achievement of Canada's young farmers and promote better understanding between urban and rural communities.

Farmers across Canada between the ages of 18 to 40 who derive at least two thirds of their income from farming are eligible and may be nominated by an individual or group. Nomination forms may be obtained from the Canada Jaycees, the Calgary Exhibition and Stampede, Agri-Service branches, the Bank of Montreal and Commerce Ltd. participating local Elephant Brand Dealers. The three national winners will be chosen during the Stampede's annual fall agricultural show, Round Up '81, to be held in Calgary October 27 to 31. The national winners are selected from among the winners of the regional competitions held in each of the Jaycees regions across Canada.

The judging is based on progress in agricultural career (80 points); soil and water and energy conservation (25 points); production history (25 points); financial record-keeping (10 points); oral interviews during Round Up finals (10 points). Regional winners and their spouses will be present as guests of the program, in Calgary, for the finals during Round Up '81. At this time, the national winners will receive the W.R. Motherwell Award. The three national winners and their spouses also receive an expense-paid stay in Calgary during the 1982 Stampede and represent the Outstanding Young Farmers Program at the Corresponding program sponsored by the United States Jaycees.

The three Outstanding Young Farmers selected last year were: Peter Pope of Bellefleur Creek, New Brunswick; Mike Maynard of Chatham, Ontario; and Dwight Woody of Cornwall, Alberta. All were presented the W.R. Motherwell Award. They attended the U.S. finals in Kentucky from February 18-21, and will be guests at the Stampede for three days in July.

University Games Tour To Perform In Viking

The World University Games tour will be coming to Viking, Monday, May 24, at 11:00 a.m. with our performance starting shortly thereafter on Main Street. We hope to see you there, your participation would be appreciated.

Edmonton's 1986 World

Farmers Market To Re-Open

The Viking Farmer's Market is opening for the summer season on Thursday, May 27th, at 8 p.m. in the Viking Community Hall on a weekly basis. We will be featuring budding plants, honey, baking, whole wheat flour and eggs. There will be free coffee and granola for the adults and ice-cream for the children.

The children are also welcome to pick up their free tomato plant for the "Tomato Contest". There will be free calendars for everyone. Stall holders are reminded to have all their displays covered. See you Thursdays at 8:30 p.m.

Wednesday, May 19, 1982 Volume 5 No. 16

Building Commitment

Withheld

Action on financial support for the proposed curling rink/hawking alley was called for at the regular meeting of the Viking Town Council on May 18th.

Councillor George Ritchie informed Council that a steel building available in Wainwright for about \$100,000 would not be available much longer and that a decision was perhaps appropriate at the time. The building measures 80 ft. x 218 ft. and is large enough to accommodate the two facilities.

Mr. Ritchie said that John Hunter had been in contact with the owner of the building and that he would ship the building to Viking for a \$25,000 down payment. He said that the Council should indicate its position on the purchase of the building.

Councillor Bird said that she felt that the current need was to get a facility and that money should be committed on a yearly basis from taxation. She said that she felt the Council wouldn't get involved in the decision.

Following some general discussion, Councillor Ritchie moved that the Town allocate \$100,000 towards a major recreational facility within the Town of Viking in 1982. The motion was defeated by a count of 4 to 3.

Councillor Evans then moved that the Council in

favor of entering into a cost sharing agreement with the County for a recreation complex in Viking provided it meets three conditions. These are that there be equal cost sharing with the County of Beaver, that the project and subsequent other projects already in progress, and that the ratepayers are in favor of such a project. This motion passed.

In other Council business, concern over a tent caterpillar infestation was discussed. It was decided that the Town would look into undertaking a spraying project to attempt to rid the Town of these pests. The possibility of doing some custom work for local residents for a nominal fee was approved.

The Council also gave first reading to a bylaw which would remove the land for the new Senior Drop-In Centre from R4 to Institutional. A public hearing on the rezoning will be held on June 9th at 6:45 p.m. in the Council chambers.

A short discussion was also held on the tenders which have been called to develop 87 lots in the urban subdivision. Some question arose as to whether or not the Senior Drop-In Centre was to be developed. The exact price of the development. The estimated cost of the project is \$1.2 million.

Well, we've pulled a splash of color through another season and come out with some more than our usual. Viking Art Club's eleven members are quite excited about their accomplishment this year.

Individual styles are developing gradually under the guidance of Paul Bird, popular landscape artist and instructor from the Department of Art at the University of Alberta. The club's show on June 5 at the Legion Hall from 10 to 6 p.m. is a must for all art lovers. It is a wonderful opportunity to see the work of the club's members and to enjoy the results.

The club is proud of the work of its members and wants to congratulate its "stars" of the painting show at the Jordan Central Zone Art Show in Sedgewick this spring. Kar-

an Cottrell had two paintings chosen to go to the Alberta Show in Red Deer. One of those paintings was "Duck Pond" which was declared an Alberta wide winner. Then Corbett Rausser is one of eight being awarded the McFarland Scholarship 1982 for her diligent work in oils.

So you see things are happening and will continue to happen to the Viking Art Club. So come share in the wonders of the club's show on June 5 at the Legion Hall from 10 to 6 p.m. Browse, drink coffee, eat, donate, criticize, purchase - and grow in artistic awareness with the rest of us. Your interest does not go unnoticed. It is encouraged and appreciated. Won't you come join us at the Viking Art Show in Sedgewick this spring. Kar-

Viking seems to be a favorite place for Canadian Armed Forces helicopters to settle down when they are having engine trouble. The helicopter in the distance at right, landed in Viking's park area at the end of main street when control instruments indicated trouble. Major Jim Chapman of the No. 406 Squadron based in Edmonton stated it was nothing serious. Staff Photo

Spirit Backs Project In Irma

Who says community cooperation is a thing of the past?

In Irma it is alive and active, and will be put to work on June 5. That is when a community playground will be built, the culmination of a lot of time and effort by the Irma E.C.B. parents' group.

The 1981 kindergarten parents, concerned with the safety of the present play structure, conceived the idea of a new playground. But it came alive with this year's local advisory council.

A playground committee was set up, and it was through their efforts that playground plans were started.

Permission was given by the Waterbury School Board to use the school property, and letters were sent to service clubs and groups in Irma asking them to "adopt" a certain portion of the playground. The groups are responsible for supplying materials and labor for their particular items.

The response to these letters was overwhelming! The Irma Kiwanis Club

responded by accepting the building of a "tire dome" and a low balancing structure.

The Irma Kiwanis Club is building a "tire dragon", a balance beam and a tire swing.

The Irma Agricultural Society will supply and build a cultural and community stand hill, and the Irma Fish and Game Association accepted the building of a tire pyramid.

In support of the groups involved with construction, the Irma Chamber of Commerce made a contribution of \$200 to the playground.

The Family and Community Services has given \$500 towards its completion, and the Irma Volunteer Firefighters have donated \$100.

The Irma O.R.P. will be holding a fund-raising dinner on June 5 while the Kindergarten mothers will provide refreshments and shelter for the children.

The town of Irma has offered the services of its backhoe and Town Foreman Cecil Savage as operator.

Vice principal Charlie Allen will be construction coordinator.

The artist's conception of

the proposed tire playground, is on display in the lobby of the Irma Post Office, for anyone wishing to view the masterpiece. The talents of Janet Inkster have captured on paper what

parents had in their minds. Come out on June 5 and offer your services to one of the groups. Let's all capture the spirit of an old fashioned barn raising!

Annual Viking Anniversary June 5 from 10 a.m. to 6 p.m. at the Viking Legion Hall. Coffee, Donuts and more.

The Viking-Prague Roman Catholic Community are celebrating the 70th Anniversary of the Viking Parish on Sunday May 30th with a Confirmation Mass at 10:00 a.m. followed by dinner at the Community Hall at 1:00 p.m.

Golden Valley Cemetery Clean-up - Monday, May 31 at 7:00 p.m. Bring the usual tools.

Come and enjoy Alberta Women's Week at Old's College July 19 - 22. Select a session and guest speakers along with a children's program are included in the week of fun, fellowship and learning. Registration cost is \$10.00 for the week. Contact your district home economist with Alberta Agriculture for more information.

Mr. Ohman celebrated her 80th birthday last week. A tea was held in her honor at the home of Mrs. Hilda Gilpin.

Mrs. Edith Hoskins, who has been in the Viking Hospital recently, has her daughter, Heather, from Ottawa visiting her.

A regional Hospital Auxiliary conference was held at Jaky this past week. Attending from Viking were Edna Roddick, Dora Hawerli, Helen Roddick, Red Krippe, Lois Childs and Carmen Alveda.

A welcome to Viking is extended to the new pharmacist at the Crossroads Pharmacy, Wayne Maycher. Wayne was born in the Bruce area, and attended school in Bruce and Camrose. He graduated in pharmacy from the University of Alberta and has worked in various pharmacies in Edmonton and latterly at Baydaks Drugs in Spruce Grove.

His wife Sharon, and their two young sons will be arriving in Viking about June 20, and they will be residing in the triplex.

We hope that Michael Kamphuis has fully recovered from his unfortunate experience with Tannis Ritchie's bicycle.

Many happy returns of the day to Jill Cummings who celebrated her third birthday on May 25.

We would like to welcome Don and Lorraine Kurtz and their daughter Gina, who have recently moved from Irma to their new home in Viking.

The advice of military police providing traffic control. Every effort will be made to keep interference with civilian traffic to a minimum.

There will be approximately 900 vehicles moving during the two nights. Vehicles will travel with lights on and there will be extensive traffic control provided by the military police. The public is requested to exercise caution if in the area while the road work is being conducted and to be held.

Now you can experiment, compare, and select the perfect carpet for your room, right where it will be laid.

There is no extra cost for this "Store-To-Your-Door" service...

and there is no obligation for the privilege of looking at these floor coverings in your home.

Powerline Baseball League 1982 Schedule

The Powerline Baseball League is in full swing for the 1982 season. Playing in the league this year are teams from Viking, Holden, Ryley, Telford, Arnsa, Bardo, Round Hill and Camrose.

League President is Lars Rude of Telford and the Secretary-Treasurer's position is held by Jack Lampitt also of Telford. Viking team representatives are: Vern Haiso, Laurie Brisard and Bruce Kitchell.

The League began play on May 18, and games are scheduled to continue up to July 1.

Following is the league schedule.

SCHEDULE

Thurs. May 17
Holden at Viking
Bardo at Arnsa
Round Hill at Camrose
Telford at Ryley
Thurs. June 1
Viking at Ryley
Arnsa at Round Hill
Telford at Camrose
Bardo at Holden
Thurs. June 3
Viking at Bardo
Arnsa at Telford
Ryley at Camrose
Round Hill at Holden

Lining
Looks like this will be the next big push for the soils. There is no doubt that lining does improve soils if they are acid.

You probably wouldn't consider lining unless your soil pH is below 5.5. Actually a pH less than 6 will start to reduce yields of alfalfa. At 5.5 all cereal crop yields are affected.

A soil test is a must. The object with lining is to bring the pH up to 6.5. From 5.5 to 6.5 could require about 2 - 3 tons per acre depending on soil test. However once done the effects will be noticeable for many years down the road.

One of the fellows hauling lime is John Thiesen of Poncha, phone number 758-5005. I phoned John the other day and got the low down as to prices.

1. It costs \$2.70 per tonne to haul lime from Ederville (this is a good recommended grade of lime). Mileage to Ryley, on all weather road is 481 km. Alberta Agriculture has a freight assistance which brings the cost to \$10.94 per tonne in the Ryley area.
2. Cost of lime is \$58.00 per tonne.
3. We can haul 37 tonnes per load.
4. Cost of self-propelled fertilizer spreader is \$8.00 per acre or \$6.50 per tonne, whichever is less.
5. Summary of Costs of Lining in Ryley Area

Transportation at \$20.70 per tonne

Lime at \$28.00 per tonne
Spreading at \$6.00 per acre.

Farmer gets a freight assistance of \$21.70 per tonne and has to pay \$10.94 per tonne on freight.

FINAL COST IN RYLEY AREA FOR 2 TONNES PER ACRE

Transportation - 2 tonnes at \$10.94 per tonne equal \$21.88
Lime - 2 tonnes equal \$28.00
Spreader rental is \$6.00 for a total of \$55.88 per acre.

THEREFORE - \$32.70 minus \$5.50 equal \$27.20
\$27.20 x 90 per cent equal \$24.48
\$24.48 x 37 = \$904.56
\$10.94

Of course a farmer can get the freight assistance on his own truck if he chooses to haul himself.

It looks like it costs about

866 per acre to lime at 2 tonnes per acre. If this would bring the wheat yield up 5 bushels per acre, it would take about four years to pay back the cost of liming (assuming wheat sells for \$4.25 per bushel). However benefits of liming can last for upwards of 10 - 20 years, so it would pay to lime. This becomes especially important as our pH levels get below 5.5. And with more fertilizer being used, pH levels will drop. It looks like liming will eventually be in our future.

The question is DO we lime NOW or LATER?

THE DAY THE TREE SWALLOWS CAME BACK TO WHITEWOOD MINE

One of a series on Alberta's largest electric utility.

At TransAlta Utilities, we've been doing a lot of things for a long time to make surface mine land more productive and more useful after we've finished with it.

In 1976, we got together with the Stony Plain Fish and Game Association and agreed on a proposal to improve wildlife habitat on a portion of our Whitewood Mine, north of Wabunan Lake, which we had reclaimed and seeded in 1969.

The proposal was for our people, the Fish and Game Association, the Alberta Fish and Wildlife Division and the Department of Agriculture to work co-operatively together to improve a five acre parcel of land, which was formerly muskeg, so that it could function as a wildlife habitat.

In 1976, the work began. Volunteers from TransAlta and the Stony Plain Fish and Game Association obtained seedlings of White Spruce, Jackpine, Manitoba Maple, Silver Willow and several other species.

The ground cover essential for wildlife had begun to grow. By 1978, several groups of trees were being high and had become frequented by moose and whitetail deer. Both ruffed and sharp-tailed grouse were seen in numbers. By 1980, a coyote had decided that the Whitewood Wildlife habitat was comfortable enough to raise her family in.

The results were encouraging. An area that had been used productively to provide Albertans with power was now being used productively for recreation. But perhaps the best encouragement of all was an event that happened in 1981. Two nesting sites on the habitat produced broods of young birds.

The tree swallows had come back to Whitewood Mine.

TransAlta Utilities, Power for Albertans is our prime concern.

TransAlta Utilities

Time For Some Resignations!

Yes, its definitely time for some resignations in the political field. The events over the past year or so with regards to the activities of some of our leading politicians really makes one wonder what is happening to the sense of responsibility with which these people are supposed to approach their positions.

The list of events which, if they happened in Canadian politics some twenty years ago, or if they occurred in other countries, would result in a cabinet ministers resignation is long and growing longer by the day. And yet their apparent inability to handle their positions with any degree of expertise has led to no indication that they are prepared to give up their special offices. Recently in Great Britain, Lord Carrington resigned from Margaret Thatcher's cabinet because he failed to properly forecast the attack of Argentine troops on the Falkland Islands. For such a breach of faith and trust, this man felt compelled to give up his lofty position. And yet, in Canada's federal politics, no such apparent dignity lies with those in the Trudeau cabinet.

Just a sampling of the list. Recently, Robert Kaplan, Solicitor General for Canada, has been guilty of a number of "indiscretions" which due to their frequency, would have caused many ministers to give up their office, or at least made the Prime Minister request their resignation. Another example is Francis Fox, presently minister in the federal cabinet, and yet an individual who was found guilty of falsifying documents at a hospital a few years ago. Do not honesty and trust play a part in the selection of ministers.

And now for the two "biggies", Marc Lalonde and Allan MacEachern. It is a crying shame that these two men still hold their cabinet posts. Firstly, Marc Lalonde is responsible for the now "infamous" National Energy Program which has been blessed upon this country. Now, nobody can blame all of the problems in the energy field on the N.E.P., for the general economic times have a great deal to do with that situation. As well, we must all question the complaints of the major oil companies in Canada for they, as the banks seem to do, complain even when they are making

millions of dollars. However, no one can deny that there are definitely problems in the oil patch. And Mr. Lalonde admitted that this week when he announced a \$2 billion benefit package to oil companies to stimulate that sector of our economy. That the N.E.P. is a bit of a dead is accepted by most people in the country. And that the oil agreement between Ottawa and Alberta is also appearing to be most ineptly drawn up is another mark against Mr. Lalonde. And yet the man remains in office. It is amazing that Mr. Trudeau finds himself so lacking in quality in terms of his liberal M.P.'s that the must stick with Mr. Lalonde continuously seeming to "screw up".

And now let's get to Mr. MacEachern. Ever since his budget was brought down last year, there has been nothing but the roar of the engines as the liberal machine plows backwards trying to undo some, if any, of the apparent damage which they have done. Of course inflation is a major problem of our country, and one that should be the target of any government, for if it isn't controlled the whole bottom of our economic system could fall out from under us some day. However, we must ask the question as to what cost does the nation light inflation. It is frightening to think that even in Alberta and Saskatchewan, the two "boom" provinces of this country, many people are simply unable to find jobs. It is not a situation that people aren't willing to work, as we so often hear when there are unemployed people. It is a situation where there simply are not jobs for those who do want to work. Most people in this society are dependent on other people to supply them with jobs. We can't all be owners, so most of us have to be workers. And thus when the businesses start to close their doors, so do the jobs disappear. And with the increasing number of unemployed people and bankrupt businesses, one has to question the ability of Mr. MacEachern to handle his position.

It is often said that there is no honor among thieves. After watching our federal government for the past months, one has to wonder if there is any honor among cabinet ministers in the Trudeau government.

Alberta Agriculture

You might almost consider it another sign of spring. For the weather with milder days and longer days, shorter nights, and according to some years' experience, may also bring another rural special to Alberta Agriculture. The Department's annual Spring Conference is gathering together of 130 agricultural people from the north, south and west of the province, both good and bad, and of the Department of Agriculture.

Over the years it has developed into a two-day meeting involving most of our middle and all of our senior managers in reviewing proposals for the upcoming budget year. In recent times these proposals have grown quite numerous, and with all of the accompanying words it has become a suitable task to go to some distance from the capital. This year the Conference must acknowledge a major change. It became something of a "brainstorming" session instead of a planning session. It is not that the Department and its staff are not in good luck, but the fact is that the Department is now in a position to see how they can help the province in the future. It is not that the Department is not in good luck, but the fact is that the Department is now in a position to see how they can help the province in the future. It is not that the Department is not in good luck, but the fact is that the Department is now in a position to see how they can help the province in the future.

Beware: Some Poisons Smell Good

Lynette Laford's essay on Rural Safety placed first in the provincial competition at the grade 5 level. The winning essay reads as follows:

BEWARE SOME POISONS SMELL GOOD!
 It was a beautiful fall day. The sun was just turning down. Mr. Ray was in a hurry to get his tractor in good condition by changing oil in the transmission. Mr. Ray had two children, a son and a daughter. Their names were Tim and Julie. Tim and Julie were very curious. They wanted to know what their father was doing. They wanted to know what their father was doing. They wanted to know what their father was doing.

When they arrived at the shop, Mr. Ray started to work on his transmission. Tim and Julie decided to play hide and seek. There were two tractors, a large truck, and a small car. Tim and Julie were very curious. They wanted to know what their father was doing. They wanted to know what their father was doing. They wanted to know what their father was doing.

Jeff was a very curious boy and while he was hiding he decided to look at all the bones under the bench. He opened a small yellow box. It smelled like licorice and looked like a poison bottle. Jeff thought it looked good and started to eat some. Luckily Mr. Ray happened to turn around and see Jeff under the bench with something in his mouth. He grabbed the box Jeff was holding and saw that it was a poison bottle. He tried to take all the seeds out of his mouth. Not knowing how much Jeff swallowed, he stuck his finger down Jeff's throat and tried to make him vomit, but it didn't work.

Mr. Ray grabbed Jeff and yelled at Tim to run to the yard. The thirteen kilowatts of radio waves seemed to take forever when they thought Mr. Ray was traveling 100 Km. All the way there Tim

Small task groups were again set up, each concentrating on a single subject. The subjects were: marketing, technology transfer, staff training and development, and transportation. From what I saw, I think it would have been a valuable experience for all concerned. I did not attend the conference and the other staff received detailed reports from my staff on the other proceedings.

Of the topics discussed, most of them reflected the development of new agricultural technology and its impact on the industry and the Department. Agriculture is heading into an age when the application of technology will continue to grow. It has already changed our style of production. The age of the farmer is past. It is, though we still have family farms that grow a small amount of products, even those operations usually concentrate on a few products. However, with greater automation there are inevitable problems. To remain competitive, we must have a considerable time and effort in retraining familiar workers and in developing new technology that is being constantly fine-tuned in their areas of production.

That is what I mentioned a little earlier, the requirements of specialized products. Today, commodities are often very firm together as neighbours. It almost seems like the old days when we used to say, "I'm a farmer, and I'm a farmer, and I'm a farmer." In this column I'd like to announce that the Agricultural Research Council of Alberta has made its first award under the Farming in the Future program announced last January. There are also other producers and product organizations that the opportunity to participate in the process of "technology transfer" via a team that will develop one or more products, a specialist who will develop one or more products, a specialist who will develop one or more products.

Strychnine is a bitter and poisonous drug obtained from the seeds of the musk vatica tree found in India and Indonesia. The symptoms of strychnine poisoning are twitching, trouble swallowing, and violent convulsions. When the doctors found Jeff, they found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach.

When the doctors found Jeff, they found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach. When the doctors found Jeff, they found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach. They found him with a small amount of strychnine in his stomach.

Letter To The Editor

Dear Editor:
 The districts of Nampa, Harmon Valley and Reno, Alberta are planning a Heritage Day Homecoming on the weekend of July 31, August 1 and 2, 1982, with events planned in all three communities.
 Anyone wishing to attend these celebrations who may have inadvertently been missed on our mailing list, please write us in care of: Box 290, Nampa, Alberta T0B 2S0, or phone 463-222-0481. All former residents are urged to attend.
 Sharon Lewis
 Nampa Heritage Committee

Parish Celebrates 70 Years

Continued From Page 1

Archbishop McNeil paid tribute to the faith of the pioneers who had begun and kept up the parish over the years. Don Maasakowski, M.P., minister of the parish, said that he had been a parishioner since he was a child. He said that he had been a parishioner since he was a child. He said that he had been a parishioner since he was a child.

In the other dinner speech on "Behold how good it is, and how pleasant when brethren dwell as one".

Weekly Police Report

A number of individuals were charged with liquor related violations during the past week. A total of seven 90-hour licenses suspensions were issued and three persons were charged under the Liquor Control Act. One person was charged with impaired driving and failing to provide a breath sample.

YOUR GARDEN

Mulching, or using a protective covering on your soil, helps it retain moisture. A good idea is to use heavy weight straw bales, such as "Clad" and cut it into long thin strips. Place between plants rows and anchor with rocks. Punch holes in the strips to allow moisture in.

The best time to prune a hedge is when the growth shoots are nearing the completion of their growth. With many hedges, trimming in spring is sufficient. However, for a more permanent trim, trimming can be necessary in late summer.

WIPE OUT Truck Load Sale

Father Deen chose a unique way to present his parish to Archbishop McNeil. He called up Trevor Henry, eight weeks old, his mother's son and John Clark, 94 years old, between them the youngest and oldest in the parish, without a doubt was everyone else. In that spirit the entertainment of the afternoon was the youth group with pianist Nurik Makar, the crowd in paying tribute to the One who made all this possible, to the tune of "He's Got The Whole World in His Hand", beginning with Trevor Garry Henry, on to Father Deen, the Archbishop, the Moderator, the organ, plus many others and concluding with John Clark. Before the many verses were sung, everyone was clapping and singing along.

Don Maanukow, Progressive Conservative M.P. for Veggieville, recently repeated his call for a reduction in federal government taxes on farm lands.

Following a question in the House by Tury Agricultural spokesman, John Wais, who pointed out that farm bankruptcies are running 70 per cent above last year's record and level and are increasing rapidly in Western Canada, Mr. Maanukow stated that "one of the major components contributing to this agricultural mess is the high level of

M.P. Calls For Fuel Tax Reduction

fuel prices caused by the high level of federal government taxes." He called on Mr. Wais, the Minister of Agriculture, to make representations to the Minister of Finance to "encourage him to reduce this massive rip-off at the expense of the farm producers in Canada."

Federal government taxes add 60 cents per gallon to the price of fuel and result in higher fertilizer and input costs. "With shrinking farm income due to low commodity prices producers simply cannot afford these additional costs," said Mr. Maanukow. "The government wants to

increase our exports of food but to do that we must be cost-competitive, which means lower input costs. A reduction in fuel prices would be a big step towards that goal."

Mr. Maanukow said that Progressive Conservative members from rural constituencies across Canada were asking the government to change its policies.

He leaves to mourn his pastor's three stepsons, Jack Good of Los Angeles; Eric Good of Holden, and David Good of Edmonton; two grandchildren and 11 great grandchildren.

Ladder Safety For "Do-It-Yourselfers"

There are inherent dangers in "do-it-yourself" home projects which may be the result of misunderstandings concerning the proper use of ladders, warns the Alberta Safety Council's Home Safety Committee.

Ladders, used frequently in household repair and remodeling projects, are a good example of a poorly understood tool. Accidents involving ladders have a high incidence of serious injury and occur while performing common maintenance chores such as painting, washing windows or fixing the roof.

To prevent accidents, the Home Safety Committee recommends selecting a good quality ladder of the right size and type for the project planned. Look for safety construction side rails, rungs, steps and non-slip feet. Stairladders should be brand. Straight or extension ladders should have large shoes with thick rubber treads for stability on dirt, concrete or gravel surfaces.

Inspect the ladder before each use and follow safety practices. If the ladder is very long or heavy, get assistance in erecting or moving it rather than strain alone or lose of control. Set the straight ladder one-fourth as far out on the height as its support. Thus, the base of a ladder is supported at a 4 metre height should be set about 1 metre from the wall.

The footing of the ladder must be firm and even for safety. The top of the ladder must rest against a flat, firm surface and should be long enough or extended so you won't have to stand on the top three rungs. Make sure the ladder extends at least three feet above the roof or floor line before getting off the ladder onto a roof or elevation.

Most importantly, don't place a ladder in front of a door without first making sure the door is locked. Tie or otherwise secure the top of a long ladder to add stability and keep it from slipping out of position. When working from a ladder, wear shoes or boots with rubber or other non-slip soles. Work smoothly, avoiding jerks and pre-vigorous movement. Don't over-reach or lean to the side so far that you have to lift a foot.

Many home accidents result to the misuse of such common equipment as ladders, hand or electrical tools. The Home Safety Committee advises potential "do-it-yourself" home owners to carefully investigate the safety aspects of the project being planned and to learn and observe the correct use of even the most ordinary tool if it is to be used on the project.

Do You Know The Bible Says

Train up a child in the way he should go; and when he is old, he will not depart from it. Prov. 22:6. Home training has an effect on the life of the child, the community, the country, and the world, for good or for bad; all depending on what kind of home life and training he has had.

Prov. 22:16, says, Foolishness is bound in the heart of a child; but the rod of correction shall drive it from him.

The Amplified New Testament, Prov. 22:15-16, says, Apply your rod to the instruction and correction, and your ears to the words of knowledge; (Bible instruction.)

Withhold not discipline from the child, for if you strike and punish him with the (fleshly) rod, he will not die. You shall whip him with the rod is straight, slender stick and deliver his soul from hell, or Sheol. (Hades, the place of the dead.) End of quote.

Mothers day just past, honored mothers for their efforts and love and never ending patience; but what an impact this has on the children.

Fathers and mothers and the home is the ALL important institution of the world. Learning and planes of schooling are also important, but not can take the place of the home training. Home training is not found in these other places, but it is applied with LOVE and Grace, and is practiced from day to day and continually. The very intimate heart throbs of each member of the family is made known to the rest of the family and especially to mom and dad when they feel they care and understand, and can give the best

He also leaves two sisters Carrie Bradford of Red Deer, Bertha Shaw of Washington, U.S.A., and many nieces and nephews.

Federal services were held May 10 at Holden United Church at 2:00 p.m. in interment at Holden Cemetery.

Irma U.C.W. News

The regular meeting of the Irma U.C.W. was held in the church on Tuesday evening May 25th with Mrs. Georgina Eager presiding. Eleven members answered roll call.

Various reports were then presented and a program was given by Mrs. Lorna Jackson.

The meeting closed with the Theme Prayer and lunch was served by Mrs. Jean Burton.

On Sunday, May 23, Ada Eileen Lewis passed away suddenly at her home at the age of 56 years.

The funeral was held in the Irma School Auditorium

On Wednesday, May 26th and was conducted by Rev. Andrew Gowan. The organist was Mrs. Marjorie Fischer.

Funeral home was "The Old Rugged Cross" "Amazing Grace".

Funeral home was Fred Ford, Gilbert Macgregor, Bruce Jackson, and Larry Jackson. The Auditorium was filled to capacity with family, relatives and friends from a wide area, which was an indication of the high regard in which Eileen and the Lewis family are held. Interment was in the Irma Cemetery.

Following the service family and friends gathered at the Lewis home, where lunch was served.

Sincere sympathy is extended to Ray and members of the Lewis family.

Late Spring Could Increase Barley, Canola Average

Senator Hassan Argue, minister responsible for the Canadian Wheat Board, said Wednesday unusually cold spring weather could cause farmers to increase barley and canola acreage this year.

Senator Argue told a Canadian International Grains Institute banquet that if seeding is delayed much longer, wheat acreage could be reduced in favor of those crops because they require a shorter growing season.

"If that happens it is, of course, good news for the users of these two grains because it will provide assurance that sufficient quantities of these grains will be available in Canada."

Senator Argue recommended in his March pre-spring report that farmers almost double canola acreage to meet anticipated export and domestic demand. But a Statistics Canada survey found farmers only planned to seed about the same amount so last year.

Senator Argue was addressing participants in CIGI's first international mailing barley and malt industry course and he said the potential markets for Canadian mailing barley are expanding.

"Record exports of barley are anticipated in the current crop year, including a record volume of mailing barley. Canada sees mailing

barley and malt as important elements in its future grain trade."

"Production and export of mailing barley are important factors in order to continue progress toward more value-added processing in Western Canada."

He said Canada's strength in world mailing barley markets is its ability to produce high-quality mailing barley and this year should be no different, despite the late spring.

"It is too early to predict the outcome of this year's mailing barley crop but already farmers out there may be considering their options and one of those options is to seed more barley."

The minister noted the wheat board's 25 million tonne export target for the current year is within reach. He said Canada has exported 16 per cent more grain than last year at this time, with barley exports almost doubled.

For more information, contact: Paul Brettell (618) 906-2405.

Mazankowski Calls For Protection Of Policy Holders

Don Mazankowski, Progressive Conservative MP for Vegreville, recently called upon the government to protect insurance policyholders in Canada. "In the last year, two general insurance companies have been liquidated, leaving many policyholders facing large liabilities because of insufficient

assets to cover their claims," he said. "The government, through its Superintendent of Insurance, has not failed to take steps to ensure that the industry and its consumers are protected. It is the government's responsibility to ensure that Canadian insurance policies are secure. In the House of Commons, Mr. Mazankowski questioned the Minister of State for

Finance, the Honourable Pierre Boudreau, asking him what action he was planning to take to ensure Canadian policyholders were protected. He said that he would not be expected to lobby claims as a result of the liquidation of the companies. Mr. Mazankowski also asked that the Minister ensure that claims settlements

will have first priority in the event of future bankruptcies. A lack of government action has caused much of the current uncertainty, noted Mr. Mazankowski. "The government has been promising legislation for a year now and we have seen nothing. They have admitted

that changes need to be made, but are not bringing anything forward. Most of us have no guarantee that more Canadians will be left holding worthless policies."

Both of the liquidated firms, Strathcona General Insurance and Pits Insurance, were under close supervision by the Department of Insurance for more than twelve months, but still collapsed. "This points to the urgent need for action," commented Mr. Mazankowski. He indicated that the government has a responsibility to ensure the integrity of insurance policies. "Insurance is there to provide security and people must have confidence in the insurer. It's up to the government to provide the necessary framework to ensure that Canadian policyholders are fully protected and are not subject to the possibility of unbearable liability claims."

Reach Out And Touch "Susan's Smile"

I remember waiting patiently the day our social worker was to bring Susan to our home. She was not our first foster child as we were blessed with the arrival of a two-year old just a year before. But Susan would be different. I was a teenager. I wondered if she'd be happy with us; would I be able to get close to her, and let her know I cared about her? How would having someone just a year older than our oldest child affect our family? Would she be rebellious or argumentative? And if she was, would I be able to effectively know her? She was very likely full

of questions about us, too, and prayed that she would be happy here. The car drove in and my heart leaped. "Oh she's pretty!" I thought, as Susan followed the worker to the door. And then she smiled, the most beautiful smile I have ever seen, and suddenly all my worries seemed to disappear. I smiled back at her; that her concerns would be eased.

Susan settled in nicely, and she and our oldest daughter have become good friends. Susan loves our little children, and is a wonderful big sister; always willing to give a hug or kiss or spend a moment listening

to questions about us, too, and prayed that she would be happy here. The car drove in and my heart leaped. "Oh she's pretty!" I thought, as Susan followed the worker to the door. And then she smiled, the most beautiful smile I have ever seen, and suddenly all my worries seemed to disappear. I smiled back at her; that her concerns would be eased.

Big Trouble For Little Ears

The most common ear disorder in children is middle ear infection. Because it is so common, ear infection is often dismissed as "just an earache." However, if left untreated middle ear infection can cause permanent ear damage and hearing loss.

The culprit in most middle ear infections is the middle ear tube, the tube that connects the middle ear to the back of the throat. Normally, this tube allows middle ear pressure to equalize with the pressure on either side of the eardrum. Allergies or a cold can

close this tube. As a result, the eardrum is sucked in toward the middle ear, and the imbalance in pressure and the child complains of a "plugged ear" or an earache. Usually fluid enters the middle ear and the earache may disappear for a while. This is not the end of the infection. As more fluid enters the middle ear, the earache may return and the eardrum may rupture. If left untreated, the infection can spread to the inner ear and cause more serious ear damage. Hearing is poorer than usual during the duration of the ear infection.

Your child may not be able to tell you he has an ear infection or cannot hear well. It is important that you recognize these signs of possible ear trouble: persistent tugging at the ear, night crying in infants, talking too softly, slow speech development, asking to have things repeated, and not hearing as well as usual.

If you suspect your child has a middle ear infection or other ear trouble, see your doctor immediately. Prompt treatment of an ear infection can prevent permanent ear damage, hearing loss and future learning problems.

Rural Development Committee Reviews Hazardous Waste Stand

Project #4 has worked for quite some time as a pilot project to try to find ways and means of improving the economies of a number of small towns in Alberta.

We have always recognized that our communities are farm service towns and we have been concerned with the problems for our schools, recreation facilities and businesses as the farm puts up bigger and the population thus becomes less.

This course is a problem to the rural people too, who have children going to school and wish to see better facilities in our communities. However the serious issue that came up over the Hazardous Waste for the rural community, drove home to us the need for better communication on the part of all of us in what we are trying to do to the communities.

Do not think that we are trying to propose the reopening of these issues, because that is far from the purpose of this newsletter. We accept the fact that the majority of the people have expressed an opinion on that subject and the opinion was negative.

However unpopular though it may be, we must honestly admit we had encouraged the exploration of the project because we wondered if it could be a satisfactory industry that would aid the tax base and improve the economies of the community. I think we were so concerned as anyone about the environmental hazards, but we wanted to look seriously at the possibilities. As I stated before

we are not interested in reopening the controversy but we feel it is hypocritical not to state that we have encouraged the County Council to investigate the possibilities. Now that the issue is dead we want to see our share of the responsibility for encouraging the investigation.

We want to leave the issue there, however we want to let more people know our concerns, because we feel that these concerns are common to all.

All businesses in Canada (seven Alberta) are undergoing exceptionally trying circumstances because of inflation and the high interest rates, and this includes our farm businesses. To help our communities to survive and maintain a semblance of viability, we have to work as closely together as possible.

Currently we are trying to help the Chambers of Commerce in our area to encourage tourism, we are working on some small business ideas that are not in any way controversial.

If you know of any industries that would be acceptable to the community at large, that might be encouraged to locate in our area we solicit your help.

We will endeavor to write a newsletter once a month suggesting some of the things we are trying to accomplish. We welcome constructive criticism.

We went on record as being concerned about the reopening of the controversy by-law; it would affect some of the larger industries we were looking at but we are willing to accept the will of the majority as we all must in a

democratic society.

The economic problems of the whole western world are extremely grave and we are all trying to improve a very trying economy.

Visiting Fred Ombko

Fair has been set for Thursday, August 5. The Fair Board has selected the theme "Friends and Neighbors" for the 1982 gathering as that is just what a fair is all about. Friends and neighbors working together in a spirit of co-operation, each doing his or her part.

As in the past this year's activities will kick off with a pancake breakfast, which will commence at 7:30 and run to 8:30 to accommodate the "early birds" and will resume between 10 a.m. and 11:30 a.m.

The House Exhibits will open for viewing at 10:00 a.m. well, the livestock judging will commence at 10:00.

The parade has been set for 9:00 again this year and will go rain or shine. There are a total of fifteen categories for parade entries to let the imagination loose and plan to be a part of this year's parade. An addition to the parade categories is the Novelty Motorized Vehicle category which includes go-carts, motorbikes, etc. all go-carts, motorbikes, etc., but remember all must be decorated to enter.

Of special interest to the younger set is the Novelty Pet Show with a wide range of prizes and winners. Anyone planning to enter the show should have their pets well groomed and ready for judging at 8:30.

Probably the most popular attraction is the afternoon horse pulling contest which will be followed by a barbecue supper and dance at the community hall.

Ball games are always a hit when people gather for a picnic, and although the weather was rather cold and damp, many kept warm swinging the bat during the annual Prague Picnic held on Sunday, June 6th.

Local Student Wins Contest

For the past few years the Vegreville Health Unit with the support of the Counties of Lamont, Beaver, Two Hills and Minnabawa has sponsored an Essay Contest. This contest is held in April which is Dental Health Month. Each year the purpose of the Dental Health Essay Contest is to increase the awareness of good dental health. The contest has been open to all grade five students in the four counties. The teacher of each grade five classroom selected the best entry which was then entered into the county

competition. From the eight entries (two from each county) the grade prize, first and second prizes were judged by Suzanne Walker from the Dental Division of Community Health in Edmonton. The four counties have donated the money toward the cash prizes and the Health Unit donated the trophy and the plaques. The trophy is on display for one year at the school of the grade prize winner.

In recognition of the time, thought and hard work which was put into the winning essay, it was a real pleasure on behalf of the Vegreville Health Unit and the County of Beaver to present the Grand Prize of a plaque and \$35.00 to the winner. The winners name will be on this trophy and it will be displayed at the School.

The winner this year was Laura Wesley for the poem entitled "Teeth Are For Keeping". Her essay was chosen as the best essay in all the four counties. This is an outstanding achievement and congratulations.

The second prize winner in this County was Gale Ralph from Tofield School for the poem called "Teeth". The Vegreville Health Unit and the County of Beaver would like to thank all the students who participated in the contest. We hope it has been an enjoyable and interesting experience. We also like to thank the Superintendent, Principals and Grade Five teachers for their

cooperation; the four counties for their donations and those involved in judging the essays.

The contest is being held again next year and we are looking forward to your participation once again.

Mrs. Jane Farrow,
Senior Dental Hygienist
Ms. Adeline Cholak
Certified Dental Assistant

Following is the Winning poem by Laura Wesley.

Teeth Are For Keeping
The sun is rising and the morning is here,
I get out of bed and look in the mirror.

I open my eyes and hope to see
Teeth that are as white as

white can be.
But in order for them to be that way,

I must brush and brush and floss each day.

For if I miss but one day,
What could happen? Teeth decay!

Teeth decay. What a shame,
But I'm the only one to blame.

What can I do to keep my teeth?
Brush them whenever I see something sweet.

See my dentist twice a year
Then my teeth will always be here.

For candy, sugar, gum and pop,
Will cause my teeth to rot, rot, rot.

And without my teeth how can I chew?
The meat and apples I usually do.

Teeth are for keeping, that I know,
And I'll try to take care of them as I grow.

For when I'm old and grey and wise,
I hope that my teeth will still be my prize.

Laura Wesley

Irma Piano Recital Held

On Saturday, June 5th, piano students of Lillian and Joe Copeland entertained family and friends at their annual recital. Pictured above are Mrs. Lillian Copeland (left) and Mrs. Joe Copeland (right) with their students.

Photo by Lynda Jones

Saturday afternoon twenty-three piano students of Lillian and Joe Copeland displayed their musical talents. It would almost seem that Mrs. Copeland had guest performers doing rain dances as the last 4 or 5 years welcome rain fell on recital day.

Mrs. Copeland warmly welcomed the gathering of family and friends and proceeded to introduce the students and the selection they chose to play.

It was a beautiful rainbow painted by the students and parents Mrs. Carol Creag and Mr. Al Jamieson who played duets with their children. A special touch with musical selections played by Joe Copeland ended the program.

Everyone was invited to stay for donuts, juice and coffee served by the Brosses to mothers.

Although cool windy weather was predominant throughout the area the picnic at Prago was its usual success. Above a number of Brosses enthusiasts enjoyed the game under Staff Photo

Shamrocks To Host Tournament

The Viking Shamrocks baseball club will be hosting a 6 team two day double round tournament on the weekend of June 19 and 20.

Although the home team have not acquired a high percentage of wins in league action they have offered strong competition and have an exciting schedule of games for the tournament.

Setting the tournament underway will be the host team and the neighboring team from Holden. Cold Lake will meet the Arness team in the second game with Lac La Biche meeting Clive in the third game of the opening day.

Saturday will be topped off with a dance at the Community Hall with admission set at \$6.00 per person with lunch served at midnight.

Sundays games will be determined by the outcome of the Saturday games if you miss the home team on Saturday be sure to show them your support on Sunday. Prize money has been set at \$500 and the final team should prove to be exciting as the teams battle for the cash.

Reach Out And Touch "Parents For Awhile"

We are a local family who decided to become Foster parents because we love children and believed we had something we should be sharing with the less fortunate. After much discussion with our own girls, we decided to take the challenge and offer our time, and perhaps, some parenting failures.

After talking with a social worker, I was decided we would take short term placements. These are children needing a home for a short while for a variety of reasons. Usually not physical abuse, but sometimes severe neglect. As a result, the children may have behavioural or emotional problems.

Three months after our talk with the social worker and following a six week Foster Parent Course, we eagerly awaited our first family.

Willie, ten, and his sister Nancy, five, came to us first. I was ready and anxious for them to arrive. Then came home number one in fosterling. I must be honest and say, I was not sure, but that is not necessarily the case with the children. However, when the rest of our family arrived home later, all we worked together to make our new arrival feel at home as much as possible. Even our dog began to love the lot.

It seemed like Nancy had never felt loved, or been able to respond to love. She was really quite withdrawn. We soon sensed that the real hurt was often covered up with giggles. Three months later, however, she was able to enjoy being hugged and snuggled.

In the meantime, Willie's change from a collection of fabricated stories, which he craved attention and would do almost anything to get. The deep hurt he had experienced had resulted in some emotional problems. Together we were able to confront and talk about those problems and hurts. With some discipline and guidance he was able to rationalize rather than fantasize, and became a more loving boy, devouring all the love we could give him.

When Willie and Nancy went home, we missed them, and felt as if we had begun something we could not really finish.

We weren't long in contemplating this problem, for six weeks later we had three tiny people come to live with us. We had them only a short while, but discovered they were a real challenge to our whole family. These children required a whole lot of love and care. It also gave us an opportunity to use all the intellectual and psychological knowledge we had ever acquired. When they left our home we did miss them because they were really beautiful, lovable children. But we're happy to know they were going

Talk to someone close to you

Over the years we've been growing throughout Alberta and we've been growing with Alberta. And that means you'll not only find a Treasury Branch agency close to you, but you'll find the kind of friendly, personal attention and the wide range of financial services that keeps you growing.

And when you think about it, that's a pretty good reason to come in and talk to us. We're Treasury Branches. We're close to you.

754-3067

MRS. ANNA (LOIS) JACK
Box 108, T0B 2N0

Treasury Branches

Do you sometimes feel that the dream of home ownership seems to be retreating further and further into the distance? If so, maybe knowing something about our programs can help make those dreams seem a little closer.

We're the Alberta Home Mortgage Corporation and our job is to help you afford the kind of housing you want.

We operate a number of programs that provide financing, and in some cases, subsidies, so that many low to middle income families can enjoy owning their own homes.

Last year, there were about 38,000 housing starts in Alberta. AHMC, through its various programs, was involved in financing approximately 43% of these starts. Here are some of the ways in which we help.

The Alberta Family Home Purchase Program

This program is designed to help low to middle income families afford their own homes. Eligible families may receive a mortgage loan, with the added help of a Starter Homeowner Subsidy and/or a Mortgage Subsidy. These loans are available to builders wishing to construct homes for qualifying families. Eligibility requirements are that families must satisfy certain maximum income requirements, be a married couple or a single parent with at least one child, and be Alberta residents. Over 30,000 Albertan families have been enabled to own their own homes through this program since 1976.

The Core Housing Incentive Program & The Modest Apartment Program

The Core Housing Incentive Program is designed to assist builders and developers who construct affordable apartments, that many urban Albertans live in.

The Modest Apartment Program works in much the same way for Alberta's smaller centres.

Both programs have helped greatly in increasing the numbers of apartments available in Alberta.

The Residential Land Development Program & Revolving Trunk Servicing Program

Before housing can be commenced, the land must be serviced. The Residential Land Development Program is designed to assist builders and developers finance the servicing of new residential subdivisions. The Revolving Trunk Servicing Program is designed to help Municipalities build major trunk services.

The Alberta Home Mortgage Corporation plays an important part in providing Albertans with affordable housing. Its contribution in this regard is without parallel in Canada. For information about AHMC and its programs, contact your nearest AHMC office.

We're working to put a roof over your head.

See your
Pioneer Manager
for Mataven to
control wild oats
in your wheat crop.

Your Pioneer Manager has the
Mataven supplies and the know-
how to help you control wild oats
in the 3 to 6 leaf stage.

Reserve Champion was awarded to John Cumming at Monday's 4-H
Beef Club Show and Sale.

Reserve Champion - Dairy Division went to 4-H member Roger Brooke
for his award winning Jersey heifer.

Dandelion Salad

Believe it or not, young
tender dandelion leaves are
a good source of vitamins
A, B, C and E and they make
an excellent substitute for
spinach in salad. Mature
dandelions are equally nutri-
tious but they develop a
bitter taste as they mature.

When collecting leaves,
cut off the plants at the root
cross so you get a cluster of
leaves that fold together.
Wash, first in lukewarm
water to remove dust, then
in cold water.

Garnish a dandelion salad
with grated hard-boiled egg,
radishes, onion or tomatoes,
as you would a lettuce salad.
By pouring hot bacon dripp-
ing over the crisp leaves,
you can make a wilted salad.
Young dandelion leaves
can be cooked the same as
you would spinach. If you
use mature leaves, change
the cooking water twice to
remove the bitter taste.
Recall of Canned Salmon
There has recently been a
recall of canned salmon due
to defective can. Canadian
canned salmon has not been
recalled.

According to Thelma
Cairns, Educational Consul-
tant, Canada Health and
Welfare, it is only the 7%
ounce can of salmon from the
U.S.A. that has been recal-
led. One canner producing
several brand name prod-
ucts had a problem with
defective cans.
Look for cans marked
"Product of U.S.A.". There
is a two line code on the can.
The top line has 4 or 5
characters beginning with
P.G.N.
If you have any of these,
you should return them,
unopened, to the store.

Mataven virtually eliminates
wild oats in wheat, and your
Pioneer Manager has up-to-date
information to help you get the
best results.
Wild oats can't compete with
Mataven, so see your Pioneer
Manager now and stock up!

Mataven is a product of Shell Chemicals.
Read label instructions before use.

You and The Pioneer.
In business together.

Viking Track Team Returns With Bronze

Somewhat unusual weather
conditions greeted the
Viking Track Team as they
headed into provincial com-
petition at Grande Prairie on
Saturday, June 8th.
The meet began in snow

with the high for the day at
degrees Centigrade.

Despite the adverse
weather conditions and
mountains of mud there
were still some excellent

performances charted by the
Viking Track Team. Shawn
Carrier secured Viking's co-
ty medal - a bronze in the
Junior Boys Long Jump.
After a long day, Shan
stood on a frozen track and

fought his way to a personal
best of 5-6 metres to secure
a medal.

Shawn Winter charted a T1
second 400m while sprinting
through 7 inches of water.
Marlene Slavic recorded a
personal best in the 800 m
division recording a time of
2:53.

Ian Erickson qualified for
three events in Northern
Alberta and ran an 11:38 100
m; the 200 m in 25 seconds
flat and was chosen to run
the anchor for the Leduc 4 x
100 relay team.

The Senior Boys High
jump started in a gymnast-
um and later switched to an
Arena which had a concrete
floor. The footing had an
adverse effect on Mike Hoff-
man's performance, leaving
him out of the top standings.
Billy Hanson's 1500 M was
not his best of the year but
he assumed the role of
"Entertainer" and should
have a "Gold medal" for his
performance.

The team landed at the
International Airport at
8:00 Saturday night and
headed home content with
their standing and happy
with the experience.

Rural Development Committee Seeks Industry Suggestions

Rural Development Pro-
ject 84 is an association
comprised of eleven small
communities that have
headed together to help them-
selves maintain their econ-
omic viability.

Three of these towns are
in the Municipal District of
Wainwright. Namely Irma,
Edgerton, and Cheville. All
are farm service commu-
nities.

We have no magic solu-
tions to our problems any
more than anyone else has in
our grave economic climate.
It is extremely hard on both
small town and farm busi-
nesses.

Sometimes we have tried
to reach out beyond our
communities and bring in
larger industries but this is
much easier said than done.
We would like to take this
opportunity to communicate
with the people of this area
and give some indication of
what we are trying to ac-
complish.

We have looked at market
generating situations, some
of related industries and
petroleum industries.
We are currently working
through our Chambers of
Commerce and Boards of
Trade on a Management
Assistance Program to small
businesses.

We are trying to deepen
tourism in our area and
along highway #14 in partic-
ular.

We invite your help.
You know of any industries
that might look at our area
or have any suggestions of
ways in which we might
better the economy of the
region we would appreciate

your input.
We will try to write a
monthly newsletter to keep
you informed of our activi-
ties.
We invite constructive
criticism and suggestions.

From The Ground Up

District Agriculturists
Jerome Manchur and Rudy Warawa

Jerome Leaving For Awhile

I'll be going to Oregon this
summer on a farm manage-
ment course. Looks like I'll
be gone from June 19 to
August 13. I'll be back for
three weeks and then I'm
off to the University of
Alberta to work on my
Masters of Agriculture de-
gree. I will be back next
summer. Then gone till De-
cember until I'm back per-
manent.

I've sure enjoyed working
in the County of Beaver as
you District Agriculturist.
I'm pleased that the govern-
ment is keeping my position
here at Rydal open for me
when I get out of university.
Will be looking forward to
that. It's been a pleasure
working with you all.

Bye for now,
Jerome Manchur

Farmers Market shoppers enjoyed a taste of the past last Thursday.
Pauline Mattinson, in a crisp print dress, bonnet and apron, sold many a
loaf of fresh homemade bread which she had baked from stone ground
whole wheat flour.

Mutual Life of Canada

"Youth is the trustee of posterity"

Bernadette Churchill
(1986-1988)

Every generation has recognized its young people as its best investment in the
future.

Today, we realize even more what an important role our young people play in
this province.

Twenty-one years ago, our two longest-continued electric utilities, Alberta Power
and Trans-Alta Utilities, initiated the Alberta Junior Citizen of the Year Awards to
recognize the contributions made by Albertans between the ages of six and 18.

Since then, with the cooperation and support of Alberta's weekly newspapers, the
Junior Citizens program has honored more than 300 young people, including
25 groups, for their contributions to their communities.

Help us find the special young Albertans who, through their initiative and
responsible actions, are proving to be trustees of posterity and deserving of the title
Alberta Junior Citizen of the Year.

To nominate someone special, complete and send the form below to the editor of
this newspaper.

(Please print)

I am proud to nominate as an
Alberta Junior Citizen of the Year

Birthdate: Address:

Town: Postal Code:

Phone Number: Parent(s) First Name(s):

The kindergarten classes were treated to an outing this past week at the Irvin Acres farm. They were very impressed with the assortment of exotic birds, native birds, and animals. There were "Chicken" striped like a zebra, strutting peacocks, Canada geese, miniature goats to name just a few. The children were very excited about the beautiful colorings of the various birds. It was a wonderful opportunity to view them at close range.

There were numerous events to attend in Viking on Saturday. George Ritchie's auction was well patronized, with a wide variety of items offered. The menfolk really went for the tools and automotive accessories.

We didn't manage to take in the art show, but judging from the number of vehicles parked around the Legion Hall, it was well attended, as was the tea at Valia Lodge.

Mr. and Mrs. John Ritchie from Argyle, Manitoba, are visiting with son George and his family. They took in the auction sale on Saturday and also took in the 4-H beef show and sale on Monday.

Learning Begins At Home

By William H. Nash
Speaking and writing, our most important forms of communication. We may be unaware of which word in the dictionary we use to convey exactly what we mean. A good dictionary is an invaluable tool in developing communication skills. Knowing something about the history of English can give us

more insight into the language. Many words came into English from various other languages. Scandinavian contributed words which began with 'sk', for example, 'skit' and 'jelly'. Baked and pasta came from Italy. Pasta and 'salsa' from Spanish. 'orchestra' from Greek; and 'vodka' from Russia.

Words are constantly being added, while others fall into disuse. Every time there is a new invention or scientific discovery or a new fashion, new words must be invented or old words given new applications. A dictionary would not have included the word 'airman' or 'maneuver' to name just two of thousands of new words that have become part of our language.

Residents and visitors gathered at Vista Lodge on Saturday afternoon for their annual Strawberry Tea and rummage sale.

Staff Photo

Viata Lodge News

Once again our Strawberry Tea was very successful. Lots of people braved the rain to have tea, buy baking and look over all kinds of rummage items. The dolls made by Mary Hoskins were won by Mrs. M. Stalter and Aileen Christensen was the winner of the blanket. We would like to say thank you to everyone who donated or helped in any way we appreciate your kindness and help very much.

Myrna Mackay and Ken and Karen Grant visited Mrs. Darcy. Ann and John Bromhall of Redbury called at the Lodge this week. Calling on Mrs. Baby

were Colleen Stables, Joanne and Amy, Jelle Gotti and Ethel Leidi. Lillian Bile visited Mom and Dad Lovewick. Visiting with Mrs. Elson were Jan and Michelle Goy of Edmonton, Leanne Olschak of Grand Prairie, Nigel and Susan Likness of Stanwell England and Victor and Rita Lindquist. Don and Carol Crayson, Leslie and Lesane called on

Mrs. Jason. Todd and Mark Poboda visited Grandma Quilston. Adele Jones and Shirley Cook visited Mr. Cotter. Visiting Mr. Ed McIntosh were George and Elinor Hughes. Mrs. Suddaby attended the wedding of her Grandson Donald and Joanne on Saturday afternoon. Also visiting at the Lodge were Doreen Sagert, Louie

Solider, Marjorie Turk, Linda Lusk, Mr. and Mrs. S. Betsler, Petra Madson and Margaret Suran. Alice and Bruce McKennie of Edmonton and Lisa Benway of Vancouver visited with Mrs. Margaret Thompson. Hugo will be held Wednesday June 16th and the card party on Tuesday, June 29th. Everyone is welcome to come.

Mrs. Mary Sturmerman is to be away for several weeks visiting relatives in Ontario. Miss Harriet Amelinger is visiting relatives Mrs. Gertrude Matthews and the Don Creasy's. Mr. and Mrs. John Keller of Innisfil were here for his mother, Mrs. Manie Keller's birthday. Mrs. Kate McLean and Mrs. Ella McRoberts of Bait the River Lodge attended the Liliac tea in the Legion Hall on Wednesday. Also from Wainwright was Mrs. Orzechowski Sr.

Visiting at the home of Rose McFarland and Mel Cruickshank were their Uncle and Aunt, Mr. and Mrs. Douglas McFarland from Vancouver. They enjoyed their stay in our fine village and superb accommodations at the Irma Motel.

The seniors hereby wish to express sincere thanks to a very enjoyable afternoon.

Irma Seniors Hold Business Meeting

The monthly business meeting of the New Horizons club was held as usual on the first Wednesday of the month, Wednesday, June 2nd.

Minutes of the previous meeting were read and dispensed of. The Treasurer gave his report which was accepted as given. The date was set for the annual picnic. The meeting was then adjourned as the seniors had been invited by the ladies of the Royal Purple to attend their annual Liliac Tea. An interesting program had been arranged with community singing.

The Royal Purple ladies contributed several numbers. Betty Parsons gave two humorous readings. The Master of Ceremonies for the event was Lynn Jack who was very good for an amateur which she claimed to be.

After the program a tasty lunch was served which was enjoyed and appreciated by

Nick Taylor Calls For Moratorium On Foreclosures

Alberta Liberal Leader Nick Taylor called on the Loughheed government to declare a moratorium on foreclosures of owner-occupied homes and farms, as well as small businesses.

With the prime lending rate at 17 per cent, conventional mortgage rates at 19 per cent, and double digit inflation of 12 per cent, it is not at all surprising that more and more Alberta families are finding that they can no longer afford housing, farmers are finding that they can no longer afford to farm, and more and more businesses are facing bankruptcy.

According to Taylor, "former Loughheed has one of the filmy excuses that only the federal government is responsible for today's hardships and he can do little. It is high time that he exercised the rights that he already has under our present constitution. Alberta exercised this right in the 1970's and could once again regulate contracts and the rates and terms thereof, including loans and mortgages."

Taylor says one mechanism that could be used is to expand the scope of the Alberta Debtor's Assistance Act to encompass foreclosures and mortgage adjustments on owner-occupied residences and farms. Then, Taylor would have the cabinet rule that no foreclosures of owner-occupied residences or farms would proceed except with the leave of the Attorney General following the recommendation of the Debtor's Assistance Board. This would naturally lead to an expanded Board and a return to the power that such Boards had in the late 1960's and 1970's.

The Board's recommendations regarding the late interest rate and terms of repayment would be based on factors like the crop failure, family illness and social problems.

size of family, earning capacity of owners, equity growth, and land improvement, and future prospects for payment.

The Board would also have a mediating function because hopefully through the sifting of those factors and terms of repayment would be able to reach mutually agreeable compromises which would protect both the financier's interest and the owner's equity growth.

The Alberta Liberal Leader said that "The Premier and his Cabinet are clearly shirking their responsibilities and are hoping to divert attention from the fiscal mess they've made in Alberta by blaming 'gums who?' on the federal government - of course!"

Irma Home And School Elect New Officers

On Monday, May 17 eleven members of the Irma Home and School Association met for their final meeting of the 81-82 year.

Bert Skori a grade eleven student in Irma has been selected to attend the Terry Fox Cultural Centre in Ottawa. The Home and School will sponsor Bert on this trip.

The N.E.C.S. has organized the building of a new tire playground which will be located south of the existing adventure playground. The construction is scheduled for

June 5th. Mr. Corneil advised that the present playground is not being used until necessary repairs are made. Home and School will donate \$50.00 towards the new playground.

The nominating committee represented by Mr. Al. Jan Idings gave the list of new officers for the 1982-83 year. They are as follows:

President - Faye Lein. Della Nelson has allowed her name to remain in this position until fall. Because of prior commitments Faye will not know until fall if she can accept the position.

June 12 - Acreage Sale for Dave Morris of Lundbrook June 18 - Household sale for Mrs. Sharawa of Holden June 18 - Household & Miscellaneous sale for Odd Orlund of Ryley June 19 - Farm Sale for Wayne Lyngard of Kinsella June 20 - Farm Sale for Mike and Lisa of Ryley June 30 - 1:30 p.m. House Sale for Mr. Arthur Overby at 4004 - 55 Ave. Viking July 3 - Farm Sale for the State of Inn. County Refuses Changes - Goes With Challenge

A Notice of Motion advising that an application is before the courts aimed at overruling By-law 541 was served to Don Ronaghan during the June meeting of the County Council. Mr. Ronaghan was named as the respondent in the current action initiated by the County of Beaver Council.

John McLeas of the law firm of Browne and Pryor served the notice during the Bruce-Viking Agricultural Protection Association's presentation to Council to have By-law 541 reworded or clarified.

Don Ronaghan, accompanied by Al Kaplan, Fred Thoms, Ivan Sundal, Vern Koppel and Mr. Grady presented for consideration a revised wording of By-law 541.

Also of concern to BVAPA delegates was the validity or degree of authority carried by the signature of Bob Buter, Administrative Assistant, on a letter addressed to Bernard Leming on behalf of the BVAPA.

The letter stated that the County of Beaver will no longer be involved in discussions concerning the siting of a Hazardous Waste Plant in the County of Beaver.

Council assumed the delegation that Bob Cron was acting according to their

wishes and in his capacity of Administrative Assistant had the authority to sign on their behalf.

Ivan Sundal stated that the wording of the letter was rather vague and easily misinterpreted. He questioned whether it meant that Council simply would not be involved in further discussions or whether they would oppose the siting of a plant in the County.

In the reply to the question of Council giving 5 and 8 reading to By-law 541, John McLeas stated that Council had carefully considered their options and position with regard to provincial statutes and regulations and that Council has decided to refer to the Court of Queen's Bench to determine if By-law 541 is invalid and requires 2 and 3 reading.

Continued on Page 8

And Then There Were Six

The annual N.H.L. draft of players has resulted in what many sports enthusiasts believe to be a first - six members of one family have been drafted by N.H.L. teams.

Last Thursday, twin brothers Richard and Ronald Buter were selected within the first 10 selections in the annual process. Selected as the fourth player in the draft was Ronald Buter, who will be going to the Philadelphia Flyers. Following a narrow margin of other selections, Richard Buter was selected by the Pittsburgh Penguins.

The selection of the twins by different teams was a first that this will be the first time in their hockey careers that they will not be playing on the same team. That could prove interesting!

Chicago Black Hawks, and Duane and Bruce are members of the Stanley Cup Champions, The New York Islanders.

Immediately after Ronald's selection by Philadelphia, the team's General Manager contacted Mrs. Buter in Viking and asked her how she could tell the "twins" apart. This was answered shortly by a call from the Pittsburgh team which resulted in the same question being asked. Mrs. Buter replied to both teams by informing them that she has trouble at times.

The selection of the twins by different teams was a first that this will be the first time in their hockey careers that they will not be playing on the same team. That could prove interesting!

Grand Champion and Senior Champion Steer in the Irma 4-H Show and Sale was exhibited by Dianne Smith.

Lynda Jones Photo

Teresa Mack's 4-H project received Reserve Grand Champion and Junior Champion honors at the Irma Club's Show and Sale held on Wednesday, June 16.

Meeting With M.L.A.'s Sought

Councillors in the County of Beaver are concerned over the lack of assistance allotted for surfacing, building and paving of roads in the County.

Harry Hets and Lloyd Werhowski of Alberta Transportation attended the regular June meeting of the County Council and outlined current provincial road expenditures scheduled for the County of Beaver.

These included the granting of a request to have an extension of Secondary Road 626 in Division III from Rens south to the correction line.

Lloyd Werhowski stated that completion of the Highway 36 project from Highway 16 south is tentatively in their plans.

The only provincial paving project to be undertaken is 104 north of Tofield to Lament which is to com-

plete on or about June 22.

Also discussed with transportation representatives Hets and Werhowski was the completion of Secondary Road 870 from south of Highway 14, through the hamlet of Kinsella and north. Council agreed that the best option is the route straight north of Kinsella rather than advance directly across Highway 14, through the John Daugherty property and the Kinsella Elks Park area. Negotiations with the University Ranch for right-of-way have not proven satisfactory to date.

Council requested that the provincial representatives investigate the possibilities and make recommendations with regard to the completion of the project.

Henry Hets advised that finances for the above project have been allotted but

can be looked at for completion another year.

A negative response was received with regard to funds available for the maintenance of existing old roads. Council advised the Transportation representative that these roads will have to be turned back to gravel surface roads if maintenance assistance is not provided.

In the discussion which followed Council agreed unanimously that a lack of provincial support is evident. Council agreed to host a supper meeting for M.L.A.'s Lyons, Baskin, Stromberg and Buck who all represent a portion of the County.

The purpose of the meeting is to provide an opportunity to express dissatisfaction with the distribution of provincial support under the paving and upgrading program.

Holden Sports Day Held

For several years the Holden Sports Day that is usually held on Farmers Day was held during rainy weather. This year the day was changed to Saturday, one day later and the weather was co-operated to its fullest with temperature readings of around 88.

A spectator could fill the entire day watching baseball and football with the local teams as well as other surrounding teams participating.

The Holden Bluejays and the Holden Kangaroos both were winners in their categories taking first place spot at the end of the day.

The parade that started the day off was very impressive with local and out of town entries. An item of interest to all taking in the event was the Vegreville Little Children Ukrainian dancers as they performed at the sports grounds.

The concession booth was kept very busy the whole day with popcorn, cold drinks and hamburgers selling very rapidly.

Members of the Holden

and District Agricultural Society were very pleased with the

great turnout for the annual event.

See Picture Page 7

Two finely-attired riders, carrying the Canadian and Alberta flags, led the Holden Sports Day Parade last Saturday morning in Holden.

Holden 4-H Beef Club Achievement Day

The Holden and Ryley 4-H Beef Clubs held their Annual Achievement Day on June 3 at the Holden Complex.

Twenty-one calves from the host Club were weighed in starting at 8 o'clock. The Holden show was held at 10:30 a.m. with Michael Lutz showing the Champion Steer, a long, trim Simmental-Herford cross animal. Cheryl Gibson showed the Reserve Champion, another outstanding Simmental-Herford cross.

The top showman of the day was Tracy Lutz, while Michael Lutz took top honours for grooming. Sharon Schmidt had the steer with the best rate of gain. Her 1270 lb. Simmental steer gained an outstanding 8.32 lb. per day.

In the judging competition Michael Lutz was named top judge for the day. Robbie Langner received the consolation prize and Lana Gibson was the Efficiency Award winner.

In the inter-club show that followed, the top two Ryley calves were chosen as Grand Champion and Reserve Grand Champion. The

pen of four calves was won by the Holden Club.

In the Heifer class, Kelly Ann Story showed the Champion while Michael Lutz was again the top showman as well as taking first for grooming.

Confirmation judge for the event was Ken Cox of Camrose, while Gordon Kain of Viking judged Grooming and Showmanship. Alan Zwirchke of Holden was the announcer for the day, and Lawrence Hurm served as Ringmaster.

At the sale which followed 45 calves were auctioned by Mike Zovrick and associates for an average price of 85 cents per lb.

The Awards banquet was held in the evening at the Holden Community Hall. The United Church Women of Holden served a lovely roast beef dinner.

Jody Lutz, President of the Holden Club, was the capable M.C. for the evening. The Ryley club provided entertainment and Keith Jones, Regional 4-H Assistant from Vermilion, was the guest speaker. Rick

Brutard was in charge of the presentation of the Ryley club trophies while Jody Lutz looked after the Holden trophy presentation.

Achievement Day events bring to a close another year's activities for both the Ryley and Holden 4-H Beef Clubs.

Viking businessman Doug Appleby (right) and Shalene McBeth pose for a photo with his Heiferberry Hound during his stop in Viking last Friday while on a publicity promotion for the newly established Calgary Park just outside Calgary. This is western Canada's first "Theme" park and will open to the public on June 28th.

Staff Photo

Radio Hall came alive Saturday as the Annual Fire-B-Q took place. After a lovely meal dancing took place. A good time was had by all.

Cemetery Committee Grateful

Our grateful thanks to the men and women who worked at God's Acre Cemetery on our annual "clean-up" day Wednesday, June 9, 1982.

With a beautiful day, work started at 9:30 a.m. Grass was seeded where necessary, the wooded areas were cleared of underbrush and dead trees. The Cemetery gates and posts around received a new coat of silver paint and the coal shed and car park steps also had a paint job done. The shrubs and spruce trees received a manicure.

Thanks to friends for donating and installing a new Canadian Flag on the Veterans and Pioneer Cairn, for bedding plants, grass seed and black dirt. Also to the ladies for food served at the potluck dinner and lunch.

Special thanks to the people who have supported the Cemetery Fund by monetary donations throughout the year.
